

Ancient demon magic

By

Introduction

A sorcerer or a magician lives inside a magical chamber, this chamber grows with the years. My magical chamber can open the dimension of

- THE DEMONS OF THE FIRST LIGHT
- THE DEMONS OF THE FIRST NIGHT
- THE DEMONS OF THE FIRST CREATION

These demons are the enemies of the devil and the enemies of hell. That's why I work with them. If you sacrifice a candle to the above names the demons will come to your house. If you ask them to open a temple they will open a temple. These are friendly demons very big sorcerers and magicians the biggest I know. I will teach everything I know about them. Their magic system works with spiritual magical artifacts, those artifacts make the sorcerer more powerful.

The snakegod lives inside the demon kingdom and takes the laws for this kingdom. I have 2 magical snakes in my arms. The eye of Dormandu is one of those artifacts. It let me see trough magical realms and dimensions.

There is nothing wrong with these demons, they existed before the humans where even born.

In this book I will give the names of the demons I work with. They are highly skilled in magic.

Loki Lazuul Nazuul Azuul demon sorcerer.

Chapter 1

Calling the demons

Bubba Bubba and Zuppa are demon sorcerers, you can get in contact with them by sacrificing a candle. Zuul and Zal are guardians they attack the enemies of the sorcerer if you call them.

For example get a candle say I sacrifice this candle to Bubba Bubba.

Or to

- Demons of the first light
- Demons of the first night
- Demons of the first creation

This is how it works with candles.

If a demon sorcerer is in your house you can ask the demon to open a temple so you can learn demon sorcery.

Mak Mok is another demon sorcerer.by chanting mok mak mok mak mok mak mok mak I summon you. The demon sorcerer will come.

Here is another chant: zuul zal zuul zal zuul zal zuul zal zuul zal zuul zal I summon you.

Be always friendly for these demons, they are honorable souls who will kill the devil on sight.

The devil is only a soul, and these demons attack the devil on sight.

There is a more dangerous method of getting demons in your house, by worshipping the well of eternal darkness. This is the source of light,darkness,good,evil. By sacrificing a candle to the well of eternal darkness you make your entire home FOREVER DARK.

If you live in a rental house this is not a problem, you can always rent another house when you are done with the darkness. This darkness sticks to your home and will never leave your home.

This darkness is stronger then the light we know.

The demon language

I am learning the **magical** demon language from the demons and the sorcery books in my ba where my soul lives.

Ak ok nuk nak zak zok mak mok zak lakam salak jalaka alakom zolka jamora innok zikiem lakem shalek lakem lakem lakem shalek give me the demon book of the first creation and put that book inside my BA.

Nikiem shielka lakem shalok lokamzo nakemzit isnito niku zuul zal zuul zal zuul zal zuul zal give my soul the ring of OR.

Or is one of the demon kingdoms.

Maziek naliek aslak zalak jakel el lokra lokram shorka nekem shelka lazim lazuul makim makim makim makim shalka lazuul nazim astu give my soul the ring of AR.

These are magical relics the demons use. AR is a demon kingdom. The demons live in a large territory far far far away from earth.

Zim zam zim zam zim zam zim zam I sacrifice to my ba. To get demon sorcery powers.

Zuul zal zuul zal zuul zal I sacrifice to my ba to get demon sorcery powers

This ends my book, this is what I have learned so far from the demons.

There will be more books in the future.
