Spellcraft For Students

As a Student of the Occult, the first lesson to be learned is never really expounded upon in the many books on the subject available on the market today.

That lesson is the ability to apply one's energy to a project and carry it through to its conclusion. Self-discipline cannot be neglected in trying to gain mastery in the Occult Arts and Sciences.

Modern society seems to take responsibility away from the individual and allows anyone to place blame for shortcomings on everything or everyone outside, rather than where the responsibility really rests; with the individual concerned. Excuses for nonperformance and shortcomings are allowed to be the order of the day.

You may meet with those who claim to be adept in the Occult, but will find them to be constantly tardy in appointments, undisciplined in life habits, unwilling or unable to keep their word, and possibly devoted to hallucinogenics.

Such types will never amount to any kind of power in the Occult Arts. Many such follow, or profess to be students of the late Aleister Crowley. "Do as Thou wilt shall be the whole of the Law" leads but to naught as far as becoming an Adept is concerned.

That is why one finds so few Wizards and accomplished Sorcerers in the world today. Occultism requires a finely tuned vehicle in the subject of the mind and body. It demands of the student time and effort and much "blood, sweat and tears" before one can call oneself even a minor Adept.

Occultism can teach one the power to move the world and cause the universe to arrange itself according to the Practitioner's will, but such requires a tremendous effect and stamina that very few in this day and age possess.

When a task is laid before you to do, see it through to its finished conclusion.

When you give your word to a person, see that it is kept, no matter how difficult or inconvenient.

Keep your life in order, allowing time for all things in their proper places.

Set your mind to a regimen for your lessons and stick to it daily.

Avoid any temporary trips with drugs, because they only weaken the Will to succeed.

Apply the Will to all matters that require attention.

If you have a competent teacher in the Occult, give yourself over to the discipline required and follow the program for your development without flinching. Some lessons are hard for a reason.

If you are able to apply the Will to succeed in the matter of your learning, and can benefit from the teachings, you can and will become a power and a force in the Metaphysical World.

Vision is the next primary ability one must acquire in mastery of the Occult.

The ability to picture in the mind intentions wanted and desired to be brought about by the Practitioner cannot be underestimated in any learning program.

The pictures and symbols one is able to hold in mind and vividly see as accomplished fact impresses that idea on the Universal "Mind Stuff" from which everything comes, and to which everything returns.

No system of Metaphysics, be it Occult or traditional religion, will work unless the Practitioner is able to strongly project a vivid and living picture of the intended results into the "Ether" of Metaphysical Space.

A mind with a steadfast vision, held firmly by Will, becomes a concentrated power which impresses the idea upon the Astral levels of consciousness. That impression imprints the idea on the plastic substance which causes formation in the emotional world before it can condense down to the physical.

The Causitive levels must first be stimulated with a format before they can begin to arrange the caustive forces to begin to attract to the mind, thus holding the vision, the intended results.

Many find it hard to picture in the mind. This is due to the scattering onslaught of modern society. Too many impressions and demands on attention are part of the individual's input in daily routine.

Mastery here requires a time set aside to practice mental exercises in order to quiet the senses and allow the mind to gear into the right frame.

Many books and teachers say that the student should try to still the mind first and reach a Nil point. Many find this almost impossible to do. We cannot create the Nil point, either in mind or imagination, because we exist in a world that simply is. We cannot not be.

Let us first accept the fact that things are and begin to see them as we would like them to be, according to our Will as a Primum Mobile of our own minor worlds.

We must start from a place in this world already provided.

That place be The Witch's Spellcraft

Introduction

Wouldst Thou learn the Ancient Arts of Sorcery? Wouldst Thou delve into the Arcane Lore of Magic? Hast Thou a Will of Iron? A Mind of Steel? The Discipline to persevere?

If so, my bright-eyed, bushy pet, Thou hast found the right book for thee!

In many works on Spells and Magic, Thou findest only what to use and what to use it for.

This Witch, however, giveth to Thee the whys, the ways, and the hows!

One is taught by example. Theory doth not give experience. Thou gettest experience by doing. Practice maketh perfect.

Learneth best the Art Magical by doing and in actual practice. In that way, Thou canst judge Thyself as to success or failure of Thy works.

Betimes, failure also teacheth what goeth amiss.

Thou shouldst suspend "disbelief" and not rely on the "rational." Spellcraft be an emotional and subjective Art.

Therefrom, cometh the desire, imagery and emotional power to affect the World around thee according to thy Will.

Doubt causeth Magic to fail and bringeth the "Thought-form" back along the line of least resistance to fester unfulfilled in the Aura of the Sender. Heed that well, my pet!

Will Power and Positive Action be the keys to open the path to successful Sorcery. The Magus of the Tarot Deck showeth the way: One hand in the Heavens, which representeth the Idea and the Will. The other hand pointeth to the Four Symbols of the Earth Plane, showing a transformation of Energy; Power brought down. The idea is given form by the Will which arrangeth the Physical Plane.

Idea empowered by Will, activated by Action, be the Force which worketh the mysteries of Sorcery.

A Spell be, therefore, a drama in miniature, with which Thou attempteth to imprint upon the Spiritual Planes an idea of what Thou wouldst have come about. Forcefully done with repeated effort, it leadeth to success.

Thy Will must be of the type which alloweth no opposition to be too great.

Faith in the reality of Thy emotional strength and the ability to see a situation through to its conclusion, bringeth Thy heart's desire in the field of Spellcraft.

Havest Thou those qualities? If so, Thy Arts of Magic then may surely bring success.

The Wych's Love Brews

Uses of Occult Oils

(For all "matters of amours and moralytees")

In a seething froth of oil,
Herbe and root and gum do boil.
Over it an olde dame doth labour and toil.

She blendeth the right proportions of herbe
Making a mystery bright and superb,
Love to incite, or a rover to curb.

**BOIL, MY PRETTY BUBBLING BREW!
IGNITE THE PANGS OF LOVE SO TRUE.
BY POWERS OF THE STARS ABOVE,
I SUMMON THOSE SPIRITS DISPOSED TO
LOVE.**

See her at her Magic Work,
Staring into the frothing murk.
As on her face a sly old smirk.

Magical Oils

in the Art Of Sorcery

The Spells using oils, which followeth, are minor sorceries with which Thou chargeth the atmosphere around Thee and imprint Thy desires upon the Etheric Planes in order to help causeth the pressures which bringeth about change according to Thy will.

The secret to a magical oil be that it becometh a Fluid Condenser which holdeth the mental and emotional charge and transfereth that to the person, place or thing Thou wouldst magically affect.

By having the oil in Thy most dominant hand and vividly and forcefully holding in mind the visioned desire, as Thou wouldst have it, the oil accepteth that charge and impregnateh it into the candle, poppet, object, or person upon whom or which it be anointed.

Intention and Desire infused with Thy adamant Will, totally concentrated upon the visioned result, emotionally felt, worketh the metaphysical mystery of successful Spellcraft.

Pondereth these words well, for they convey what mental work must accompany the employ of Occult Ingredients. Of themselves candles, oils, incenses, herbs do nothing. Thy power of Mind and Will infuseth into them the correct energy of "Spirit" to work for Thee. Thy chants and meditations and visioned desires employ the ingredients as tools to aid Thee and help Thy spells to affect the World as Thou wouldst have it be. The proof of the pudding, my pet, be up to Thee and Thee alone.

To properly anoint a candle for magical purposes be very easy and of the utmost importance in the Art.

A taper or jumbo sized candle would be held in the secondary hand and dabs of oil in the first, or dominant one.

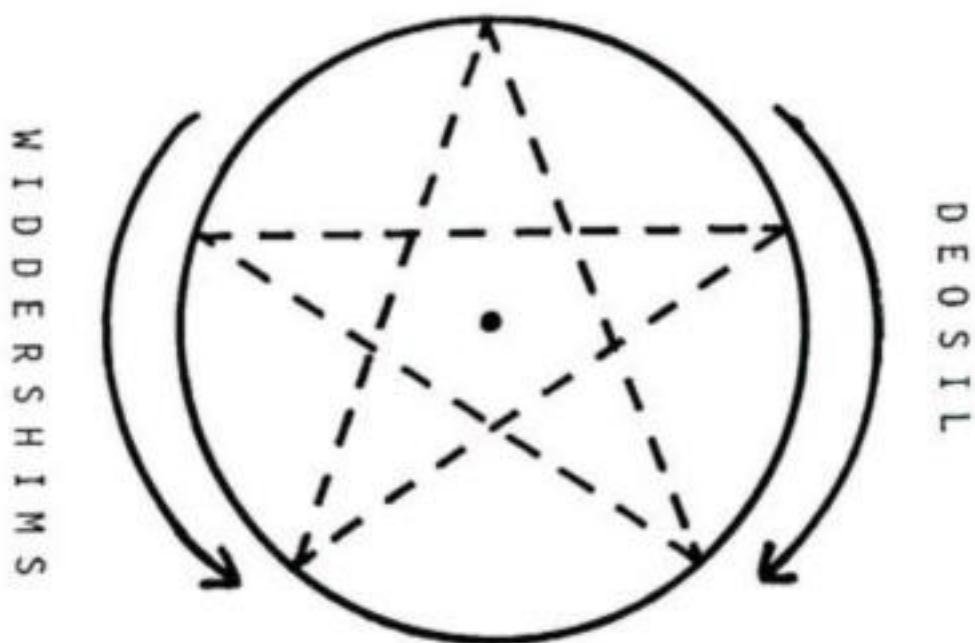

The reason for which the candle is to be burned Thou wouldst vividly vision in Thy mind and apply the oil by rubbing onto the candle as Thou infuseth that idea thereinto.

To attract a blessing or a benefit, anointeth from the top to the bottom and stroketh the candle intently for at least five full minutes holding the thought firmly.

To send a bane, hex, or to lift or ward off, the candle be anointed from the bottom to the top with the same intense energy.

The glass encased Seven Day candles requireth more detail. At the top, in the wax inside the glass, taketh a sharp object and scribe a Pentagram in the wax with the wick in the center. Then Thou taketh a dab of oil on the thumb of Thy dominant hand and intently infuseth the reason for the candle into it as Thou rubbeth the oil around and around on the wax at the top of the candle.

Chanteth as Thou worketh:

(Name), THOU MOST FOUL AND EVIL FIEND!
THY MAGIC DOTH DEFLECT AND BREAK APART!
I CAST THEM OUT OF HEAD AND HEART.

Lighteth the candle to burn and heat a large pin in the flame thereof. Driveth the pin into the region of the heart on the Image Candle and alloweth it to burn til the pin droppeth off.

Anointeth the candle with the oil and say:

**FIRE OF HATRED, FIRE OF RETRIBUTION,
THOU ART MY MYSTIC ART SOLUTION!**

Lighteth it to burn along with the incense.

Holdeth the doll in the smoke and say:

**CHOKE AND COUGH, SMOTHER AND DIE!
MY HATRED BE FIERCE, I DO NOT LIE!**

Passeth the doll five times through the flame and say:

**BURN! BURN! BURN MOST IN PAIN!
I WOULD SEE THEE ALL MAIMED AND SLAIN!**

Taketh the nails and one at a time, forcefully driveth them into the body of the doll as Thou shouteth these words:

**I HATE! I HATE! MY WRATH SHALL NOT EVER ABATE!
(Name), THOU ART TO SUFFER AND GET THY DUE!
THY JOYS IN LIFE FROM THIS TIME BE FEW!**

Thou shouldst then arrange to have the maimed doll, the candle stub, and the spent ashes of the incense delivered to the enemy's abode secretly, to be found by the foe.

If Thou hast sufficient power of Will, Thy work shouldst be the bane of all Thy adversaries.

Poppet Spells in the Art of Sorcery

"Poppet" be the old term for an image doll. Traditionally, poppets were hand made from scraps of cloth belonging to the person who was the "Subject" of the spell, either to be healed, made to fall in or out of love, or the "Victim" of a curse or hex.

In olden times, a Witch was much more adept in the arts of stitchery and poppet spells much more in vogue than they be today. That doth not mean, however, they be any less potent than in those bygone days.

The Magical Law which governeth the theory of image dolls sayeth what happeneth to the part of a thing also hath an astral affect to effect the entire whole thereof—THE LAW OF SYMPATHETIC CONTAGION.

The effect be brought about by the imitative ability of the mind of the Practitioner to "see" the doll as the subject and project that image strongly; be it love, compassion, or hate to whomever—THE LAW OF THE IMITATIVE CAPACITY.

Best results be obtained when the poppet be either made from a garment recently worn by the subject or hath some thing—TAG-LOCK—of the subject such as hair, nail clippings, blood or excretia from the body itself. The next best thing, shouldst a decent tag-lock be unavailable, wouldst be the subject's name, scribed on parchment in the traditional inks of Art: Dove's Blood for positive works, Dragon's Blood for works needing power, and Bat's Blood for Thy darker sorceries. The parchment wouldst be attached to the doll so as to help identify it as the subject.

Nowadays, many people be not adept at creating poppets and must rely on the Specialty Shops which carry them. These be by no means less effective, but the tag-lock shouldst be sewn onto the doll by hand. It may be also stuffed into the poppet by splitting a seam and resewing, or attached to the outside by needle and thread. This be at least in keeping with the "old" way and helpeth to invest the doll with the Practitioner's desire to bring about the intended results.

The next step be to name the poppet for the person who be the subject of the spell. Simply calleth the doll by the subject's name at least thrice (three times) and meditateth deeply for at least ten minutes that the poppet be the person.

That being done, Thou canst have an authentic Witches Poppet. That being done, Thou mayest work any of these spells.

Bind Two Lovers

To work this spell of poppetry, Thou shouldst select a Night of Mars as Luna waxeth.

Procurest Thou a poppet of color red and incorporate Thy Lover's name onto it and any tag-lock Thou mayest have.

Dress a red candle with Love Oil, or even Thy Lover's personal Zodiac Oil, and also place five drops of the oil on the poppet. In doing so, strongly seeth Thy Lover's face on the doll's face. Lighteth the candle to burn along with an incense of pine, nettle and thistle.

Takest Thou a large nail into Thy strongest hand and firmly will all the power of Thy love into it. Chantest Thou these words:

NIGHT OF MARS
RULES THE STARS.
WITH LOVE I WORK THIS SPELL
TO CONJURE THESE POWERS WELL.
THIS BARB BE THRUST NOT IN HATE,
BUT PASSION FOR ME TO ACTIVATE.

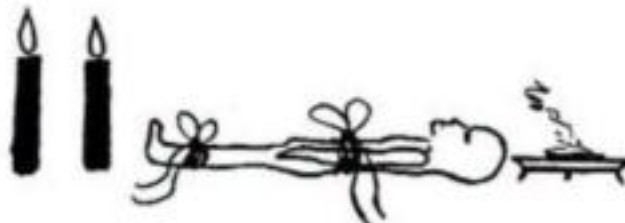

Lay out the poppet before Thy sight and will the image of Thy Lover as being with thee as Thou wouldst have it onto it.

With passion and force plunge the nail through the poppet's heart as Thou shoutest out these words:

MARS, THOU HORNY GOD OF LUST,
MAKE (Name) TURN TO ME, I SAY IT'S JUST.
I SEE MY LOVER ALL AFLAME
WITH PASSION FOR ME I ALONE MAY TAME.
KEEP MY LOVE'S THOUGHTS OF ME.
WITH LUST AND PASSION MINE TO BE.

These words Thou must repeat five times in all. The candle and incense should burn themselves out.

Now Thou must contrive to place the poppet in the presence of Thy Lover. Hidest Thou the poppet some place where Thy Lover dwelleth and spendeth much time, but in such a way that it shall never be seen.

Circle of Love

On the Night of the New Moon as the Dusk draws near,
Begin this spell and to its rules carefully adhere.
Allow the New Moon to come again in sight
Before results should be judged alright.
In order to summon the Forces of Love,
Inscribe with ink of the Blood of the Dove,
Thine and Thy Lover's names on parchment squares.
Thus Thou bindest your Lover into Thy snares.
Upon the backs of two cloth dolls of color red
Pin the squares up near the head.
Bind the dolls with red twine face to face,
Making sure between them there be no space.
In the center of Thy altar let them lay
To be together from that day.
Sprinkle them very liberally around
With Witch's Grass from out of the ground.
Around the dolls place a ring
Of nine tall candles and joyfully sing:
ONE LIGHT OF RED TO TURN THEE HEAD.
ONE LIGHT OF PINK TO MAKE THEE THINK.
ONE LIGHT OF YELLOW TO MAKE THEE MELLOW.
Alternate the candles around
And bless them for love without a sound.
Light one candle to burn each night,
To beacon Thy love as a sentinel light.
After the nine nights do pass,
Bury the wax and Witch's Grass.
Keep the dolls bound up together
In order to have Thy love on tether.

Complete Love Spell

Gather together Thy materials which be a Red Image Doll, a length of cord, some pins, a Pink Candle, an Incense of Love, Oil of Desire Me, and some Rose and Vervain, which be the herbs of Venus.

On a night of Venus as the Moon doth wax, anoint a Pink Candle with the Oil of Desire Me. Anoint also Thy own brow and then place a few drops of oil on the red image doll in the area of the heart.

Light the incense and the candle to set the mood and work only by its light.

Sprinkle a circular area large enough to encircle your doll lying at its center with the herbs of Venus, which be rose and vervain, and sprinkle the doll with them also.

Bind a cord around the doll in the heart area, tying seven knots for Venus with these words:

LOVER, LOVER, THY THOUGHTS ARE OF ME
NO OTHER FACE BUT MINE DOST THOU SEE.
THOU ARE BOUND TO ME BY KNOTS OF TWINE,
THE GODDESS OF LOVE MAKETH THEE MINE.

Place the doll in the circle of herbs. Drive a pin in the area of the doll's heart as Thou seest Thy lover responding to Thy will and say forcefully this rhyme:

I MAKE THEE MINE, I LOVE THEE SO FINE,
THOU CANST FLEE TO THE ENDS OF THE SEA.
THOU ART BOUND TO ME BY KNOTS OF TWINE,
THE GODDESS OF LOVE MAKETH THEE MINE.

Sit and calmly call out Thy Lover's name as the candle burns. After an hour, put it out.

Each Friday thereafter, repeat the words and add another pin to the doll. The Lover will be Thine for as long as Thou wilt.

Destroy Thy Enemy

On a Night of Mars as the Luna waxeth, anointest Thou a red candle with a mixture of Mars Oil and Dragon's Blood Oil.

Into a poppet of red color, Thou shouldst stuff any tag-lock Thou mayest have from Thy victim and scribe the enemy's name on parchment in ink of Dragon's Blood five times. Anointest the poppet also with the oil.

Lightest Thou the candle and incense and pass the poppet five times through the flame to singe, but not burn it, with these words:

O HATED ONE OF EVIL MEAN,
THY BODY I BURN BY
MARS FIRE CLEAN.
BURN IN PAIN,
THOU HAST MY DISDAIN.

Thou shouldst sit and contemplate the misfortune Thou wouldst inflict upon Thy victim and allow Thy rage to smolder and build as Thy meditation progresses.

When Thou art fully enraged at Thy victim, placeth the doll upon the floor or ground. Takest up a heavy stick and say:

(Name), I HATEST THY VERY BEING.
I SMASHETH THY BODY AND SEND THEE FLEEING.
HEAVY BLOWS I GIVETH TO THEE.
THAT MAIM AND INJURE AND DEADLY BE.

Forcefully and with rage deliverest Thou sixty five smashing blows to the poppet with the stick. Each one should be given with all the force of hate Thou canst possibly muster.

Afterwards, rest the poppet beside the red candle and let it burn out. Repeatest Thou the same process each Night of Mars thereafter, until Thy will has been accomplished in the total destruction of Thy enemy.

Lover's Binding Charm

To bind by powers of Venus, doeth this work on Her Night, as the Moon waneth in an Earth

Sign....

- | | | | |
|---|---|---|----------------------------------|
| 1 | <i>Bottle of Come To Me Oil</i> | 1 | <i>Red Mojo</i> |
| 1 | <i>Nutmeg with Mercury</i> | 2 | <i>Bottle Dove's Blood Ink</i> |
| 1 | <i>Lodestone; 1 red (male) 1 green (female)</i> | | <i>A Photograph of thy lover</i> |
| | <i>A Bit of hair from thine own head</i> | | |

*Scribe both thy name and that of thy lover on the back of the photo.
Draweth three complete circles around the names.*

Stuff the photo, the nutmeg, the lodestones, and thy hair into the bag and seal tightly shut.

*Anointeth the bag with seven drops of the oil, one at a time, and chanteth:
BE BOUND TO ME BY POWERS OF VENUS!
NEVER SHALL A THING COME BETWEEN US!
NEVER A THOUGHT OF WANDERING AWAY!
THOU ART BOUND TO ME FROM THIS DAY!*

Speak out this incantation with each of the seven drops of oil placed on the Charm Bag. That is, seven times in all.

Thereafter, anoint the bag each Friday with the same amount of oil and repeateth the same incantation with each drop.

Keepeth the Charm bag secluded out of sight under thy mattress.

This is an old New Orleans trick of the trade.

HALT INFIDELITY

On a Night of Venus as Luna waneth, makest Thou a poppet from Thy unfaithful Lover's socks of color black, or use a doll of black cloth.

Insert a tag-lock from Thy Lover into the doll, and also write the loved one's name on a piece of parchment with ink of Dragon's Blood and pin that to the back of the poppet.

Lightest Thou a large black candle and work only by its light as Thou anointest the poppet with a Compelling Oil and sprinkleth it over on both sides with Come To Me Powder. Hold the poppet in Thy strongest hand and chant over and over again:

**LOVER BE MINDFUL THAT THOU ART MINE.
NO OTHER CAN LOVE THEE SO DEEP AND SO FINE.
I WORK THIS SPELL TO BLIGHT THY AFFAIR,
THOU, NO OTHER EVER SHALL SHARE.
HURRY, HURRY, COME BACK TO ME.
I ALONE AM THE ONE FOR THEE.**

Thou must then repeat the procedure for three consecutive nights. Burn the candle for an hour each night. On the third, let it burn out. After the third night's ritual is completed, wrap the poppet in a cloth of green color and keep it secluded in Thy home.

Healing Spell

On a Day of Sol as Luna doth wax, takest Thou a poppet of red cloth and place within it a tag-lock from the one who is the subject of this working. It must be something which beareth the subject's aura.

Anointest Thou the poppet with Balm of Gilead Oil and lightest an orange candle along with Frankincense.

Namest Thou the poppet to be Thy subject and Thou shouldst concentrate deeply on affecting the sick or injured one with Thy healing energy. Thou shouldst then recite Psalms 39 and 41 as the candle burneth.

With Thy deepest concentration and will power seeth Thy subject in Thy mind as being well and in good health.

Into Thy strongest hand takest Thou up a sharp nail and willest Thou all Thy healing intent into it. Plunge it then straight away through the part of the poppet which correspondeth to the afflicted part of the one who is Thy subject. Chantest Thou these words as Thou doest:

HEAL THY BODY, HEAL THY BLOOD,
LET POWER RUSH OVER THEE LIKE A FLOOD.
INFUSED WITH LIFE I SEETH THEE WELL
AND FREE OF ILL THY LIMBS I DO IMPEL.
HEALED THOU BEETH
THEE, HEALTHY I SEETH.

Thou must then transport the poppet to the presence of the sick one and place it somewhere in the room to act as a healing talisman.

Hex Breaker a la Marie Laveau

On a Night of Mercury or of Saturn as Luna be on the wane, takest Thou a poppet of black cloth and name it to be Thy enemy.

Scribe the foe's name in ink of Dragon's Blood upon a square of parchment paper. Pin that to the back of the doll. Thou shouldst also, if possible, place in the doll any tag-lock Thou mayest have from Thy enemy.

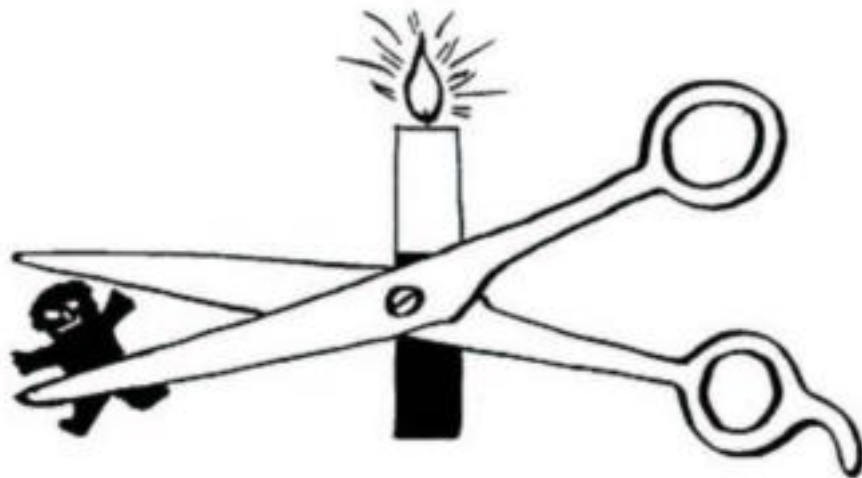

Thou shouldst then anoint a Double Action Candle as well as the poppet with Spell-Breaker Oil. Light the candle to burn along with some High John the Conqueror Incense. Repeatest Thou these words:

O EVIL ONE WHO CAUSETH ME HARM,
I WORK THIS SPELL AND THY EVIL DISARM.
THOU ART FROM THIS MOMENT STOPPED.
MY POWER CAN NEVER BE TOPPED.
DIVINE JUSTICE WORKETH FOR ME
NEVER VICTORIOUS COULDST THOU EVER BE.
O TERRIBLE ONE OF EVIL INTENT,
ALL THY WORKS BE TORN AND RENT.

Snip off a small piece of the poppet with Thy shears and repeatest the words twice more.

Then Thou shouldst read Psalm Seven thrice as the incense burneth. Let the candle burn for at least an hour.

Thou shouldst repeat the process each night thereafter until the poppet be completely destroyed. Bury the pieces and the incense ashes along with the wax drippings in the earth and loudly reciteth Psalm Seven over the spot.

Knots of Love

On a Night of Venus as Luna doth wax, obtain a poppet of red cloth. Thou must add to that any tag-lock from Thy Lover and Thy Lover's name in Dove's Blood scribed on parchment.

Havest Thou also three cords of three foot length, one of black, one of white, and one of red. Thou must braid the three cords together to form one strand.

In Thy censer, Thou shouldst burn Leaves of Bay as an incense sacred to the Goddess of Love.

Twineth the cords around the poppet and draweth seven knots very tight as Thou recitest these words with each knot:

**I PULL ON THY HEART
I DRAW THEE SO SMART
I BIND THEE FOREVER
I LOOSE THEE BY NEVER
I KNOT THEE TO ME
I WILT THINE ONLY BE
TO LOVE LET IT THRILL.**

Thou shouldst then repair out of doors and allow the poppet to be burned in fire along with Thy knots and some more Bay Leaves. Scattereth Blessed Salt upon it as it burneth. Then bury all ashes in the earth..

LUCKY HAND CHARM BAG

Nutmeg Filled with Quicksilver	1 Red Mojo Bag
Devil's Shoestring Root	1 Bottle Lucky Dog Oil
2 Low John The Conqueror Roots	1 Yellow Jumbo Candle
Lucky Hand Root (Salep Root)	1 Gamblers Incense
1/4 oz. Gamblers Luck Powder	1 Jumbo Holder
1/4 oz. High John Powder	1 Snake Root

On a Night of Mercury, as the Moon waxes in an Earth or Air Sign, anoint a yellow candle with the oil and light it along with some Gamblers Incense.

Place the first eight items into the Bag and seal it with an even number of knots. Pass the bag eight times through the flame of the candle and the smoke of the Incense with words such as these:

**LUCK BE FINE!
LUCK BE MINE!
LUCK SO QUICK!
BRINGING MONEY SLICK!
GOOD FORTUNE AND PROSPERITY
WITH ALL THE GOOD THINGS THERE EVER BE!
I CLAIM MY LUCK AND ALL THE WEALTH
BROUGHT BY FORTUNE, GOODNESS AND HEALTH!**

Let the sealed Charm rest beside the candle until all has burned out. Then carry the Charm Bag on the person as a good fortune Talisman from that day on. Anoint the bag weekly with the oil.

Tradition maintains the good luck needed will then be thine.

Terrible Curse of Impotence

From ages of years this spell has been the bane of the old Patriarchy and the reason for the morbid fear of the Witch since time immemorial.

Sexual bondage has been the means that the male members of the great monotheistic faiths have used to keep Womankind in subjection. Impotency was the way to strike back.

This ancient arcana is now brought forth should the Witch in these days of sexual license and perversion see a need.

On a Night of Saturn as the Moon wanes in Her last Quarter, light a Crossing Incense and work by the light of one large Black Candle.

Open one seam of the image doll and insert the name of your victim on parchment, written in ink of Bat's Blood.

Along with that, stuff in either some hair, nail clippings, or a piece of the victim's garment. This helps to identify the doll as the victim and connect it with the person's aura. Sew it back up.

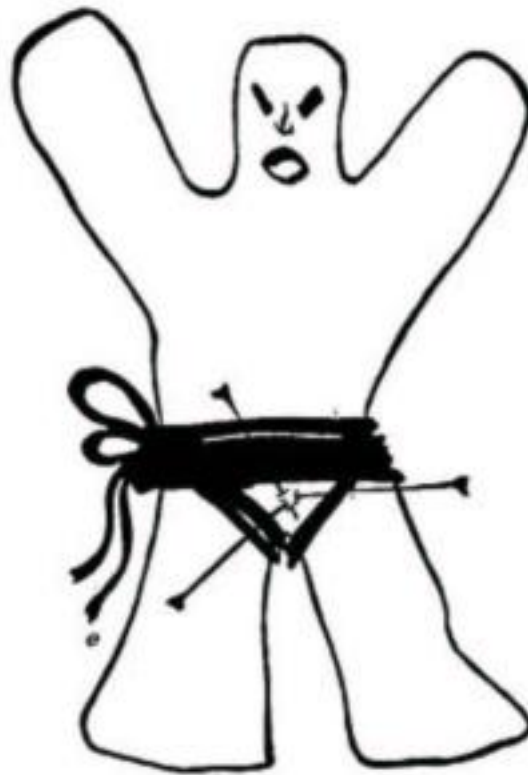

Concentrate very deeply and name the doll as the victim. Anoint it with Black Arts Oil and sprinkle it with a good hexing powder.

Take the black twine and wrap it and knot it around the loins of the doll pulling it very tight. Chant as you do:

“(Name), I BLIGHT THY SEX LIFE.
NO MORE TO PERFORM THE ACT OF MAN AND WIFE.
NO MORE PLEASURE FROM THE JOYS OF SEX,
BECAUSE UPON THEE I PLACE THIS HEX!”

Visualize the victim not being able to perform and have pleasure with one's sex partner.

Drive three sharp pins into the area of the loins with these words spoken over each pin:

ANGUISH, EMBARRASSMENT AND SELF DOUBT
IN THY LOVE LIFE I THICKLY SPREAD ABOUT.
MAY ALL THY AMOROUS JOY AND PLEASURE
BE AS FAR FROM THEE AS BLACK BEARD'S TREASURE.
IMPORTANT, THY LOINS REMAIN AT MY WILL.
NO MORE PASSION, ALL LIFELESS AND STILL.
THOU SHALT BE JEERED AND CUCKOLDED,
THY GENITALIA IN THY HANDS CUPPED AND FOLDED!

Concentrate on that image as you pass the bound and pierced doll through the incense smoke and repeat the curse fifteen times.

Thereafter, on the Nights of Mars as the Moon wanes, repeat the incantation and add another pin to the doll. This curse should continued for as long as you will.

Landlord's Cause Lax Renters to Pay Spell

To Cause Lax Renters to Pay—

- 1 Red Jumbo Candle*
- 1 Bottle Compelling Oil*
- 1 Bottle Compelling Powder*
- 1 Piece of Parchment Paper*

On a Tuesday as the moon waxes in an Air or Earth Sign, anoint the candle with the oil. Light the candle.

As the Landlord who is entitles to just and due rents, write the justice of your cause on the parchment.

Sprinkle the parchment with some of the powder, fold it and burn it in the flame of the candle.

Visit the premises and sprinkle some of the powder around outside the building. Do not be seen doing so.

Tradition maintains that these works produce honest return for honest effort on the part of the Landlord.

Waste Away Thy Enemy

As Luna waneth in the Sign of the Scorpion, obtaineth Thou a poppet black in color.

Scribe Thy enemy's name nine times reversed on parchment paper in ink of Bat's Blood. Also it would be best if Thou couldst include a tag-lock from Thy victim into it.

With the utmost contempt name the hapless poppet to be Thy victim and pass it fifteen times through the flame of the black candle and the smoke of a Saturn Incense.

Thou must then smear the poppet all over with a baneful Oil of Black Arts with these words:

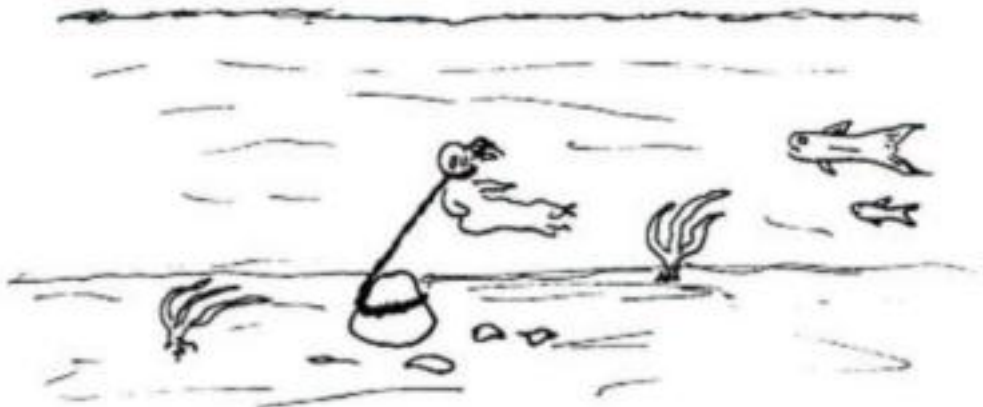

POPPET IN THE LAKE, POPPET IN THE POND,
UPON (Name) I LAY DOWN THIS BOND:
WASTING ILLS AND FRIGHTFUL CHILLS
AS MY VICTIM WITH POISON FILLS.
ALL THY LIFE FORCE MUST DRAIN AWAY
AS WAVES AND RAPIDS ABOVE THEE SHALL PLAY.

Thou must concentrate darkly upon the wasting ills Thou wouldst inflict upon Thy victim till the candle be gone.

Takest Thou the poppet and repair out of doors to a place water doth run deep and free. Tie the poppet to a large rock with a thick black cord and contemptuously cast it into the deep water with this incantation;

RUN AWAY LUCK, RUN AWAY LIFE.
RUN AWAY ALL GOOD THINGS TRUE,
CAST INTO THIS GURGLING BREW.
LEAVE (Name) NAUGHT BUT FAILING HEALTH
AND A FLOWING OUT OF STRENGTH AND WEALTH.
WASTING POWER FROM THIS DARK HOUR.
AS THIS POPPET IN WATER DOTH ROT,
MY VICTIM SHALL PAINFULLY RUE FATE'S LOT.

As the poppet dwindles away in the water, the victim should begin to also diminish in strength.

Witch Up a Lover

A Poppet Spell from Old New Orleans

On a Night of Venus as Luna doth wax, take ink of Dove's Blood and scribe on a square of parchment either the name of the one Thou wouldst woo or a description of the type of person Thou wouldst have, and pin it to the back of a poppet made of red cloth.

Anoint the poppet with an oil called Luv Luv Luv and sprinkle it over with a good French Love Powder.

Mix together equal amounts of Love Incense and Compelling Incense.

Light the incenses to burn as thou chantest these words:

OIL AND POWDER, INCENSE AND DOLL,
BRING ME A LOVER AS I CALL.
A LOVER TO BE TRUE,
MAKES EACH DAY EVER NEW.
BRING MY LOVE TO ME
BY BLOOD OF DOVE AND LAW OF THREE:
I CALL TO THIS ONE NOW
I DRAW MY LOVE SOMEHOW
I SHALL THIS ONE WITH LOVE ENDOW
THIS DOLL OF LOVE ON VENUS'S NIGHT
PRODUCES FOR ME MY HEART'S DELIGHT.

Lovingly wrap the poppet in a clean red cloth and seclude it away out of sight. Repeat this process each night thereafter until the one Thou wantst or the type Thou wishest appears in Thy life.

Gamblers' Luck Charm

On a Day of Mercury, as the Moon waxes in an Earth

Sign, obtain:

- 1/2 oz. Chamomile Herb**
- 1 Haitian Gamblers Oil**
- 1 Green Jumbo Candle**
- 1 Jumbo Candle Holder**
- 1 Money Drawing or Fast Luck Incense**

Dress the candle with a few dabs of the oil and envision yourself winning at games of chance. Light the candle to burn along with a bit of the Incense as you chant:

**TURN THE CARD AND TOSS THE DICE,
A PILE OF MONEY WOULD BE SO NICE!
PICK THE WINNERS IN THE RACE,
SUCH A FORTUNE I COULD FACE!
POWERS OF LUCK, DO SMILE ON ME,
WITH SCADS OF MONEY, VAST AS THE SEA!**

Concentrate and envision the intended results, as if already manifest and won. Allow the candle to burn out.

Brew a tea with the herb and allow to cool. Mix a bit of the oil therein and wash the hands with it before going out to play any kind of a game of chance.

Wear a few dabs of the oil as the personal cologne when gaming.

Tradition has it that this method of positive working can bring much success to one's gambling. However, no matter how much is won, in or on a particular game, take the winnings and leave, even if only 10¢ richer. Cultivate the habit of being a winner in attitude and action.

Gambling Charms are to augment and assist in one's personal luck cycle. Do not rely on them alone, but add to them one's positive visions and expectant magnanimity. One must not really care if one wins or not! In that way, one is not gambling on scared money, which is restrictive and self defeating.

LOVE SPELL "MYSTIC EYE"

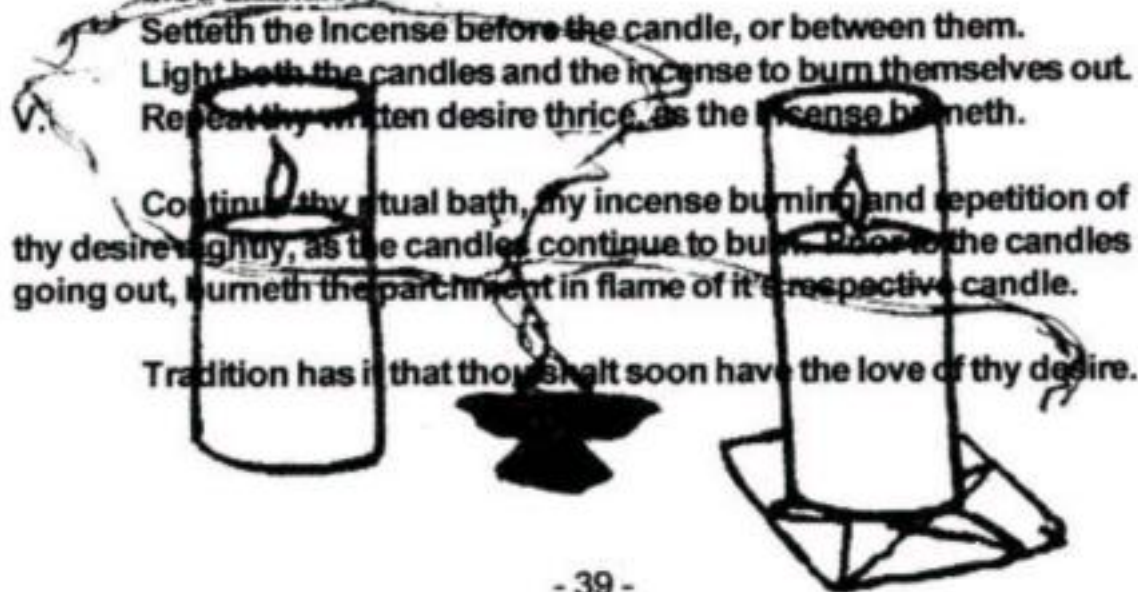

Adapted from the Occult Shop, of late, known as The Mystic Eye, in San Francisco.

- 2 Seven Day Novena Candles
Pink, if thou art female, Red, if thou art male
 - 1 Packet of Spiritual Bath Crystals
Come To Me, if female, Dragon's Blood, if male
 - 1 Packet of Love Incense
 - 1 Bottle Love Oil

- I. On a Night of Venus, in Her Hour, bathe with some of the crystals in the bath water. Dry in the air; do not towel dry.
- II. Anoint thyself with the oil.
Forehead, back of the neck, wrists, breasts, and soles of the feet, if thou art female. Forehead, back of the neck, back of the hands, genitals, and soles of the feet, if male.
- III. Scribe on the parchment the type of person, or the particular person, thy desires to attract. The two lower points on the Pentagram shouldst always face thee.
- IV. Placeth the two candles upon thy Altar with the parchment under the left one, if thou art female; or under the right one, if thou art male.

V. Setteth the incense before the candle, or between them.
Light both the candles and the incense to burn themselves out.
Repeat thy written desire thrice, as the incense burneth.

Continueth thy ritual bath, thy incense burning and repetition of thy desire rightly, as the candles continue to burn. Upon the candles going out, burneth the parchment in flame of its respective candle.

Tradition has it that thou shalt soon have the love of thy desire.

A Witch Prays

To pray a request from the Witch Gods of Old,
When Thou needest aid, comfort, or gold.
Follow this ancient method of prayer
By candles and incense to the Old Gods Fair.

Light two candles of lily white
For the God and the Goddess of Love's pure light.
Place between them Thy Book of Witch Law,
Thy Book of Shadows that hath no flaw.
Any day or planet's hour be right
To bask Thyself in the Old Gods sight.
With an incense of floral scent,
Thy prayers are heavenward bent.

Anoint a white candle with Thy Zodiac Ointment
And summon the Old Gods to meet Thy appointment.
Light it right up to burn for Thee
And speak right out: BLESSED BE!
Write Thy request in Dove's Blood Ink
On parchment to shine in the candlelight a bright rosy pink.
Light a fourth white candle and place the parchment below
To represent Thy request by candle glow.

Calling the Old Gods to attend Thy desire,
Speak these words over the fire:
O LORD OF LIFE AND GRACIOUS GODDESS DELIGHT,
I OPEN MY HEART TO THEE, MY SOUL TAKES FLIGHT.
READ MY THOUGHTS ON THIS PARCHMENT LETTER
AND AID ME TO MAKE ALL THINGS BETTER.

Meditate deep on Thy request so clear
And offer Thy heart to the Old Gods Dear.
When the last white candle is half way burned,
Much from Thy meditation shall have been learned.
Burn the request in the flow of its fire.
To the Gods then goes Thy heart's desire.
Let the candles all burn out.
Thy life has been fortified, I do not doubt.

A Witch's Curse

There will be times in the life of each Witch
When an enemy must be taken down a nitch.
Obtain one large candle of black
To call dread forces to the attack.
Also three smaller ones of the same shade
Inscribed with symbols of Saturn by the Witches Blade.
Have an incense of Patchouli and Valerian finely ground,
To nauseate the area like a tomb's mouldy mound.

On a Night of Saturn as the Moon hides Her face,
Think of Thy victim and conjure Thy foe's disgrace.
Obtain a photo or other likeness in kind
Of the victim to hold in Thy mind.
With mortar and pestle Thou canst intently pound
Earth and salt and alcohol spirits together with this sound:
I CALL THE EVIL NIGHT BIRDS ON WING,
THAT FORCES OF DARKNESS TO ME BRING.
THIS MUCK I MAKE FOR THE EVIL ONE'S SAKE
TO PUNISH (Name) AND THIS ONE'S LIFE THEREBY TAKE.

Dress the four candles from base to top
With Witchbane Oil not spilling a drop.
Set the large one to stand very tall
And represent Thy invective and gall.
Arrange the three in a tri-form fashion
And bless them with an evil cold passion.
Light Thy foul, smelly and putrid incense
To banish all blessings and send them hence.

Use these words
To the evil Night Birds:
SPIRITS OF THE TERROR MOST DIRE
GATHER TO THIS INCENSE FIRE.
HEED THIS WORK OF TERRIBLE CURSING,
SEE THE VAPOR UPWARD DISPERSING.

Ignite the large black candle for rue,
And cloud Thy mind with a deep dark blue:
EVIL I SPREAD BY THIS BLACK FLAME.
TO TORMENT (Name), TO BURN AND TO MAIM.
Fire up the three candles of black,
In the center of which Thou placest the victim upon the back.

Scoop up some muck on Thy strongest hand's fingers
And smear it on Thy victim's image as Thy evil intention upon it lingers.
Allow it to dry as Thou proceedest to concentrate
Upon the victim and the evil fate.
When all be ready,
Pick the image up very steady
And burn it in the large candle fire,
As Thou speakest out this curse most dire:
(Name), I BURN THY BODY, I BURN THY LIFE,
I CAUSE THEE NAUGHT BUT TROUBLE AND STRIFE.

Place the burning and flaming brand
Back between the three as they stand,
Contemplate and see most clear
Thy victim's discomfort, pain and fear.
Let the fires all die out.
Assume Thy task be accomplished no doubt.

A "DOWN SOUTH" LOVE ~SPELL~

Begin this spell on a Night of Venus, as Luna waxeth in a Water Sign.

Procureth:

7	Squares of parchment 2" x 2"	1	Bottle Come To Me Powder
7	Pink Candles, six inches	1	Bottle Dove's Blood Ink
1	Bottle Special Oil	1	Quill Pen
1	Bottle Van Van Oil	1	Can Love Drawing Incense

Scribe the name of thy Lover on each piece of parchment seven times. Placeth one pink candle on top of each piece of parchment set to stand in a row.

Light the candles to burn with a fresh match each. Set some of the incense also to burn and allow for a fifteen minute meditation and chant:

LOVER, LOVER, COME TO ME!
ONLY MY CHARMS CANST THOU EVER SEE!
THY LOVE BURNETH AS I SAY!
THY EYES LOOKETH ONLY TO MY WAY!

Putteth the candles out.

For the next fifteen days, continueth this routine:

1. Thy dally morning bath should be done with three drops of the Van Van Oil in the water.
2. Dusteth a bit of the Come To Me Powder on thy body when dressing.
3. Sprinkleth a few drops of the Special Oil #20 on thy fresh clothing for the day.
4. Kneel before the seven candles and lighteth each one, left to right, with a fresh match each.
5. Meditate on thy Lover being thine and chanteth the incantation above.
6. Alloweth them to burn fifteen minutes.
7. Then put the candles out in reverse order of lighting until the next day.
8. Bury the wax and parchments in the Earth after the allotted time.

The Voodoos say this charm Spell works wonders.

Awesome Deathmaker of Naples

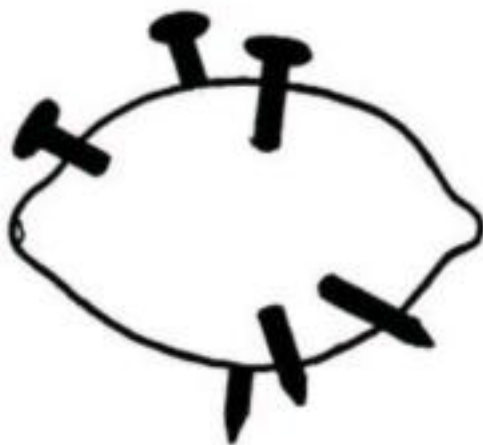

Shouldst Thou have an enemy that torments Thee day and night
Only shouldst misfortune to such a one cause Thee much joy
Only if such a one werdst to die, wouldst Thy life be complete
Then, and only then, wouldst Thou employ this evil working to bring about
Thy enemy's undoing.

On a Night of Mars, as Luna waxeth in a Fire Sign, take into Thy strongest hand a lemon firm and ripe. With a sharp blade, carvest Thy enemy's name upon the skin thereof. Thou shouldst then sprinkle water and salt upon it and name it for the soon to be deceased.

In the light of a single red candle with an incense of Dragon's Blood burning in Thy brazier, callest Thou out to the just God of War to help Thy power destroy Thy tormentor.

In Thy strongest hand hold firm five nails of iron and breathe Thy hatred and venom into them. When Thou feelest the power be at its peak, forcefully plunge the nails into and through the lemon.

Sit then and twine red thread around and around the nails as Thy mind seest Thy enemy's death in agony. By the red thread, hangest the gruesome charm out of doors to dry up and rot in the sun and dry wind. As the ancient Wizards say, Thy enemy will also dwindle away.

Be on Thy Lover's Mind

On a Night of Venus as the Moon doth wax . . . Cast this Witchy Spell with Thy Inner Mind's Eye. Conjure the vision of Thy Loved One in Thy mind as Thou anointest a large pink candle with Oil of Rose.

Hold fast that vision and stroke the oil onto the candle for a quarter of an hour.

Thou must then light the candle and chanteth these words:

CANDLE OF LOVE,
WORK ME THIS SPELL,
THAT THE ONE I DO LOVE
SHALL LOVE ME AS WELL.

Stare well into the flame as Thou speakest and chanteth the name of Thy love over and over again.

The candle Thou shouldst burn for an hour each night until it is consumed.

If Thou art able to see the face of Thy lover in the flame as it burneth, be Thou sure that thoughts of Thee will, that night, be in Thy lover's dreams.

Bring a Lover Back

On the Night of a New Moon, print Thy Lover's name on a piece of parchment paper and fold it lengthwise. Use that to kindle the flame of a red candle. Allow the paper to be consumed.

Light a Love Drawing Incense and place a photo or other tag-lock from the Lover, such as hair or clothing beside it.

Light a rich cigar from the flame of the candle and blow smoke onto the tag-lock. Keep puffing and blowing the smoke until the cigar is gone.

Between puffs, chant over and over again:

COME BACK, (Name), COME BACK.
I MEAN NO HARM, I MEAN ONLY GOOD.
THAT THOU WILT LOVE ME
AS I KNOW WE SHOULD.

When the cigar is gone, tie up the tag-lock with a long length of red ribbon and seclude it away out of sight. Save the candle, and repeat this process each Monday Night as the Moon waxeth until Thy Lover be with thee again.

Bring a Proposal of Marriage

Weave Thy Witchy Spell on a Night of Venus, as Mother Moon increaseth to Full.

Upon a piece of parchment in the Ink of Dove's Blood, Thou must draw a circle. Within its frame, Thou shouldst scribe Thy name. Without and around, Thy lover's name shouldst be spelt out. This parchment Seal shouldst lay in the center of Thy altar.

Take up Thy Image Candles, one to represent each person to be thus joined, and anointest them with Love Oil. These wax poppets should stand facing each other across the parchment square. Thou shouldst then light them to burn along with a few pinches of Love Incense.

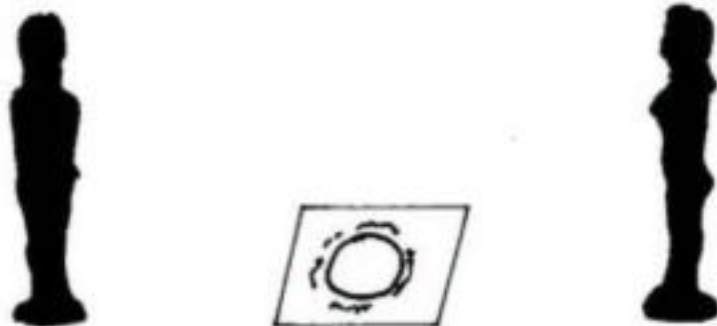

After all has been thus done, and the candles burned down to stubs, Thou must press some wax from them together.

Into Thy little red Conjure Bag the wax shouldst go, along with the parchment and seven pinches of the incense.

With seven knots seal up the bag and dash it over with seven droplets of oil as Thou chantest these few Witchy Words:

LOVER, LOVER, COME TO ME.
BY MY SIDE FOREVERMORE.
LOVER, LOVER, MARRY ME,
FOR THEE I DO ADORE.

Thou shalt then keep the bag under Thy pillow and anointest it each seventh day with more of Thy oil.

Circle of Love Attraction Spell

On a Night of Venus as Luna doth wax, write Thy lover's name seven times seven times on a sheet of parchment using Ink of Dove's Blood. Place the parchment in the center of Thy altar.

Anoint nine candles—three of red, three of pink, and three of yellow—with the Cleopatra Oil. Arrange them in a circle, alternating pink, red, and yellow around the sheet of parchment.

With Attraction Powder, sprinkle a circle around the standing candles so they be closed in with the parchment sheet in the center.

Light the candles counter-clockwise and concentrate on attracting the lover Thou wantest as they burneth.

Thereafter, always wear Cleopatra Oil to attract the lover of Thy choice.

Classic Love Potion

On a Night of Venus, under a waxing Moon, a potion may be composed to augment one's natural charms and incline a potential Lover to thoughts and desires of love. By working Thy will upon herbs and wine, and by grinding and mixing at the proper time, Love Magic gives chances of great success.

Anoint two pink candles with a Love Oil and place them on Thy altar. Set between them Thy Chalice filled with a rich red wine.

Thy incense burner with Lotus, Jasmine or Sandalwood should be burning nearby.

A Mortar and Pestle for grinding and seven seeds of Coriander would be all that is needed.

On the proper Night, at the right phase of the Moon, after all has been set, anoint Thy brow with the oil. light the candles and the incense.

Summon the power Thou wouldst invoke:

SPIRITS OF THIS VENUS NIGHT,
FORCES AND FORMS OF LOVE'S PURE LIGHT,
ATTEND TO ME AND WORK MY WILL
IN MY CHALICE'S MAGIC MILL.

Meditate on the person Thou wouldst attract either to Thyself or to the one for whom Thou workest this magic. Seest Thou in Thy deep mind's eye the lovers as Thou wouldst have it be.

Thou must then place the seven seeds into Thy Mortar and Pestle. With firm steady hand Thou must grind them to powder as Thou chanteth over and over:

COME TOGETHER, COME TOGETHER,
LET THIS GRINDING BE A TETHER
LOVERS FOREVER, LOVERS FOREVER,
A PARTING THERE SHALT BE NEVER.

Thou shouldst chant and grind, chant and grind for a full one-quarter of an hour. The secret be in causing the atmosphere of the world around Thee to resonate in harmony with Thy working. Such will send out a call to the deep favoring Thee with a positive response.

When Thou feelest the herb be properly charged, put it into the wine in the Chalice.

Hold the Chalice up to Thy lips and whisper the lovers' names across the surface of the liquid.

Settest it back down and cover it over with a small green cloth. Allow it to rest there for twenty four hours. Let the candles and incense burn themselves out.

Then Thou must strain the wine into a stoppered bottle. Thy Chalice should be cleaned and everything set away.

From this point on, Thou must somehow contrive to introduce a few drops of Thy Witchy Potion into the food or drink of the one to be attracted.

Courtroom Sorcery

On a dark night two weeks prior to going to Court,
And best it be if the Moon wanes in an Air or Water Sign for works of this sort,
Write the name of the Prosecutor and the Judge,
And all others concerned who may bear Thee a grudge,
On a strip of mouldy parchment, old and brown,
Using ink of Bat's Blood to put them down.
Contemplate these names with hate
And see them dumbfounded and reprobate.
Stroke a large black candle to create illusion
With Witch's Formula Oil of Confusion,
From bottom to top up to the wick
Making it shiney, dark and slick.
Light it for twenty minutes each Midnight
Calling the names and seeing them fight
Among themselves, being in confused disorder,
As Patchouli incense draws an unclear border.

On the night prior to Thy day in court,
Sit up all night with one as cohort.
Melt the remaining black candle all the way
And draw dark forces as Thou dost say:
**JUDGE AND PROSECUTOR AND ALL THEIR AIDS,
I CAUSE TO CONFUSE BY TWO WITCHES BLADES.**
Roll the parchment into the wax as a ball
As each name fifteen times Thou dost call.
Float the ball with water in a tub
As Thou wieldest Thy Athame as a club.
Sit and ponder the confusion of Thy foes
Without cause against Thee from head to toes.
Turn the ball to spin in the water with the blade,
As Thou speakest these words, Thy enemies to degrade:
**ONLY IN MY FAVOR THE COURT RULES
ALL CONTRARY WITNESSES I MAKE TO BE FOOLS.
CONFUSION, DISARRAY AND OUGHT BUT DELUSION
REAP MY ENEMY WITH FULL PROFUSION.
I TRIUMPH AND CONQUER AND WIN THE DAY,
THUS THESE FOES BE FORCED TO PAY.**
Let Thy cohort spell Thee in turn.
All through the night the wax ball must churn.
Never let it stop in its spin.
In the morning, pierce it with a large pin.
Gather Thy attorney and papers and appear at the dock.
Thy foes should look like they be in shock.

Curse of the Black Hen

On a Night of Saturn as Luna doth wane . . . Take a small piece of bread and pronounce over it this curse:

(Name), WHOM I HATE,
BE THOU THIS PIECE OF BREAD SO DRY.
MY POWERS OF ILL TO THEE SHALL FLY.
NAUGHT BUT EVIL TORMENT SO BAD,
WILT MAKE THY LIFE WOEFUL AND SAD.

Anoint a black candle with Saturn or Black Arts Oil and light it to burn.

Light a Black Arts or Double Cross Incense and summon the Forces from the Dark Void thus:

SPIRITS OF HATE AND SPIRITS OF ILL,
INTO THE LIFE OF (Name) BRING THY DEADLY CHILL.

Insert three black chicken feathers into the piece of bread. Visualize and meditate upon the evil that you will to inflict upon the enemy. Keep it up for a full half hour.

When the black candle has reduced to a stub, thank the Dark Ones and send them away thus:

THANK THEE, THANK THEE, THANK THEE ALL.
SPREAD ABOUT (Name) THY THICK BLACK PALL.
WORK MY WILL WITH WOE AND PAIN,
AND TREAT THE ENEMY WITH UTTER DISDAIN.

Secrete the feathers and bread under the pillow of the enemy. Await the results.

Drain Thy Enemy's Luck

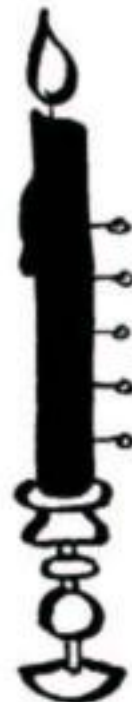

On a Night of Saturn as the Moon be on the wane,
All Thy enemies good fortune Thou canst profane.
Inscribe the foe's name with a nail on a black candle
To identify the lamp as the one whose life Thou wouldst vandal.
Insert in the shaft five pins of steel
With deadly intent, as ill fortune Thou wouldst deal.
As Saturn's Hour begins to chime
Repeat thrice this terrible rhyme:

(Name), I BLIGHT THY FAVOR AND WEALTH.
LIKE A THIEF IN THE NIGHT, BY CREEPING STEALTH
I TAKE FROM THEE ALL GOOD FORTUNE AND LUCK.
UPON THIS BLACK LAMP BE THEY STUCK.

Light Thy evil little fire
And rouse Thy witchy cold desire
To drain off the light of day
And leave one's life all cloudy and grey.
Let the candle burn until the first pin falls
As Thou drapest about Thy enemy funeral palls.

The following Night of Saturn thou must repeat the spell
And see Thy victim in a deep dark well.
Burn the taper a pin each week
And soon the enemy will look very bleak.
After the fifth and final pin be off
Treat Thy enemy with a sneer and a scoff.
Lay the pins across the flame on the wick
To smother the light leaving smoke very thick.
Five Saturdays be not too many
To harry Thy enemy of their last penny.

NOTATE BENE what Thou wouldst do,
My perky little Witchy Poo . . .
If evil Thou wouldst brew
Be careful not to fall in the stew.
Such a spell should only be used
If Thou werdst first the party abused.

Dread Curse of the Witch's Ladder

This is the ancient art of Ligature to thwart and strangle the life and spirit out of Thy enemy.

On a Night of Saturn as the Moon waneth, best it be in the Winter Months of the Archer or the Goat Fish when all sleeps the Great Death, takest Thou a cord of red to the length of fifteen thumbs. With nine feathers of the deepest black, Thou art ready to lay the dread and terrible curse known and feared since time before time.

Thou shouldst work only by the light of one black candle in a room filled with the smoke of the Black Arts Incense.

At the left end of Thy cord draw a knot very tight around one feather with this pronouncement of doom:

(Name), I BIND THY LIFE AND LIMBS AND LOVES.
NO MORE THE FREE AND CAREFREE ONE,
BUT BOUND AND TIED AND TRUSSED THOU SHALT BE.
ALL THY WAYS LEAD BUT TO NAUGHT,
ALL THY PATHS DROP DOWN AND OFF.

Work then to the right pulling each knot tight. Thy forceful intent should rise with each knot drawn. Thy curse should become more fierce and stronger with each knot.

As each knot is tightly drawn, Thy words of woe must be breathed and blown upon each to seal Thy contempt and hatred on Thy foe.

Pass then the feathered knots above the flame and through the smoke so thick and black as Thy winged thoughts speed Thy curse to impede the foe.

The ladder must then be secreted in Thy enemy's abode so that it will not soon be found until it do its work so well.

Drive Away an Unwanted Suitor

Shouldst Thou wish to prevent a Youth from visiting a young Maid in Thy household, select then a Night of Luna when She be on the wane and best it be if She resteth in a Water Sign (Cancer, Pisces, Scorpio) to spread confusion and delusion resulting in a deep illusion.

Takest Thou a lump of wax and four nails for each charm that may be necessary.

Passeth then the wax and nails nine times through the rising smoke of Separation or Confusion Incense as Thou chanteth this:

NOTHING FAIR, NOTHING DEAR,
NOTHING GOOD, NOTHING CLEAR.
LET THERE BE NO DEEP EMOTION
CANCEL OUT THE LOVER'S DEVOTION.

Placeth then the incense to fill the house and allow it to burn out.

Drivest the four nails into each lump of wax for the number of charms as may be necessary.

Secludest then one of these charms in or under each piece of furniture the young couple are apt to sit or lay upon.

The result Thou seekest is that they will quarrel and soon part and he will no longer come to court.

This may also be done to keep young females away from visiting Thy sons.

Fortunes Read by Candlelight

A Witch is a person with the Second Sight
Who foresees the future with dread or delight.
The time to work this magic power
Is a Night of Mercury in His Hour.
Fill Thy chalice with clear water pure
And burn an Incense of Benzoin to insure
That Spirits of the Element of Air
Bless Thy efforts with smiles most fair.
Set seven tall candles of the purest white
Around Thy Chalice to burn very bright.
With only the light from these candle flames
Concentrate upon Thy goals and aims.
Request assistance from the Airy Spirites,
As Thou ignitest each of the seven lights.

FIRE AND SMOKE AT THIS DARK HOUR,
FILL MY MAGIC WITH VISIONARY POWER,
AS I WILL TO FORSEE
WHATEVER SHALL BE.

Silently sit and meditate deep.
If Thou canst, produce a half sleep.
Gaze at the Chalice and water clear
And note the visions that do appear.
Afterwards, the symbols Thou must record
And interpret the meanings as a double edged sword.
Sit each Wednesday with this candle spell
And soon as a Seer Thy reputation will swell.
Never fear to speak right out
Thy visions of events around and about.
Always be true to the Spirits of Vision
And Thy power to foresee will never bring derision.

Gain Prosperity

Seek out a Thursday just past the New Moon
In order to ask of Jove this boon.
Grind in Thy Mortar an Incense for Jove
Of Cinnamon, Frankincense and Clove.
With three candles of ritual size
Gold, green, and orange, this spell Thou dost comprise.
A Prosperity Oil of deep rich green
To give Thy candles their prosperous sheen,
Is all Thou needest to see Thee right
And bless Thy works in Jupiter's sight.

When Sol descends below the Earth,
Tis Jove's fine Hour of plenty and mirth.
Anoint Thy candles from top point down.
Smile the while, Jove hates a frown.
Say this charm at least four times,
Jove loves the person who makes up rhymes:

GREAT KING OF WEALTH AND POWER,
I GREET THEE IN THY SACRED HOUR.
BRING ME WEALTH AND WITH BLESSINGS SHOWER.
LET THY GOODNESS FROM THIS TIME FLOWER.

Set Thy Jupiter Incense to burn
And spread so sweet from out of Thy urn.
Light Thy golden candle first
Which bolsters up Thy confidence to burst:

AS SURE AS LIFE THIS LIGHT FLARES UP
SO THAT WITH KINGS I MAY DINE AND SUP.

Light the green and then the orange last
And speak this charm bold and steadfast:

ALL THE MONEY IN THE WORLD IS HERE
AND SOME OF IT SHALL TO ME ADHERE.
BY JOVE AND CLOVE IS MONEY ATTRACTED.
PROSPERITY, WEALTH AND FORTUNE COMPACTED.

Let them for an hour blaze,
And vision prosperity by their haze.
Repeat the spell each following night
Till the candles be reduced to a miniscule sight.
Carry the stubs in a green charm bag
To attract Thy wish without a snag.

Garlic Bulb Lovers Charm

To attract the attention of the one Thou wouldst love, takest two bulbs of garlic in Thy strongest hand.

With a warm breath, Thou must breathe upon them naming them for Thyself and Thy Intended.

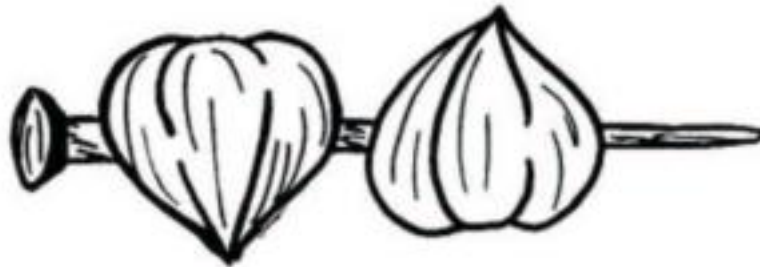

Then Thou shouldst take up, again in Thy strongest hand, a large steel nail and must breathe again Thy desire that the two of Thee be joined in bonds of mutual love.

Thou shouldst then secret this charm away in a dark closet until Thou hast had a positive response from the Intended.

At that time, anoint a pink and a green candle with Love Oil and a blue one with Thy Lover's Zodiac Oil. Set them to burn with the impaled bulbs resting among them.

When they have been reduced to stubs, place them in a green cloth along with the impaled bulbs, some Verbena leaves, some Yarrow and some Rosemary.

Tie up the bundle with pink thread or yarn and carry the Charm thereafter, when going to be with Thy Intended.

Jezebel Root Money Spell

To induce others to give Thee lots of money

Before the "Damm Yankees" and Carpetbaggers came South, this was much prescribed by the practioners of that day.

Take a green jumbo variety candle, a bottle of good Money Oil, and a piece of Jezebel Root.

On a Thursday during the waxing Moon anoint the candle with the oil and light it to stand in a jar lid or saucer.

When the candle has reduced to a lump of wax, press the root into it and mould it into a ball.

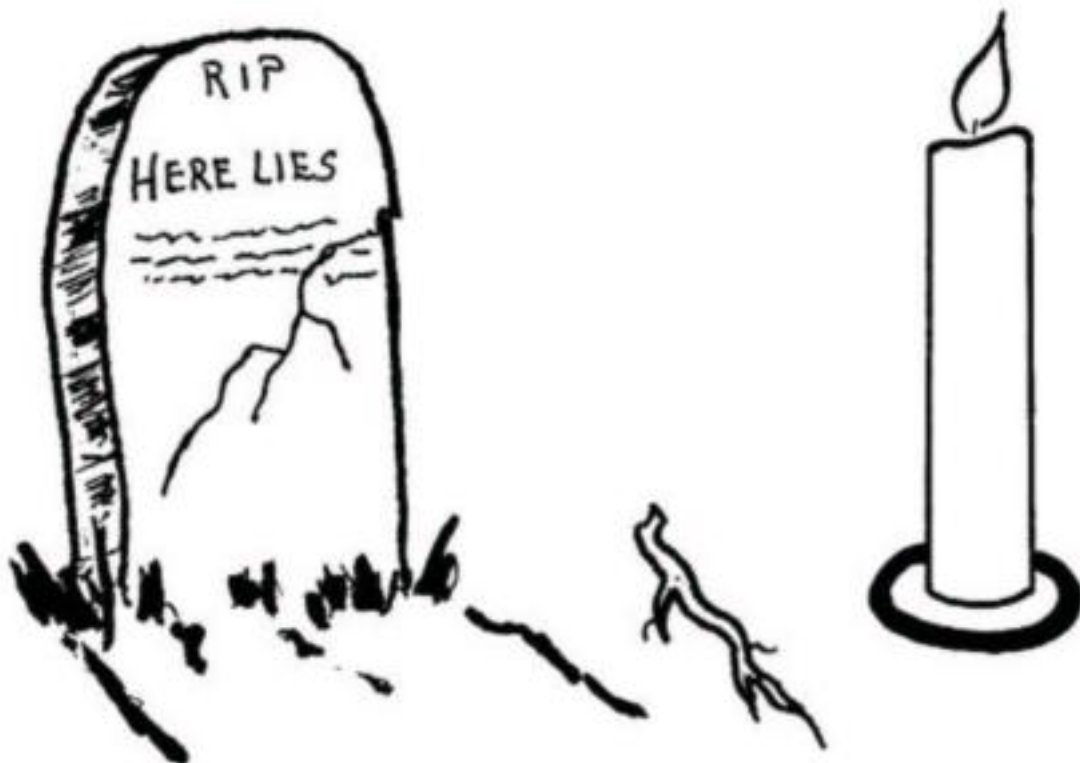

On the following Saturday, at night, take the ball to a graveyard. Cast a piece of raw meat over Thy left shoulder when entering the graveyard as an offering to the Spirits. Do not look to see behind Thee.

Bury the ball in some fresh dug earth in the graveyard as Thou sayeth thrice:

O JEZEBEL, O JEZEBEL, LET OTHERS GIVE ME MONEY.

O JEZEBEL, O JEZEBEL, BRING ME LOTS OF CASH.

Quickly walk out of the graveyard and do no look back. Tradition has it that money will begin coming to Thee through mysterious means.

Marie Laveau's Special Gamblers Charm Bag

From the Old New Orleans Tradition

On a Day and Hour of Jupiter, as Luna resteth in an Earth Sign (Capricorn, Taurus, or Virgo) gather these charms together:

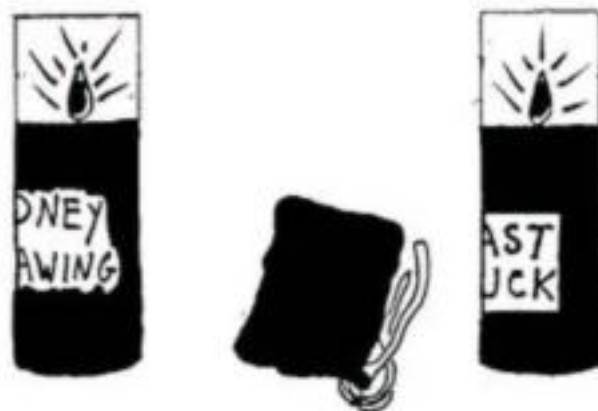

- 1 Nutmeg of India filled with Quicksilver
- 1 Large pinch of Five Finger Grass
- 1 Large pinch of Gold Magnetic Sand
- 1 Large pinch of Silver Magnetic Sand
- 1 High John the Conqueror Root
- 1 Green Money Drawing Lodestone
- 1 Lucky Hand Root
- 1 Red Mojo Bag or Leather Sack
- 1 Bottle of Special Oil No. 20

At the prescribed time, place all items except the oil into the bag. Light a green Money Drawing Candle and a Fast Luck Candle of the Seven Day Novena variety in glass. Set them to burn side by side with the open Charm Bag resting between them.

Light a goodly amount of the mixture of Fast Luck and Money Drawing Incense to burn.

Pass the Charm Bag through the smoke four times and then let it lay between the candles.

Do this once each day till the candles have burned out. Then seal the bag with four knots and carry it on Thy person ever after as a talisman to attract good fortune in games of chance. It must be anointed thereafter each week with the oil.

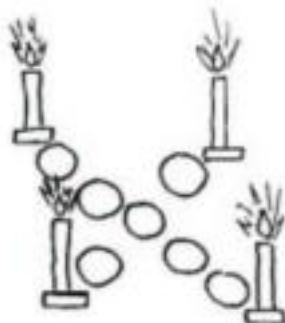

Money Spell of The Olde Grey Wytch

From out of the pages of a musty Spellbook,
Left in a corner alone and forsook,
Comes this tidy little Money spell
To improve Thy finances and keep thee well.

On Jove's or Sol's bright Morning Hour,
As Luna increases Thy candlepower,
Arrange seven bright coins in the form of a cross
To preserve Thy estate and keep Thee from loss.
Place a candle at all of the ends,
Each a message to the powers sends.
Candles of red Thou must never disparage,
They signal money by a profitable marriage.
Candles of white never distain,
They signal money through business gain.
Candles of black also have merit,
They signal the idea of property to inherit.

Dress each candle with an Abundance Oil
To scent the air and poverty spoil.
Light them in a counter-clockwise motion
And say these words with deep emotion:
MONEY TO SPEND
MONEY TO LEND
MONEY TO RELEASE
MONEY TO INCREASE
MONEY, MONEY PILING UP
MONEY, MONEY FILLING MY CUP.
DRAW MONEY TO ME LIKE WAVES ON THE SEA.

Repeat this charm nine times in all
To seal Thy spell and bring in a haul.
Concentrate on Thy prosperous estate
Till the candles burn out and suffocate.

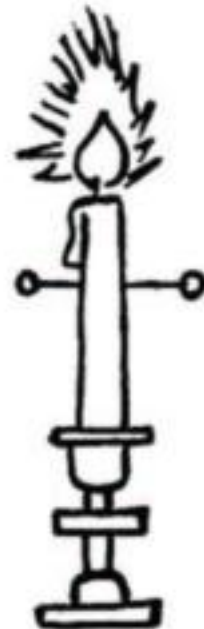

Pins of Love

Perchance Thou feelest that love is on the wane
And of lack of attention Thou dost complain.
Await a Friday just past the New Moon,
One always comes, be it long or soon.
Obtain a candle of rosy pink,
Thou must not use one black as ink.
Anoint the candle from top to base,
Use Flame of Love Oil, in this case.
As Thou doest what I say,
Call Thy Lover's name to come home and stay.
Thrust two pins in the candle shaft.
(This Witch work is basic in the Craft.)
Make sure they are deep and touch the wick
To pierce Thy Lover to the quick.
Light the candle and firmly concentrate,
A drawing power Thou must create.
Chant these words three times over
To curtail that one who is a rover:

THE HEART OF (Name) I AIM TO TURN,
BY MEANS OF THESE PINS SET TO BURN.
MAY MY LOVE NEITHER SLEEP, REST, NOR COMFORT FIND
TILL MY BELOVED IN MY ARMS I ARDENTLY BIND.

Visualize Thy Lover's face with care
As into the spark of light Thou dost stare.
Concentrate until the pins fall from the candle,
Then snuff it out with Thy Bolline handle.
Repeatest Thou this work of magic
To reverse Thy abandoned state most tragic,
Until the Lunar Orb stands full
And Venus's power on Thy Lover's heart doth pull.

Punish a Lover and a Rival

Late upon a Night of Mars as the Moon be on the wane, takest Thou a ripe lemon with a sharp knife and carvest the faithless Lover's initials on one side and the initials of Thy rival on the other side.

Seest Thou clearly in Thy mind's eye the ill-luck and blight upon their relationship that Thou wouldst inflict. Blow Thy hot breath upon the lemon holding that intention foremost in Thy head.

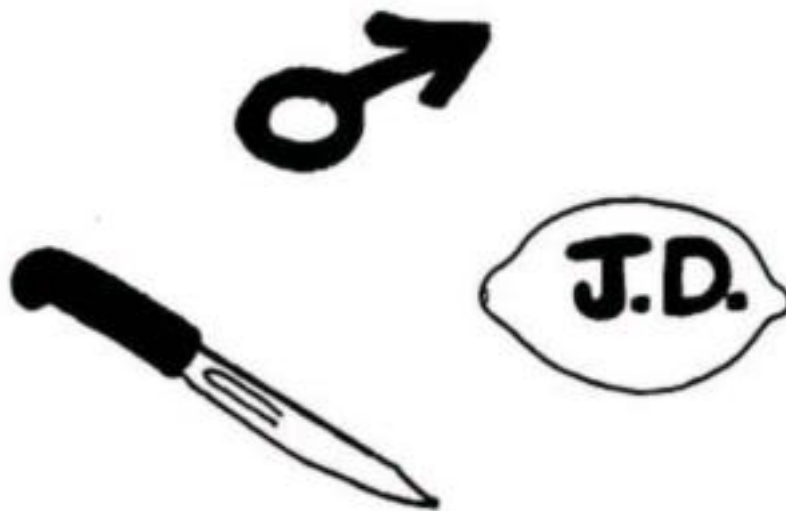

Speaketh out these words:

I SOUR THE LOVE OF (Name) AND (Name).
I SOUR THEIR LUCK, I SOUR THEIR JOY.
MAY NO PEACE AND GOOD TIMES REIGN,
BUT ONLY ILL FORTUNE, WOE AND PAIN.

Thou must bury the lemon in the earth in the yard or near the house of the rival and repeateth the words. Then Thou shouldst blow five times a cold breath upon the spot where the lemon lay.

As the lemon rotteth, so will the new affair of Thy faithless Lover and your Rival.

Repeateth this once a month at the waning of the Moon on Tuesday nights for quite some time to come.

Punish a Thief

Shouldst Thou know for sure who the Thief really be, Thou shouldst then inscribe the name upon the shaft of a black candle deep upon a dark Night of Saturn.

Perchance the Thief not be known, do not then scribe the name upon the candle, but still Thou canst proceed. . . .

Mixeth together salt and Black Arts Oil and allow the candle to soak in it for nine hours.

Carvest the bottom end into a wick and standeth it in its holder upon its head. Thus Thou reverseth the candle and lighteth it at its bottom end.

Speaketh into the flame of Thy loss to the Thief and of the justice of Thy cause in seeking revenge. State Thy wish to regain Thy property and solemnly pronounce Thy curse as to what revenge Thou wouldst like to reek upon the Thief.

When Thy candle has burned out, Thou must bury its traces near where the Thief will surely walk. If Thou doest not know the right culprit, simply bury it outside in the earth.

When done each Night of Saturn as Luna doth wane, the Thief will surely suffer torment and pain.

Seal of Victory

For Power in Cases before the Law

In these days of wrath and anguish, days of calamity and misery, to obtain "Justice" before the Bar, one must be sharp as the sword and crafty as the serpent.

On a day of Mercury as Luna waneth, Thou must inscribe three of the Seals on virgin parchment. Thou must then pass each one through the dense smoke of a Compelling Incense eight times. As Thou doest so, repeat thus eight times:

CONFUSE ALL TESTIMONY WROUGHT AGAINST ME
(or AGAINST (Name)).

CLOUD THE COURT WITH SHROUDS OF CONFUSION.
CONFOUND THE WORKS OF THE PROSECUTION
AND CONFUSE THE WITNESSES INTO DELUSION.

Contrive to place one of the Seals at the door step of the Prosecuting Attorney's Office. Conspire to send, without return address, one to the Clerk of the Court.

Thou shouldst wear the third in Thy left shoe when going to appear before the Judge.

Be sure Thy case is in order and Thy Counsel competent. Thou must accept the best decision possible.

Seven Knobs to Thy Heart's Desire

Shant make of this Witch a pompous old liar.

On any day, should Thy need be great
And Thy stars be good, not crossed by Fate,
Seek out this candle with its unusual shape.
With knobs of seven from foot to nape.

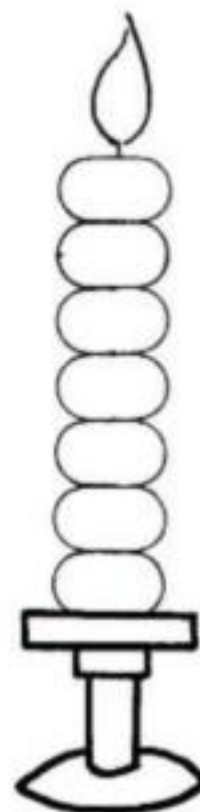

Should matters of money be Thy need,
Color of green would be Thy financial seed.
In problems of love and matters of Venus,
I wouldst let the color of red stand between us.
To give Thy concerns blessing from above,
Use color of white sleek as the dove.
Perchance Thy wish serves a purpose more dire,
Black knobs and flame create a devilish fire.

Seek out the Oil of Four Seasons for Thy all-purpose need,
It's good for all matters of hate, love or greed,
To anoint and dress Thy knobby little shaft
The way the Witches teach by their craft.

Firm Thy vision most clear and intent
Upon Thy desire, be upon it hell-bent.
Stroke on the oil from first knob to last
Top to bottom to draw in and stick fast,
But bottom to top to send things away,
If a hex on Thy foe is to land and stay.

Strike a match to start a fire
By lighting this knobbed candle of desire.
From deep within conjure forth Thy will
With pictures and symbols Thy wish fulfill.
Each day a knob shouldst Thou burn with glee
And see the world as Thou wouldst like it to be.

When done with purpose and Witchy intent
Veils blocking Thy desires are forcefully rent.

Shouldst Thou Be a Victim of the Black Candle

If Thou has an enemy most daft
Who mutters incantations of evil Witchcraft,
And upon Thy head has laid a ban,
Thou must work quick to spoil the plan.

Compute at once a Mercury Hour
In order to rend the charm and all evil sour.
Burn an incense of herbal delight
To call the Air Spirits from winged flight.
Take Spellbreaker Oil in Thy strongest palm
And gaze at Thine own black candle steady and calm.
Anoint the dark shaft from bottom to top
Saying firmly that Thy enemy shall stop
Dead in their tracks with flagging power
As Thou turnest the evil in Mercury's Hour.
Light this dark lamp of charged intention
And see Thy enemy too gross to mention.
Speak forth this winged incantation
To rebound on Thy enemy with exploding sensation.

ALL THY EVIL DOTH REBOUND . . .
THE AIR SPIRITS DRIVE THEE INTO THE GROUND . . .
I SEE THEE DEAD WITHOUT A SOUND . . .
AND PLACED IN THY COFFIN AND BURIAL MOUND . . .
ALL THY EVIL WORKS BE NAUGHT
I CHECK THY FILTHY POWER OF THOUGHT
MERCURY DEFENDS ME AS HE OUGHT
IN THINE OWN TRAP THOU SHALT BE CAUGHT
UPON THY DASTARDLY DEEDS I HISS
AND CONSIGN THEE TO PLACES OF CROSS AND CRISS
THY EVIL NEVER SHALL BRING THEE BLISS
THY BARBS FLY BY AND ME THEY MISS!

Allow the candle to burn but slightly
And speak the spell three times nightly
For three nights in a Mercury Hour
To fend off the foe with a hissing power.
Then break the candle in two with a snap
And cast it away with a resounding hand clap
No enemy can withstand such forceful motion
Of this chanted incantation said with devotion.

Simple Passion Spell

On a Night of Mars as the Moon waxes. . . .

Take a red candle of the jumbo variety and anoint it with a good Desire Me Oil infusing Thy passion and lustful intentions into it as Thou strokest the candle with the oil from top to bottom for a full quarter of an hour.

Take The Blade of Art, called the Athame, and cut notches in the candle making seven sections in it as illustrated below. This is a variation on a Seven Knob Candle.

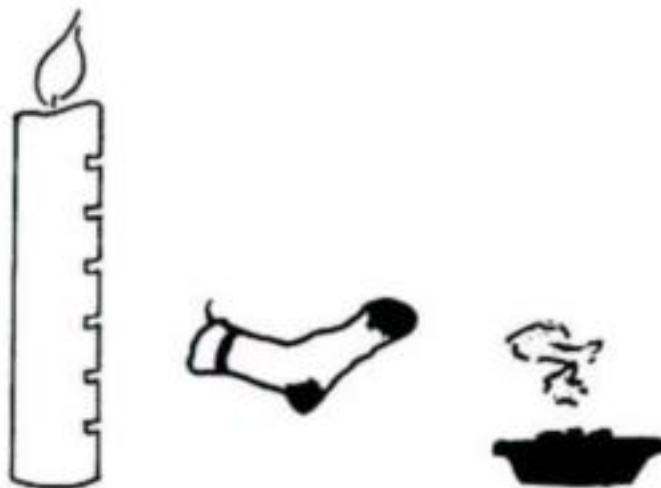

Set the candle to stand next to a photograph of the one Thou wouldst seduce, or an item from the person's body such as hair, nails, a piece of clothing or old socks. This creates a link with Thy Witchcraft and the one who is the subject of Thy working.

Light a Come To Me Incense and set the candle alight.

Allow the candle to burn down to the first notch as Thou arouseth Thy desire and chanteth over and over:

POWER OF THIS MARS NIGHT,
WORK MY WILL BY CANDLELIGHT.
SEEK OUT (Name) WHERE ERE THEY BE
MAKE THIS ONE DESIRE ONLY ME.
WITH LUST AND PASSION OVERCOME AND SEDUCED,
I WILL IT, I WILL IT, I WILL IT TO BE.

Thou must repeat this process each night thereafter until the candle be gone. Keep the photograph or other object secluded away as an attraction charm.

Start a Flame in the Heart

On an auspicious Night of Venus as Luna waxeth. . . .

On a piece of parchment draw a Heart dripping blood. On the reverse scribe Thy name and the name of Thy lover.

Thou shouldst anoint a small red candle with Love Oil and place it upon the heart drawn on the parchment.

As Thou setest the spark to the wick, chantest Thou these words thrice:

BURN, FLAME, LIGHT THIS LOVE
BRIGHT AS THE STARS ABOVE.
CAUSE LOVE'S HEART TO BEAT FOR ME.
LIGHT THIS PASSION FOR ALL TO SEE.

Let the candle burn for ten minutes before Thou extinguisheth it with Thy fingers.

Thou must repeat this chant again thrice as the flame goeth out.

Repeatest the spell daily until the candle be consumed.

Start a Passionate Affair

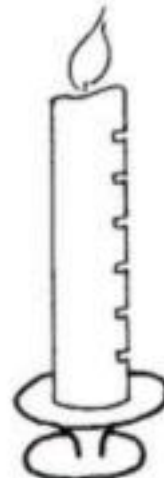

On a Night of Venus as Luna doth wax,
Take a ritual bath with Rose Oil to make Thee relax.
As the Venus Hour doth ring,
Lift up Thy heart and joyfully sing:

**MOTHER MOON AND MOTHER LOVE
DESCEND TO ME BY ROSE AND DOVE
TO WORK MY WILL IN MAGIC'S HOUR
THAT GIVES FULFILLMENT, JOY AND POWER.**

Select a candle of light sky blue
And cut seven notches firm and true.
Add to this seven strips of parchment paper
Placed beside Thy candle taper.
Upon them scribe, both first and last
The name of the Lover bold and fast.
Fold the strips in two lengthwise
To keep the names from prying eyes.
Strike a flame and set the candle to burn
And let one strip to ashes turn.
Speak out these words seven times in all,
To summon the forces and with love enthrall:

**SPIRIT OF THE LOVE GODDESS DEAR,
BRING (Name) TO MY ARMS RIGHT HERE.
LET ME KINDLE THE FLAME OF DESIRE
AND MY LOVE ALWAYS WITH PASSION INSPIRE.**

Firm Thy vision of what is intended
As the candle to the first notch burns and the Hour is ended.
Repeat this spell a notch each night
And one of the strips gleefully light.
With Witches Will and concentrated vision
Thou canst capture Thy Lover with precision.

Sweeten One's Love

Should Thy love be going astray, should Thy bliss turn rather sour, this Witches Bottle can save the hour.

PROCURE FROM THY LOVE A LOCK OF HAIR,
WHEN THE BELOVED SLEEPETH, BUT DO IT WITH CARE.
FOR SHOULD ONE FIND OUT WHAT THOU BE ABOUT,
THE LOVER MAY CRY FOUL AND DISDAINFULLY GROWL.

Upon a peaceful Night of Luna as she waxeth to Full, tie up the lock in binding of red thread.

Wear it in Thy undergarments until the next Night of Venus, with Luna still waxing.

Then place in a bottle one ounce and a half of pure water to which Thou addest two teaspoons of sugar.

Mix that together with pinches of licorice root and damiana leaves shaken up well in the stoppered bottle.

Into this brew place Thy lover's hair lock and seal it tight with candle wax.

All the Witches that I know say that if Thou doest it this way, Thy love will sweeten toward Thee before the Seventh Day.

White Witch Spell to Attract Money

To attract an adequate flow of cash,
Work this spell with dash and panache.
On a Wednesday sacred to Hermes so swift,
Buy Him a yellow candle as a gift.
With Dragon's Blood Ink on a sheet of paper,
Write the amount Thou needest to go with this taper
Only the amount Thou really dost need—
Hermes frowns upon those of greed.
Using an occult oil for luck
Do not let Thy intention run amuck.
Anoint the candle from top to base,
So that upon the paper it should take its place.
Visualize the requested amount in Thy hand
And put the candle into its lamp stand.
Circle it around by scattering the herb
Of Five Finger Grass; for Hermes superb.
Ring all these things together enclosed
With a green ribbon brightly disposed.
Ingite this candle and an incense for money
As Thou sayest these words with a voice sweet as honey:

FAST AS WIND AND SWIFT AS LIGHT
THE MONEY I NEED COMES INTO SIGHT.
LUCK AND FORTUNE UPON ME SMILE
AS MONEY COMES IN FROM MANY A MILE.
HERMES DAY OF AIRY SPRITE
DIRECT CASH TO ME BY THIS CANDLELIGHT.
NOT FOR GREED DO I PLANT THIS SEED,
BUT ONLY OUT OF MY GREAT NEED.

As the flame and incense burn,
Allow Thy vision to gleefully churn
Pictures of Thy awaited desire.
See the finances in the fire.

Win a Person's Love

During the Season of Wine and Roses, as Luna waxeth on a Night of Venus. .

Take into Thy hand Ink of Dove's Blood and scribe Thy Lover's name upon a piece of parchment paper.

Having a red Image Candle of wax, Thou shouldst anoint it with an Oil of the purest Lotus.

Set the wax poppet to stand upon the parchment covering Thy lover's name.

Into the region of the heart drive a large straight pin.

Light the candle as Thou singest out these words:

LOVE COME INTO THEE, LOVE COME OVER THEE.

LOVE AFLAME THEE, LOVER OVERCOME THEE.

LOVE FOR (Name), LOVE FOR ME.

Settest Thou also a Love Incense to burn beside the wax doll. Allow all to burn for at least one half hour. Thou shouldst repeat the Spell each night thereafter until the image be gone.

Bury the stub and ashes near Thy lover's home. Keepest Thou the parchment as a charm to attract the one Thou lovest.

Ye Olde Coffin Spell

Betimes there be in the lives of us all,
when an enemy must be made to fall.
Be Thou most certain and have no doubt,
Thy enemy deservest the evil Thou spreadest around and about.
For the grave be forever in this lifetime,
when once the death knell for one doth chime.
On a Night of Saturn under an ill-omened Moon,
ask only the Dark Ones to grant Thee this boon.
Place into a box to act as a bed,
Patchouli and Valerian up by the head.
Lay an effigy mostly of wax
to be Thy enemy all limp and lax.
Upon it set the bone of Black Cat
to act as a death charm and lay there flat.
Scribe on parchment in ink of Bat's Blood,
the name of Thy enemy which be now Mudd.
Set beside this coffin so small,
a candle of black that Dark Forces doth call.
Anoint it with the Oil of Black Arts,
and light it so its flame upward darts.
Cense all around the scent of lilac
to summon the spirits from beyond and back.
Recite the words that speak of death
in a cold mournful breath:
REQUIESCAT IN PACE, IN PACE VALLE.
When the candle be small, snuff it right out,
to lay in the coffin its meaning to flout.
Place also the ashes and name
into this box of hoary fame.
Take all out of doors to a place old and mouldy.
Wear Thou no jewels sparkly or goldy.
With wax from the stub seal the box shut,
and disdainfully laugh from deep in Thy gut.
Bury the evidence deep in the ground
and tread away softly without ever a sound.
Safely away take up a bell
to ring the peals of the enemy's death knell.
Ring it slowly thirteen times in all,
and see thy curse on its subject fall.

Ye Olde Marriage Spell

On a Night of Venus, as the Moon doth wax in an Earth Sign, in a Jupiter Hour.....

Haveth on hand:

- 2 Image Candles, 1 male and 1 female
- 1 square of parchment, 2" x 2"
- 1 bottle of Cleo May Oil
- Some Dove's Blood Ink and Quill
- 1 packet of Attraction Incense
- 1 red Mojo Bag

Draw a ring or circle on the parchment square, using ink and quill. Inside the ring scribe thine own name. Outside the ring scribe that of thy intended spouse, around the circle.

Anointeth both Image Candles with the oil and standeth them to face each other upon the circle on the parchment.

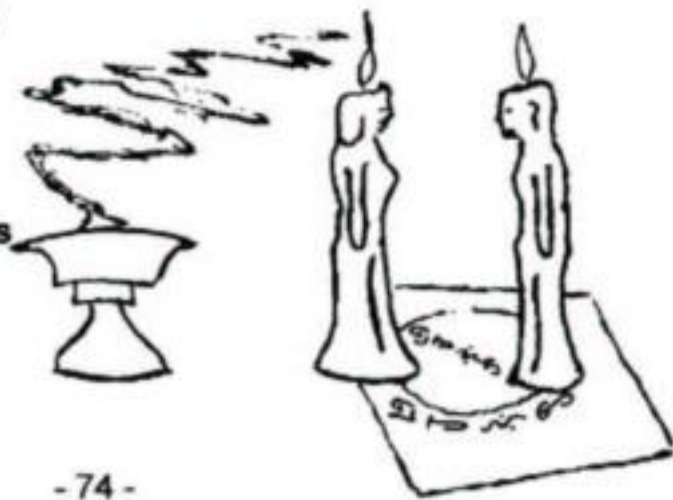

Set the Image Candles alight along with some of the incense. Alloweth them to all burn down to mere stubs.

Then press some of the wax from the two candles together and placeth them in the Mojo along with the parchment and seven pinches of the incense.

Seal up the bag and anoint it with seven drops of the oil as thou sayeth:

LOVER, LOVER, DO PROPOSE WE MARRY!
LOVER, LOVER, DO NO LONGER TARRY!
LET US BE HANDFAST FOREVER MORE,
BECAUSE THEE I TRULY DO ADORE!

Keepeth the sealed Charm under thy pillow and anointeth it weekly with the oil and recite the words above. Soon, it is said, thy dreams shalt come true.

WITCH'S FORMULARY AND SPELLBOOK

A Witch's Lament

Remorse for evil one has done,
Can dampen life and bring no fun.

On Sol's bright Morn, 'ere the Noontide comes,
And an evil deed with remorsefulness numbs,
Take parchment and Dove's Blood and let your hand scribe
These words of undoing that I prescribe.

**BY SOME LOWER SELF POSSESSED,
AND IN AN INSTANT MUCH DISTRESSED,
MY HAND HAS ERRED, BUT NOT MY HEART.
SO NOW THE DARK ONE MUST DEPART!
THE DEED IS DONE . . . NOR WOULD I DO IT.
THEREFORE, NEVER SHALL I RUE IT!**

Light a candle of gold or yellow
And fume with Frankincense and Myrrh to make all mellow.
Set the paper to burn from the candle flame
As you invoke Sol's Harmonious Name.

Place it in a bowl of brass
To burn and smoke and change its mass.
Take up the blackened and charred trashes
And rub your hand with soot and ashes.
Now cleanse the hands with water and soap
And dry them against the flame for new hope,
Saying thrice

To be precise:
**MY PAST IS CLEANSED, MY FUTURE BLESSED.
NO MORE MY SLEEP SHALL BRING UNREST.**

If, after that, your conscience pangs you,
Hie hence to a Nunnery!
For I have washed my hands of thee!

Beware a Witch Who Blows Upon Knots

On a Night of Venus, before Luna be full,
Love with blessing this work will pull.

Light a candle of red and an incense for love,
And call the Goddess from above.
With a two foot ribbon of scarlet shade,
This Lover's Binding is surely made.
Tie a knot in the center space
As you conjure a vision of your Lover's face.
Alternate the knots to the left and the right,
Each drawn with love and pulled very tight.
As each is drawn with force and intent,
Whisper upon them these words to be sent:
**WITH THIS KNOT YOUR LOVE AND MINE,
NOW EACH TO EACH I FIRMLY BIND.
NO PERSON, THING OR THOUGHT CORRUPT
OUR HAPPINESS MAY INTERRUPT.
NO POWER ON EARTH WILL LOOSE OR BREAK,
NO ONE FROM ME YOUR LOVE CAN TAKE.**
The seventh knot will close the ring
And a second time the chant you must sing.
Transfer your vision to the candle flame.
See the Lover's image and call the name.
When the wax is burning low,
Snuff it out, upon it don't blow.
Knead the knots and the wax together.
Insert within them a bright green feather.
Place the charm where your Lover will be.
Soon bliss will surround you like the waves of the Sea.
Such work can be done in Saturn's Hour,
But then with hate the knots you must shower.

Blood of the Dragon Will Save the Day

Should your lover begin to stray,
This old spell shall force Thy beloved to stay.

On a Night of Venus as Luna doth wax,
Drag this out of your old almanacs.

Snip red flannel to form a heart
And insert three pins sharp as a dart.
Sprinkle it over with Blood of the Dragon, red as rust,
To incite your healthy Pagan Lust.
Ingite a taper of scarlet shade
'Ere the Midnight Hour can fade.
Burn the pins, the heart and the Blood
To insure that love for you shall bud.

Whisper this

To bring you bliss:

TIS NOT THIS BLOOD I WISH TO BURN,
BUT (Name)'S HEART FOR ME TO YEARN.
MAY THERE BE NEITHER REST NOR SLEEP
TILL TURNED TO ME ALL MINE TO KEEP.

Repeat again to reinforce

When Luna wanes in Venus's course.

Work well this spell, my pretty pet,
And soon with love you'll be all set.

Die Böse Hexenflasche

Symbols and thimbles stuffed deep in a bottle
With needles and beetles and hair of a mare. . . .

This morbid little Witches Bottle
Removes unwanted persons and a suitor's attentions it will throttle.
Make it with the greatest care,
For this Arcanum takes a flair—
Only the strong of heart should dare.

As Luna wanes on a Night of Mars,
Compose this mess out under the stars.

Gather pins and needles with nails and glass
Into a bottle to look really crass.
Fill it with your urine briney
To make it foul, putrid and spiney.
Inscribe the name of the one unwanted
In Dragon's Blood all murky and haunted
And insert the parchment in this brew,
So the essence of the victim within will stew.
With cork and wax you seal the phial
And bury beneath a decayed tree vile.
That person's attentions will be drawn to the spot,
Away from your home, away from your lot.

Let it not be known
Until that one has flown.
For if you do,
You'll find this stew
Promptly returned to you.
The very pest
You thought you'd best
Upon your shoulder there will rest.

Hexenflasche in der Tasche
Macht man krank, macht man frei.
Nur wenn man es schafft. . . .
Ein, zwei, dreil

Face In the Triangle

Venus's Night and Hour rule this work of power.
As the Moon increases, disharmony ceases.

Take seven candles white and tall,
With floral scented oil, the Goddess to call,
Let the tapers be dressed and with emphasis stressed.
Arrange them on a table with cloth of green
As a tri-form figure to be seen.
Light the wicks to flutter like birds,
Then sing you these enchanted words:
FLAMES OF LOVE, FLAMES OF LIGHT
MELT THIS WAX BEFORE MY SIGHT.
WITHIN THIS FIGURE OF BLAZING FIRE
I SEE THE FACE OF MY HEART'S DESIRE.
Vision your Love in the fire bright.
Let your heart's fancy take upward flight.
When the wax is melted down,
Let the flames in their sockets drown.
Knead the stubs together as a ball
And give them to the one who is your all.
How one would accomplish that, my dear,
I shouldn't think you'd need a Seer.

How to Invoke the Law of Three

Need, not season, determines its use,
Be careful to lend itself not to abuse.
But best it be if Luna doth not wane,
And rests in an Air Sign to lift a bane.

Take a large candle of two shades,
Of black and red, or white and black.
Of these I'm sure there is no lack.
With a nail from a house, old and rusty,
Found in the road all dirty and dusty,
Inscribe the candle with this charm
To banish all evil and ward off harm.
RETURN ALL EVIL SENT TO ME.
AS I DO SAY, SO LET IT BE.
Then dress the candle with oil sinister,
Best would be Witches Bane to administer.
Drive in the nail between the hues,
So the evil doer will receive their dues.
Place it on some paper foil
To reflect the power and evil thoughts spoil.
Light the candle to be consumed,
And evil shall burn, be it assumed.
Hold then this thought firmly in mind
And repeat these words, or some of their kind:
TURN, TURN, LET EVIL BE TURNED.
BURN, BURN, LET THE SORCERY BE BURNED.
RETURN, RETURN, BY LAW OF THREE,
COME NEVER MORE TO ME.
When all the wax has been reduced,
The evil is gone, be it now deduced.
Wrap up the foil around the nail
And bury it outside without fail.

Heed well these words, my saucy Witches,
'Ere this spell turn some to Bitches!

Seven Weeks of Venus

Should Luna be New on a Venus Night,
Cast this spell to relieve your plight,
Gather seven leaves from the Laurel Tree,
Before Sol sinks in the Western Sea.

When darkness is deep, awake from sleep
To light a coal in a brassen bowl.

Anoint your brow with the Oil of Rose,
A scent that Venus Power will predispose.
Crumble the leaves as you firm your vision
Of the Lover you want with firm decision.
Scatter the crumbs to fume and smoke
As this ditty you then invoke:

LEAVES OF LAUREL BURN WITH FIRE,
DRAW NIGH TO ME MY HEART'S DESIRE.

Repeat this spell seven times in all
To place your lover in your thrall
When Friday's Moon Her rapture weaves,
She carries fulfillment on Her sleeves.

Seven times seven the Laurel burns
And to your heart Love's favor turns.
If, for you, seven Fridays seem too long,
Sing to the Moon your baleful song.
I can but suggest what you should do,
The proof of the pudding is up to you.

Witch Candle White

On Luna's Day, after She is new
Cast off anything that may be blue.
To work this spell in Monday's power
Do this at the Midnight Hour.

Take a large and sharp tree thorn
And a short white candle with the Waxing Moon adorn,
By pricking and sticking its shaft so pale
The symbol that the Moon Goddess doth hail.
Then dress this lamp
With an occult oil damp
For love, for luck, for fortune and fame,
And bless it in the Goddess's Name.
Light the wick
With intention thick
And concentrate your wish most firm,
As the flame begins to sputter and squirm.
Chant this then thrice
That it may suffice:
**MOON, MOON, MOTHER MOON, MOVER OF THE TIDE.
GRANT THIS BOON
AS I CHANT THE RUNE,
DELIVER (Name) TO MY SIDE.**
Let the candle burn down and out.
The path to your wish will be open no doubt.

To alternate this spell and its theme,
Use these chants to the Goddess Supreme:

**QUEEN OF HEAVEN, STAR OF THE SEA,
FILL MY CUP WITH PROSPERITY.**

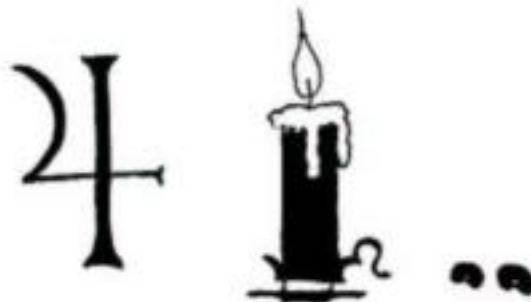

**SILVERY GODDESS ENTHRONED ABOVE,
FILL MY LIFE WITH ABUNDANT LOVE.**

Witches Ways and Means

Jove's fine Day will suit you best,
The wealth of His Kingdom for to test.
On a Day of Jupiter as Luna swells
And Sol sinks low at the Vesper Bells:

Take a taper of royal green
And dress it with an ungent called Horn of Plenty
to a bright clear sheen.
Ignite it along with a cense called Money Drawing
To cause Lack's hold to begin thawing.
Hold two beans of black in the left hand palm
As you gaze at the flame all steady and calm.
Behold yourself in prosperous estate
With finances piled within your gate.
Hold true
Such view
In the candle glow
And recite these words both clear and slow:
**MONEY, MONEY, EVERYWHERE,
TO MEET MY NEEDS AND SOME TO SPARE.
COME TO ME, O WAYS AND MEANS
AND TAKE THE PLACE OF THESE BLACK BEANS.**
Repeat nine times these words of Jove,
To turn the key of His treasure-trove.
Pass the beans to your right hand,
Step to your door and gaze out upon the land.
Cast them forth
In the direction of North.
'Ere a fortnight has come and gone,
Opportunities new will come to you.
If, by chance, the beans should sprout,
Tis a wonderful Omen within and without.

Wotan's Fire Magic

Wotan is the Lord of Magic.
Heed His runes and fable tragic.
If a curse be upon your head,
Linger not upon your bed.
On Wotan's Day, as the Air Element goads,
Hie Thee hence to a lonely crossroads.
Place three white candles in a tri-form manner,
Then march around stately, with your head like a banner,
Sunwise thrice to cast out ill.
The hated enemy then feels the chill.
Light them with a fresh match each,
So the fire the curse's stain will bleach.
Break a fourth white candle in two
And cast it in the center for rue.
Spit out these words fast and flashy,
Upon your enemy ugly and trashy.
**I BREAK YOUR CURSE, YOU HUMPTY-DUMPTY!
DOWN YOU FALL ALL COVERED WITH MUMPSY!
DRAW YOUR EVIL NIGH TO ME...
AND I'LL CAST YOU IN THE FATHOMLESS SEA!**
Walk brisk and quickly from the spot
And soon the enemy shall rue their lot.

This be also under Wotan should you need.
The Reversed Flame—let the enemy take heed!
As Luna dwindles and hides Her face,
On Wotan's Day seek out a dark place.
With Bolline blade shave a white taper
At the bottom end onto a black paper.
By lighting at the reversed end,
Curses and hexes right back you send.
Let the wax drip onto the paper of color black,
As you mutter these words to send evil back.
**FACE OF THE CURSER. FACE OF MY FOE,
APPEAR IN THE WAX.
YOUR DARK COUNTENANCE SHOW.**
Let the wax drip silent and slow,
As you hold it reversed and upon the paper blow.
See the curser's face in the wax,
While your cold breath their capacity doth tax.
When you feel yourself free from harm,
Snuff the candle out in the wax to seal the charm.

**Leave it lay for a year and a day.
Thus the enemy is forced to pay.
Only Wotan can undo
That which I here teach to you.
Wotan hates cursers from the very start.
He sends the winged ravens true
To peck the eyes and screech "Rue! Rue!"**

OLD NEW ORLEANS FLOOR SWEEP

**Among the notorious Voodoo Queens,
Who practiced their trade in Old New Orleans,
Hoodoo Mag was said to know her stuff,
And no one ever wanted to call her bluff.
She dealt in hexes and jinxes and spells like that,
And has a face like a dried up old bat.
For the Shopkeeper to work for Fast Luck,
Mag would mix this up and over it cluck:**

**SPEARMINT HERB
IS REALLY SUPERB,
WITH ROSEMARY AND THYME
TO MAKE IT SUBLIME.
BLESSED SALT AND EPSOM TOO,
TO SWEEP OUT ALL THAT WOULD BE BLUE!**

**Mix it at the was of the Moon
In an Earth Sign for blessing and boon,
On a Day of Mercury to bring fast cash
Flowing in smart as a flash.
Sweep the floor of thy shop therewith.
According to the Voodoos, this is no myth.**

Seals And Talismans

In The Arts of Sorcery

What is a Magical Seal or Talisman?

Concentrated thought and energy, evoked emotional feeling, and invoked Divine Power are the main components of a Seal or Talisman.

These, however, are not seen on the mundane physical level of life. That is why a mystical symbol looks like so many crazy squiggles to the uninitiated.

So many people cannot see beyond the immediate Laws of the Physical Plane. They are not to be condemned. However, they must learn to master the mundane before they may aspire into the spiritual.

Many, perhaps, feel they do not possess the "Key" to dealing with the Gods and want an "expert" to handle such affairs for them. Such lack of self-confidence has been with us from Ancient Times. It created the "Specialist" in spiritual manipulation, hence the Clergy of all religions.

The Seschperankh, or Scribe of the House of Life, was the ancient Egyptian Priest to whom all would go when they felt in need of a talisman or amulet charm for aid in their problems.

He would look through his scrolls and come up with the best charm suited to the individual case at hand.

Down through the ages the village Witch or Gypsy Fortune-teller took over that role as the dispenser of Love, Luck or Money in the lives of the common folk.

A Seal or Talisman is basically a Symbol, not a power in itself, but only insofar as it acts as a condenser of energy which represents or comes from the spiritual Force behind all Matter.

Thought is the Primum Mobile of All. Thought is energy. That energy is concentrated in the act of Will in making and inscribing the symbols on a Seal or Talisman—AIR.

The symbols represent specific purposes. Those purposes evoke emotional feeling which is desire. That imputes the form the energy will take in magnetically charging the charm—FIRE.

The Will and Desire are condensed down to a basic idea and combined with the ideal of Divinity or Planetary Force as matrix,

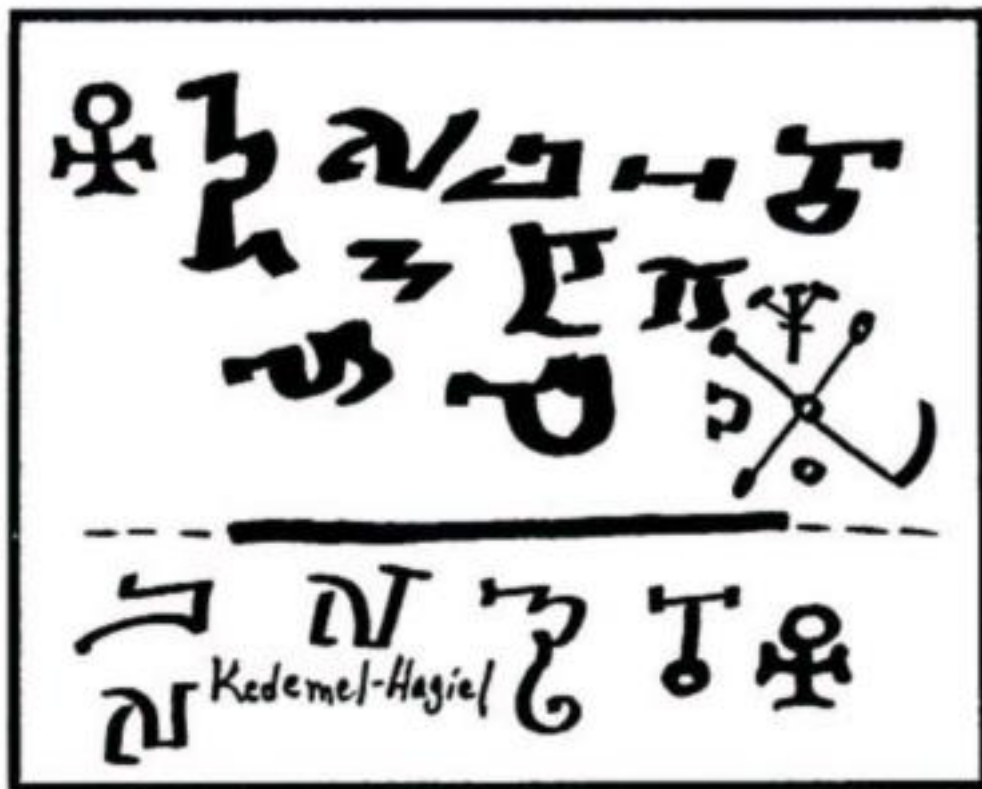

produce the Astral Form encompassing the Power given out, or used to attract, by the Seal or Talisman—WATER.

And finally, the physical act of combining the natural objects which have an affinity to the purpose and idea for the charm and the ceremony of Consecration, give its potent completed form—EARTH.

In this way, thought is made manifest, and energy plus ideal is concentrated to act as a battery to discharge intention onto the world at large, or act as a magnet to pull in the desired effect. Thought moves Spirit, Spirit moves Matter. Such is the secret of the magical Seal or Talisman.

Assure One's Love

The Seal to secure a person's love should be inscribed under the auspices of Venus, and buried somewhere that the loved one will walk and pass over it.

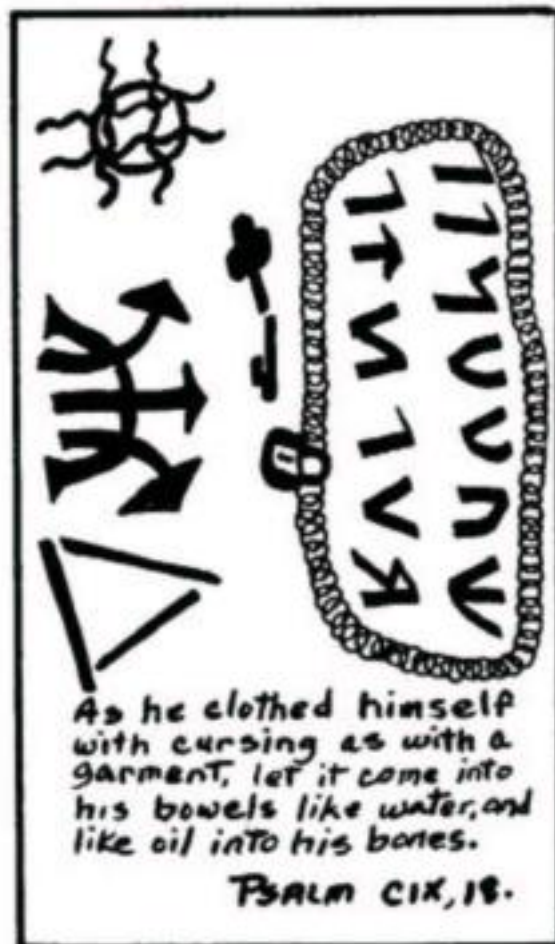

Attack an Enemy

To take the offensive and mount an attack against an enemy, draw this seal on a day and hour of Mars as the Moon waxes. Write the enemy's name on it and smear it over with Damnation Oil. Anoint a large red candle with a combination of Dragon's Blood and Mars Oils. Light it to burn. Concentrate on the enemy as you deliver sixty five heavy blows to the seal with a large stick. Then burn the seal in the flame.

Bind An Evil Doer

Runes to shackle an evil sorcerer should be inscribed on a night of Saturn in his hour as Luna wanes. The seal must be anointed on the back with Spellbreaker Oil. Arrange that it somehow comes into the hands of the evil one.

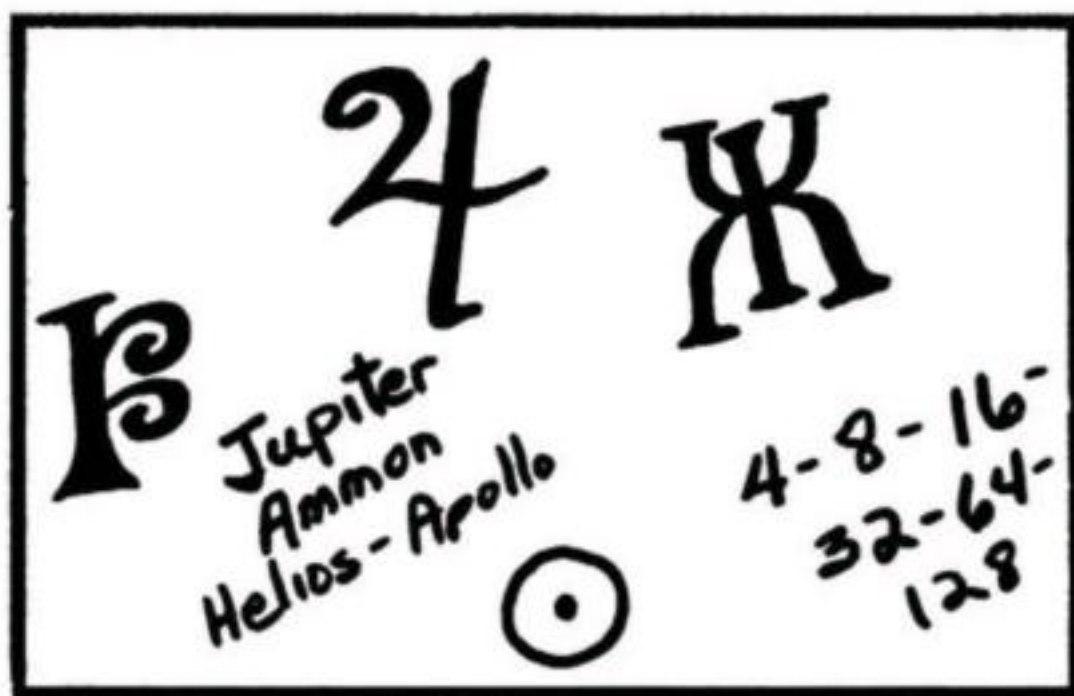

Break a Spell

Seal to brave the forces and break a bad spell or hex. Should one be the victim of evil magic, make this seal on parchment on a day and hour of Venus as the Moon passes in an Air Sign (Gemini, Libra, Aquarius). Carry the seal on the person for three days. Then place it beneath a yellow candle. Burn the seal in the flame before the candle dies out.

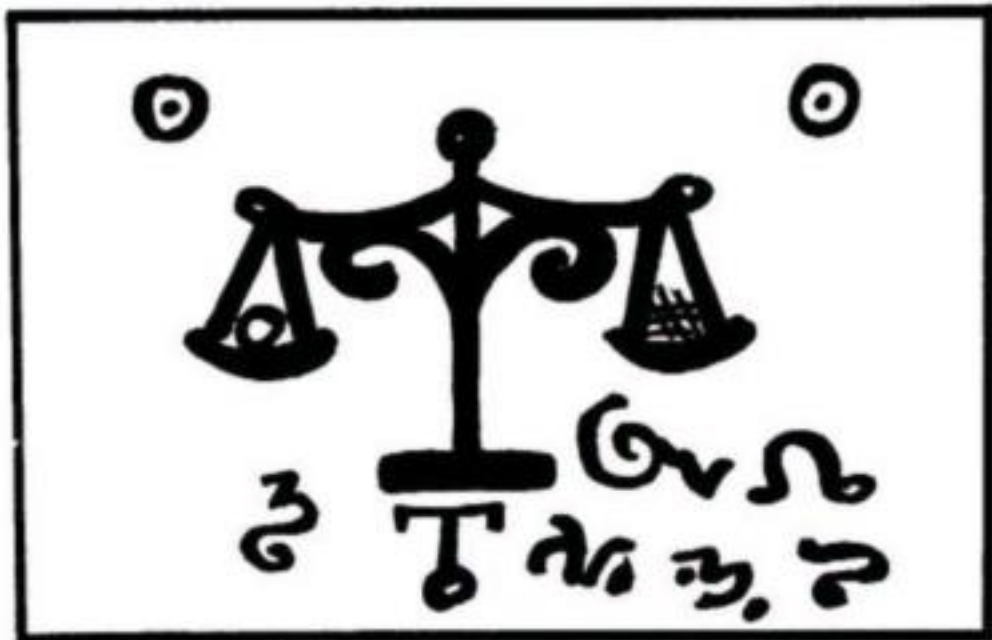

Charm Bag For Prosperity

Take a bottle of Jupiter Oil and anoint the four corners of the seal which was inscribed on a Thursday under a waxing Moon. Place the seal in a red flannel bag along with some Frankincense, a small gold ring, and Bayberry Herb. Keep this talisman always in your home to draw good fortune.

Courtroom Seal

Should your cause be just, draw this seal during a Jupiter hour on a day of the Sun. Anoint the seal with King David Oil for power and influence. Wear it in your left shoe when going before the judge. Also anoint your brow with King Solomon Oil that you may be given the "Wisdom of Solomon" to plead your case.

Defend Against Enemies

Seals of Mars to defend against enemies are to be inscribed in Dragon's Blood on a day and hour of Mars as Luna waxes. Carry them in a red charm bag along with an iron nail.

Triple Action Candle ~Spell~

St. Expedite is a tradition in the practice modern American Metaphysics. He is a Spirit said to bring one's wishes on the run. Expedite, according to legend, was a Roman Centurion, who was used to having his commands carried out without delay, and without any question.

Haveth on hand:

- 1 Triple color Jumbo candle (red, white, blue)*
- 1 Triple color Jumbo candle (red, white, green)*
- 1 Yellow Jumbo Candle*
- 1 Bottle Fast Luck Oil*
- 1 Square of Parchment 2" x 2"*
- 1 Doves Blood or Dragons Blood red ink*
- 1 Packet Fast Luck or Success Incense*
- 1 Quill Pen*
- 3 Jumbo Candle Holders*

Cast the circle, and on a Day or Night of Mercury, Moon waxing in an Air sign, scribe on the parchment a request for the fulfillment of a need, a wish, or the desire to obtain relief from a negative situation.

Dress the yellow candle with the oil and charge it to draw or bring the answer needed for the problem at hand.

Set it upon the parchment, light some of the incense and say:

**"HERE IS MY MOST URGENT NEED.
I PLACE IN THE ETHERS THIS THOUGHT AS SEED".**

Anoint the two Triple Action Candles and see the speedy conclusion of the matter.

Set them beside the yellow one flanking it. Light them all in order of their anointing and say:

**"EXPEDITE, EXPEDITE, HEAR MY PLEA!
WORK THY MAGIC SO PLAIN TO SEE!
TAKE MY WORDS AND MAKE THEM FACT.
BY THY MOST EXPEDITIOUS ACT!"**

Vision the outcome turning in one's favor for about twenty minutes. Repeat the invocation at least eight times.

Close the Circle, but let the candles burn themselves out. Tradition holds that soon things will start moving in one's direction.

Ceremony Of Consecration

The Seal or Talisman should be drawn and put together according to the instructions accompanying it. It should be drawn in the inks of the various planetary correspondences under which it is governed:

JUPITER	Royal Blue
VENUS	Green
MERCURY	Yellow
SUN	Orange
MARS	Red
LUNA	Violet or Light Purple
SATURN	Black

Otherwise, the traditional inks of Dove's Blood or Dragon's Blood would be appropriate.

It should be made and put together at the astrological time also indicated. This means that all necessary components should be on hand before the proper time approaches.

The ceremony itself is rather simple. It is a process of cleansing the Seal or Talisman and charging it with the right intention by an act of Will.

Items needed for the Consecration are:

1. A candle of the proper planetary color.
2. A chalice of salted water.
3. A plate or dish of pure salt.
4. An incense corresponding to the planetary influence:

JUPITER	Cinnamon and Bayberry
VENUS	Rose and Lavendar
MERCURY	Benzoin and Storax
SUN	Frankincense and Citrus
MARS	Pine and Allspice
LUNA	Sweet Grass and Jasmine
SATURN	Juniper and Clove

Set your altar with the four items representing the Four Mystic Elements of the Wise:

Incense to the East
Candle to the South
Water to the West
Salt to the North

All the components for the Seal or Talisman would then rest in the center of the altar surrounded by the Mystic Elements.

At the proper astrological time, compose the Seal in the proper ink and combine all ingredients called for. Then clear your mind concentrating on a state of virgin purity as you take up the charm in your strongest hand.

Pass it thrice through the incense smoke and thrice through the flame of the candle as you say:

"Air and Fire, the Spiritual Essence of The Divine Father, infuse this charm with might and power."

Sprinkle it thrice with water from the chalice and thrice with salt as you say:

"Water and Earth, the Spiritual Essence of The Divine Mother, give form to this charm to manifest my will. Blessed Be!"

Link yourself up with the planetary influence by meditating on the feeling and emotions associated with it. Chant thrice:

"Powers of this Day and Hour,
give my work Thy fecund power.
Attend to me and grant Thy boon,
chanted in this ancient Rune:
AER, IGNIS, AQUA, TERRA.
DAUGHTERS OF JOVE AND SONS OF HERA,
By Thy color and cense so right
gather to this candlelight."

Meditate deeply on the purpose and intention for the Seal or Talisman. When you feel the power at its height, by an act of will, infuse it into the charm as forcefully as possible. Stand quietly and let the emotion and visualized image of the purpose drain into the charm.

Hold the charged charm to the North and bow. Repeat at each of the other Quarters turning widdershins (counter-clockwise). Then announce aloud:

"In this charm is potent magic
For works of blessing or harm most tragic.
Only the Powers of the Planets and I
Know the reason, the where and the why. Blessed Be!"

Knock thrice upon the altar with your left hand to clear the air and terminate the ritual. Let the candle and incense burn out. The charged charm must then be given over to its intended purpose.

This be the Work of the Ouanga. This be the Art of Amulets and Talismans. This be basic in the Craft.

Blessed Be,

Ye Olde Mummy Spell

For Power and Success

- 1 Red Mummy Candle
- 1 Bottle Mummy or Crown of Success Oil
- 1 Packet Incense composed of Red Powder Incense Base combined with 1/2 oz. Success Incense and 1/2 oz. Each powdered Myrrh, and Rosebud Petals
- 1 Parchment Square, 2" x 2"
- 1 Pen with Dove's Blood Ink

On a Day of Sol under a waxing Moon in a Fire Sign, cast the Circle. Set the Mummy Candle to stand in a small saucer, so as not to scorch. Place the Incense Burner about six inches in front of the candle containing some of the Incense Mixture.

Scribe the symbols from the illustration (at the end of these instructions) upon the parchment and place it beneath the Burner. The center row of symbols should be in red, and the top and bottom row of figures in black.

Anoint the Candle with some of the oil, envisioning the needed power and success for any particular project coming one's way. Charge the candle for a good ten minutes.

Light the candle and say:

OH, ANCIENT MUMMY SPIRIT OF POWER AND SUCCESS!
 OH, PHARAOH UNAS THE MIGHTY!
 FROM THE BOOK OF THE DEAD THIS SPELL CALLS OUT TO THEE!
 LOOK UPON ME NOW AND GRANT THAT WHICH I ASK!

Set a match to the Incense blend in the burner, and allow a flame to rise up from it, as it catches alight.

Lay the parchment with its symbols into the flame to burn.

Recite the Invocation at least ten times as the parchment and incense reduce themselves to ash.

Meditate on the idea of the necessary Power and Success to be able to carry out the necessary, or for the purpose of this Rite.

After about twenty minutes of meditation, extinguish the candle and close the Circle.

Each day thereafter, allow the candle to burn for about twenty minutes until it is gone. Wear the oil anointed upon the brow until the results of the Rite manifest themselves.

Bury the wax and ashes out of doors.

The Witch's Spellcraft Revised

FINIS

Thus cometh an end to the Witch's Spellcraft
Thou probably thinkest I be crazy and daft.
Before Thou cast aspersions on me,
Hast Thou tried these lessons to the last degree?
I teacheth only what Thou dost need to know,
To make Thy sorcery flower and grow.
Low Magics be the "crafts" of the Art
Which hone Thy Will to be sharp as a dart.
In time Thou canst to "The Craft" aspire,
And grow beyond Sorcery's petty desire.
Then in the Old Gods loving embrace,
Thou groweth in stature to Spiritual Grace.

BLESSED BE!
