Brujeria

Brujeria is a powerful system of magick which combines the powers of many facets of the occult.

The reason Brujas (Mexican-American witches) are so powerful is because they will stop at nothing to get the results that they need in order for their work to be successful. Many of the modern witches are self-taught while only a select few have been able to inherit their knowledge. It is a known fact among practitioners of Brujeria that in order for a Bruja to leave this plane of existence, she must pass all the knowledge that she has obtained about magick and give it to someone whom she feels is worthy enough to receive it.

All Brujas are not evil. As in any other magickal practise, there is a Bruja that works positive (white) magick and there is a Bruja that works negative (black) magick.

Brujeria

Brujas that work black magick can weave powerful sorcery. They can cause marriages to end, illnesses to occur, kill babies before they are born and can cause accidents for people that are traveling. The list goes on and on. Such things can only happen if a person does not know how to protect himself from psychic attack.

You will learn some excellent ways to protect yourself psychically, later in this book.

The 'new' magickians call psychic attack rare because they themselves have never been under direct psychic attack. If they knew more about the darker side of Brujeria, the only thing rare would be to see half of the people who were attacked psychically, still enjoying life as they once did.

How To Identify Brujas and Brujos

In learning to become an effective Bruja/Brujo, it is imperative to know the difference between white Brujas/Brujos and the black practitioners. Knowing how to identify Brujas/Brujos that practise Black Magick can help you avoid unneeded conflicts and run-ins with these people.

White Brujas/Brujos are spiritual healers and workers of White Magick. They do not charge for their consultations. They will always be of good nature. Brujas/Brujos are sometimes persistent in telling those that are less fortunate if they (the Bruja/Brujo) could, with the person's permission, do a ritual to help the person fulfill an unfulfilled goal or dream. Brujas are usually more straight-forward than Brujos. If a Bruja sees in her mind that something is going to happen to the client she will tell them so. A Brujo will tend to tell a client that if they do not change the way they are living or doing things, something fatal might happen to them.

How To Identify Brujas and Brujos

Black Brujas and Brujos are people that do everything in their power to destroy those that they envy or dislike. These people can be found consulting in 'yerberias' (curio shops). They often, if not always, have many amulets and charms hanging around their neck. Most Black Brujas/Brujos claim that they are very close to God and that their spirit guides are very powerful. They are motivated by telling others of the miraculous feats that they can perform. If you ever encounter a Bruja/Brujo that claims to be mediumistic, tell them to bring down a non-existent relative of yours. If the person is all he claims to be, he/she will tell you that such a person does not exist. The main thing you must look out for, are for Brujas who need a belonging of your in order to consult with you. Like the White Brujas, the Black Brujas are straight-forward and ready to harm those that they take an interest in.

Altar Preparation

The first thing a Bruja/Brujo in training (or experienced) needs to learn (or should have learned) is how to set up an altar. The altar serves as a channel in calling spirits and telling them that you wish to gain their guidance and assistance in the work you are now willing to dedicate yourself to.

The altar should be in a room inside (or outside) your home that no one uses. When you decide which room your altar is going to be in, begin by washing the interior of the room with a good soap mixed with amonia. Next, go outside and take three branches off of a tree; make sure they have leaves. Go inside the room and pour amonia over the branches. Now, walk around the room and hit the walls with the branches simultaneously. Pick up any leaves that have fallen on the floor with anything but your bare hands. After you have finished, light some pleasant smelling incense.

Altar Preparation

If you feel that the cleansing you just did was not powerful enough to rid a negative entity which may still be lingering inside your room do the following: place in a triangular form, in the center of your room, a seven day candle of St. Alex, St. Martin de Porres and St. Cipriano. Beside each candle place a glass that is filled half way with water. To the right side of the candles light a couple of incense sticks of saffron. Light the candles and pray an 'Our Father' aloud. Each day for the next six days you will go before the candles and pray the same prayer. Do not extinguish the candles yourself, let them burn out.

It is now time to look for a table to make an altar out of. The size of the table is unimportant. Choose one that you feel comfortable with.

Altar Preparation

After you have the table which you will be using as an altar, take it outside and scrub it with soap mixed with amonia. When the water dries, paint the table white. Let the paint dry. Once the paint has dried, cut three branches from a tree. Pour amonia over them and beat them against the table until you have covered the entire table. If you are going to use chairs along with your altar, you may prepare them the same way you prepared the table.

Take the table and chairs inside your ritual room and place them facing to the west. Next, burn as an incense, a mixture of saffron, frankincense and myrrh.

Place a white sheet over your altar table. In the center you will place a large beeswax candle and beside it place a clear glass of water. While the candle is burning, pick a time during the day, in which you can sit in front of the candle and meditate. Each morning throw the water in the glass over your front porch. Refill the glass with fresh water and place it back on the altar.

Altar Tools

In order to make your altar complete, you need tools which must accompany your altar.

One of these tools is a glass of water which will serve as an offering to the spirits around you. If you would like to add a pinch of salt to the water go ahead. Some Brujas and Brujos keep a glass of water as the offering and another glass with salt water to use during meditation. Use which ever method you feel comfortable with.

You may, if you wish, sprinkle pure jasmine oil on your altar since it is a fragrance known to attract helpful and knowledgeable spirits.

Altar Tools

Another tool which you will use is a watch or a clock. When you pray to God or his angelic spirits for a special petition, it usually takes a while for it to materialize. Therefore, the ticking of the clock is telling the spirits assisting you to work quickly so that your wish can materialize sooner than it otherwise would.

A tool which is an important part of Brujeria is the dagger. Place the dagger on top of your altar once you have consecrated it. It is used to make magickal circles and to tear evil forms of magick directed at you.

On the next page you will be given a consecrating ritual which you can use to purify any objects that will be placed on your altar.

Consecrating Ritual

Consecrating is just a way of cleansing and purifying objects which you will use in your work. The ritual used to consecrate need not be long or complicated.

The following ritual is used to consecrate your altar tools. Keep in mind that this is just an outline to give you an idea as to how the ritual is done. As you grow spiritually, change or lengthen the ritual. Consecrate your altar tools by doing the following:

Burn as an incense a mixture of copal and st. johnswort. Pass the object through the smoke and say "I cleanse and purify thee with air."

Dip the object into a cup which contains a tea made of hyssop. As you do this say the following "With water I cleanse and purify thee."

Light a white candle. Pass the object through the flame without burning your fingers. As you do this say "With fire I burn all impurities and cleanse thee so that you will be in accord with me."

Attract Prosperity

21 laurel leaves
1 oz. of vervain
21 drops of geranium oil
3 gallons of water

Boil the vervain and the laurel leaves.
As the water begins to boil, pour in
the drops of the oil.

At midnight, beneath the light of the
full moon, soak your feet in the brew
which you have made.

'Limpia' To Attract Luck

1 oz. of basil
1 oz. of rue
1 oz. of rosemary
21 drops of siete machos oil

Place the herbs into a piece of paper large enough to place all the herbs. Once you have placed the herbs on the paper, pour the oil on them. Fold the paper so that the contents may not spill out. Place the paper beneath your mattress. Throw away the charm after three days.

This ritual is done to remove negative vibrations from your aura which are preventing you from enjoying a blissful life.

Using Parsley For Good Luck

3 oz. of parsley

Place powdered parsley in a jar filled with water. Place the jar behind the front door. If you prefer, you can make a tea out of parsley and pour it into a jar once it cools down. This ritual is said to be infallible in removing bad vibrations from the home and in doing this, it strengthens the auras of the people living there, thus causing them to be luckier and healthier.

Each month as you replace the jar, you may burn some parsley as incense to strengthen the home's aura.

Finding Employment

Sugar (A handful)

1 oz. of basil

1 oz. of rue

3 red carnations

A gallon of water

Make a tea out of the herbs and let it cool. After you have taken a bath, pour the tea over your body and say:

Friday so saint-like, Friday so good

Luck to obtain favors, I ask of you.

Oh, St. Martin Caballero

remove the unluckyness from my body.

Give me luck in finding a job, give

me money.

May this bath give me health, happiness
and prosperity.

With this oration powerful and sacred,
help me leave my enemies enchanted.

I shall find work so be it.

For best results begin the ritual
on a Friday.

Using Amonia For Finding Employment

Amonia

A match

A white stick candle

On a Tuesday, form a cross on the floor made of amonia. Light the candle then jump in the form of a cross over the cross you made with amonia while repeating seven times:

I have to find the key
to the job that I have lost.

Bring Blessings To The Home

3 red carnarions

3 white carnations

one branch of rosemary

Place the flowers into a vase with water. When the carnations begin to dry up, throw them away and replace them. Do this often to have a more relaxed atmosphere in your home.

Business

To help a business grow and expand or if you just want to attract customers, do the following:

In your business, you will burn a candle of Pancho Villa, Seven African Powers and St. Martin Caballero. Place the candles in a triangular form then light them.

You will burn each day before opening, an incense mixture of cinnamon and nutmeg.

You will make a tea of yellow dock and squill root. Once the tea has cooled, mop the floors and throw the remaining water in front of the store.

Above your doorway place a small green bag with two lodestones, five-finger grass and one buckeye.

For Success

Seven African Powers seven day glass candle

Two lodestones

Place the herbs and lodestones in the bag. Light the incense and pass the bag through the smoke and say, "With air I consecrate thee." Light the candle pass the bag through the flame (without setting it on fire) and say, "With fire I consecrate thee to bring my desires unto me." Open the oil, place your palms above the container and see yourself being the successful person you wish to become. Sprinkle some oil on the bag then say, "With water I consecrate thee so that an attraction for success you'll be." Place the bag in front of the candle. While visualizing yourself being successful, chant:

Seven African Powers for me do
light the way
So that each tomorrow can be a
Successful day.

Obtain Success

3 red carnations

Tulip incense

One teaspoon of sugar

Place the carnations into a vase which contains a mixture of sugar and water. For the next seven days, burn the incense and say:

Successful I will always be.

Using St. Anthony For Love

3 teaspoons of myrrh

3 teaspoons of rue

A tablespoon of frankincense

Place the herbs on a hot piece of carbon and let the smoke fill the room.

Next, place the incense on the floor and jump over it in the form of a cross three times. After the third jump, stand in front of the incense and say:
St. Anthony don't let me live alone and away from true love. I ask of you, with all my faith, heart and soul to bring me(name of loved one) so that he/she can be my husband or wife for the rest of my life, amen.

If the person you are asking the saint to attract to you, is not for you, he will attract to you someone better.

Love Incense

$\frac{1}{2}$ oz. of red sandalwood

$\frac{1}{2}$ of powdered copal

$\frac{1}{2}$ of powdered cinnamon

Place the herbs into a can and shake it a few times. Place a tablespoon of the herbs on top of a hot piece of carbon. As the smoke rises, walk around the home with the incense. Pass the smoke as close to the walls as possible. In doing this, the smoke will leave it's vibrations of peace and love.

Using An Image Candle To Conquer A Loved One

One red image candle (use a male image for a man and a female image for a woman)

3 tablespoons of sugar

Aphrodite oil

Write the person's name on the chest of the image. Rub the oil on the candle while thinking of the person you love. Sprinkle sugar over the candle then light it. While thinking of your loved one, repeat the following:

Spirit, body and soul of (person's name)
in behalf of this candle, I want you to
come to me determined and with an open heart.
I ask of you, I dominate you.
I shall bring you and shall you of no other
think of but me.

For best results, begin this ritual on a Friday.

7 day glass candle of Virgen Guadalupe
7 day glass candle of Pedrito Jaramillo
7 day glass candle of St. Martin de Porres
Allspice incense
A tea made of rue and basil

Place the candles in the form of a triangle. Light the incense in the room in which the person ill is resting. If this is not possible, place the incense in front of a picture of the person. Sprinkle the tea around the bed of the person daily. If this too is impossible, sprinkle the tea lightly over the picture.

Each evening before going to bed, visualize the person ill recuperating to full health then pray psalm 24.

To Stop Addictions

One St. Jude candle

One small glass filled with brandy

Six pictures of the person addicted

Place the pictures in the brandy and let them soak for four hours. Take out one picture out of the glass then light the candle. Once you have lit the candle has been lit, pray seven 'Our Fathers.' Take the picture and burn it using the flame of the candle. Place the ashes in front of the candle, then say the prayer that is printed on the reverse side of the candle. Repeat the prayer nine times and promise the saint that if he heals you of your addiction that you will in turn, light a candle in his name. After you have finished praying say:

Ashes to ashes, dust to dust
My old life has ended, my new life
has begun.

Continue doing the ritual until the candle burns out.

Destroy A Person

One tablespoon of amonia

One tablespoon of vinegar

Urine of the person doing the ritual

$\frac{1}{2}$ cup of graveyard dust

A small glass jar

Mix all the ingredients together.

For three days place the jar outside so that it may catch the last rays of the sun. On the fourth day, spill the solution around the enemy's home. If you cannot walk around the entire house, spill the solution on the front porch. Do this on a Saturday.

Child Support/Things Related To Children

St. Anthony candle

Helping Hand incense

Picture of the child

Light the incense. Sit in front of the container in which the incense is burning. Visualize the child being surrounded by a white light. Concentrate for a few minutes. Place the picture beneath the candle. Light the candle and pray psalm 93 nine times. Each day repeat the same process: light the incense and concentrate on the child, pray psalm 93 nine times.

Psychic Attack

Psychic attack is the art of using magick on another person without their permission. When black magick is used to harm a person directly, the psychic attack will pierce into the victim's aura (only if the victim is not protected psychically) and cause them to go through emotional breakdowns and unexplainable illnesses.

Sometimes the person doing harm will make himself/herself known to his/her victims. They will go to the person's home and sprinkle powder on the doorsteps or rub fowl smelling oils on the door knobs.

If you feel that someone is doing you harm, don't just stand there and let them ruin your life. Reverse their magick and give them a taste of their own medicine.

St. Raymond Against Rumors

One large lock

Seven white stick candles

A small stamp of St. Raymond

Seven drops of rose water

Dress (anoint) the candle with rose water. then place it near the lock. Light the candle and say the prayer that is on the reverse side of the stamp seven times. After you have said the prayer, say the following (while visualizing the person that is spreading rumors):

You see the way this lock is shut and cannot open?

This is the way I want St. Raymond to shut the mouths of those that speak ill of me.

Remove Enemies

One black marker

One large nail

Fresh soil

A hammer

Write on the nail, with the marker, the name of the person that is doing you harm.

Fill a small basket with the soil and then hit the nail with the hammer, as far down as possible.

Next, say:

(Enemy's name) you have to leave me alone, never again will you cross my path.

This ritual should be started when the moon is waning (from the time the moon is full to the time the moon is new).

The Reversible Jar

This recipe has gone through several changes over the years. People have always changed the ingredients and have added items that they feel more comfortable with. The ingredients used in making this jar are very effective in reversing any evil that has been sent to you, back to the person that is responsible.

Once this jar has been made you can be confident that you will be completely protected from any form of Brujeria (sorcery) being used against you.

Ingredients:

A glass jar (size is unimportant)

Old rusted nails would be preferable. If you cannot find any, new nails will suffice.

Broken pieces of glass

A lime

Rue

A fresh piece of aloe

Dill seed

Cumin seed

Amonia

The Reversible Jar

Begin by inserting the broken pieces of glass and the nails. You will now cut a small hole in the lime and insert a paper that has your address and the names of those that you wish to protect, into the lime. Place the lime into the jar. Next, sprinkle the herbs into the jar - sprinkle as much of each herb as you feel comfortable with. Pour in the amonia. After you have poured in the amonia, put the top back on the jar and seal it tightly so the contents will not spill out. Once completed, bury the jar in front of your home. Bury it in a place where you can step on it every day.

Using Candles For Protection

If you would like to use candles to protect you and your loved ones from evil influences, do so, by all means.

The more comfortable you feel with a ritual the better the results will be. Candles are very good psychic protections because as the flame burns, so does the evil that surrounds you. That is why some seven day candles leave a black film inside the glass. Sometimes while a candle is burning and it breaks, it usually means that the forces that are around you, overpowered the candle. You can prevent this from happening simply by praying constantly in front of the candle. This process will give added power to the candle so that it can overpower the forces which threaten you.

Items Needed

<p>St. Alex seven day candle Holy water Copal Rue</p>	<p>On a lit carbon burn the herbs as an incense in the home every Tuesday and Saturday. Rub holy water on the candle before lighting it. Pray an 'Our Father' then light the candle. This candle is very powerful so use it often.</p>

How To Remove The Evil Eye

Have you ever gone to a beauty parlor, church or any social gathering where there is always a person in the crowd that keeps staring at you from head to toe? After you left the gathering you felt as if someone was hitting you on the head with a hammer or did your best friend suddenly turn on you? If so, the person that kept staring at you surely put the evil eye on you. The evil eye muddies a person's aura so bad that a person's own family and friends tend to turn on him/her. To remove the evil eye do the following:

Ingredients:

Alum rock

Egg

Hyssop $\frac{1}{2}$ oz.

Begin by lightly rubbing the egg and alum rock over your body. Start at your head then move down to your feet. Do this for three days then throw both away. After you have thrown the egg and alum rock make a tea of hyssop and pour it on your body after you have taken a bath.

Triangle Of Protection

Three handfuls of white flour

Thirtysix white stick candles

Three glasses of water

A picture of the person seeking protection

A seven day candle of the Seven African Powers

Three red carnations

With the flour form an unbroken triangle. On top of the triangle place a glass of water and a carnation beside it. On the lower right point of the triangle place the other glass of water and two carnations beside it. On the remaining point place the photo. Beside each point of the triangle, place three candles. Light them and repeat:

Holy spirit come brighten the hearts
around me so they can do us good.

Spirit of God, dominate my enemies.

Fill their hearts with humility and love.

All stick candles should burn out by themselves. Repeat the ritual for the next three days. At the end of last ritual light the seven day candle and let it burn out also.

Cleansing Against Envy

One fresh lemon

A purple onion

Jinx Removing oil

Place the lemon and onion inside a small bag. Each day before retiring, get the bag and rub it over your body. Begin at your head and work your way down to your feet.

Repeat the cleansing everyday for one week then throw the items used into moving water. After you have thrown the items used, anoint yourself with the oil until you feel that your aura has been completely cleansed of negative things sent to you.

To Uncross A jinxed Business

Double Action candle green/black

Seven day candle of Ellegua

St. Cipriano sahumerio

Begin by lighting the double action candle.

v Burn the black half first then burn the green half.

When you have burnt both sides of the candle, light the the Ellegua candle and keep it burning everyday that your business is open. It would be a good idea to keep the candle burning at night since that is the time people go out and throw things in front of businesses. Each evening before closing, burn the sahumerio inside your business.

Prayer Treatments

The rituals that follow consist of two things: faith and prayer. They are done with the use of a seven day glass candle. These rituals are as effective as the other spells that you have seen in the previous pages. Before lighting the candle, rub it with olive oil unless otherwise stated.

After you have dressed the candle (anointed with oil), you may sprinkle the herb recommended on the candle. You

Always remember to place the candles somewhere in your home, preferably on top of your altar, or any place that is away from flammable objects.

Pray the psalm as many times as you like. Believe that you will receive what you ask for; don't be doubtful.

Candles turning black and/or breaking are indications that someone is working against you. Keep lighting the candles until they no longer turn black or shatter.

If you do not want to sprinkle the herb on the candle, you may burn it as an incense.

They encourage themselves in an evil manner; they commune of laying snares privily; they say who shall see them. The righteous shall be glad in the Lord and trust in him. They shall fear thee as long as the sun and moon endure throughout all generations. He shall come down like rain upon the mown grass as the showers water the earth. Psalm 119 verses 25-32

" My soul cleaveth unto the dust: quicken thou me according to thy word. I have declared my ways and thou heardest me, teach me thy statutes. Make me to understand the way of thy precepts, so shall I talk of thy wonderous works. My soul melteth for heaviness, strengthen thou me according to thy word. Remove from me the way of lying and grant me thy law graciously. I have chosen the way of truth, thy judgements have I laid before me. I have stuck unto thy testimonies. O Lord, put me not to shame. I will run the way of thy commandments when thou shalt enlarge my heart."

Psalm 1

" Blessed is the man that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful. But his delight is in the law of the Lord and in his law doth he meditate day and night. And he shall be planted like a tree by the rivers rivers of water that bringeth forth his fruit in his season; his leaf also shall not wither and whatsoever he doeth shall prosper. The ungodly are not so, but are like the chaff which the wind driveth away. Therefore, the ungodly shall not stand in the congregation of the righteous. For the Lord knoweth the way of the righteous but the way of the ungodly shall perish."

Psalm 124

"If it had not been the Lord who was on our side, now may Israel say; if it had not been the Lord who was on our side, when men rose up against us, then they had swallowed us up quick. When their wrath was kindled against us, then the waters had overwhelmed us. The stream had gone over our soul, then the proud waters had gone over our soul. Blessed be the Lord, who hath not given us as prey to their teeth. Our soul is escaped as a bird out of the snare of the fowlers; the snare is broken and we are free. Our help is in the name of the Lord, who made heaven and earth."
