

HIDDEN KNOWLEDGE

Origins and Techniques of Monarch Mind Control

by VC on DECEMBER 12, 2012 [356 COMMENTS](#)

Monarch Programming is a method of mind control used by numerous organizations for covert purposes. It is a continuation of project MK-ULTRA, a mind-control program developed by the CIA, and tested on the military and civilians. The methods are astonishingly sadistic (its entire purpose is to traumatize the victim) and the expected results are horrifying: The creation of a mind-controlled slave who can be triggered at anytime to perform any action required by the handler. While mass media ignores this issue, over 2 million Americans have gone through the horrors of this program. This article looks at the origins of Monarch programming and some of its methods and symbolism.

NOTE: This article contains disturbing elements and might trigger Monarch survivors.

Monarch programming is a mind-control technique comprising elements of Satanic Ritual Abuse (SRA) and Multiple Personality Disorder (MPD). It utilizes a combination of psychology, neuroscience and occult rituals to create within the slaves an alter persona that can be triggered and programmed by the handlers. Monarch slaves are used by several organizations connected with the world elite in fields such as the military, sex slavery and the entertainment industry. This article will look at the origins of Monarch programming, its techniques and its symbolism.

Origins

Throughout the course of history, several accounts have been recorded describing rituals and practices resembling mind control. One of the earliest writings giving reference to the use of occultism to manipulate the mind can be found in the Egyptian Book of the Dead. It is a compilation of rituals, heavily studied by today's secret societies, which describes methods of torture and intimidation (to create trauma), the use of potions (drugs) and the casting of spells (hypnotism), ultimately resulting in the total enslavement of the initiate. Other events ascribed to black magic, sorcery and demon possession (where the victim is animated by an outside force) are also ancestors of Monarch programming.

It is, however, during the 20th century that mind control became a science in the modern sense of the term, where thousands of subjects have been systematically observed, documented and experimented on.

One of the first methodical studies on trauma-based mind control were conducted by Josef Mengele, a physician working in Nazi concentration camps. He initially gained notoriety for being one of the SS physicians who supervised the selection of arriving prisoners, determining who was to be killed and who was to become a forced labourer. However, he is mostly known for performing grisly human experiments on camp inmates, including children, for which Mengele was called the "Angel of Death".

Joseph Mengele, 1935

Mengele is infamous for his sordid human experiments on concentration camps prisoners, especially on twins. A part of his work that is rarely mentioned however, is his research on mind control. Much of his research in this field was confiscated by the Allies and is still classified to this day.

“DR. GREEN (Dr. Joseph Mengele): The most significant programmer, perhaps one could give him the title of the father of Monarch Programming was Joseph Mengele, an ex-Nazi Concentration Camp doctor. Thousands of Monarch mindcontrolled slaves in the U.S. had “Dr. Green” as their chief programmer.” [1. Fritz Springmeier, The Illuminati Formula to Create a Mind Control Slave]

“Dr. Joseph Mengele of Auschwitz notoriety was the principle developer of the trauma-based Monarch Project and the CIA’s MK Ultra mind control programs. Mengele and approximately 5, 000 other high ranking Nazis were secretly moved into the United States and South America in the aftermath of World War II in an Operation designated Paperclip. The Nazis continued their work in developing mind control and rocketry technologies in secret underground military bases. The only thing we were told about was the rocketry work with former Nazi star celebrities like Warner Von Braun. The killers, torturers, and mutilators of innocent human beings were kept discretely out of sight, but busy in U.S. underground military facilities which gradually became home to thousands upon thousands of kidnapped American children snatched off the streets (about one million per year) and placed into iron bar cages stacked from floor to ceiling as part of the ‘training’. These children would be used to further refine and perfect Mengele’s mind control technologies. Certain selected children (at least the ones who survived the ‘training’) would become future mind controlled slaves who could be used for thousands of different jobs ranging anywhere from sexual slavery to assassinations. A substantial portion of these children, who were considered expendable, were intentionally slaughtered in front of (and by) the other children in order to traumatize the selected trainee into total compliance and submission”. [2. Ken Adachi, Mind Control the Ultimate Terror]

Mengele’s research served as a basis for the covert, illegal CIA human research program named MK-ULTRA.

Declassified MK-Ultra document

Project MK-ULTRA ran from the early 1950s to at least the late 1960s, using American and Canadian citizens as its test subjects. The published evidence indicates that Project MK-ULTRA involved the use of many methodologies to manipulate individual mental states and alter brain functions, including the surreptitious administration of drugs and other chemicals, sensory deprivation, isolation, and verbal and physical abuse.

The most publicized experiments conducted by MK-ULTRA involved the administration of LSD on unwitting human subjects, including CIA employees, military personnel, doctors, other government agents, prostitutes, mentally ill patients, and members of the general public, in order to study their reactions.

However, the scope of MK-ULTRA does not however stop. Experiments involving violent electroshocks, physical and mental torture and abuse were used in a systematic matter on many subjects, including children.

Declassified picture of a young MK-ULTRA subject, 1961.

Although the admitted goals of the projects were to develop torture and interrogation methods to use on the country's enemies, some historians asserted that the project aimed to create "Manchurian Candidates", programmed to perform various acts such as assassinations and other covert missions.

MK-ULTRA was brought to light by various commissions in the 1970s, including the Rockefeller Commission of 1975. Although it is claimed that the CIA stopped such experiments after these commissions, some whistle-blowers have come forth stating that the project simply went "underground" and Monarch Programming has become the classified successor of MK-ULTRA.

The most incriminating statement to date made by a government official as to the possible existence of Project MONARCH was extracted by Anton Chaitkin, a writer for the publication *The New Federalist*. When former CIA Director William Colby was asked directly, "What about monarch?" he replied angrily and ambiguously, "We stopped that between the late 1960s and the early 1970s." [3. Anton Chaitkin, "Franklin Witnesses Implicate FBI and U.S. Elites in Torture and Murder of Children", *The New Federalist*]

Monarch Programming

Although there has never been any official admittance of the existence of Monarch programming, prominent researchers have documented the systematic use of trauma on subjects for mind-control purposes. Some survivors, with the help of dedicated therapists, were able to "deprogram" themselves to then go on record and disclose the horrifying details of their ordeals.

Monarch slaves are mainly used by organizations to carry out operations using patsies trained to perform specific tasks, who do not question orders, who do not remember their actions and, if discovered, who automatically commit suicide. They are the perfect scapegoats for high-profile assassinations (see Sirhan Sirhan), the ideal candidates for prostitution, slavery and private movie productions. They are also the perfect puppet performers for the entertainment industry.

"What I can say is I now believe that ritual-abuse programming is widespread, is systematic, is very organized from highly esoteric information which is published no-where, has not been on any book or talk show, that we have found it all around this country and at least one foreign country.

People say, "What's the purpose of it?" My best guess is that the purpose of it is that they want an army of Manchurian Candidates, ten of thousands of mental robots who will do prostitution, do movies, smuggle narcotics, engage in international arms smuggling, all sorts of very lucrative things, and do their bidding and eventually the megalomaniacs at the top believe they'll create a Satanic Order that will rule the world". [4. D. Corydon Hammond, Ph.D]

Monarch programmers cause intense trauma to subjects through the use of electroshock, torture, abuse and mind games in order to force them to dissociate from reality – a natural response in some people when they are faced with unbearable pain. The subject's ability to dissociate is a major requirement and it is, apparently, most readily found in children that come from families with multiple generations of abuse. Mental dissociation enables the handlers to create walled-off personas in the subject's psyche, which can then be

programmed and triggered at will.

“Trauma-based mind control programming can be defined as systematic torture that blocks the victim’s capacity for conscious processing (through pain, terror, drugs, illusion, sensory deprivation, sensory over-stimulation, oxygen deprivation, cold, heat, spinning, brain stimulation, and often, near-death), and then employs suggestion and/or classical and operant conditioning (consistent with well-established behavioral modification principles) to implant thoughts, directives, and perceptions in the unconscious mind, often in newly-formed trauma-induced dissociated identities, that force the victim to do, feel, think, or perceive things for the purposes of the programmer. The objective is for the victim to follow directives with no conscious awareness, including execution of acts in clear violation of the victim’s moral principles, spiritual convictions, and volition.

Installation of mind control programming relies on the victim’s capacity to dissociate, which permits the creation of new walled-off personalities to “hold” and “hide” programming. Already dissociative children are prime “candidates” for programming”. [5. Ellen P. Lacter, Ph.D., The Relationship Between Mind Control Programming and Ritual Abuse]

Monarch mind control is covertly used by various groups and organizations for various purposes. According to Fritz Springmeier, these groups are known as “The Network” and form the backbone of the New World Order.

Origins of the Name

Monarch mind control is named after the Monarch butterfly – an insect who begins its life as a worm (representing undeveloped potential) and, after a period of cocooning (programming) is reborn as a beautiful butterflies (the Monarch slave). Some characteristics specific to the Monarch butterfly are also applicable to mind control.

“One of the primary reasons that the Monarch mind-control programming was named Monarch programming was because of the Monarch butterfly. The Monarch butterfly learns where it was born (its roots) and it passes this knowledge via genetics on to its offspring (from generation to generation). This was one of the key animals that tipped scientists off, that knowledge can be passed genetically. The Monarch program is based upon Illuminati and Nazi goals to create a Master race in part through genetics. If knowledge can be passed genetically (which it is), then it is important that parents be found that can pass the correct knowledge onto those victims selected for the Monarch mind control.” [6. Ibid.]

“When a person is undergoing trauma induced by electroshock, a feeling of light-headedness is evidenced; as if one is floating or fluttering like a butterfly. There is also a symbolic representation pertaining to the transformation or metamorphosis of this beautiful insect: from a caterpillar to a cocoon (dormancy, inactivity), to a butterfly (new creation) which will return to its point of origin. Such is the migratory pattern that makes this species unique.” [7. Ron Patton, Project Monarch]

Method

The victim/survivor is called a “slave” by the programmer/handler, who in turn is perceived as “master” or “god.” About 75% are female, since they possess a higher tolerance for pain and tend to dissociate more easily than males. Monarch handlers seek the compartmentalization of their subject’s psyche in multiple and separate alter personas using trauma to cause dissociation.

The following is a partial list of these forms of torture:

1. Abuse and torture
2. Confinement in boxes, cages, coffins, etc, or burial (often with an opening or air-tube for oxygen)
3. Restraint with ropes, chains, cuffs, etc.
4. Near-drowning
5. Extremes of heat and cold, including submersion in ice water and burning chemicals
6. Skinning (only top layers of the skin are removed in victims intended to survive)
7. Spinning
8. Blinding light
9. Electric shock
10. Forced ingestion of offensive body fluids and matter, such as blood, urine, feces, flesh, etc.
11. Hung in painful positions or upside down
12. Hunger and thirst
13. Sleep deprivation
14. Compression with weights and devices
15. Sensory deprivation
16. Drugs to create illusion, confusion, and amnesia, often given by injection or intravenously
17. Ingestion or intravenous toxic chemicals to create pain or illness, including chemotherapy agents
18. Limbs pulled or dislocated
19. Application of snakes, spiders, maggots, rats, and other animals to induce fear and disgust

20. Near-death experiences, commonly asphyxiation by choking or drowning, with immediate resuscitation
22. Forced to perform or witness abuse, torture and sacrifice of people and animals, usually with knives
23. Forced participation in slavery
24. Abuse to become pregnant; the fetus is then aborted for ritual use, or the baby is taken for sacrifice or enslavement
25. Spiritual abuse to cause victim to feel possessed, harassed, and controlled internally by spirits or demons
26. Desecration of Judeo-Christian beliefs and forms of worship; dedication to Satan or other deities
27. Abuse and illusion to convince victims that God is evil, such as convincing a child that God has abused her
28. Surgery to torture, experiment, or cause the perception of physical or spiritual bombs or implants
29. Harm or threats of harm to family, friends, loved ones, pets, and other victims, to force compliance
30. Use of illusion and virtual reality to confuse and create non-credible disclosure [8. Ellen P. Lacter, Ph.D., Kinds of Torture Endured in Ritual Abuse and Trauma-Based Mind Control]

“The basis for the success of the Monarch mind-control programming is that different personalities or personality parts called alters can be created who do not know each other, but who can take the body at different times. The amnesia walls that are built by traumas, form a protective shield of secrecy that protects the abusers from being found out, and prevents the front personalities who hold the body much of the time to know how their System of alters is being used. The shield of secrecy allows cult members to live and work around other people and remain totally undetected. The front alters can be wonderful Christians, and the deeper alters can be the worst type of Satanic monster imaginable—a Dr. Jekyll/Mr. Hyde effect. A great deal is at stake in maintaining the secrecy of the intelligence agency or the occult group which is controlling the slave. The success rate of this type of programming is high but when it fails, the failures are discarded through death. Each trauma and torture serves a purpose. A great deal of experimentation and research went into finding out what can and can't be done. Charts were made showing how much torture a given body weight at a given age can handle without death.” [9. Springmeier, op. cit.]

“Due to the severe trauma induced through ECT, abuse and other methods, the mind splits off into alternate personalities from the core. Formerly referred to as Multiple Personality Disorder, it is presently recognized as Dissociative Identity

Disorder and is the basis for MONARCH programming. Further conditioning of the victim's mind is enhanced through hypnotism, double-bind coercion, pleasure-pain reversals, food, water, sleep and sensory deprivation, along with various drugs which alter certain cerebral functions". [10. Patton, op. cit.]

Dissociation is thus achieved by traumatizing the subject, using systematic abuse and using terrifying occult rituals. Once a split in the core personality occurs, an "internal world" can be created and alter personas can be programmed using tools such as music, movies (especially Disney productions) and fairy tales. These visual and audio aids enhance the programming process using images, symbols, meanings and concepts. Created alters can then be accessed using trigger words or symbols programmed into the subject's psyche by the handler. Some of the most common internal images seen by mind control slaves are trees, Cabalistic Tree of life, infinity loops, ancient symbols and letters, spider webs, mirrors, glass shattering, masks, castles, mazes, demons, butterflies, hour glasses, clocks and robots. These symbols are commonly inserted in popular culture movies and videos for two reasons: to desensitize the majority of the population, using subliminals and neuro-linguistic programming and to deliberately construct specific triggers and keys for base programming of highly-impressionable MONARCH children. [11. Ibid.] Some of the movies used in Monarch programming include *The Wizard of Oz*, *Alice in Wonderland*, *Pinocchio* and *Sleeping Beauty*.

The movie *The Wizard of Oz* is used by Monarch handlers to program their slaves. Symbols and meanings in the movie become triggers in the slave's mind enabling easy access to the slave's mind by the handler. In popular culture, veiled references to Monarch programming often use analogies to *The Wizard of Oz* and *Alice in Wonderland*.

In each case, the slave is given a particular interpretation of the movie's storyline in order to enhance programming. For example, a slave watching *The Wizard of Oz* is taught that "somewhere over the rainbow" is the "happy place" dissociative trauma slaves must go to in order to escape the unbearable pain being inflicted upon them. Using the movie, programmers encourage slaves to go "over the rainbow" and dissociate, effectively separating their minds from their bodies.

"As mentioned before, the hypnotist will find children easier to hypnotize if they know how to do it with small children. One method that is effective is to say to the small children, "Imagine you are watching a favorite television show." This is why the Disney movies and the other shows are so important to the programmers. They are the perfect hypnotic tool to get the child's mind to dissociate in the right

direction. The programmers have been using movies since almost day one to help children learn the hypnotic scripts. For children they need to be part of the hypnotic process. If the hypnotist allows the child to make up his own imagery, the hypnotic suggestions will be stronger. Rather than telling the child the color of a dog, the programmer can ask the child. This is where the books and films shown the child assist in steering its mind in the right direction. If the hypnotist talks to a child, he must take extra precaution not to change the tone of his voice and to have smooth transitions. Most of the Disney films are used for programming purposes. Some of them are specifically designed for mind-control.” [12. Springmeier, op. cit.]

Levels of Monarch Programming

The levels of Monarch Programming identify the slave’s “functions” and are named after the Electroencephalography (EEG) brainwaves associated with them.

Types of brain waves in EEG

Regarded as “general” or regular programming, **ALPHA** is within the base control personality. It characterized by extremely pronounced memory retention, along with substantially increased physical strength and visual acuity. Alpha programming is accomplished through deliberately subdividing the victims personality which, in essence, causes a left brain-right brain division, allowing for a programmed union of Left and Right through neuron pathway stimulation.

BETA is referred to as “sexual” programming (slaves). This programming eliminates all learned moral convictions and stimulates the primitive instinct, devoid of inhibitions. “Cat” alters may come out at this level. Known as Kitten programming, it is the most visible kind of programming as some female celebrities, models, actresses and singers have been subjected to this kind of programming. In popular culture, clothing with feline prints often denote Kitten programming.

DELTA is known as “killer” programming and was originally developed for training special agents or elite soldiers (i.e. Delta Force, First Earth Battalion, Mossad, etc.) in covert operations. Optimal adrenal output and controlled aggression is evident. Subjects are devoid of fear and very systematic in carrying out their assignment. Self-destruct or suicide instructions are layered in at this level.

THETA – Considered to the “psychic” programming. *Bloodliners* (those coming from multi-generational Satanic families) were determined to exhibit a greater propensity for having telepathic abilities than did non-bloodliners. Due to its evident limitations, however,

various forms of electronic mind control systems were developed and introduced, namely, bio-medical human telemetry devices (brain implants), directed-energy lasers using microwaves and/or electromagnetics. It is reported these are used in conjunction with highly-advanced computers and sophisticated satellite tracking systems. [13. Patton, op. cit.]

In Conclusion

It is difficult to remain objective when describing the horrors endured by Monarch slaves. The extreme violence, the abuse, the mental torture and sadistic games inflicted on victims by “notable scientists” and high-level officials prove the existence of a true “dark side” in the powers that be. Despite the revelations, the documents and the whistle-blowers, a great majority of the population ignores, dismisses or avoids the issue altogether. Over two million Americans have been programmed by trauma mind-control since 1947 and the CIA publicly admitted its mind control projects in 1970. Movies such as *The Manchurian Candidate* have directly referred to the subject, even depicting actual techniques, such as electroshock, the use of trigger words and microchip implementation. Several public figures we see on our TV and movie screens are mind control slaves. Famous people such as **Candy Jones**, **Celia Imrie** and **Sirhan Sirhan** have gone on record and disclosed their mind control experiences...and yet the general public claims that it “cannot exist”.

The research and funds invested in project Monarch do not however only apply to mind control slaves. Many of the programming techniques perfected in these experiments are applied on a mass scale through mass media. Mainstream news, movies, music videos, advertisements and television shows are conceived using the most advanced data on human behavior ever compiled. A lot of this comes from Monarch programming.

What I want to know, is in the "industry", what person in their right mind would submit to this kind of torture and/or what parent would allow this kind of crap being done to their child? I just cannot fathom that someone would willingly submit to this in order to be famous or that any kind of parent would allow this done to their child. And if for some reason, the torture occurred outside of the parent being informed, wouldn't they recognize something was wrong with their child?

I have always abhorred the idea of torture but this stuff goes way beyond just simple physical pain. To me it's the cold hearted degradation of the human psyche that's the real terrible part of mind programming. With all my heart I welcome the Law of Karma to swing back and show all the "people" willingly participating the error of their ways.

All the victims of abuse speak up together NOW-there are so many of you and of loving souls who will support the expulsion of the sickness that is controlling our world.

This is just real horror. For last 2-4 years in Russia thousands of people were found with lost memory. With similar stories-reported lost for 4-6 and more weeks, not knowing their names, home address, phone, relatives, spouses- absolutely nothing. Upon discussing the matter we concluded that it is government conducting secret experiment. What is more most of the "lost" were middle aged men. Only in one case severe head trauma was discovered. And not even single one of them could describe what'd happened.

Is it direct continuation/competition to MK Ultra/Monarch brain altering?

One more story. Some 26 years ago guy named S----n was called to Soviet Army. He, as most of Christ followers refused to take an oath. After couple days of threats colonel said- you will take it anyway. Tomorrow.

Next day powerful hypnosis practitioner came, S.... were called in and this servant of darkness look directly in S....n eyes. S....n prayed in spirit and smiled looking strait.

"You possess such a great power and do not know how to put it into practice"-said hypnosis programmer.

Stay on right side-nothing would harm Gods elect for- me it is a precious lesson.

P.S. The story is true!

I'm surprised you don't mention that the invention of Christianity by the Roman imperial Flavius/Piso family was based on mind control techniques. And to this day all religions are basically methods of mind control designed to manipulate their followers.

A classic mind-control tenet is: the bigger the lie, the less likely it is to be recognised as a lie. The entire Bible, and everything based on it, is fiction. But if your parents and everyone around you claims it's true, who are you to follow your instincts and doubt it?

The whole point of the New Testament is to make the people happy slaves who won't rebel against their elite overlords. And it works very well. When it's not telling you to turn the other cheek or wait for your reward in heaven, it's mystifying gobbledygook about walking on water or virgin births.

I look forward to a VC analysis of the New Testament. You could start your research here:

VC, I can't help but wonder with all you've discussed on programming: Britney, Marilyn Monroe, music videos, movies, etc... And then potentially the fallout of such programming: CO shooting, CT shooting (read something about the last Batman movie referencing sandy hook in one scene), and God only knows what else... Could the programming and triggering be coming from a various media sources? And if so, how can one discern between them, if its being put on for the masses...?

Religion, God, mythology, shamanism, entering into a trance in order to achieve 'psychic' information, and the manipulation and slavery of humans by other humans, are all separate and different things.

There is a true God, but as stated above, it's not the same as what's written in the bible, and does not perform unbelievable miracles. The true God is based on truth, and therefore is more believable, since it works with the power of nature, according to the laws of nature and God. The battles of God vs. Satan, and good vs. evil, in relation to the real natural world of an integrated natural system, don't need those kinds of polarised battles. Everything is in balance and miracles are enshrined within the natural laws of nature, within the true balance of spirit within essence within the natural laws.

VC, thanks so much for this comprehensive breakdown of monarch trauma based mind control. I've been a student of this stuff for years and I have been trying to find the right document to reference my friends to.

Because to the newly awakened this information is simply unbelievable and absurd... definitely can't refer these curious minds to springmeiers book quite yet.... it would just be too much. But you nailed it here. Bravo and all your research is much appreciated by so many of us. Thank you good sir!

Only came across this researching Mengele... basically, it's partial truths and partial lies/conspiracy theories. I feel very sorry for those who truly believe in "satanic ritual abuse" (THAT is brainwashed hogwash - particularly that found in that satanist scare in the 80s where the devil was supposedly behind things like rock music), and while yes the government in the US has done research into psychoactive drugs and there have been people affected, and that certainly breeches in human rights have occurred multiple times like they always do and will continue to do so - the level you guys take it to and elaborate is comical. Some are obviously paranoid, some just jump on the bandwagon, but few have anything legitimate to complain about. I've run across all this before and making rational statements got me classified as CIA (really?)... oh wait, that was more the reptilian/Icke believers who all clearly have mental problems, my bad for not differentiating. I do think this is different in that there is a base to the beliefs but then it gets twisted and morphed by delusion versus being delusional in the first place. Although with some, like the chap I left a comment to above, who clearly have inherent mental problems, just get help. Everyone else, stop being stupid and focus on real atrocities like millions of women going through FGM in third world countries and the superficiality of media realistically versus illusion. K thanks bye.

This kind of stuff makes me sad for the world. By all means, focus on delusions versus reality... because really, this is simply saying "it's all about me without basis in reality". I was getting nauseated reading about Mengele and this article made me nauseated in a different way. As these types of articles usually do. I don't find them funny anymore, they just make me sad for the human race.

After reading some of the material on the site I feel the need to comment.

The analysis of the symbolism is very interesting in many of these media sources. I agree that the use of these symbols is to much to be merely coincidental. There is a reason they are used, whether for shock value, cultural significance, or some other reason. However, I don't buy the elaborate conspiracy theory about cults ruling the world. I also don't buy the vast brainwashing conspiracy.

To my mind it violates Hanlon's razor too blatantly. Also, many of the references strike me as simple confirmation bias. Plus, I think you give these mind-control techniques too much credence. Experiments in human psychology never work as well as you're claiming here. I don't buy that there are massive numbers of mind-controlled zombies walking around doing the bidding of cultish secret societies. I don't know of any other way to describe that than some form of paranoia.

Also see the way child soldiers are made to visit the most awful atrocities upon people in their village, often on family.

Surely "political correctness" is a form of mind control? It misappropriates the main insight of cognitive behavioural therapy (CBT) - that the way we speak to ourselves and to others influences how we think - to shape our reactions to immigration, mass vaccination programs, politics - the list is endless.

I have been doing lots of research on this topic. It does not sound impossible to me. They know way more than we think and are using their method to creat a world with superficial ppl. Who only care about the latest trend or the hottest celebs. Pls is all out there. The only thing is that some ppl dont look at things with an open mind therefor cant see the reality of things. The gov is corrupted we should all know this by now. This is very much possible and i believe it is. Maybe as they abuse it we might get a closer look to see on our own. Open your eyes ppl this is not a joke.

Just watched part of a Documentary in a trauma counseling training - A Child At Risk. It is about ritualistic abuse, one of the cases of which was Satanic ritual abuse. Of course finding it may be impossible, but it was focused on two schools (one a preschool) in the USA.

We are learning, albeit slowly

I'm just curious as to how you folks define "mind control." What, exactly, falls in this category? It's not just government testing, right? So is it all advertising? All persuasive writing? All teaching? All use of (your very long list of) symbols? It's fairly obvious that politicians, advertisers, professors, journalists, bloggers, your parents, your friends, etc. are all trying to get you to see things their way. That's what "persuasive" means. But you can choose to ignore them. See: I had a professor say, "Read Ezra Pound." I did, and didn't like him much. Boom: poetic canon, resisted. I tell my students, "Write essays like this." But you bet I'll be pleased as punch if they write well and in their own style, not mine. Is that mind control?

Anyone can be manipulated to do almost anything.

Humans have a weakness which is buried deep in our psyche which has been pondered even before Sigmund Freud, however has been somewhat mastered control over since his hypothesis to describe it. His nephew, Edward Bernays, ever since had developed his theory into a control system for the masses. First the commercial industry loved it but once politicians learned it's power, they have created it into a secret science, in plain view. Every hierarchical system has been utilizing control methods and usually not for the greater good.

God, to me, is a factor of our need to know the unknown which has developed our minds, brains and bodies from what ever we were before and evolving into our present day form and function but it is nothing more than X. In Algebra, X may be a unknown variable that can be represented in an equation in order for us not to be halted and progress may continue forward. IE: $(2x+6x=8x)$. But here is the kicker that I think most of the comments on this page can not find understanding in one or the other beliefs. X could actually be a negative or even 0 for that matter.

In other words, if the bible was created to be used as a control device to manipulate the masses, then, it is very well a possibility that the devil himself was the force behind its creation. Some passages could be construed to be this or be taken quite the other way but because I see X as 0, it makes more sense to me that man wrote it for personal gain rather than having a supernatural divinity.

If history has taught us anything it is that humans are inherently "evil" and it is our intellect, ability to learn and knowledge that gives us control over come these animalistic natures. When we accept X as God and all that pertains to it in whatever religion, I don't believe it gives us that ability to move past an equation, in that, acceptance gives us comfort in the belief whether it is true or not. That satisfaction, whether being the car everyone else is buying, a religion taught as truth since birth or a political candidates lies to gain power over the masses, I believe is what Freud's theory is truly about.

It is not until we explore beyond what we perceive to know that we learn we have been ignorant to the next truth. I say NEXT because like the Matryoshka nesting dolls, we can not postulate effectively the contents until we have opened it and examined the next layer. Much the same way each planet was discovered in our solar system beyond the visible through mathematics.

Anyone can be manipulated to do almost anything and we have been killing each other for one cause or another since pre-religion, pre-political and pre-historic so I really don't see the above as being all that out of the range of possibilities.

This was a question from a reader to Svali; an ex-illuminate raised in the occult and programmer.

: Do they consider the Christian God real, but a liar?

A: The Illuminati believe in the deification of men through knowledge. They know that there are supernatural beings who help them in this process, but they don't necessarily divide things into "good and bad", rather "enlightened" or "unenlightened". They believe that the Christian God is real, but that adherents of Christianity are one step short of enlightenment, that they do not know the "full picture" as they do. They see Christians as sheep who follow a nice story created to help them feel better, because they are "too weak" to want to know the "full truth". (This is what an illuminist would say in describing the difference). They tend to be cynical towards the Christian God, to see him as a placebo for the weak.

Q: Do they consider their own god a liar, even if for "good"? If so, how do they trust their god?

A: They do not consider their gods (they have several) as liars. These "gods" have given them power, wealth, status, and everything that they have asked for. Yes, at a price, a horrible price, but they believe that nothing comes cheaply, and the higher the price they have paid, the more they value the gift. It is hard to explain this type to thinking to someone outside the group, because mainstream society wants to see them as evil satanists, and opposed to Christianity. They themselves wouldn't put it quite that way. Oh, they will mock and downgrade Christianity, but only because they want its followers to see that they are the 'deceived ones'. The god of this world has truly blinded their eyes. Do they "trust" their gods? As much as they trust anything. Remember, trust is not a concept in this group, where "betrayal is the greatest good" is a maxim taught since childhood. If you asked them, do you "trust" your deity, they would look puzzled, and say, "only a foolish person trusts what they cannot

know" or some other maxim.

A must read "Trance-Formation of America" - <http://www.trance-formation.com/>

TRANCE Formation of America is the first documented autobiography of a victim of government mind control. Cathy O'Brien is the only vocal and recovered survivor of the Central Intelligence Agency's MK-Ultra Project Monarch operation. Tracing her path from child ****ography and recruitment into the program to serving as a top-level intelligence agent and White House sex slave, TRANCE Formation of America is a definitive eye-witness account of government corruption that implicates some of the most prominent figures in U.S. politics.

This seems to be an early example of disturbing MK Ultra tortures and experiments.

-> http://en.wikipedia.org/wiki/Frances_Farmer#Claims_of_ill-treatment

American actress Frances Farmer spent several years in an asylum during the 1940s.

Farmer recounted her stay in the state asylum as "unbearable terror": "I was raped by orderlies, gnawed on by rats and poisoned by tainted food. I was chained in padded cells, strapped into strait-jackets and half-drowned in ice baths."

Conditions were barbaric. Both criminals and the mentally *****ed were crowded together, their meals thrown on the floor to be fought over. Farmer was subjected to regular and continuous electroshock. In addition, she was prostituted to soldiers from the local military base and raped and abused by the orderlies. One of the most vivid recollections of some veterans of the institution would be the sight of Frances Farmer being held down by the orderlies and raped by drunken gangs of soldiers. She was also used as an experimental subject for drugs such as Thorazine, Stelazine, Mellaril and Proxilin. Some other claims included her being forced to eat her own feces.

its always a joke reading a baseless skeptics response.. it makes you wonder why they even took the time to say so little..... they essentially do nothing but try and undermine who they disagree with by merely calling names and talking down. not by actually proving anything or addressing any of the many specific things presented in the case.. they just give you some flawed logic in an attempt for a quick brush off.. and its not even eloquently put.. they just sound angry and immature. and they literally give no legit reason to doubt whatever is that they doubt. they just try to make it seem extremely socially unacceptable to align yourself with ideas like this. i've been dealing with dips**** like that for years... there is literally no rational reason to be phased by them.
