

Title: U.N. PLAN TO DESIGNATE '**WILDERNESS**' AREAS THAT WILL BE OFF LIMITS TO ANY HUMAN ACTIVITY IS GOING ON RIGHT UNDER OUR NOSES! "**Re-Wilding**" is the term and it shall cost you your current Private Property and all your Rights to own Private Property - Part 1

Subtitle: America's Map is being quietly redrawn, to create vast areas where no human activity -- especially living -- will be tolerated. This plan is called the "Rewilding" Project. Once it is fully implemented, you will be told where you can live and what occupation you will be allowed to work, if you are allowed to live at all. Weather Modification and Control are the specific tools being used, because the storms look so "natural".

The New World Order is coming! Are you ready? Once you understand what this New World Order really is, and how it is being gradually implemented, you will be able to see it progressing in your daily news!!

**SPIRITUAL WARFARE AT THIS
END OF THE AGE**

Environmental events are going to start occurring so rapidly, and with such ferocity, that people will literally be scared out of their minds. In fact, they may be so scared that they would allow their government to "temporarily" suspend their civil liberties, judicial rights, and Constitutional government in exchange for "protection" from the forces which are ravaging the globe.

You also need to understand that "Extreme Environmentalism" is the driving force behind much of this panic. However, the planning for these awful panics began a very long time ago.

Please understand that this New World Order Plan was created, in its outline form, in the mid-1700's. When you understand this fact, much of what is occurring today will be absolutely believable and will make a great deal of sense to you. Let us review two quotes from the oldest known New World Order planning document, "*The Protocols of the Learned Elders of Zion*".

Written with a very thin cover as the plan of worldwide Jewry to gain control of the world, this plan is, in reality, a most comprehensive Illuminist plan as to how to achieve the New World Order. The exact date in which the Protocols was written is obscured, but some believe it was written in the late 1700's. When I read this little volume, I am amazed at the supernatural insight into human behavior these authors possessed. Armed with the advantage of historical hindsight, I am also amazed at how many of the plans they say needed to have been made have already occurred; finally, as you see the storm clouds gathering on the horizon, you must understand that the Protocols foresaw most of the terrible events about to befall mankind.

Listen, now, to their plans as the world is just about to enter the final phase of the transition into their 'kingdom', the New World Order.

"When we come into our kingdom, our orators will expound great problems which have turned humanity upside down in order to bring it, at the end, under our beneficent rule. Who will ever suspect, then, that all these peoples were stage-managed by us according to a political plan which no one has so much as guessed at in the course of many centuries?" [*"The Protocols of the Learned Elders of Zion"*, end of Protocol No. 13.]

Wow!! None of the peoples who are living at the time when the kingdom of the New World Order is being established, will ever understand that they have been 'stage-managed' by their leaders according to a plan that is

several centuries old!! The New World Order literature quite boldly declares, time and time again, that their plan is a conspiracy.

Listen to another New World Order author boldly state that the final world events leading to the appearance of Antichrist and his reign, have been tightly scripted. Read these words carefully, for you will be shocked; you will further realize that world leaders are tightly controlled by their demonic "Guiding Spirits".

"Their script is now written, subject only to last-minute editing and stage-directions. The stage itself, albeit as yet in darkness, is almost ready. Down in the pit, the subterranean orchestra is already tuning up. The last-minute, walk-on parts have already taken up their roles. Most of the main actors ... have already taken up their roles. Soon, it will be time for them to come on stage, ready for the curtain to arise. The time for action will have come." [*"The Armageddon Script"*, by Peter Lemesurier, p. 252, published 1981]

Thus, when you see war break out in the Middle East, you know that the whole war was tightly scripted and that the Illuminati controls both sides; when the planned "nuclear confrontation in Korea that threatens mankind's existence" breaks out, remember that war was scripted; when China invades Taiwan, know that was part of the plan, too; finally, when the terrorism against our cities breaks out, remember they were just as well planned as the original attacks of 9/11.

Why, then, do people find it so difficult to believe that a conspiracy exists and is trying mightily to take your freedoms and your very life? The more the Government tries to "explain" away the UFO controversy, the more people see right through them, and believe the more strongly in UFO's and Aliens. And, the more the Government and people like Rush Limbaugh and Hollywood attack conspiracy notions, the more you should realize they exist.

But, of course, the major reason I believe in conspiracy is because the Bible strongly teaches that, at the End of the Age, Satan will work through world leaders to gradually reorganize the world politically, economically, and spiritually, for the express purpose of handing this new power over to the Antichrist [Revelation 17:12-17; Daniel 7:7-8]. Of course, the Bible states in Genesis 3 that Satan conspired against God in the Garden of Eden to deceive Adam and Eve so they would disobey God and sin. Then, in Isaiah 14:12-15, God tells us of the original rebellion in Heaven, where Lucifer conspired against God's authority and power. These verses tell us that Lucifer conspired to take over God's throne and rule the universe. Finally, in Revelation 12:3-4, we get the final piece of the puzzle, where Lucifer is pictured as a fiery red dragon, who caused one-third of the angels of heaven to join him in his rebellion against God.

Therefore, born again Christians should naturally expect a conspiracy at the End of the Age, and be on the lookout for it. Thus it was, that I was not surprised to read New Age literature about the plans of the New World Order, describing these plans as an "open conspiracy". In so many ways, New Age writings about the coming New World Order parallel Biblical prophecy. This is a faith building time for Fundamental Christians, who know their Bibles, to be alive and to be a light within our communities, even though in many other ways, this is the most sin scarred time period in history!

But, today, we shall talk about another type of planned event that shall devastate our world as we know it; this part of the plan will take away your Private Property, can throw you into a government preserve, will kill two-thirds of mankind, and will highly regulate the survivors and their activities. Many people call this part of the plan, "Extreme Environmentalism" and it is one of the keys to the implementation of the New World Order. Another term for this plan is "Re-Wilding" which simply means allowing the land to go back to the original 'wild' nature after all human activity is swept away. This plan is being implemented through the United Nations

organization, UNESCO, an organization that deserves to be feared above all others.

Before we get into this subject, let us review a very important statement that former Soviet President Gorbachev made concerning the extremely important role that Environmental Extremism was to play in the successful implementation of Antichrist and his kingdom.

Quote of the Century: "The threat of environmental crisis will be the 'international disaster key' that will unlock the New World Order." [Mikhail Gorbachev, quoted in "*A Special Report: The Wildlands Project Unleashes Its War On Mankind*", by Marilyn Brannan, Associate Editor, Monetary & Economic Review, 1996, p. 5.]

PHILOSOPHY BEHIND EXTREME ENVIRONMENTALISM

One of the major teachings of humanism is that man is no better than the animals. In fact, he is just an animal more highly evolved. However, top leaders of the New World Order Plan have taken this concept to a new, and more radical, plane. They are insisting that man has evolved into such a "predatory" animal, that he threatens all other animals, and Mother Earth herself [Gaia is her name] with extinction. Man's "predatory" nature now threatening the world is manifested in his pollution and destruction of the environment and his destruction

of the many species of wildlife.

Therefore, man is a dangerous "animal" that must be controlled by other men who have spiritually "evolved" into a higher state than the rest of us humans. Of course, these "more highly evolved" humans just so happen to be the ones who are controlling governments, global institutions, and armed forces today that are spearheading the drive to the New World Order!! They have concocted many extreme environmental "crises" that are global in nature, and are being promoted by schools and various governmental agencies as "turning mankind upside down". Further, expect that we shall soon hear that Mars was destroyed by men who mindlessly and carelessly polluted her, with the implication that we had better stop our current way of living that is doing the same environmental damage to Earth!!

The New World Order Plan -- represented by this map -- envisions that over 50% of America will be set aside so that no human activity whatsoever can occur within these set aside areas (Red "Core Reserve" Areas on above map, plus the Yellow "Buffer Zones"). This plan is being implemented, right under our very noses, and always with the highest sounding rhetoric possible. It seems to be a principle with the Illuminati, that, whenever they want to enact legislation that will destroy us, or enslave us, they do so with the highest flying rhetoric they can possibly write. I guess we should beware whenever we hear a politician sounding off about how much they care about us, or how much they are about to do for us! Adolf Hitler was one of the greatest orators who ever lived; all his programs were instituted with high-flying rhetoric.

Today, we want to focus on two specific instances where either Congress and/or the White House has been implementing this United Nations plan to set aside over 50% of all of America for the express purpose of denying human beings access to any of this land. But, before we actually begin this study, let us hear the appropriate quote again, from one of the current leaders in this effort, Reed Noss, Director of *The Wildlands Project*. Noss stated the goal very succinctly:

"The collective needs of non-human species must take precedence over the needs and desires of humans." [*'A Special Report: The Wildlands Project Unleashes Its War On Mankind'*, by Marilyn Brannan, Associate Editor, Monetary & Economic Review, p. 5. Emphasis ours]

Now, let us look at these two instances where the "collective needs of non-human species" [like the spotted owl, other endangered species, including fish] are being given precedence over the needs of man.

The first instance is a Senate Bill [S-546], called the Northern Forest Stewardship Act. This bill would "acquire" 26 million acres of rural northern New England, for the express purpose of shutting down the forests and rural communities of New England, thus denying any human activity! In 1991, Brock Evans, then Vice-President and Chief Lobbyist for the National Audubon Society, spoke to environmentalist leaders in the Boston area about the activities planned for setting aside huge tracts of land in the Northeast. Brock said,

"This will be an even bigger campaign in the next few years than the Ancient Forest Campaign we're just going through in the Pacific Northwest ... I don't agree that we can't get it all back ... I don't agree that it shouldn't all be in the public domain." [Ibid.]

This statement is just as Draconian as it sounds. Did you catch his statement that he believes his organization can get "it all back"? When you look at this map, above, you should let this quote stay in your mind for as long as necessary to understand that the land he wants to "get all back" includes your Private Property! This statement also reveals the ultimate hypocrisy and final political goal of the Extreme Environmentalists; they really are not that concerned for the Spotted Owl or the Ancient Forests, for their real goal is to "Re-Wild" North America, taking down our Industrial Civilization in the process! [Read [NEWS1693](#) and [NEWS1694](#) for more understanding as to why they hate our Industrial Civilization so much]

Under this bill, three Federal Land agencies -- the National Park Service, the U.S. Fish and Wildlife Service and the U.S. Forest Service -- will write regulations defining how they will 'assist' the states and embark on a massive land acquisition planning program. That will then lead to preauthorized Federally-funded state and Federal land acquisition, with no limits on where they will buy or the cost. In other words, the Federal Government is so committed to "acquiring" this land that they will not be limited by such mundane considerations like cost! Obviously, this project means a great deal to our politicians.

When I look at the map showing these "acquired" areas of America that are going to be set aside for "non-human species", I can see that most of the extreme Northeast is thus set aside! Where an area is not completely forbidden to humans, it is crisscrossed with "Human Buffer Zones" which "severely limit use" by humans. The entire Northeast is planned to be carefully mapped out in this manner. The entire Northwest is similarly set aside, as are most of the West and Midwest states; in 1981, I read that the Extremist Environmentalists wanted to give all this area back to the Indians and thought they were crazy. Little did I know that their radical plan was developed in the minds of the Illuminati, who controlled Congress, the White House and most state governments.

This *Northern Forest Stewardship Act* is a most deliberate, planned bill that actually implements this terrible

plan. Most of this beautiful, heavily wooded area is going to be put off limits to human living, commerce, and recreational activity!

But, you ask, what about the private owners of this "acquired" land? What about their rights?

"Landowners need not be notified until the final stages, when, according to one patronizing section of the bill, you will be 'involved in a meaningful way that acknowledges [your] concerns about public land acquisition' - before the acquisitions proceed regardless of your 'concerns'. [*"Northern New England Land Grab Legislation"*, 29 July 1997, Kepi Newsletter]

In other words, you, the private property owner, will be notified just before your land is to be confiscated. The government will base its actions upon both this land use bill and its established right of "eminent domain". When this plan gets into full swing, the landowner or property owner should not expect to receive a dollar value anywhere close to the full market value of their property. Of course, everyone will want to move out anyway, because the normal economy of this region will immediately be ruined, as all natural resources will be declared "sustainable preserves" that will be off limits to any business or city for any reason. Commerce will die, as is the plan!

Or, the area will be ruined by a series of horrible, unprecedented natural disasters. The final confiscation will occur under Antichrist as he simply declares that Mother Gaia cannot take our Industrial Civilization anymore, so all mankind must comply with the requirements of this map, above!

The second action that the Federal Government is using to attempt to enact this U.N. "Biodiversity" Plan, whereby over 50% of all of America will be denied human access, is an initiative called "American Heritage Rivers' Initiative". [All quotes taken from *"What It Means In A Nutshell: American River's Initiative"*, 25 July, 1997, Kepi Newsletter]

"In his State of the Union Address, President Clinton announced he would designate 10 Heritage Rivers this year. His plan to create the 'American Heritage Rivers Initiative' by presidential proclamation was announced in the Federal Register May 21." This Heritage River Act was one of Clinton's favorite environmental initiatives, so he spent a considerable amount of time and energy promoting it.

Of course, this plan creates a dangerous precedent of acting by Presidential Proclamation rather than through the normal legislative process through the U.S. Congress. However, we should not be too surprised, since many of the details of this coming New World Order Plan in this country have been set into place by Presidential Executive Order. Even F.E.M.A. [Federal Emergency Management Association] was created by Executive Order. F.E.M.A. is the organization which will take over the day-to-day operations of the Federal Government as the total planned disasters begin to unfold, disasters which we have repeatedly stated are designed to panic the American people into allowing their freedoms and their Constitutional Government to be disbanded.

Under this American Heritage Rivers Plan, "nomination of rivers can come from any source in or outside a 'River Community'." In other words, a river can be 'nominated' to be declared a Heritage River System, either by local residents or officials in Washington, D.C. Can you hazard a guess as to who will be doing most of the nominating? The President, of course.

Once someone 'nominates' a river system under this plan, designation will be permanent. How convenient this little detail is!!! In other words, once a particular river system is nominated, no act of Congress will be able to change this designation!

But, there is more horror! This designation can include the *entire watershed*!! Do you realize how long many of our rivers run in this country? A major river system can run many, many thousands of miles, and can cut through dozens of states. Furthermore, these long rivers are fed by thousands to streams and smaller rivers, emptying a watershed that is of enormous size!!

Tens of millions of people will be affected! When you realize that the same type of property confiscation authority that we have discussed in the Northern Forest Stewardship Act will probably be in force here, you can see that the Federal Government is planning on setting aside huge amounts of territory!! Obviously, the entire Mississippi River System must be first on their list.

How does the Federal Government plan to initialize and carry out this vast program?

"Thirteen (13) federal agencies will be involved in planning, implementation, management and enforcement. A federally appointed 'River Navigator' will control all land use and management activities in the area. Federal agencies will be granted '...flexibility from certain bureaucratic requirements' allowing them to avoid rules which may now limit activity . Aerial photography and satellite surveillance will be used to police the program. Only the president has final approval of the initiative".

In other words, the Federal officials that will be implementing this program will be bound by no rules and no laws that might prevent them from absolutely taking over!! Is this Communist Russia? No, this is just the New World Order NAFTA, intent upon enslaving us as we enter this global system of Antichrist.

This American Heritage Rivers' Initiative has been slowed dramatically as opposition has suddenly exploded from many quarters. However, in the last several years, this initiative has gone forward again, dramatically. Listen:

"The heart of the American Heritage Rivers initiative is locally driven and designed solutions. The federal role is confined to fostering community empowerment, while providing focused attention and resources to help river communities restore their environment, revitalize their economy, renew their culture and preserve their history." [<http://www.epa.gov/rivers/>]

Their annual conference will be held in El Paso, Texas, November 3 - 4, 2003. This reality should give the lie that President Bush cancelled this program. Adolf Hitler pulled the same trick again and again on his opponents between 1933-1939; he would cancel a controversial program and then reinstate it later very quietly, sometimes under a different name. Hitler's opponents never were successful in getting him to really and truly cancel any program!

Then, we checked to see which river systems in North America were designated so far as American Heritage Rivers. Not only was the Mississippi River on the list, but other well-known river systems, including the huge Willamette River in Oregon. [<http://www.epa.gov/rivers/98rivers/>] When you realize that the entire watershed system of these rivers are part of the River Heritage plan, you can see that huge amounts of territory in North America are permanently set aside. If you own property on this land, you still have possession of it only because the time of final resolution is not yet here.

This brings me to the final point: I do not see how the final details of this plan to set aside so much of America for the express purpose of denying human activity can possibly be enacted as long as we are still voting for officials of Congress and state legislators. Therefore, we can expect that the more stringent parts of this Plan will await the planned disasters and crises about which we have repeatedly warned.

New Age writers, like Ruth Montgomery, have spoken about these crises a lot. Let us allow her to have the last word on this part of the plan. Ruth admits that her books are the result of demonic spirits [whom she calls 'guides'] writing through her, in a process called 'Automatic Writing'. In her book, "Herald of the New Age", Ruth prepares her readers for the terrible events which must occur before the world can enter into the "wonderful" New World Order. As you read Ruth's warnings, you will recognize the prophecies of the Book of Revelation.

"As they had promised, the Guides completed their account of "The World Before" [another Ruth Montgomery book] by opening a door to future events, and many of these predictions of ... years ago have already come to pass; yet the most ominous warning they issued concerned the entire planet . A shift of the earth on its axis will occur ... they insisted ... it will, nevertheless, cause widespread devastation to life as we know it. Millions will pass into spirit, and those millions who survive in physical body will live through trying times until a new era of peace and understanding is built on what remains, plus newly risen lands. "Those who fear death should put it firmly from their minds', they insisted, 'as this planetary cleansing is inevitable and our spirits are eternal ...' " {pages 184-185}.

Can you see the Yellowstone eruption in this paragraph? In any massive eruption of a volcano, there are nearly always "newly risen lands". Certainly, a devastation caused by a 600-mile radius killing blow will "cause widespread devastation to life as we know it. Millions will pass into spirit, and those millions who survive in physical body will live through trying times until a new era of peace and understanding is built on what remains".

What remains will be represented by this map, above.

The entire planet is going to go through a period of 'cleansing' in which all the old, outmoded forms of life are to be 'cleansed' so that only those who fully accept the claims of the New World Order and its Messiah, The Christ, will survive. Mother Gaia will play "Her" part in this cleansing experience, as "She" will turn on her axis, creating exceedingly great destruction and loss of life. Do not be deceived: this 'cleansing' is the same type of 'cleansing' which Adolf Hitler implemented against the Jews and his 12 million "others", as he 'cleansed' all the undesirables and undeserving from the earth.

As I read of these revelations through New Age writers of the coming chaos and destruction, I am reminded of the Book of Revelation in two ways. 1) The chaos and physical destructions seem eerily like those described in Revelation, as God pours out His judgments on the earth. 2) For the first time, I can understand what God was saying in Revelation 9:21. In Revelation 6-9, we read that two-thirds of mankind was destroyed by various judgments. Yet, in 9:21, God wonders aloud that "they did not repent of their murders or their practice of magic or their sexual vice or their thefts". How could this be? How could people experience such obvious judgments of God and not repent? Either their hearts must be incredibly hard, or they did not recognize these events as God's Judgments. But, how could they not recognize these disasters as judgments? Because New Age writers like Ruth Montgomery have already prepared them for these disasters, putting a false spin on them. Therefore, when they occur, these people will not recognize them as judgments from God, and will feel no need to 'repent' of anything.

But, now let us return to Ruth Montgomery, this time on page 190-191, as her demonic 'Guides' again begin to speak again of this coming chaos and physical destruction.

"Ruth's sessions at the typewriter grew farther and farther apart, but each time that she returned to the automatic writing, hoping that the Guides had something new to impart, they would start in again about the world changes that they could foresee. It was urgent, they insisted, that people be warned of the approaching planetary chaos. 'They must realize that after the shift, the earth's population will be so decimated that there will be limited opportunity for souls to return to life for a long time to come', they wrote 'At the time of the shift so many millions of souls will be coming over simultaneously that it will unduly tax our normal system of greeting and helping them to adjust to the fact that they are still alive but no longer in physical bodies.' "

Do you see how easily death is explained away? There is no fear of death and God's resulting judgment; rather, people's disembodied spirits are simply 'welcomed' in this supernatural realm and 'helped' to adjust to their new situation. As Ruth stated, a little later, on page 191, "... in reality there is no death, but only change ..." Does this not sound like the lie which Satan told Eve in the Garden of Eden? "You shall not surely die", said Satan to Eve.

Later, Ruth again returned to this concept of global catastrophe.

"This global catastrophe, the Guides claim, will cleanse the earth of pollution and evil people and will usher the long-awaited New Age of a thousand years of peace." [Ibid.]

How will "evil people" be "cleansed" from the Earth? One assumes, based upon Ruth's writings here, that Mother Gaia will cleanse them with her calamities; however, there is no way that earthquakes or hurricanes, or any natural disaster, can differentiate between "good" and "evil" people. Therefore, this "cleansing" of "evil people" can only come at the hands of the men who are implementing this coming New World Order. "Evil people" are consistently defined in New Age literature as people who cannot and do not accept the claims of The New Age Christ [Antichrist]. These "evil people" are to be "cleansed".

What does the Bible say about this "cleansing"? In Revelation 6:9, we read, "And when he had opened the fifth seal, I saw under the altar the souls of them that were slain for the word of God, and for the testimony which they held" This word, "slain" literally means "beheading", which just so happens to be the method of "cleansing" planned by the New World Order!!

Is it not convenient that New Agers also believe that their Messiah will reign in peace for 1,000 years? Of course, this is a counterfeit parallel to Revelation 20:4-5, where Jesus Christ, the True Messiah, will rule and reign for 1,000 years after the False Messiah, Antichrist, has finished his 7-year rule. In other words, the Bible foretells that two Messiahs will arise: the first will be the False, evil Messiah, whom the Bible calls Antichrist; the second will be the True, good Messiah, Jesus Christ.

But, did you know that the 'Guides' of Ruth Montgomery also parallel this Biblical sequence of events? On page 200, the Guides told Ruth all about this sequence of events.

"The Guides foresaw famine and war before the shift ... Near the time of the shift, which the Guides claim is inevitable, they said the Antichrist will rise to great power and will fool many before he is eventually perceived as evil and forcibly removed, making way for One who will follow and usher in the New Age of a thousand years of peace." [Ibid.]

Wow!! The Guides are warning of two Messiahs appearing, just as the Bible foretells! The first Messiah will be false, here called 'Antichrist', and the Guides predict he will deceive many. Isn't this exactly what is foretold in Scripture? Of course, it is, in the passages just quoted, above, plus in many others in both the Old and New Testaments. The first Messiah to appear in this New Age scenario is called 'Antichrist', by the demonic 'Spirit Guides', through New Age writer, Ruth Montgomery!

Amazing!! What makes this study so very exciting is that we can point out to everyone all of the instances where New Age Plans either fulfill Bible prophecy or parallel it!!

Then, the Guides take an abrupt turn in their discussion of the coming planetary chaos and destruction, as they begin to speak of the man who will be President of the United States at the time of this planetary shift. Before I begin the quotation, I feel the need to define a term which is most important to this discussion. The Guides say that many souls who have lived many incarnations in the past are now coming into the lives of individuals living now, in a process called "Walk-Ins". See Radio Transcript, [CE1050](#) for full details.

These "Walk-ins" fully appreciate the value of the coming New World Order and are prepared to "assist" the peoples of earth in achieving it. They are arriving in especially large numbers to "assist" the earth in this traumatic experience of the coming planetary destruction. The Guides told Montgomery that these Walk-ins were targeting people who were in authority throughout the earth, including the President of the United States!! As you listen to Montgomery's spirit Guides describe this phenomenon, please remember that these "walk-ins" are nothing more than demon possession!!

"During the next decade [1990's] and before the shift of the earth on its axis, the Guides told Ruth, a Walk-in will be elected President of the United States ... People will be aware of his special qualities ... many will realize his Walk-in status while others will think of him as a born-again Christian. He will tackle the problems with gusto, and ... he will deal with the spots of famine and the floods and turn people's attention to the potential shift of the earth. He may not call it by that name, since he will not wish to frighten the people ahead of time, but he will be openly discussing safe geographical areas and sponsoring projects in those sections of the country so that people can move there and find employment. He will stress the importance of cooperation among the newcomers with those who are already in those sparsely settled areas, and will see to it that one does not crowd out or infringe on the other. These are necessarily inland areas, and as the time for the shift approaches, he will begin quietly to alert governmental agencies of the need to be on guard ... for the populace will suddenly begin to swarm into those areas at the first signs of severe earth wobble. Even scientists will by then admit to foreseeing a shift, as the President starts preparing for the earth changes. The approaching planetary calamity ... will set the stage for the long-prophesied coming of the Antichrist ..." {pages 263-264}

Do you know what is happening here? President Clinton could very well have been this walk-in" President; we have documented the fact that he and Hillary are practicing Witches [Read articles in Clinton Section, <http://www.cuttingedge.org/articles/scandals.cfm>]. Now, you can appreciate why Clinton was so evil, and yet so effective for the Illuminati! Certainly, he and Vice President Al Gore accomplished much for the Extremist Environmentalist movement, and President Bush refused to roll back any of the environmental policies and Executive Orders issued by Clinton!

Remember Lemesurier's words at the end of his book, "*The Armageddon Script*"?

"Their script is now written, subject only to last-minute editing and stage-directions ... The last minute, walk-on parts are even now being filled. Most of the main actors, one suspects, have already taken up their roles. Soon it will be time for them to come on stage, ready for the curtain to rise. The time for action will have come." [Page 252, written in 1981]

We can only assume that both President Clinton and President Bush are "main actors". Certainly, they are acting in concert with the Plan to achieve the New World Order by setting aside all these land areas within the United States, and doing so with Executive Orders in most cases. Just as the Guides predicted, the President is not calling his plans by any name that sounds Draconian; rather, he is calling them euphemistic names, like *American Heritage Rivers Project* and *Northern Forest Stewardship Act*. Clinton is "sponsoring projects" that do not "crowd out or infringe on the other " Americans.

In Part 2, we shall discuss the fact that Hurricane Isabel was steered directly on to two of the most important U. N. Biosphere areas in the East Coast -- the Carolina - South Atlantic and the Virginia Coast biospheres. You shall find this article of extreme interest!

Truly, these draconian plans seem nearing completion. Remember, The New Age Christ is very important to this entire plan, for many of the most terrible parts of the plan cannot occur until he is on the world scene, powered by the supernatural power of the demonic host. We are marching toward our date with God's judgments.

Are you spiritually ready? Is your family? Are you adequately protecting your loved ones? This is the reason for this ministry, to enable you to first understand the peril facing you, and then help you develop strategies to warn and protect your loved ones. Once you have been thoroughly trained, you can also use your knowledge as a means to open the door of discussion with an unsaved person. I have been able to use it many times, and have seen people come to Jesus Christ as a result. These perilous times are also a time when we can reach many souls for Jesus Christ, making an eternal difference.

If you have accepted Jesus Christ as your personal Savior, but have been very lukewarm in your spiritual walk with Him, you need to immediately ask Him for forgiveness and for renewal. He will instantly forgive you, and fill your heart with the joy of the Holy Spirit. Then, you need to begin a daily walk of prayer and personal Bible Study.

If you have never accepted Jesus Christ as Savior, but have come to realize His reality and the approaching End of the Age, and want to accept His FREE Gift of Eternal Life, you can also do so now, in the privacy of your home. Once you accept Him as Savior, you are spiritually Born Again, and are as assured of Heaven as if you were already there. Then, you can rest assured that the Kingdom of Antichrist will not touch you spiritually.

If you would like to become Born Again, turn to our [Salvation Page](#) now.

We hope you have been blessed by this ministry, which seeks to educate and warn people, so that they can see the coming New World Order -- Kingdom of Antichrist -- in their [daily news](#).

Finally, we would love to hear from you.
