@Vinesofclarity

Is it merely a coincidence that they've completely replaced covid propaganda with war propaganda right around the time of releasing pages of adverse reactions to experimental products they coerced people to take globally?

## **Pfizer Drops Deadly Side Effects Document Bomb On Vaccine Consumers**

A 38-page report included in the documents features an Appendix, "LIST OF ADVERSE EVENTS OF SPECIAL INTEREST," that lists 1,291 different adverse events following vaccination. The list includes acute kidney injury, acute flaccid myelitis, anti-sperm antibody positive, brain stem embolism, brain stem thrombosis, cardiac arrest, cardiac failure, cardiac ventricular thrombosis, cardiogenic shock, central nervous system vasculitis, death neonatal, deep vein thrombosis, encephalitis brain stem, encephalitis

hemorrhagic, frontal lobe epilepsy, foaming at mouth, epileptic psychosis, facial paralysis, fetal distress syndrome, gastrointestinal amyloidosis, generalized tonic-clonic seizure, Hashimoto's encephalopathy, hepatic vascular thrombosis, herpes zoster reactivation, immune-mediated hepatitis, interstitial lung disease, jugular vein embolism, juvenile myoclonic epilepsy, liver injury, low birth weight, multisystem inflammatory syndrome in children, myocarditis, neonatal seizure, pancreatitis, pneumonia, stillbirth, tachycardia, temporal lobe epilepsy, testicular autoimmunity, thrombotic cerebral infarction, Type 1 diabetes mellitus, venous thrombosis neonatal, and vertebral artery thrombosis among 1,246 other medical conditions following vaccination.

## This is why your doctor gets aggressive.

Blue Cross Blue Shield pays your doctor a \$40,000 bonus for fully vaccinating 100 patients under the age of 2. If your doctor manages to fully vaccinate 200 patients, that bonus jumps to \$80,000.

But here's the catch: Under Blue Cross Blue Shield's rules, pediatricians **lose the whole bonus** unless at least 63% of patients are fully vaccinated, and that includes the flu vaccine. So it's not just \$400 on your child's head—it could be the whole bonus. To your doctor, your decision to vaccinate your child might be worth \$40,000, or much more, depending on the size of his or her practice.

To paint a house in California,  
you have to have 4 years of  
experience signed off by a general  
contractor or union rep.

k Then you have to take two 3 hour  
mkly121 tests that cost \$330.

Then you have to pay the state  
almost \$500...

In Texas, you have to buy a brush.

has enough OIL to fuel every passenger car for **430** years,  
enough NATURAL GAS to provide electricity for **575** years,  
and enough COAL to provide electricity for about **500** years.

In another **430** years, don't you think we will have alternate fuel sources? Why then are we paying out the nose to foreign countries for fuel now?

"We Jews have put issue upon issue to the American people. Then we promote both sides of the issue as confusion reigns. With their eye's fixed on the issues, they fail to see who is behind every scene. We Jews toy with the American public as a cat toys with a mouse."
