No. Pages:

Initials:

_____ County/ The City of _____ is a political subdivision of the State of California. As such, you, The Board of Supervisors/ The City Council are bound by your oath of office to support and defend the Constitution of the United States of America and the Constitution of the State of California against all enemies, foreign, and domestic. All County/ City employees are subject to the same allegiance and prohibitions.

Under Article 1 Section 10 of the U.S. Constitution, states are prohibited from implementing foreign political initiatives through its prohibition by states of engaging in treaties, Alliances or Confederations. Specifically, support and implementation of the United Nations Agenda 21 Sustainable Development under direction of an NGO called ICLEI(International Council for Local Environmental Initiatives, now also known as ICLEI - Local Governments for Sustainability) violates constitutionally imposed limitations upon your legal authority.

Although Sebastopol may no longer pay annual ICLEI membership dues, the city is still voting on international matters under explicit policies and orders from ICLEI which violates your oath of office. These actions constitute the crime of treason.

The following facts give rise to the condition of treasonous violation of Article 1 of the U.S. Constitution:

Since the city is implementing ICLEI policies, the ICLEI Charter is explicitly accepted. (Charter 2.5) Local government is authorized to operate under the Constitution of the State of California, not the Charter of a U.N. accredited NGO, doctrines or policies.

Under ICLEI policies, the Charter and By-Laws:

- Charter 1.6 Representation Mandate: "ICLEI shall serve as an international representative for its members and campaign participants by providing advocacy before national and international governments..."

-Charter 1.7 Adopt the Earth Charter Principles. The Earth Charter violates American principles including sovereignty, protection of unalienable rights, etc.

-ICLEI Declaration of Commitment reflects the key content of the Strategic Plan.

The following additional facts give rise to the condition of treasonous violations:

- The United Nations Agenda 21 is a comprehensive plan of extreme environmentalism, social engineering, and global political control that was initiated at the United Nations Conference on Environment and Development (UNCED) held in Rio de Janeiro, Brazil, in 1992 to subvert the U.S. Constitution of the United States and the Bill of Rights and to advance the UN Agenda upon falsified science of invented mass pollution. This is documented in the JFK study released in 1966 called "The Iron Mountain Report" and was known to be a treasonous plot against the American People. Further, documents of treason are the "Silent Weapons Quiet Wars" and the "NWO Exposed by Insider 1969".
- The United Nations Agenda 21 is being covertly pushed into local communities throughout the United States of America through the International Council for Local Environmental Initiatives (ICLEI) through local "sustainable development" policies such as Smart Growth, Wildlands Project, Resilient Cities, regional Visioning Projects, and other "Green" or "Alternative" projects.
- The United Nations Agenda 21 plan of radical so-called "sustainable development" views the American way of life of private property ownership, single family homes, private car ownership and individual travel choices, and privately owned farms; all as destructive to the environment.
- According to the United Nations Agenda 21 policy, social justice is described as the right and opportunity of all people to benefit equally from the resources afforded us by society and the environment which would be accomplished by socialist/communist redistribution of wealth.
- According to United Nations Agenda 21 policy National sovereignty is deemed as social injustice.

At the United Nations Conference on Human Settlements HABITAT I -- Vancouver 1976, 'Social Justice' is defined as:

“We commit to address SOCIAL INJUSTICE. Land cannot be treated as an ordinary asset, controlled by individuals. Private land ownership is also a principle instrument of accumulation and concentration of wealth and therefore contributes to SOCIAL INJUSTICE. Public control of land use is therefore indispensable.”

Accordingly you have violated your oath of office as you are implementing foreign policies that are clearly inconsistent with the Constitution of California and of the U.S. Constitution.

Article 1 Section 10 of the Constitution of the United States of America states:

“NO STATE shall enter into and Treaty, Alliance, or Confederation...”
As a political subdivision of the state, you are bound by the same prohibition.

California Penal code § 38 is clear.

Misprision of treason:

“Misprision of treason is the knowledge and concealment of treason, without otherwise assenting to or participation in the crime. It is punishable by imprisonment in the state prison.”

Consider this notice as a legal notice of treasonous activities conducted through your offices. You have accepted, by oath of office, the responsibility of protecting the rights of the citizens. Instead, you are engaged in a globalist program designed to abolish the political recognition of every individual's natural rights including the right to use and enjoy private property.

To reverse this transgression the following actions need to be taken:

- Immediately sever all connections to ICLEI and ICLEI policies.
- Immediately start the process of mitigating the damage caused by ICLEI policies.
- Do not initiate or approve the Climate Action Plan that is a template on the ICLEI website. This plan is treasonous and furthers Agenda 21 which subverts all our rights and Constitutional sovereignty.
- Expose the destructive and insidious nature of the United Nations Agenda 21 to the public and the public policy makers and advise of the dangerous intent of the plan.
- Reject United Nations Agenda 21 destructive strategies for "sustainable" development and reject any grant monies attached to it.

The US government and no state or local government is legally bound by the United Nations Agenda 21 Treaty in that has never been endorsed by the US Senate.

I am/ We are available to provide further input regarding this matter if you find that necessary.
