

Why You Shouldn't Call the Police Pigs

Savage State

Pigs mind their own business	Cops don't
Pigs have curly tails	Cops have guns, capsicum gas, boots, fists...
Pigs are very intelligent creatures	Cops have animal cunning, but are basically fucking stupid
Pigs shit in their stalls	Cops shit on the people
Pigs grunt when they're happy — like when they've been fed	Cops grunt when they're happy — like when they're beating someone up.
Pigs are our friends	Cops are our enemies.

Police — calling them pigs is an insult to pigs
(we recommend you call them filth)
