

Appendix B

Supplement to the Code to the Matrix

By James Evans Bomaer III

As far as the history of this planet is concerned, you can consider that everything you ever learned is a complete lie. All history and science books are rewritten to accommodate the agenda of the controllers of this planet. These books are just as false as the New Age material spewing forth from such places as Sedona and Santa Fe, to name a couple of *Illuminati Meccas*.

Disinformation is rampant everywhere. My information comes from religious indoctrinations, experiences, conversations with scientists, studying those involved in Illuminati programs, communications with *Alien* and/or *Inter-dimensional beings* whom I met at various experiments with my own body, and through the probing of my Oversoul.

I can only tell you that it is available in certain places the profound proof of what I bring forth. To deny these things produce the insanity that man has thus entrenched himself in. Although all existence is simultaneous, and time and space are merely illusions of physical reality, for the purpose of this book I will present the majority of history from a linear perspective. There are also infinite universes, both physical and non-physical, but for now, I will only tell you about this one but always keep in mind, in spheres of remoteness, time can be stretched, curved back, then concentrated all in one point, made to explode in lines that run in every direction and again can be stretched, and curved into an infinity of temporal paradoxes.

To understand how various known and unknown classes such as the Illuminati came to power, or even to comprehend what they are, it is important to understand the beginning of life on this world and its progression.

I do not believe in any religion, organized or otherwise. All religions, no matter what they are, are forms of *group mind-control* designed to manipulate large masses of people to stop thinking for themselves. I do believe in *The Most High*. It has no religion.

In the subsequent times following the release of my last book, *The Code to the Matrix* much has been written about by other “researchers” concerning Reptilians and their rituals. This theme has found its way into the psyche of the public. Most people are still not willing to accept or even entertain the idea that hybrid Reptilians are running around and in control of large parts of this Planet and perform blood rituals and

ceremonies using humans as the source of food and hormones. I wish it were not true. But I cannot change history, current events, or what I know to be true. I can only implode from this reality and explode back into it.

The *controllers* plan the pattern of coming events in such a way to purposefully disorient the masses while they alone see the destination and the order of life. The masses are lead to believe that haphazard events amidst chaos shape their existence.

In true reality, there is no such thing as *Chaos*. Chaos is simply a pattern not yet understood or perceived.

Think about an ant crawling over a designed, tiled floor. The ant may seem confused or disoriented; not knowing which way to go. But a human being watching the ant from a higher perspective clearly sees the floor pattern and knows which way the ant can get to its destination. To the ant, there is only perceived chaos. To the human, there is a pattern.

To the controllers, the *humans are the ants*. The controllers are interested in directing the people in such a way that they do not know that they are being directed. The controllers work slowly and methodically from a galactic perspective to accomplish their goals.

With awareness, you too, can *perceive order from the chaos*, make some conscious decisions, and gain control of your own life and destiny.

Various Life forms

When pursuing the ultimate truth, I encountered, vividly, amongst others, an alien species known as a Reptilian. They seemed to pop in and out of physical reality and they also seemed very organized as if an agenda was at hand. The Reptilians primarily use the lower astral realms as their reference point, or point of entry, into physical reality. This is the origin of the *legends of astral demons*. These Beings were brought to the Draco star system eons ago by another group unknown to anyone. Further, no one knows anything of their true origins.

Communication was entirely telepathic while visual encounters from others which remained silent were also at hand. Mentally, they told me that they came from the far future where humans no longer existed, and that its species was not from this reality. Continuing, it said that its species had traveled back into the distant past to create a race of Beings, which I knew as the Reptilians, to antagonize and test humans. It also told me that *they were assisted by the Sirians of Sirius A*.

For the Reptilians to function in physical reality, they needed physical genetics. The transparent people took genetics from the now physical Lyraens, a constellation bordered by Draco, who have blonde or red hair, and blue or green eyes. These genetics were mixed with the “transparent peoples” collective energy, thus manifesting physically as the Reptilians. This is why the current Reptilians need the energetics from Aryan-type people to survive on the physical plane.

Once the Reptilians were created in the astral, they needed a physical home base from which to accomplish their task. For this, they took over many different physical realities in which they could become the dominant species. Mentally, they were programmed to conquer and absorb all of the races and species that they encountered. Those that could not be absorbed were to be destroyed, this is the root of the Borgian idealism. The purpose of all of this is to determine the most perfect form in a physical reality that can exist in any environment. Think of it as a gigantic, cosmic Survivor contest where the genes and configuration of the survivor is the prize.

The Reptilians are programmed to believe that they are the superior physical form. Scientifically speaking, Reptilian DNA does not change very much over Aons of time. It basically remains the same. For them, this is their proof that they are already perfect, without any need to adapt. Mammalian life, on the other hand, evolves and changes form constantly to survive.

To the Reptilian mind, this denotes weakness and inferiority. These Reptilians are also androgynous, meaning male and female in one body. This is comparable to all non-physical forms that have no gender like The Most High. For this reason, the Reptilians believe themselves to be more godlike because of their androgyny. Due to their ethnocentric values, they also consider it their right to control and conquer all of space and time.

Although the Reptilians operate out of a general group mind, they are separated into seven different Reptilian species, each created to perform specific functions.

This is their hierarchy, and is based on the nine level Angelic Hierarchy that is witnessed in books such as The Key to Solomon. The Hindu caste system is also a direct replica of the Reptilian hierarchy.

The politics of the Draco trading colonies which can be compared to Dune, whose Arrakeis, the home star of Dracos and Dune, is correctly located in Alpha Draconis. This represented those you may know as the Enlil, Yahweh, and Michael side of the An or Ana, also called the Anunnaki family. These are also the Templars, followers of the

MAG, "Draco Matriliny". Their purpose is to HARVEST COLONIES on hundreds of Planets. The "Skull and the Bones" this is Orion.

Later, as Enlil/Yahweh under the name of "God" "Michael" He who is like God, installs genetic rules in Aboriginal Australia and in North and South America, he is following the Drac tradition entirely focused on preventing change and facilitating the harvest of colonies like forests whose only purpose is to be cut down.

At a deeper level we should investigate the connection between the loss of DNA called DNA implosions. The physics of loss of soul & access to THE GREAT ATTAINMENT. This is loss of fire in the blood which creates loss of lucid dreaming, loss of "ensoulment" and LOSS OF LONG TERM MEMORY. Part of this problem causes the loss of ability to navigate in time travel. We are star navigators, time travelers, able to warp space from within, due to this loss of DNA coherence has been impaired.

There is no steering a collective culture through time portals without a leader who is able to remember past lives. It is profound to compare this to a Zulu shaman leader was bemoaning to Us how his grand children lost their ability to lucid dream just after they had been given Immunization shots. This is an example of how Borg, the fallen Draco Empires, treat DNA of true Light people. They do this by not loving their brother and sisters enough to set them free, they even blind their own children.

The War of the Worlds I

Because the Humaniod Lyraens did not have a defense system in place, they were sitting targets for the Reptilians when they invaded this system. After being brutally attacked by the Draco Empire, the survivors of the Lyraen societies dispersed to other locations throughout the Galaxy. The remnants of the Draco attack on Lyrae are still seen by today's scientists.

In 1985, a newspaper article stated that scientists are able to observe remnant waves of a blast that fanned outward, and emanated from a central part of this galaxy. This blast is several million years old and of such intense proportions that the wave is still traveling toward the edge of the Galaxy were it dissipates.

These survivors went to Orion, Tau Ceti, Pleiades, Procyon, Antaries, Alpha Centauri, Barnard Star, Arcturus, and dozens of other solar systems. In this solar system, the refugees colonized the planet now called Mars. At that time, it was the third planet in the solar system. A world called Maldek was then the fourth planet in this solar system, and was also colonized.

The Lyraens were mostly blonde-haired, blue-eyed people, with an occasional red-haired or green-eyed person. In Lyraen society, red-haired people were considered special with extrasensory powers that connected them to non-physical realms. They were especially desired for breeding purposes. Special permission to breed with a red-haired person was required because of the extra-sensory, or superhuman, abilities that came with the offspring.

For this reason, red-haired people were kept separate from the rest, and even had their own subculture. They were also coveted by the Reptilians, who as a species did not have much psychic ability. Often, when Reptilians came to various Lyraen worlds for occupation, the Lyraen refugees offered a group of red-haired people to appease them for a while. This practice eventually degenerated into *sacrifices to appease the Reptiles/Demons*.

The Planet Earth in those days was a water world in second orbit from the Sun. There was little land above the surface. The only intelligent inhabitants were an Amphibian race that was completely without technology. The atmosphere of the Earth was mostly liquid. The Planet definitely could not sustain any type of human life forms.

The dispersed Lyraen descendants developed their own cultures over the Aons of time. Mars and Maldek were similar to the current Earth environment, with warm to temperate climates and an oxygen-rich atmosphere. The gravity on Maldek was denser than Mars, so those people developed a thicker frame and a more aggressive attitude.

Eventually, skirmishes developed between the occupants of the two planets. Mars was rich in resources. The people of Maldek thought they should have these resources for their survival. The Martians, feeling a full scale attack was eminent, asked the Beings of Sirius A, from the Planet Khoom, for defense technology to shield their Planet from attacks, not only from the Reptilians, but from their Humanoid Lyraen neighbors and cousins.

The Sirians are known throughout the galaxy as merchants of technology. They have the best, even sharing it with the Reptilians, they are The Lords of War. So, the Sirians created a defense mechanism located in *the Mars underground plateau*.

Mars is a hollow Planet, as are Earth and Jupiter. *Planets created with material ejected from a star have hollow interiors*. As the molten ball is thrown from the star and starts spinning away, it begins to cool. The centrifugal force of the globe spinning and moving at great speed pushes the molten interior to the sides, forming the crust of the planet. This, in turn, forces hot gases out of the poles to form openings at both ends. The molten core and gases that remain get trapped between the hollow interior and the

plates below the crust of the Globe. These are then pushed out periodically in the form of volcanic activity.

The Nexus Point on any such Globe is always at the 19th parallel of the Planet. It is evident on Earth by the Hawaiian volcanoes, located at the 19th parallel; by the Mounds of volcanoes on Mars located at the 19th parallel; and at the red spot on Jupiter, also at the 19th parallel.

The geometry built into the monuments on Mars by the Sirians and Lyraen colonists explains the 19th parallel through its geometric equations and measurements. This geometry is also replicated and contained within the Giza Plateau in Egypt.

If one is still clueless to why structures like Giza and Cydonia are at tetrahedral latitudes I will offer this. By modulating (adjusting) the spin rate of Planets at tetrahedral hand holds, planetary spins come into phase with zodiac spin. This self similar spin relation prevents implosive collapses which is critical to stabilizing gravity and therefore the atmosphere.

The Reptilian agenda was, and is, to seek out the human refugees for assimilation, and to use their energy, sometimes plasmic, and hormones for sustenance.

These are Ophanim and Seraphim, which are winged Dracos, Ciakar, or Fiery Cherubim. If something is originally responsible for this, whoever placed the Draco in our galactic sector knew that the humanoid remnant would need an aggressive parasite to trigger their development. Further the result of the part humanoid part Draco bloodline called in code "URu with Ibi". Many such as Lawrence Gardner and Michael Tsarion are found defending this Draco family root. This is related to AN or the Celtic Druids the British RH negative blood.

The Reptilian Draco blood which was originally Enki's who is also called in Hebrew "RA or abRAham meaning Father RA from the tribe of HAM, cross bred with the Cro-Magnon creating DNA less vital than the indigenous "Rhesus" monkey blood. So the Reptilians had to keep in-breeding, as in Holy Blood Holy Grail. There are few areas in the UK where this RHESUS Monkey blood is absent. RH negative may lead the world in lack of compassion. E-liz-a beth meaning from Lizard born, breeds a line where no permission to cry produces a stiff upper lip and a nasty little accent.

The remnant Humanoid Lyraens who colonized other Planets formed an Alliance against the constant Reptilian attacks. They called this Alliance the Galactic Federation, comprised of 110 different colonies. The colonies belonging to the Federation wished to maintain their new identities, and no longer associate with the old way. Together, the

Federation colonists managed to repel the Reptilian attacks.

There were three primary groups who did not join the Federation. These three groups were considered extremists, or nationalistic idealists, seeking to recreate the glory of the old Lyraen civilization. One group was the Atlans, located on a Pleiadian Planet. The Pleiades actually consists of thirty-two Planets orbiting seven stars. At that time there were sixteen of these different colonies of Lyraen descent throughout the Pleiades. Because of their indignant supremacist attitudes these colonies all wanted to oust the Atlans. The Atlans continued to remain independent and did not assist their human cousins just as Texas proclaims itself the "Lone Star" state and helps no other states with the vast resources located there.

The other two groups were the Martians and Maldekians, who were already at odds with each other. For this reason, seeing these two Humanoid Planets competing, the Reptilians turned their attention toward this solar system. In the Reptilians estimation, it would be easy to divide and conquer.

The Reptilians love to use comets and asteroids as weapons and ships. They use them to travel through the stars. First, they create a small black hole as a propulsion system that pulls the asteroid towards the intended destination. When used as a weapon, they use a particle beam accelerator to create a blast that hurls the comet or asteroid towards the target. All of this technology was obtained from the Beings on Sirius A.

In this way, they hurled a huge ice comet at Mars and Maldek. The Reptilians, not being very technologically oriented, miscalculated the trajectory. The pull of the gigantic gas Planet, Jupiter, pulled the comet off course. The ice comet then headed directly for Maldek. The citizens of that Planet asked the Martians for help. Even though they were at odds with each other, they allowed some of the Maldekians to move to the Martian underground. The comet destroyed Maldek. This caused the remnants of the Planet to leave an asteroid belt between Mars and Jupiter.

The explosion also pushed large fragments of the ice comet close enough to Mars to rip the atmosphere off the Planet, leaving only an extremely thin atmosphere. The explosion also pulled Mars further away from the Sun.

The comet then continued toward the Earth. The heat of the Sun and the gravitational pull between the two globes forced the watery atmosphere of the Earth to polarize. This polarization pulled most of the ice from the comet to the polar regions of the Earth, thus covering most openings to the inner Earth, while at the same time exposing huge land masses for the first time.

The comet then switched places with Earth, taking up the second orbit from the Sun, becoming the Planet now known as Venus. This event has stricken most indigenous tribes with embedded fear and awe of Venus. The heat of the Sun melted the ice on the comet, creating a cloudy covering to this new Planet which was first a hollowed out asteroid. The Earth was pushed out to the third orbit occupying the previous position held by Mars. The Earth was then in a perfect position to be colonized. Most Amphibians that survived were transported to Neptune. Some stayed in the newly formed oceans.

The Reptilians who were inside the hollow comet, now Venus, came to the surface of this new world. They built seven domed cities, one for each of the seven groups in the hierarchy. In the mid-1980s one of New York's daily papers, *Newsday*, reported that a Soviet space probe penetrated the cloud layer of Venus and photographed seven white domes the size of small cities, all in a row.

The Reptilians then drove a large, hollowed out object into Earth's orbit to begin the colonization process. This object is now called the Moon. The Moon is the only known object in space that does not spin on its axis. The Moon faces the Earth in the same position all of the time, leaving one side in complete darkness thus a person with a telescope can never see what is on the other side. A sonic resonance sent to the surface of the Moon makes a pinging noise like a hollow object. If the Moon were solid, the noise would sound like a thump or thud. *The Moon is hollow*. A recent article in an astronomy magazine said that the Moon was being reclassified because it is considered to be hollow.

The Reptilians also chose a large continental landmass to begin their civilization on the Earth, this is now referred to as Lemuria or Mu. This was a vast area in what is now the Pacific Basin, extending from Japan to Australia, and from the coast of California to Peru. The Hawaiian Islands are in the middle of this one-time landmass.

Here, an androgynous Reptilian culture developed. They brought with them *the dinosaurs* and all Beings created beneath them such as animals and plants that are a reflection of the mind-pattern from various worlds already invaded. Reptilians and Humans are not designed to coexist on the same Planet in peace.

Additionally, the thinking process of the Reptilians differs from the human thinking process. Because Reptilians do not evolve rapidly and remain unchanging, their expansion is also slow moving and insidious. It would take several millennia for the Reptilians to decide whether or not they would even coexist with humans. After all, Earth was still an outpost far from the centre of the Draconian Empire.

In the meantime, the Martians were now living underground with their hostile Maldekian guests. Something had to be done quickly to prevent them from destroying one another. So, the Martians petitioned the Galactic Federation to remove the Maldekian refugees to another Planet. The Galactic Federation had also received a petition from the Pleiadian Council asking the Federation to remove the Atlans from their star cluster.

The Federation thusly decided to use the Atlans first as a counterbalance on Earth. If the Atlans survived, the Maldekians would also be sent next, this was the only solution to a complex problem. The Humanoid Lyraen descendants were literally throwing their own riffraff, the Atlans, to the Reptilian colonists on Earth, however, the Atlans of whom came the Titans were not necessary afraid of the Reptilians. In this way, the Federation would get rid of their undesirables. The Atlans would occupy the attention of the Reptilians. This would give the Federation valuable time to build their own forces against the Reptilians who they assumed would eventually attempt to take over the complete system.

When the Atlans arrived on the Earth, they colonized what became known as Atlantis. Their continent stretched from what is now the Caribbean Basin to the Azores and Canary Islands, as well as several small island chains reaching up to what is now the East Coast of the United States.

The industrious Atlanteans rapidly grew to a large, prospering civilization needing more territory. The dinosaur population was rapidly increasing and becoming dangerous to the human colonists. The Atlanteans began destroying the dinosaurs to protect themselves, this is often recorded in legends as Dragon Slayers. This did not sit well with the Reptilians who where more advanced than the Dinosaurs but still shared traits and blood. Major battles occurred on the Earth between the Lemurian Reptilians and Atlantean humans.

Wanting to solve the problem as soon as possible the Federation then sent the Maldekian refugees to Earth. They to, created a large human colony in what is now *the Gobi desert, northern India, Sumer, and other parts of Asia.*

The Maldekians when in position attacked the Moons Lunar surface where the Reptilians guarded the Earth outpost from invasion. The Maldekians also bombarded Atlantis and Lemuria with laser weapons. The dinosaurs were wiped out. The Maldekians wanted control over the Planet.

Additionally, the Martians seeing an opportunity, also attacked the Reptilians from

space since they, too, were searching for a Reptilian-free environment in which to live. This might be considered the *real First World War of the Worlds*.

It was a mess!

The Sirians were at war with the Orion system. This hostility exists till this very day, however, the Sirians and the Reptilians trade with each other and the Beings from Sirius A sell weaponry to the Dracos! A complex political situation indeed but not unlike what We witness here on Earth with countries like the U.S. funding Nazi Germany. As above, so below.

The comet also caused the planet Uranus to flip on its side. It is the only known planet that rotates north-South instead of East-West. The loss of the Martian atmosphere caused by Draco's playing billiards with asteroids became the "Total Recall" legend, a movie about Martian history and their oxygen war.

To stop the fighting and make the Earth peaceful enough for continued progress, a meeting was held by a council from the Andromeda Galaxy, on a Planet called *Hatona*.

This meeting took place outside of the Milky Way Galaxy with a neutral council. All civilizations within the Milky Way Galaxy were in some way connected to the fighting, and all had some sort of stake in belonging to the winning side.

The *Hatona Council* convened for many decades as the fighting continued in this solar system. Finally, an agreement was reached between some of the human factions and the Reptilian Earth colonists. Keep in mind that this agreement was without the participation of the Reptilians from the original Draco Empire thus these Reptilians had no permission from High Command and were acting solely on their own conniving interest.

The agreement stated that a new breed of humanity should be created on Earth that would *contain the DNA of all interested parties* who participated in the "peace" process. A designated area on Earth would be set aside for the creation of this new species. The Earth-based Reptilians of Lemuria agreed to this under the condition that the Reptilian "body" be the foundation for this new being. It is of value to note here the body and the soul are somewhat separate. The soul itself cannot be created. The knowledge of how to do so forever remains in the hands of the Most High and eludes all species who have searched for how to create what they call "The God Particle".

This is why the original Bible states, "Let us make man in our own image." This is a plural statement because it was a group project.

To achieve a new species from the basis of a Reptilian androgynous body, it was necessary to separate the genetics into male and female components. This is the allegorical story in the Bible of Adam and Eve. Creating Eve out of the rib of Adam is actually the story of *separating the androgynous Reptilian body into male and female*. This is why most humans on this planet have Reptilian DNA with Reptilian traits. This is also why human fetuses go through Reptilian-style development in the womb before looking humanoid.

Many prototypes were developed over millennia. Under the supervision of the Hatona Council, races were created and then destroyed when it was not acceptable by all parties. This explains why ancestors of mankind appear and then suddenly disappear in layers of archaeological analysis. Or as it says in the movie the Matrix, “We have been successful at creating 6 previous Matrixes and have become quite efficient at destroying them”. Why? If you look at Earth the Planet alone as a resourceful galactic commodity it is obvious at this point that the population increase of the citizens aboard the Planet will cause desolation on Earth in the near future. Something has to be done. Because of the mental problems and negative programming that has ensued, many humans cannot be persuaded to stop killing the Planet for their own selfish gain. This problem is beyond proportion and also beyond comprehension of those who are “sleep walking”. They feel they are owed something but have none to collect it from save their own brother, so thus they prey upon each other. The true Cannibal or Canaan Baal.

Twelve humanoid, and one Reptilian, groups donated DNA for this purpose. Mankind was developed in the area now known as Iran/Iraq, as well as parts of Africa. Hybrids were also developed on Atlantis and Lemuria. Remnants of the “previous versions” are seen today as the Bigfoot or Yeti in North America and Asia; the aborigines of Australia; and the pygmies and Watusi in Africa.

Many of the African versions were enhanced by beings from a nomadic, artificial Planet known as Nibiru, or Marduk. These *Reptilian-like beings* travel in a manufactured world looping our solar system.

The Sumerians called them Anunnaki.

It is here, we would have to assume, the family of AN, with son's Enki / Enlil who play new roles as Lucifer, Michael, and Adonai/Yahweh arrived from Sirius in a technological craft, with all the genetic disasters of the Nephilim brought about in the phase called THE RETURN OF ENKI. While people like Sitchin can add useful puzzle pieces like how their home atmosphere needed repair due to their advent of technology and how they needed to use Earth's gold deposits to fix this issue, the Sumerian basically did not give Sitchin a clue as to the bigger galactic politic mess that triggered Enki's

genetic experiments. After repeatedly encountering the Enki/Enlil story in Australia “fish or dolphin god vs snake god or LEVITE/Leviathan”, it was good to listen to Creto Mutwa tell the Zulu KILIMANJARO means ENKI mountain!

The cosmic joke to this project is that all of the groups donating DNA secretly programmed sequences or triggers to cause their genetic strand to be predominant at some point in the evolution phase in the project. This set the precedent for future conflict. Humanity will fight and be controlled by a problem that starts internally and manifest externally. No one group would ever be in charge. The project would seem doomed for failure before it even began however there is a hidden plan that only the wise know of, those who are not partial.

Such DNA programming invites tyranny and oppression. Master Soul personalities attracted to such a Planet gain a victim mentality. Many advanced cultures call Earth a prison planet because of its many layers and nets that hold its inhabitants here until they sharpen themselves and wise up, some dump their criminals here as punishment and those criminals now serve consecutive life sentences or more simply put, reincarnation. Such as Richard Dahmer, Charles Manson, Richard Speck, and Vlad the Impaler (Count Dracula), to name a few.

DUNE was a perfect prototype of a prison colony, like Australia. Earth fits this archetype also. Like in Dune Earth's genetic cauldron of survival is the strongest DNA emerges and becomes a “VACCINE” for the conflict issues that plague multiple Galaxies. We are built by the design of the present so We may endure eternity.

The current story of the 2 brothers still tossing nuclear bombs at one another, then called East of Eden, today is called the Middle East. There is nothing new under you Sun you just keep forgetting. These wars on Earth are a fractal of the Orion Wars, with the main warring galactic elements all nicely staged to work out a galactic conflict in the microcosm called Earth.

The galactic players appear to be willing to up the stakes in 2010 with more “intervention” if their chess pieces start to lose. Enlil or Yahweh, the encoder of the Bible may not be willing to stand aside as his “chosen” Israel under the hex Draco flag is destroyed by yet another nuclear blast. This has been predicted by Bible Code, Fatima, & others.

Only those with “ignited” DNA, not junk DNA, can gain more time travel capability thus they can defeat such predatory ET's that are inter-dimensional and outside of time. These genes which make further time travel possible are the precise jewel that always

elude Yahweh, Enlil's reptile (Levite) family. They are stuck in THE CUBIC, genetic software environment of the tetra, the Hebrew alphabet which can only make a golem.

Akhanaton, who is also Enki, took the gold from Egypt, assumed the Moses identity and started the Essenes. Trouble began with the 12 tribes genetic implosion symmetry when the oriental Queen Draco Ashoka Ashkanazi, usurped the Sephartic Sects, installing Enlil's control in Israel. This also led to the founding of the Bank of England which owns the US banking industry.

The Reptilians ensured that the new Man would be receptive to the Reptilian frequency because the foundational prototype was Reptilian. This meant that the new Man could easily be mentally controlled by them through subtle programming.

Upon discovery of information indicating the Reptilians were controlling the new race through subversive methods, the Atlanteans began a severe electromagnetic bombardment of Lemuria. This bombardment caused the bulk of the continent to submerge into the ocean, now called the Pacific Ocean. The only parts left above the water are the Hawaiian Islands, the California coast west of the San Andreas fault, Australia, New Zealand, the South Pacific Islands, Japan, the Philippines, Taiwan, and the Islands of southeast Asia.

The Reptilian survivors went to Northern India, the Earth's interior, Venus, and parts of Central and South America. *Inner Earth* became the "homeland" for most of the surviving *Reptilians of Lemuria*. Here, they created a vast underground civilization with cavern systems extending all around the world. Keep in mind; Reptilians are by nature a subterranean species even in the wild they make their homes in holes burrowing within the Earth. The worm that will not die.

This started the legends of *hell* and *demons* living in the fire inside or under the Earth, your average "hell" story since many perceived the center of the Earth to be entirely lava and magma all the way to the core, this was proven not to be true in multiple scientific experiments. Remember, the hollow Earth is not a theory, but a scientific fact caused by the cooling and spinning of a Planet as it is ejected from a star or sun.

They built tubes containing fast, subway-like vehicles that can travel to the farthest points on Earth within a couple of hours. They created the famed underworld cities of Akkadia, Agartha, Hyperborea, and Shamballa that are sought by explorers to this very day. These cities are built along the inside wall of the inner crust that lines the interior of the Earth.

Remember, the hollow Earth is not a theory, but a scientific fact caused by the cooling and spinning of a planet as it is ejected from a star or sun.

The primary entry points to the inner Earth are via the North Pole, where there is an opening of 1300 miles, and the South Pole, with an opening of 950 miles. These can be seen from space. That is why commercial aircraft are not allowed to fly over these areas; not because of *magnetic disturbances*, which is the "official" reason. Admiral Byrd reported on these openings in the 1920s until his information was concealed by the government as his surviving daughter profusely fought against.

At the very centre, or nucleus, of inner Earth, there is a globe of energy left over from the creation of this planet that acts as an Inner Sun. It is the light from this object suspended by gravity and centrifugal force that causes the light of the aurora borealis.

Numerous cave entrances to the inner Earth exist in the Rocky Mountains and Sierra Mountains in the western United States, as well as less numerous openings in the "Oz"arks and Appalachian Mountains. Entries also exist in the Alps, Himalayas, Andes, and the Caribbean. There are also numerous sub-oceanic entry points, particularly in the deep trenches of the Pacific Ocean, the Caribbean Sea, and the Atlantic submarine mountain ranges especially on or near the Azores, Canary Islands, and the Falklands.

All of these areas are closely guarded by local governments and N.W.O. Elite Forces. Artificially created entrances exist under the Denver Airport, the Giza Plateau in Egypt, most major Air Force complexes around the world, and many of the Temples in India and China. A major Chinese entry point is under the Shensi Pyramid that is banned and out of bounds for everyone in Western China.

With the Reptilians forced underground the Atlanteans were free to play with this new mankind and establish humans as the ruler of the Planet. They established colonies all over the remaining portions of land. They invited the Sirians to come and play with them in Egypt. The Annunaki Beings were off-world in orbit due for a scheduled return but in the mean time the Atlanteans took control of their slaves. They also continued their experiment on sentient life forms and created new hybrids that moved about the sea, one of which became the *Merfolk*, a genetic blend of human and dolphin. The dolphin species was brought here from the Andromeda Galaxy to monitor all of these events and send back reports via sonar which covers the far reaches of space.

Whenever the Atlanteans detected underground Reptilian activity, they blasted the inner Earth with lasers and electromagnetic pulses to kill them. Unfortunately, this weakened the upper crust of the Earth's top mantle riding over the trapped magma between the upper and lower crusts. After several millennia of these attacks, the

continents, especially Atlantis, started to become unstable. Their civilization began to break up which was a reflection of the physical deterioration of their continent. The Atlanteans became even more belligerent as fear and destruction overtook their mind-patterns. Black magicians and sorcerers took the place of organic scientists and spiritual guides.

Fortunately, there was some warning of the fate of Atlantis so the population foresaw the destruction that was coming. Many refugees relocated to what is now Egypt, Peru, the Appalachian Mountains and Western Europe, just before the continent collapsed into the upper crust of the Earth. This collapse caused the Earth to flip on its axis, creating *the legend of the Flood written about in the Bible*, and in other world cultures.

In the disarray of this catastrophe off-world intervention immediately began reorganizing the humans into new groups that became the basis for the future nations.

- The Sirians began to manipulate the Egyptian culture.
- Those from Tau Ceti manipulated the Slavic culture
- The Rigelians were busy in China and the Orient socializing the people there.

While all this was transpiring, and the Earth was in a state of array, the Reptilians saw an opportunity and they took it.

The Blue Bloods

The inner Earth provided a subterranean locale for the Reptilians to regroup and formulate plans to retake the surface. At this point, the Reptilians were completely cut off from their home in the Draco constellation. Their spaceship, the Moon, was in human hands. They were alone, isolated on a now hostile planet. They needed to defend themselves and somehow emerge back on the scene to gather the necessary resources to restore their link and re-construct hyper-dimensional portals that had been destroyed.

They developed a plan to insidiously retake the surface by blending their genetics with the genetics of the surface humans. Because the human prototype already had Reptilian genetics, it was easy to access the mind-pattern. The Reptilian frequency was already established in the brain stem as well as the Reptilian brain section of these hybrid humans.

The population of Sumer was chosen as the starting point. These humans were primarily descendants of the Martian, Maldekian, and Lyraen refugees. They abducted members of their ruling classes, including political leaders replacing many of them

eventually with humans who were hybrids.

The new hybridization program took several generations to perfect. Their goal was to reach a human with a Reptilian genetic 50/50 split. This would produce a human-looking Reptilian that could easily shapeshift from Reptilian to human, then back again. *Shapeshifting* was accomplished simply by concentrating on the genetics the hybrid wished to open, or lock up, whatever the case may be.

For this program the Reptilians engaged the help of the Sirians who had the technology to implement such a program. The Sirians knew a lot about genetic alterations and mind-programming, which they freely shared with the Reptilians when a pact between the two parties was arranged.

Once the hybridization program was complete, the Sumerian leaders were now shape-shifting Reptilians. The new Reptilian hybrid became the Elite of that culture. Their blood, because of the increased Reptilian DNA, contained more of a copper content.

Since copper-based blood turns blue-green upon oxidizing, these Reptilian hybrids were called "Bluebloods".

American government is the current main focus of the Reptilian shape-shifters. Your attention is drawn to the vertical slit eyeballs which shape shift in too many US military leaders - Norman Russbacher, Rupert Murdoch, etc. Pictures are at youtube.com. We suggested new rules requiring all government decisions and voting must take place in 20% oxygen air, to kill the shape-shifters, of course they will never agree to this.

The Bluebloods quickly realized that with a 50/50 human/Reptilian genetic split, it was necessary to intermarry to maintain the 50/50 bloodline necessary to shapeshift. When the split increased too far to the Reptilian side, shape-shifting became difficult, and holding human form became impossible. In these cases, it was discovered that the ingestion of human hormones, flesh, and blood, allowed the Reptilians to maintain the human form.

Human form was necessary to maintain to avoid scaring the population, which was now not accustomed to the Reptilian form.

Control of the masses was easier when the orders came from a humanoid. The Reptilian format was kept to religious icons and legends. The statues of their Gods and Goddesses reflect the Reptilian influence, even showing a female Reptilians holding hybrid babies.

The *shape-shifting Reptilian Bluebloods* also asked the Sirians for help with the daily maintenance of their human forms. The Sirians determined that feeding the hybrids human hormones and blood in an altered animal form would be the easiest way to do it unnoticed by the population.

The sacrificial animal used by most Middle Eastern people was the wild boar, so the Sirians chose it as the basis for this new animal hybrid. Human genetics were mixed with those of the wild boar to create the *domesticated pig*. This animal was served daily to the Bluebloods as a method of temporarily maintaining their human form until they could use an actual human in a sacrificial ceremony.

Because the *domesticated pig is a combination of human and animal genetics*, eating it is a form of cannibalism. This explains why the Hebrews considered it unclean to eat. This is also why the pig is considered to be one of the most intelligent animals on Earth, why pig skin can be grafted directly onto humans in burn cases, and why pig heart valves can be used in humans with little difficulty. Cancer drugs and other chemicals are often tested on pigs before humans.

The domesticated pigs frequency, or group mind, is the perfect vehicle for animal species to enter before entering human form on their evolutionary progression. To a lesser degree, the same is true about cats.

As time progressed, the civilization of Sumer declined and transformed into other cultures. Vast migrations from Sumer to other locations in Central Asia occurred. The migrating peoples took their Blueblood leaders with them, as they were their royalty and kings.

The Sumerians became known as the *sum-Aryans*, or just, *Aryans*. They spread out across Asia into the steppes of Russia and into the Northern Indian subcontinent. In India they encountered the dark-skinned *Dravidians*, who were Reptilian remnants from Lemuria. The Dravidians were driven to the central and southern parts of India, while the Aryan hybrids took control of the north, and into the foothills of the Himalayas.

The Aryan leaders, all Bluebloods, became the Sultans and Rajas, the Blue People of legend and history. Sumerians also created Babylonia.

The Sumerians migrated to the area known as the Caucasus Region, where the Khazars developed. From the Caucasus Region, the Blueblood kings and their people spread west toward Europe, developing into the Franks, Cambrians, and Teutonic nationalities. These nationalities were also being manipulated by various alien cultures

like the Antarians, Arcturians, Aldebarans, Tau Cetians, and other remnants of the Lyraens, such as the Atlans. The Atlans located here eventually became the Celts also called Druids.

To back-track for just a bit, I had said in a previous chapter that the descendants of the Reptilian hybrid Sumerians went into Central Asia and the Middle East. They mostly established themselves in the Caucasus Mountains and became the Khazars. From here, they spread west toward Europe, seeding the national identities for the Vikings, the Franks, the Teutonic peoples, and the Russians. Keep in mind that when Atlantis sank, some of those refugees went to Western Europe and developed into the Celts. Some went to Greece and others to the Italian Peninsula.

Some off world Beings from other constellations also seeded small populations of people thus embedding them with cultures and ways of life that corresponded to their particular Planets. As integration and colonization continued Earth became a large melting pot of various essences all fused inside the human cells.

These Blueblood leaders also infiltrated the Middle Eastern peoples, such as the Biblical Canaanites, Malachites, and Kittites.

At the same time in Egypt, the Sirians were reorganizing the Atlantean descendants there, known as the Phoenicians. The Phoenicians colonized the coastal Middle East and the British Isles. They even colonized parts of the North-eastern North American continent, all the way to the Great Lakes area. Some of their mines and writing on stone tablets can still be found in the woods of North America.

The Sirians were also genetically manipulating the race known as the ancient Hebrews. The Jewish people are actually a combination of these genetically manipulated Hebrews and the Sumerians. These Jewish people were then released into the Palestinian territory. The name, *Palestine*, comes from the ancient people, *the Philistines*, who were actually Phoenicians.

All of these mixed in the coastal plains of Palestine and created a new religion based on sacrifice and *an avenging alien controller, that they called God, or Elohim*.

Similarly, when the Aryans mixed with the Dravidians in India, they created the Hindu religion, which is actually a recreation of the Reptilian seven-tier hierarchy. Shiva, the Hindu Satan was a God believed in and worshipped by these people who set themselves up in Harrapan called also Arrapan. The caste system of India is a direct copy of the Reptilian division of function.

At the same time that all of this was going on in western and central Asia, the Rigelians, were developing the remnants of Lemuria who escaped to the coast of eastern Asia. The Rigelians were a human civilization that was controlled, and eventually assimilated, by the Reptilians. The *Rigelian/Reptilian hybrids* set up dynasties in what is now Japan and China that developed independently of their western cousins.

In their mania for control, the Reptilians used the various races that donated DNA to the original human project. They fastidiously monitored these related sections of hybrids to determine which was best suited for overall control, and which for subservience. Most of the hybrids could be controlled through the Reptilian brain that hooked them into Reptilian mind-patterns, some were more controllable than others, an still small groups could not be controlled at all.

In Europe, the Bluebloods insidiously took control of the various tribes and groups, becoming their kings and royalty. They infiltrated the Arcturian experiment, called the Etruscans and started to create a new global empire through the Romans. These *European Bluebloods* then eliminated the Antarian experiment in Greece leaving only fragments. They then instigated their plan for *globalization through the Roman Empire*.

The Reptilians even ignored parts of the treaty with the Sirians by infiltrating the Egyptian experiment and implementing their religion there.

The Reptilian hybrids became like the endometriosis of the known world, slowly growing into all areas and creating control through the Blueblood system.

The Reptilians were not the first colonists on Earth, they were not the only ones who interfered with human development on this planet. In all *there are twelve other groups involved with the manipulation of the human DNA*. This is hidden in the allegory of Zodiac, Disciples, Months, etc.

When adding the Reptilians to the twelve groups, it results in human beings with a genetic mixture of 13 different strains. This is the hidden 13th tribe and much of the significance behind the number 13.

The result was a general free-for-all. All these humanoid aliens were culturally and physically manipulated by different groups.

Tau Ceti/humans were virulently against the grey alien race and the Reptilians, because their worlds had been attacked, and their children stolen and killed by both races. The Tau Cetians vowed to follow the grey race and destroy them through time.

In the 1950s, the Soviet Union signed an agreement with the Tau Cetians to use bases in Siberia and under the Ural Mountains. For this reason, the city of Sverdlovsk, named after the first president of the Soviet Union, was closed to outsiders.

Many experiments involving radiation on the public were performed here from 1958 through the 1980s. A United States spy plane was shot down over Sverdlovsk in the early 1960s when the United States was trying to learn about the secret activities taking place there.

In central Europe, the German tribes were genetically manipulated by beings from Aldebaran. These people are very scientifically-oriented. They are generally blonde-haired and blue-eyed, with a minority of dark-haired, light-brown to hazel-eyed people. They are militaristic supremacist. For almost 2,000 years, the Aldebarans have been energetically connecting to the Germanic peoples, telepathically sending information to them instructing tight knit groups on what to prepare for in the future. They make up the Neo Nazi party formulated to bring about Homo-Luminous or what they call the Light Human, Illuminated, Super Human.

Many humans of the Aldebaran frequency have mixed with the Tau Ceti descendants in the Slavic area, particularly in Poland and Russia. Hitler knew this. That is why he was so adamant about invading those countries and incorporating them into his empire.

Hitler was only half Germanic. His father was a wealthy Jewish businessman in Austria. His mother worked at the home as a maid. She had an affair with the master of the house, and when the wife found out about it, she had the maid, Hitler's mother, thrown out. This Jewish businessman in turn did nothing to help Hitler's mother. For this reason, Hitler hated the Jews. He was also deeply *mind-controlled*.

The Aldebarans genetically infused the Vikings. These Nordic people inherited the aggressive and militaristic tendencies that are also seen in the Germans. The Vikings plundered and raped across Europe for centuries, but did not have the technological ability to stay in power.

Beings from the *Antarian star system* were behind the genetic manipulation of ancient Greece. These people were a society predominantly based upon homosexuality. Females were used for breeding only. In fact, there were Antarian observers at the Montauk Project who were interested in the programming aspects of sexuality as they related to the *Wilhelm Reich methods*.

The Antarians are dark, often with olive skin, dark eyes, and short, thin bodies. They have perfect musculature due to the density of their home-world.

The Greek-Antarians colonized Spain and Portugal. Their descendants further mixed with the Romans, and *Arabs who are predominantly Sumerian/Reptilian*. These then colonized Central and South America, mixing their genetics with the native Indians who were of Atlantean-Procyon descent.

The Procyon star system does not have much technology. The Procyons were brought to this planet after the fall of Atlantis to boost the survival rate of the refugees. They became the Maya, Aztec, and Inca. They were given ancient Lemurian and Atlantean outposts in the Andes and Sierras of Mexico. They tried unsuccessfully to recreate these cultures, including emulating the building of the pyramids, performing medical procedures, and finally, sacrificing to the Reptilian gods. This is why their legends speak of blond men returning in chariots from space to take them away.

The Anasazi Indians of the American southwest were also brought from Procyon. It was the Sirians who so generously provided transportation. Over the millennia and recent centuries, movements of nations, colonizations, war, and famines, have thrown the Earth's population into a giant melting pot. Strands of genetics have continuously mixed with one another, especially in North America, Europe, Australia, the Caribbean, and South America.

While all of this was going on in Europe and the Middle East, the Chinese Empire was expanding over East Asia, and the Dravidian-Reptilian culture in India was being replaced by the Aryan (Ari- and Sum-Arian) hordes from Central Asia. In South America, the Inca Empire was flourishing as it was mixed with the genetics of the Procyon star system and thus many initiations have been taking place in locations like Peru without the notice of the masses much preparation is taken place for what will happen when the stars align.

The same mixture was happening in North and Central America creating the Toltecs, Mayans, and Aztecs. All of these cultures, used blood-ritual and human sacrifice. This indicates that the Procyonians were themselves conquered by the Reptilians and did their bidding, even though they were humanoid. *All of the Central and South American cultures used snakes and Reptilians as symbols.*

These people have a blend of Lemurian/Draco and Atlantean/Human genetics mixed with the Procyonian DNA. Basically if they are not mentally strong, they are easily persuaded to partake in Reptilian functions.

The Program

The new era is now at hand. Most of the humans are so mixed up and confused they are flat out not functioning. Chakras are powered down and the brain is operating at less than 10% for most. At times they glimpse reality but in the same moment they fall back into the illusion. This is like being heavily sedated by a passivity drug such as continuous doses of Fluoride. These documents are the last warnings to the Human Race. Collective humanity has already ascended far beyond this destructive cycle and this what you are experiencing in your “primary reality” is a stasis point or Nexus ribbon folded upon itself. One is encouraged to take the knowledge and resources that have been provided and use them to enhance individual awareness until you awaken. The Matrix is scheduled to close for repairs soon. When it resumes, those that find themselves still in it will know nothing of their past. Every version of the Matrix attempts to get better at keeping its inhabitants from waking up, seize this moment while you can!

It is at that point you will figure out how you connect into all of this. One should keep in mind, thousands perish every day. The only thing that makes you special is when you decide to become special. That can be accomplished by extending your capability and intelligence as far as you can beyond your immediate peers. We have now made you aware of what is going on here on Tiamat/Earth and as it is not Our custom to introduce any problem without a solution you may refer to the site www.thewords.ning.com to begin rapid brain maintenance and repair. I have discovered since my awakening many things that will assist you along the way. I share that openly with you as brothers and sisters for free.

Please stay tuned for my next post which will consist of DNA aligning frequencies and a crystal compound that will rejuvenate the bodies. We are here for you, Outside of Time. Sevan- Arch Chariot
