A copyright, as pointed out by Larken Rose, is usually an implied threat: (“Don’t Copy This or Else!”). Like Larken, I hope that anyone who likes this book will buy additional copies from me to help fund our experiment in large-scale cult deprogramming. If someone does copy it without permission then that alone would not make me feel justified in using force against that person, on my own or using “government” as my proxy. Introduction

Techniques for controlling populations have been developed and honed by monarchies, despots, tyrants, and “democratic governments” for centuries. The U.S. government today does not remotely resemble or respect the ideals of the original republic, which the government school system still celebrates and pretends exists. It now parallels the same system that was used to control the tax slaves/actual slaves in Nazi Germany, the Soviet Union and East Germany. In addition to sharing mechanisms of control and indoctrination, **these governments are all illegitimate because it is impossible to delegate rights you don't have personally to “representatives.”** For example, If you don't have the moral right to coerce money from your neighbor and redistribute it to others, then you can't

delegate that “right” to a “representative” — even if the majority agrees. Voting can't change morality, and just because the mob wants to lynch black folks or rob Peter to pay Paul, it doesn't mean those actions are legitimate by ‘virtue’ of the majority outnumbering its victims.

Unfortunately, using violence to control society is organized crime, and the control system known as “government” has always been used to fleece the population. Those in power have tended to use the same techniques through history. They control educational institutions to perpetuate propaganda and indoctrinate the pseudo-religion of Statism into children. **Statism** is the propagandized belief in the necessity, desirability, and legitimacy of government. It is a mind control technique and pseudo-religion because there is no such thing as “government.”

You can't go to Washington D.C./ "Mecca" and touch "government!" You can touch buildings and people, but "government" is just an *idea*. It is a "supernatural entity" that promises to make the world a better place: to feed the poor, to protect the weak, and to provide for your retirement. It can even raise wages and lower prices at the same time! Is there nothing the State can't do?

Pursuant to government power, free children are brought up in mandatory schools believing that because they were born on this side or that side of an imaginary line (a border), they are "American" or "Canadian," for example, and — by virtue of where they were born — now owe half their income in overt/covert taxes and inflation to organized crime using well-recognized "cult indoctrination" techniques and propaganda on them. Some cult members are so mind-controlled they even shave their heads and murder whomever the cult leaders tell them to or lock peaceful people in cages for

victimless crimes.

The idea that Americans are "free" when they are forced to pay as much as half their income in overt taxes, covert taxes, and inflation while putting up with the government's myriad rules, regulations, monopolies and licensing schemes borders on ludicrous.

"Americans" are victims of a multi-trillion dollar con-game through which they have been indoctrinated and secretly propagandized into an artificial belief system that teaches them to be "tax-payers" and some to be "order-followers" to kill and enforce on their fellow tax slaves. It is a system based on lies, brainwashing, propaganda, and the immoral, poisonous idea that some people can be "delegated" the "authority" to rule others. The acceptance of the legitimacy of "authority" is the acceptance that you are a slave and must obey a master. The difference between a free man and a slave is that slaves can't say: **No**.

Freedom! - The alternative that is often paid lip service but rarely offered in government schools: It amounts to no masters, no slaves! One of the biggest secrets kept from public (government) school children is that the world is a self-organizing system that produces spontaneous order and that all the “services” provided by government — from protection to roads to charity — can be better provided by voluntary interaction, the free market, and real charity. Freedom doesn’t guarantee utopia, but it is the most moral alternative that unleashes the creativity and capital creation mechanisms of the market. Voluntaryism/anarchism are political movements that reject the engineered belief system of Statism in favor of true freedom and voluntary interactions between free people. It is the most moral of all the political systems in that it recognizes natural law and honors the Non-Aggression Principle (NAP), which posits that no individual or group of individuals has

the right to initiate violence and coercion against other human beings who are not aggressing against them — in other words, live and let live, unless someone is threatening your life or property. All other political philosophies (socialism, communism, monarchy, democracy, etc.) allow a ruling class to engage in violence and coercion against the majority. Though these systems may even allow elections where the winning party is allowed to rob everyone in society to enact its stated political goals, elections amount to ritualistic theater (especially when they only represent a minority of the eligible voters and the winner was outnumbered by citizens who didn’t vote at all). In addition to the travesty that occurs when majority rule tramples the rights of the minority, elections are also easily rigged and controlled by moneyed interests to offer the illusion of control to the tax slaves who are ignorant/willfully ignorant of the ‘big con’.

20+ techniques used by inter-generational organized crime to create the cult-ure of slavery/tax slavery and how it manifested in each time and place.

Flag – This is a pseudo-religious symbol that evolved from war banners that war parties carried in battle. Symbolically, it is the same as the “colors” of crips, bloods, and other gangs. In the U.S., children are forced to pledge their allegiance to the alleged holy symbol with their hands over their hearts starting in kindergarten. Cub Scouts, Boy Scouts, military academies, and police/military training further reinforce this artificial reverence with artificial solemn rituals: how the holy flag should be folded, carried, saluted, buried, and ultimately revered.

The Constitution and the Bill of Rights - Most governments pretend there is a “social contract” between the people and the government (organized crime) under which the people are guaranteed certain rights. But the organized crime governments always break these agreements, and there is really no agreement at all since these one-sided contracts are simply forced on the populations. Ultimately, even the most oppressive governments pretend to have “constitutions” and declarations of “rights.”

Youth Programs to teach “citizenship” and state/flag worship - To this day, the Prussian education model is used on children as the first level of indoctrination. Government-affiliated scouting programs are the 2nd level, at which point children receive awards (Cub Scout Adventure Loops, Boy Scout Merit Badges, etc.) for learning and demonstrating their conditioning: Duties as a “citizen,” reverence for/worship of the flag, pride of uniform, obedience to hierarchical command, and other techniques that ultimately produce “order followers” willing to kill upon orders from the State.

Hitler created the Hitler Youth because, as he believed, "The weak must be chiselled away. I want young men and women who can suffer pain. Part of the boys training was to part of their "military athletics" (Wehrsport) included marching, bayonet drills, grenade throwing, trench digging, map reading, gas defense, use of dugouts, how to get under barbed wire, and pistol shooting.

Boy Scouts of America

The Boy Scouts of America Explorer program is now working with the [Department of Homeland Security, U.S. Military](#), and individual police forces to train tens of thousands of kids and instill in them the glory of being a government enforcer and serving in the Empire's armies of occupation.

The Komsomol

The Komsomol included indoctrination through social work and sport, communal living, "red christenings," and books and cinema.

In addition to taking part in various military physical education drills, children were also required to have the ability to assemble and disassemble an AK-74 in under 30 seconds.

Free German Youth Movement

East German Young Pioneers graduated into the Free German Youth movement (Freie Deutsche Jugend / FDJ), which included military training.

Meetings were normally scheduled so they overlapped with Catholic ceremonies and gatherings. This was the consequence of an effort to veer young minds away from religious morals and customs that may have worked against communist war tactics.

Military & police are glorified and celebrated - In the U.S., the government, the propaganda system, and affiliated cartel companies promote the sanctity of the military with preferred parking, discounts, priority boarding at the airport, ceremonies at stadium events, etc. These benefits and rituals promote militarism so the slaves are propagandized to worship the enforcers. Often, those perpetuating these practices and delusions believe in them wholeheartedly themselves. In the soldiers' defense, many join the military with the best of intentions and are awake to the criminality of how they are being used.

Use of Propaganda – The government conspires with the entertainment industry to sell the population on nationalism and the “legitimacy” of the slave system. As with militarism, many of those perpetuating these ideas believe them, too. Much is subtle... countless movies and tell-a-vision shows support the “legitimacy” of government and the status quo, modeling behavior on how the public is “supposed” to behave in certain situations. Good-looking, ripped, government employees (FBI/CIA/DEA/ATF/POTUS/Military/Police) always save the day. “Product placement” of the US flag and militarism abounds in Hollywood’s content and is often directly sponsored and influenced by government agencies.

The Nazi’ party established a film division as early as 1930. Nazi propaganda minister Joseph Goebbels appointed himself “Patron of the German film” and promoted escapism, exercised censorship over news, and funded films that showed the Nazi party in a positive light.

CIA and Dept of Defense have direct involvement in 800+ major movies and 1000+ television shows: Argo, Zero Dark Thirty, and others shape a false paradigm. NPR & “Public Television” is also used to distract and deceive. Product placement of the American flag “anchored” to moments of high positive emotion is found in movies like The Martian.

The main Soviet censorship body, Glavlit, was employed not only to eliminate any undesirable printed materials, but also “to ensure that the correct ideological spin was put on every published item. In the Stalin era, deviation from the dictates of official propaganda was punished by execution and labor camps.

One Stasi propaganda film targeting kids, The Sun Always Lives, showed children as young as five in miniature tanks. At the end of the film, a live shell from one of the mini-tanks hits a wall. At this point the voice-over for the film says: “Show your soldierly face for the Socialist Fatherland as these brave warriors do!”

Use of manufactured news, overt or surreptitious control of publishers, editors, and reporters creates an “artificial reality.” In the U.S., six monopoly companies running hundreds of subsidiaries give the illusion of choice, while the CFR, Trilateral Commission and Bilderberg members hold key editorial positions at major wire services, networks, and newspapers.

- October 1933 new law made editors responsible for infringements of government directives

- **Treason** to spread false news or rumours
- Many **publications banned**.
-1933 there were 4,700 daily newspapers, 3% controlled by NSDP (Nazi party)
-1944 there were only 997 daily newspapers, 82% of which were controlled by NSDP.

- All news broadcasts came through the Nazi Office of Propaganda

 - Goebbels described radio as "the spiritual weapon of the totalitarian state"

Use of Manufactured Terrorism - This is a technique used throughout history to unite populations behind the government against manufactured external enemies. Al-Qaeda and ISIS/ISIL are proxy armies funded and controlled by intelligence agencies at the top, and many of the “beheading videos” and other filmed atrocities are cartoonish and obviously fake. They are designed to play on American fears; for example, it was recently revealed that the Pentagon hired a British P.R. firm to create fake terrorist propaganda films.

The Gleiwitz Incident was designed to create the illusion that Poland was engaging in aggression against Germany. It started when German operatives led by Alfred Naujocks seized the radio station at Gleiwitz in order to broadcast messages in Polish urging Poles in Silesia to attack Germans. Monopoly Government fiat money steals value surreptitiously from the population - The source of much of the State's power is its ability to force the citizenry to use monopoly money, which the government and its agents/allies in banking are allowed to manufacture out of thin air while other forms of currency, like silver and gold, are banned. This allows the ruling class to buy up and consolidate industry and keeps the population poor by quietly stealing the value of what they earn and save through inflation.

Understanding Your Slavery: Propaganda Using Religious Symbolism

www.UnderstandingYourSlavery.com

It's no accident that the mainstream media (the propaganda arm of the oligarchical kleptocracy / kakistocracy) is constantly using trick photography to give the ruler's political puppets the appearance of holiness using religious symbolism. It one of the many ways the rulers indoctrinate the masses with a pseudo-religion, Statism, slipped to them using government schools, scouting, military and police training, and mainstream media propaganda in news, films, and tell-a-vision "programming".

[Understanding Your Slavery](#) is a series of one-page overviews of concepts hidden from the public by a ruling class (oligarchical kleptocracy/kakistocracy) that has been controlling the flow of information in society and human perception through their control of the government, government schools, scouting, intelligence agencies, military and police training, and a weaponized media system of 6 companies running hundreds of subsidiaries to give their tax slaves the illusion of choice while propagandizing them, deceiving them, and distracting them from the reality of their existence and slavery.

Understanding Your Slavery: The Religion of Statism

www.UnderstandingYourSlavery.com

Executive Summary

Statism is the belief in the desirability and legitimacy of a State (Government). It is a completely indoctrinated belief system I.E. it has been mandatorily taught to the overwhelming majority of the public through government schools and private schools where the government controls the content of instruction through textbook amalgamation and tradition. Statism is a pseudo-religious belief I.E. "Government" is not a physical entity that can be touched. It is a supernatural entity that promises to make the world a better place for the true believers who have accepted the belief system into their world view. The multi-generational oligarchical kleptocracy (kakistocracy) that has been ruling the planet from behind the scenes uses the same techniques that religions and cults use on their followers to indoctrinate the masses into accepting a ruling class. These techniques include: Religious symbolism in the form of the flag, "holy documents" in the Constitution and Declaration of Independence, mandatory "church" schools, common prayer where children are required to recite the pledge of allegiance every day at school and at scouting meetings, More common prayer and militarism at sporting events where the government pays teams for the privilege, taking school children on field trips to Washington DC (Mecca) where they are taken to the monuments (temples) to see the Founding Fathers (deities), etc. These techniques produce "citizens" (cult members) willing to hand over 1/2 their income and, in the case of the enforcement class (police) the techniques produce a classic "shave-headed cult member" willing to kill and cage non-conformists who ignore or violate the laws (commandments) handed down by the Congress/Courts (church leadership) who sit "above" the citizens and wear robes (vestments). In the case of the military (shave-headed cult members) they are willing to go abroad and kill whom they are told in wars/"police actions" (crusades).

Key Concepts

There is No Such Thing as "Government"

- You can't go to Washington DC and touch "Government"
- It is an idea/belief system that is indoctrinated into kids by gov't schools and most private/parochial schools through tradition and textbook amalgamation

The word "Government" literally means "Mind Control" in Latin

- The translation of the original Latin is "To Control the Mind".

The root words are:

- **Gubernare** – Control, Govern, Rule
- **Mens** – Mind

The belief in "Government" is mandatorily indoctrinated into the masses

- No one is born believing that handing over 1/2 your income in overt taxes, covert taxes, and inflation to a ruling class is a good idea
- Human beings are free, sentient beings who don't owe their allegiance/income to anyone just because they were born on one side or another of an imaginary line.
- Mandatory "free" government K-12 schools & accredited private schools spend ~12,000 hours indoctrinating and legitimizing this belief system in a hidden curriculum
- The belief is reinforced through government institutions, government, police, scouting (pre-military training & flag worship), paid-for militarism/statism at sporting events and a propaganda system where 6 companies running hundreds of subsidiaries give the illusion of choice but are controlling the information the masses receive to limit their knowledge and secretly reinforcing the status quo and "legitimacy" of the system in movies, television shows, magazines, etc.

The government schools use classical "cult indoctrination" techniques on kids

- Most government teachers/administrators are ignorant/willfully ignorant of the hidden curriculum and brainwashed themselves and don't know/refuse to research the history of the Prussian education system and its creators own admissions that the system was designed to control the masses and instill obedience to authority:

• **Indoctrination Techniques include:**

- Common Prayer: The pledge of allegiance at school and national anthem at sporting events
- Civics and social studies that teach kids the Statist world view
- Focus on learning about the Presidents (Popes) and legitimacy of Gov't
- Socialization of the enforcement class (police) through D.A.R.E. program
- Promotion of military, selective service, and military recruiters in schools

• **Obedience Techniques include:**

- The inability to leave or even go to the bathroom without permission
- Public shaming (Red, Yellow, Green) and collective punishment
- Responding to Pavlovian bells, walking in line, obedience to police, etc.

THERE IS ONE RELIGION MORE DANGEROUS THAN ANY OTHER. IT HAS BEEN RESPONSIBLE FOR MORE MURDER AND SUFFERING THAN ALL OTHERS COMBINED. ITS FOLLOWERS BLINDLY ACCEPT ITS RHETORIC WITHOUT QUESTION, WHILE ALLOWING THEMSELVES TO BE ENSLAVED BY ITS POLICIES.

THIS RELIGION'S WORSHIPERS ARE SO INURED THAT THEY HAVE ACCEPTED ITS RULES AS LAWS AND WILL OBEY THEM EVEN TO THEIR OWN DETRIMENT.

Understanding Your Slavery: The Propaganda Matrix

www.UnderstandingYourSlavery.com

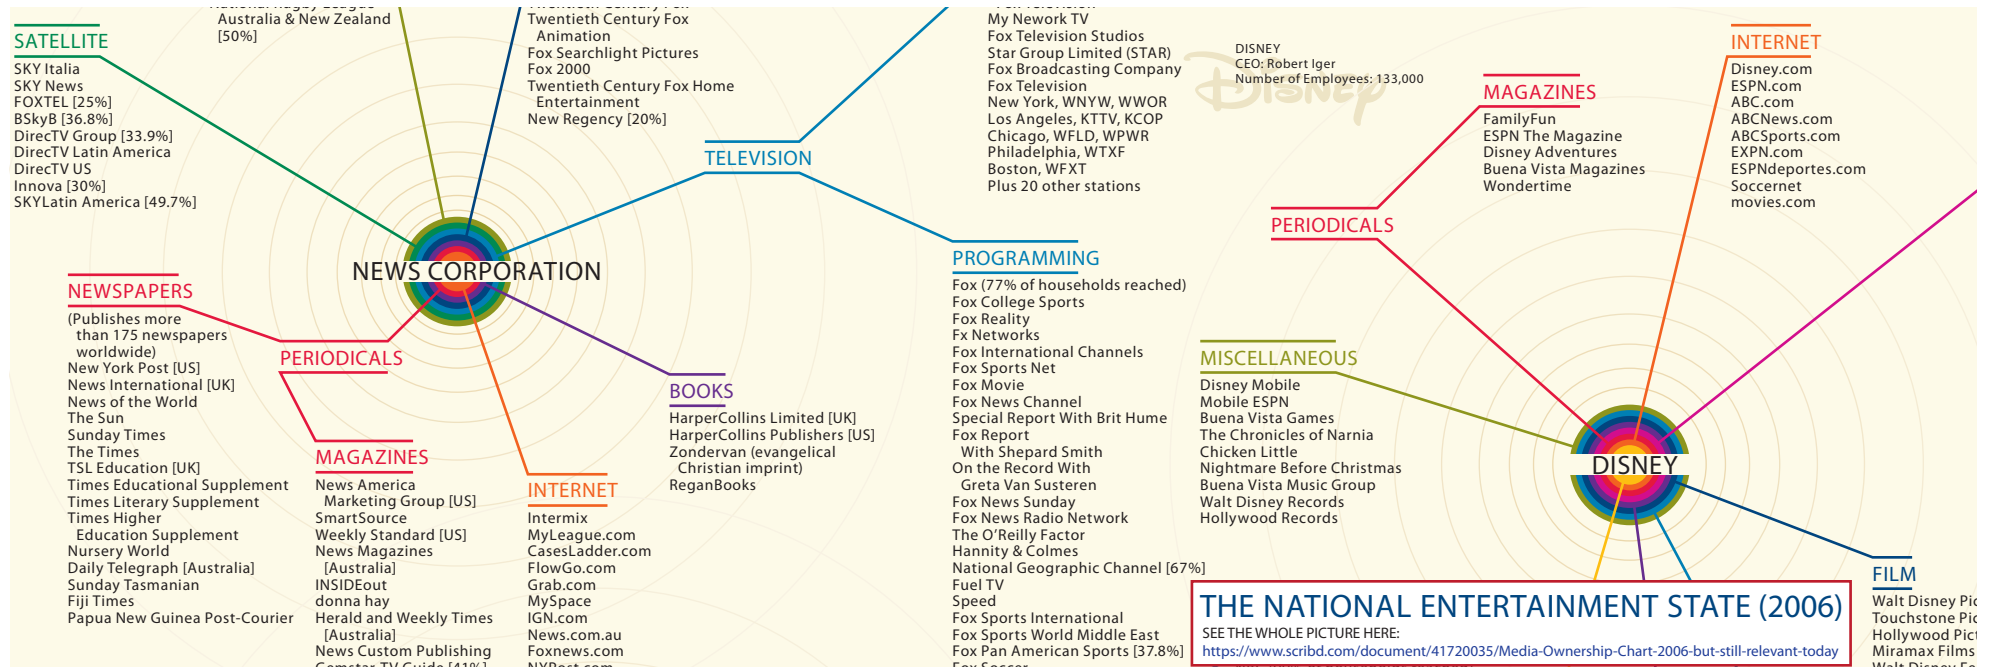

In Plato's Allegory of the Cave prisoners were chained facing the wall of a deep cave. Behind the prisoners was a walkway and behind the walkway a fire. Puppeteers crossed the walkway holding objects that cast shadows on the wall. The "shadow play" became the prisoner's life and even when one prisoner escaped to see the reality of the world he was unable to explain that reality to his former friends because they had no frame of reference

because all they ever knew was the shadow play. Today our oligarchical kleptocracy uses its control of the media and the government's mandatory schools to raise up free people to believe they are "Americans" or "Canadians" and that they owe ½ their income to their various governments in overt taxes, covert taxes and inflation. The taxes are laundered through the governments to the "slave owners" through their monopoly and duopoly companies and the military-industrial-complex who continually menace the population with staged wars and terrorism manufactured by the intelligence agencies. The fact that the world is self-organizing and there is no need for "governments" and the force and violence they employ are ideas that are never presented to their slaves. – Etienne de la Boetie²

My favorite analogy about the LameStreamMedia is that the former Soviet Union was a very poor country. They could only afford 2 state propaganda organs: Pravda and Izvestia. In Russian Pravda means "Truth" and Izvestia is loosely translated as "The News". The running joke in the Soviet Union was: "There is no truth in Pravda and there is no news in Izvestia". We are/were a very wealthy country... We have 6 major propaganda organs.

The organized crime oligarchy that controls the country and much of the planet has been using their complete control of virtually everything that the average person sees on a given day to weave an artificially-created reality with regard to politics/economics/history/current events when they are not distracting us with sports & mindless entertainment, corrupting our morals, predicatively programming us, or other propaganda crimes.

The main identifiable vehicles for creating/managing/controlling the content of MainStreamMedia are Bilderberg Group and Council on Foreign Relations (CFR) control of the Media and the CIA's control of key journalists that was made public during the Church Committee hearings in 1975 where it was disclosed that the CIA had hundreds of journalists on the payroll. A quote from the commission:

"The CIA currently maintains a network of several hundred foreign individuals around the world who provide intelligence for the CIA and at times attempt to influence opinion through the use of covert propaganda. These individuals provide the CIA with direct access to a large number of newspapers and periodicals, scores of press services and news agencies, radio and television stations, commercial book publishers, and other foreign media outlets."

<http://involuntaryservant.blogspot.com/2009/03/bought-and-paid-for-central-bankster.html>

"The CIA owns everyone of any significance in the major media" – Former CIA Director William Colby

"It is worthy of remark that a belief constantly inculcated during the early years of life, whilst the brain is impressible, appears to acquire almost the nature of an instinct; and the very essence of an instinct is that it is followed independently of reason."—Charles Darwin, *The Descent of Man*, 1871

Understanding Your Slavery: Public (Government) School Indoctrination

www.UnderstandingYourSlavery.com

Executive Summary

The American school system, directly modeled after the 19th century Prussian approach, is rooted heavily in control, obedience, and indoctrination.

By glorifying collectivism and authority, public (government) schools prime children to tacitly accept subsequent authoritarianism from all realms of government and military. From monopolizing students' time and demanding they ask permission for basic human functions — like going to the bathroom — to imposing one-size-fits all teaching approaches, submission and conformity are constantly promoted.

Students are indoctrinated into [the pseudo-religion of statism](#) using the same techniques employed by other cults: for example, pledges/oaths, holy documents, trips to D.C. to see the temples/deities. Selectively presented snippets of history support these myths, imbuing students with an unshakable faith in the government's universality, inevitability, and righteousness. Militarism and nationalism pervade the system through junior training programs like ROTC, and the state's legitimacy is never questioned or debated.

Other methods of control permeate the system. In recent years, the pharmaceutical industry has benefitted from the increase in diagnoses of ADD and ADHD in children, which is largely due to children's inability to conform to schools' rigid standards of control. These drugs, as well as mandatory vaccines, directly affect students' body chemistry. So do the vast supplies of genetically modified, pesticide-ridden foods provided by state-empowered conglomerations.

Because of these hidden methods of control and modern consequences of rampant statism, public schooling is ground zero for producing obedient statist subjects and order followers willing to kill on command.

Key Concepts

Obedience to the government, police and authority figures is lesson #1

- Assigned seating imposes constant, uniform control over student movement
- Drill bells dictate where and when students may move during the course of the day
- Students are usually required to collectively stand and pledge allegiance to the flag, which continues with the additional “common prayer” of the anthem at sporting events
- If students are late or do not adhere to other standards, they face punitive measures, including public shaming and Red/Yellow/Green troublemaker boards
- On the other side of the coin, students are often forced to face collective punishment for the actions of a single student
- Police are increasingly present in schools, patrolling campuses and enforcing security checks with metal detectors and conducting random searches of students' private property, reinforcing the notion that school is a prison — and everyone must submit to government (organized crime) control from an early age.

Indoctrination into the hidden religion of Statism is “Education”

- Students are expected to pledge allegiance to an artificial religious symbol in a kind of “common prayer” on a daily basis from K-12
- They are taught that gov't is both legitimate, necessary and desirable without ever examining those premises or the immorality of the concept.
- Young students learn of the mythology of the “Founding Fathers”, “social contract”, the holy documents of the Constitution/BoRs, the justifications for the gov'ts murderous wars, and that stealing is OK when gov't does it!
- What is left out of these lessons is equally important, from the CIA's covert, undemocratic operations to the Federal Reserve and the real reasons for war
- Whether it is history, civics, or any other subject, teaching methods usually require memorization, regurgitation, and often, standardized, multiple choice testing methods that crush independent thought and promote obedience.

Chemical Control

- Thanks to propagandized obedience and state-sanctioned influence of the pharmaceutical industry and food industry, children are pumped full of chemicals, from [ADD and ADHD drugs](#) and [mercury](#) and [aluminum-laced vaccines](#) to toxic processed food with genetically modified (GMO) ingredients, [sugar](#), [glutamates](#), [glyphosate](#), refined grains, [rBGH](#), BPA/BPS, soy, and [fluoridated water](#).
- Classic indoctrination methods, combined with a fetish for submission and the modern American government-sponsored corporatocracy, create docile Statist children, some of whom ultimately shave their heads and become “order followers”.

Could the real goal of mandatory government education be shave-headed cult members / "order followers" willing to kill foreigners and enforce orders from the leaders of an artificially indoctrinated Statist religion? Is this why classic, textbook cult indoctrination techniques including Pavlovian bells, pledges/oaths, flags/artificial holy symbols, collective punishment, public shaming, Scouting/jROTC "uniforms" and others are being used in schools?

Meme War

“If you want to tell people the truth, make them laugh, otherwise they’ll kill you.”
- Oscar Wilde

Here is some intellectual ammo that you can screenshot and post to social media or share selectively with friends and family. Sometimes a picture... or a meme is worth 1000 words.

The Basics – To help others understand Voluntaryist principles and thought. Here are the basics. If your government teacher or professor challenges the logic and principles of Voluntaryism then there are: “The Five Questions”, Larken Rose’s challenge to ethics, civics and government professors and teachers who support the state.

1. You John
 If John told you that you had to obey him or he would violate you, that would be wrong

2. You John & Friends
 Even if John claims that because he and his friends are in the majority, you must obey or be punished, that would still be wrong

3. You Government
 Even if John and his friends vote to have an institution work on their behalf and that you must obey its dictates or be punished, that would still be wrong
 If you understand this basic concept then you understand that government neither has the legitimate or lawful right to violate you just because some people decided to vote for it

STATIST OR ANARCHIST?

SO WHICH IS IT?
 Are you a statist or an anarchist?
 You're a statist if you believe violence is the answer to solving problems.
 You're an anarchist if you believe in peaceful and voluntary solutions to solve problems.

AN-AR-CHY DEFINITION
 "Without Rulers"
 Anarchy does not mean **without rules**, rather **without rulers**.

NON-AGGRESSION PRINCIPLE
 "Any unsolicited actions of others that physically affect an individual's property, including that person's body, no matter if the result of those actions is damaging, beneficial, or neutral to the owner, are considered violent when they are against the owner's free will and interfere with his right to self-determination"

3 SELF-OWNERSHIP
 The most basic form of property you own is yourself.

4 SELF-DETERMINATION
 ..freely choose the products you buy,
 ..freely choose the relationships you keep,
 ..and much more.

5 SOLVE PROBLEMS VOLUNTARILY
 Every day you solve problems voluntarily without the influence of hierarchical authority.

6 STAT-ISM
 "A political system in which the state has substantial centralized control over social and economic affairs."

7 TAXATION
 Under the state, you're forced to pay taxes with the threat of imprisonment. If you escape or resist, you will be killed.
 Taxation goes against the NAP and the principle of self-ownership.

8 MIGHT MAKES RIGHT
 Governments (statism) use force to solve economic and social problems, instead of voluntary peaceful solutions.

NATURAL LAW

Based in reality, conforms to the natural world, nature

An absolute aspect of nature, obvious as a self-evident truth

THE FIVE BASIC BREACHES OF NATURAL LAW

ASSAULT - RAPE - THEFT - TRESPASS - COERCION

All 5 transgressions constitute a theft of some sort - theft of physical well being, theft of sexual choice, theft of physical property, theft of security, theft of consent

A RIGHT

An action that causes no harm or violation of another, your rights are an attribute that constitute your property

A WRONG

An action that violates another, the theft of the rights or property of another

A RIGHT AND A WRONG ARE MUTUALLY EXCLUSIVE

Natural Law cannot be changed or subverted by the will of any being. The whim of "Legislators" only creates rules of a membership club (a society). Without a victim there is no crime. No violation, no harm, no theft of rights, equals no crime.

THE FIVE QUESTIONS

1) Is there any means by which any number of individuals can delegate to someone else the moral right to do something which none of the individuals have the moral right to do themselves?

2) Do those who wield political power (presidents, legislators, etc.) have the moral right to do things which other people do not have the moral right to do? If so, from whom and how did they acquire such a right?

3) Is there any process (e.g., constitutions, elections, legislation) by which human beings can transform an immoral act into a moral act (without changing the act itself)?

4) When law-makers and law-enforcers use coercion and force in the name of law and government, do they bear the same responsibility for their actions that anyone else would who did the same thing on his own?

5) When there is a conflict between an individual's own moral conscience, and the commands of a political authority, is the individual morally obligated to do what he personally views as wrong in order to "obey the law"?

The Ridiculousness of Mandatory Government Schools

BUT KIDS NEED THE 'SOCIALIZATION' OF PUBLIC SCHOOLS?

What kind of socialization occurs when 20 or 30 kids of the same age are placed in a classroom together day after day? Peer pressure is enormous. Kids feel like they need to look and sound and be like everyone else, at the risk of forgetting or never discovering who they really are. This results in rivalry, ridicule, and competition - hardly the environment for healthy socialization.

THE PAINFUL TRUTH

The **ORDER-FOLLOWER** always bears **MORE** Moral Culpability than the order-giver, because the **Order-Follower** is the one who actually **performed the action**, and in taking such action, actually **brought the resultant harm into physical manifestation**. **ORDER-FOLLOWING** is the pathway to every form of **Evil** and **Chaos** in our world. It should **NEVER** be seen as a "virtue" by anyone who considers themselves a moral human being. Order-Followers have ultimately been personally responsible and morally culpable for every form of Slavery and every single Totalitarian regime that has ever existed upon the face of the Earth.

The Incredible Sadness of Mental Slavery

"IT IS DIFFICULT TO FREE FOOLS FROM THE CHAINS THEY REVERE." - VOLTAIRE

“One of the saddest lessons of history is this: If we’ve been bamboozled long enough, we tend to reject any evidence of the bamboozle. We’re no longer interested in finding out the truth. The bamboozle has captured us. It’s simply too painful to acknowledge, even to ourselves, that we’ve been taken. **Once you give a charlatan power over you, you almost never get it back.**”

Carl Sagan

MENTAL SLAVERY IS THE WORST FORM OF SLAVERY.

IT GIVES YOU THE ILLUSION OF FREEDOM, MAKES YOU TRUST, LOVE AND DEFEND YOUR OPPRESSOR WHILE MAKING AN ENEMY OF THOSE WHO ARE TRYING TO FREE YOU OR OPEN YOUR EYES.

The most effective form of slavery is a system that allows just enough autonomy to give the illusion of freedom, while keeping the public in a perpetual state of indentured servitude.

Somalia

"If you don't like government, move to Somalia."

There are several reasons why this is an ignorant thing to say.

1. Somalia is not experiencing anarchy, but anocracy. The problem in Somalia is not a lack of government, but multiple governments, fighting to gain control over the state.
2. Problems in Somalia didn't start with the downfall of the government, they caused the downfall of the government. Somalia was not a prosperous thriving nation before the civil war.
3. There is underlying racism in this line of thought. Somalis are considered to be backwards, incapable of fixing their problems and in general not civilised people.

Opportunity to Explain the Basics to Thousands of "Low Information Tax Slaves":

Priceless!

What do I do next? How Do We Fight Back?

Here are some suggestions:

Let's Just Call it Organized Crime - Yes. There was and probably is a Bavarian Illuminati, and there are free masons, dual-citizenship Zionist Israelis, Jesuits, Catholics, Skull and Bonesmen, Bohemian Grove attendees, Council on Foreign Relations members, Trilateralists, and Bilderberg group members involved and in key positions of power; if you want to run the world, you have to have meetings, and it is easy for criminal, monied interests willing to kill, bribe, and blackmail to hijack and control any hierarchical organization over time. But let's not complicate the issue. We can simply refer to the problem as organized crime - because it is. People/the FBI/police understand and can relate to organized crime. Bavarian Illuminati... not so much. Be very suspicious of anyone using the amorphous terms: "Globalists", "Elitists", or "New World Order" to describe the problem. These appear to be purposely unhelpful, un-descriptive terms likely developed by CIA/Rand Corporation/Tavistock Institute psychologists similar to the [CIA's now declassified campaign \(CIA Document 1035-960\) to weaponize the phrase "Conspiracy Theory"](#) against honest researchers investigating the CIA's assassination of John F. Kennedy.

Accept my sincerest apologies and then quit working for the mafia! I am truly sorry to have to be the one to break this news to you. If you shaved your head and wear/wore a uniform, if you killed because someone told you to, if you locked up good people for victimless crimes, if you inconvenienced travelers and violated their dignity and privacy, If you propagandized and distracted the population from Hollywood, New York, Washington DC, Atlanta, or Langley... it's OK! You are forgiven! We are up against a multi-trillion dollar propaganda, indoctrination, and control system. I went to government schools and was a cub scout and a Boy Scout. It took me a while to overcome my programming. I know it is harder to admit the truth if you are drawing a paycheck, but it's time quit pretending you don't know the government isn't evil and funded by stolen money. It's time to get another job, especially if your job requires you to kill/hurt/enforce upon/indoctrinate people for the State. If you are in the system and just can't leave... yet... then throw sand in the gears every chance you get: Leak the State's documents, expose the State's crimes, sabotage the State's ability to track, track and control peaceful people, and *teach the kids in your charge the truth about the system.*

Turn off the bought-and-paid-for Mainstream Media and begin getting your news and information from the authentic voices on the self-directed Internet.

Avoid Untrustworthy Frequencies: Anyone pumping Trump or Hillary or any other government savior is suspect. Anyone promoting communism, socialism, fascism, neoconservatism, or any other government system that is easily hijacked and controlled by monied interests is at best misguided and worst a paid political agitator or agent. Let me know if any of my trusted frequencies are suspect. Yes, Alex Jones is a tool/gatekeeper. The Drudge Report is designed to waste your time and keep you in the fake left/right Statist paradigm.

Take down that flag: It is the symbol of your oppression and an artificial, indoctrinated belief system. You might as well fly the Nazi flag. Same artificial religious symbol. Different sect.

Forget politics (except for those running to expose and repeal the system): Don't play poker in a crooked card game, and don't vote to rob your friends and neighbors to put your political party's ideas into practice by force. Remove Your Kids from the government indoctrination system: I would rather my children be uneducated than be educated by the State. Government schools are designed to slave-up and dumb-down your kids. Everything about the government school system is wrong: segregation by age vs. ability, the compulsory pledge of allegiance, and the use of collective punishment, corporal punishment, and public shaming as obedience techniques. Red/Yellow/Green classroom management techniques, restrictions on movement without permission, lack of freedom to use the restroom without permission, mandatory vaccinations, and indoctrinating kids into a hidden religion: Statism. It is much better to use private schooling, homeschooling, or unschooling, especially if your kids are old enough to learn auto-didactically and are capable of self-directed learning focused on their interests.

Become a scholar: *“The truth is not for all men, but only for those who seek it.”* - Ayn Rand

Wake up two more people... and then have them wake up two more: After you become a scholar yourself, simply wake up two additional people and get them to commit to waking up two additional people and continuing the chain. It's really that simple.

Prepare for the worst: Because the gov't, the markets, and the dollar have been managed by organized crime for so long, the mafia's political puppets have, of course, looted the nation. The U.S. economy is a Ponzi scheme in which bankers give themselves the ability to create money out of thin air and where they have attempted to buy the world with their rapidly depreciating fiat-paper tickets. The government is on the hook for \$20 trillion in debt and unfunded liabilities between 75-200+ trillion. [Social Security is actuarially insolvent](#), the system has been raided, and [trillions of dollars in government IOUs are left](#). [The Pentagon can't account for over \\$10 trillion](#), and local and state government pension schemes are underfunded, looted, and/or mismanaged. The [government's illegitimacy and criminality are being exposed](#), and cryptocurrencies, community currencies, barter, and agorism are starting to challenge the economic system. Don't be surprised when the Ponzi scheme collapses.

Give small: Through micro-donations and donation aggregators like [Patreon](#), it is possible to easily support a dozen worthy organizations for \$12 a month. Please understand that consistent income is the lifeblood of the arts, independent media producers, and the developing alternative media. No gift is too small if it is regular and dependable.

Give big: If you have the resources, please consider supporting freedom and the liberty movement in a big way. Water a thousand flowers... selectively... Think strategically: 1. We win the intelligentsia, and they drag the rest of society. Water the authentic voices of the growing alternative media, the foundations and economics programs that support the Austrian school of economics, liberty, and freedom: [Mises Institute](#), [Foundation for Economic Education](#), [Future of Freedom Foundation](#), [Freedom Force International](#), [The Concious Resistance Network](#), [Tax Revolution Institute](#), [Architects and Engineers for 9-11 Truth](#), [The Anti-Media](#), and [Understanding Your Slavery/The Discourse of Involuntary Servitude](#) (our humble effort).

Diversify into and use Bitcoin, Bitcoin Cash, Dash, and other crypto-currencies + barter + commodity money + community currencies: The better you and your community are diversified into \$USD alternatives, the more resilient you will be against a dollar collapse or devaluation. Would you like to help wake up friends and family and support large-scale cult deprogramming? - The team at [Understanding Your Slavery](#) is soliciting donations in crypto-currencies and rapidly depreciating fiat paper tickets.

Here is our strategy:

We are going after the visual learners and accelerating their “Time-to-Insight”! - People like pictures, and 65-70% of folks are visual learners who learn best and fastest when they see information rather than simply hear it. Humans are also the world’s best pattern recognition machines, and repetition of the control techniques reveals that this system is formulaic, deceitful, and indoctrinated.

We are both fast-to-insight and thorough! - Because it’s hard-to-catch someone’s attention, most people don’t have time for a full length book, and many people learn in short bursts, we are creating posters, memes, and infographics geared towards busy people and those with low attention spans.

We are accurate and well-referenced - While this is a draft, we are aggressively fact-checking, footnoting, and referencing everything with authoritative, scholarly research delivered in a variety of formats (website, documentaries) for individual learning preferences. We are crowd-sourced, so if you see something incorrect or would like to contribute, please e-mail me at: Etienne.delaBoetie@gmail.com

We are going multi-format - We are creating posters, downloadable PDFs, interactive infographics, and eventually, video content geared to catching attention and fast-insight but providing the background, facts, and references.

We are taking it to the schools - The interactive posters/infographics we are designing are formatted for the hundreds of thousands of interactive touch-screen SMART Boards and Promethean boards in K-12 classrooms and universities. We will be producing the interactive program on cool, inexpensive thumb drives that will include other informational warfare assets. We call this drive **The Liberator**. We think there is a resistance movement within the government's mandatory schools, and we

are going to get both students and "School Sakharov's" the information weapons they need to help expose the control system and mitigate the harm to the kids. You can download the contents of the Liberator, including the stickers needed to wrap a blank USB drive here: <https://www.dropbox.com/sh/cocj4c4g4dge5ae/AAD989ik8cHQaoINjIrw9q3da?dl=0>

We are looking to collaborate - We are looking for voluntaryist writers, researchers, videographers, documentarians, graphic designers, and artists who would like to work on a paid project that exposes the organized crime gangster government and their control and obedience techniques.

We are looking to be well-funded - We are looking to partner with "idea-philanthropists" and liberty donors interested in getting hundreds of thousands (millions?) of students exposed to the ideas of liberty, and we are exploring crowd-funding this effort to ensure we are well-capitalized for accuracy, impact, and viral growth. If you are interested in investing in neo-abolitionism and large-scale cult-deprogramming we have a plan and the team.

Please Support Understanding Your Slavery!

The Five Questions – Larken Rose’s challenge to University Professors and School Teachers Who Support the State with its Violence/Theft
Can your teacher or professor answer these 5 questions to your satisfaction and morality?

- 1) Is there any means by which any number of individuals can delegate to someone else the moral right to do something which none of the individuals has the moral right to do themselves?
- 2) Do those who wield political power (presidents, legislators, etc.) have the moral right to do things which other people do not have the moral right to do? If so, in what way and how do they acquire such a right?
- 3) Is there any process (e.g., elections, elections, legislature) by which human beings can transform an immoral act into a moral act (without changing the act itself)?
- 4) When law makes and law enforces law coercion and force in the name of law and government, do they bear the same responsibility for their actions that anyone else would who did the same thing or his own?
- 5) When there is a conflict between an individual's own moral conscience, and the commands of a political authority, is the individual morally obligated to do what he personally views as wrong in order to "obey the law"?

This poster is a summary of 20+ techniques used by the Nazis, Soviet Union, East Germany, and the United States to indoctrinate free, sentient, children into the pseudo-religion of Statism and a tax slavery system run by an inter-generational organized crime cartel centered around banking, central banking, and the military-industrial complex. The book, *Understanding Your Slavery*, is available for free download at www.understandingyourslavery.com where you can also download: **The Liberator** — A viral thumb drive full of liberty resources that both expose the control system and provide the healthy alternatives of voluntarism/anarchy, freedom, love, tolerance, agorism, counter-economics, and crypto-currencies.

With the book *Understanding Your Slavery*, we tried to keep it short and use images to accelerate and deepen understanding. With the poster we are doing the same thing condensed to a single large format overview that can be printed cost-effectively at a print shop OR on a large format printer/plotter OR displayed on the hundreds of thousands of interactive Smartboards in high school and college classrooms. You can also screenshot the image above and use it in social media. Throw it up on the wall in your mandatory government school and ask the teacher or professor why they are using the same techniques as the Nazis and Soviets and see if they can answer Larken Rose’s 5 Questions!

Quotes from the original *Discourse of Voluntary Servitude* – Etienne de la Boetie, 1576

It is incredible how as soon as a people become subject, it promptly falls into such complete forgetfulness of its freedom that it can hardly be roused to the point of regaining it, obeying so easily and willingly that one is led to say that this people has not so much lost its liberty as won its enslavement.

It has always happened that tyrants, in order to strengthen their power, have made every effort to train their people not only in obedience and servility toward themselves, but also in adoration.

Resolve to serve no more, and you are at once freed. I do not ask that you place hands upon the tyrant to topple him over, but simply that you support him no longer; then you will behold him, like a great Colossus whose pedestal has been pulled away, fall of his own weight and break into pieces.

Tyrants would distribute largess, a bushel of wheat, a gallon of wine, and a sesterce: and then everybody would shamelessly cry, “Long live the King!” The fools did not realize that they were merely recovering a portion of their own property, and that their ruler could not have given them what they were receiving without having first taken it from them.

Liberty is the natural condition of the people. Servitude, however, is fostered when people are raised in subjection. People are trained to adore rulers. While freedom is forgotten by many there are always some who will never submit.

The dictator does not consider his power firmly established until he has reached the point where there is no man under him who is of any worth. ... This method tyrants use of stultifying their subjects cannot be more clearly observed than in what Cyrus did with the Lydians after he had taken Sardis, their chief city, and had at his mercy the captured Croesus, their

fabulously rich king. When news was brought to him that the people of Sardis had rebelled, it would have been easy for him to reduce them by force; but being unwilling either to sack such a fine city or to maintain an army there to police it, he thought of an unusual expedient for reducing it. He established in it brothels, taverns, and public games, and issued the proclamation that the inhabitants were to enjoy them. He found this type of garrison so effective that he never again had to draw the sword against the Lydians. These wretched people enjoyed themselves inventing all kinds of games, so that the Latins have derived the word from them, and what we call pastimes they call ludi, as if they meant to say Lydi. Not all tyrants have manifested so clearly their intention to effeminize their victims; but in fact, what the aforementioned despot publicly proclaimed and put into effect, most of the others have pursued secretly as an end.

Men are like handsome race horses who first bite the bit and later like it, and rearing under the saddle a while soon learn to enjoy displaying their harness and prance proudly beneath their trappings. Men will grow accustomed to the idea that they have always been in subjection, that their fathers lived in the same way; they will think they are obliged to suffer this evil, and will persuade themselves by example and imitation of others, finally investing those who order them around with proprietary rights, based on the idea that it has always been that way.

“There are always a few, better endowed than others, who feel the weight of the yoke and cannot restrain themselves from attempting to shake it off: these are the men who never become tamed under subjection. These are in fact the men who, possessed of clear minds and far-sighted spirit, are not satisfied, like the brutish mass, to see only what is at their feet, but rather look about them, behind and before, and even recall the things of the past in order to judge those of the future, and compare both with their present condition. These are the ones who, having good minds of their own, have further trained them by study and learning. Even if liberty had entirely perished from the earth, such men would invent it. For them slavery has no satisfactions, no matter how well disguised.”

About the Book: *Understanding Your Slavery* exposes the hidden control system and pseudo-religion of Statism used by organized crime interests centered around banking and central banking to manage the population. Using historical photographs, memes, and infographics the book is designed to accelerate and deepen the understanding of the 70% of the population who are visual learners. The book catalogs 20+ techniques used by the Nazis, Soviet Union, East Germany and the United States to take free, sentient children and indoctrinate them into a worldview that produces obedient “tax-payers” and classic “shave-headed cult members” willing to kill foreigners on command or enforce on their fellow tax slaves. Etienne de la Boetie² is the nom de guerre of a voluntaryist/anarchist author, father, technology entrepreneur, cyclist, runner, hot yogi, racquetballer, scuba-diver, multi-disciplinarian truther, armchair economist, cryptocurrency enthusiast, and neo-abolitionist who is experimenting with large-scale cult deprogramming. Mr. Boetie² distills 20+ years of research into short, easily-digestible treatises on individual subjects and optimizes them for the 70% of society who are visual learners. Boetie includes references and links to more comprehensive research and the “authentic voices” of the developing alternative media to counter organized crime’s “propaganda matrix” of six companies running hundreds of subsidiaries to offer the illusion of choice.

Mr. Boetie² is exposing the hidden curriculum of organized crime’s mandatory government schools and scouting programs: The hidden religion of Statism, obedience, fealty, “order-following” and tax slavery, by providing students and honest teachers: **The Liberator** – A viral thumb drive full of liberty resources that both expose the control system and provide the healthy alternatives of voluntaryism/anarchy, freedom, love, tolerance, agorism, counter-economics, and crypto-currencies. Mr. Boetie² lives on the Silicon Plantation of Northern Virginia where he stands ready to help federal, state and local law enforcement understand the people and organizations behind organized crime’s control of the government and media.
