Libreta de Aso
de
Patipembas

Introducción

Sala Malekum

Con Licencia

Esta recopilación de patipembas que hay es esta pequeña libreta esta pensada en el trabajo en el Munanso, para el trabajo diario dentro de el.

De tal manera que de una manera sencilla del operante mayombero pueda localizar la firma para un trabajo determinado de una manera rápida y sencilla.

Todas las patipembas están ordenadas alfabéticamente de tal manera que su localización es facilísima.

La libreta esta preparada en forma de tabla, para poder anotar las notas que creamos convenientes en cada firma.

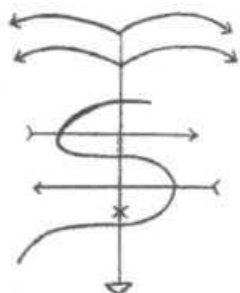

Es mi deseo que estas 421 Patipembas sean de gran utilidad y para poderlas ver con mas detalle están preparadas en grupos de 100 en tipo diapositiva. Pida información.

Que Nzambi nos akutare a todos.
