The asterisk (\*) following a plant name shows that the name is given by authors of the books.

# TCM Plant Traditional Effect Index

This index lists all 1311 normalized TCM traditional effects terms in English appeared in the encyclopedia in alphabetical order and the related plant code number (from T0001 to T6926) and Latin name follow the bold term immediately.

- abate fever** T0947 *Bixa orellana*, T3295 *Huperzia serrata* [Syn. *Lycopodium serratum*], T4516 *Oplopanax elatus*, T5626 *Ruta graveolens*.
- abate jaundice** T0672 *Artemisia capillaris*, T0695 *Artemisia scoparia* [Syn. *Artemisia capillaris* var. *scoparia*], T4538 *Oroxylum indicum*, T5414 *Ranunculus japonicus*, T6227 *Swertia mussotii*.
- abate swelling** T5740 *Sargassum vachellianum*.
- accept qi and calm asthma** T0554 *Aquilaria agallocha*, T0555 *Aquilaria sinensis*, T5270 *Psoralea corylifolia*.
- allay thirst** T0158 *Actinidia chinensis*, T0423 *Ampelopsis brevipedunculata*, T0976 *Bombyx mori*, T0988 *Bos taurus domesticus*; *Bubalus bubalis*, T1266 *Catha edulis*, T2222 *Diospyros lotus*, T2431 *Eriobotrya japonica*, T2763 *Fragaria ananassa*, T4102 *Mangifera indica*, T5332 *Punica granatum*, T5419 *Raphanus sativus*, T6347 *Terminalia chebula*, T6544 *Triticum aestivum* [Syn. *Triticum vulgare*].
- allay vexation and thirst** T3829 *Ligustrum robustum*.
- anesthetize** T0533 *Antiaris toxicaria* [Syn. *Ambora toxicaria*], T1674 *Corchorus capsularis*.
- anesthetize and settle pain** T0502 *Anisodus tanguticus* [Syn. *Scopolia tangutica*], T4323 *Murraya paniculata* [Syn. *Chalcas paniculata*], T4325 *Murraya paniculata* var. *exotica*, T5819 *Scopolia acutangula* [Syn. *Anisodus acutangulus*].
- antiallergic** T3936 *Luffa operculata*.
- anticancer** T0830 *Auricularia auricula*, T0831 *Auricularia delicata*, T1162 *Camptotheca acuminata*, T1271 *Catharanthus roseus* [Syn. *Vinca rosea*; *Lochera rosea*], T1318 *Cephalotaxus fortunei*, T1319 *Cephalotaxus hainanensis* [Syn. *Cephalotaxus mannii*], T1322 *Cephalotaxus oliveri*, T1323 *Cephalotaxus sinensis* [Syn. *Cephalotaxus harringtonia* var. *sinensis*], T1904 *Curcuma kwangsiensis*, T1909 *Curcuma zedoaria* [Syn. *Curcuma aeruginosa*], T2143 *Dianthus chinensis*, T2145 *Dianthus superbus*, T2147 *Dianthus versicolor*, T2748 *Fomes fomentarius* [Syn. *Pyropolyporus fomentarius*; *Boletus fomentarius*; *Polyporus fomentarius*], T2844 *Ganoderma applanatum*, T2897 *Gelsemium elegans*, T3229 *Herichium erinaceus* [Syn. *Hydnum erinaceus*], T3231 *Hernandia sonora* [Syn. *Hernandia ovigera*], T3742 *Lentinus edodes*, T4120 *Marsdenia tenacissima*, T4131 *Maytenus confertiflorus*, T4134 *Maytenus hookeri*, T5129 *Polyporus umbellatus*, T5396 *Rabdosia rubescens*, T6311 *Taxus cuspidata*, T6478 *Torreya jackii*.
- anticarcinoma** T0165 *Actinidia rubricaulis* var. *coriacea*, T3102 *Haplophyllum hispanicum*, T3325 *Hymenoxys grandiflora*, T3326 *Hymenoxys odorata*, T4130 *Maytenus chuchuhuasca*, T4366 *Naematoloma fasciculare*, T4367 *Naematoloma sublateritium*, T4457 *Nyssa sinensis*, T5830 *Scurrura atropurpurea*, T6109 *Stemona collinsae*.
- arouse liquor** T0860 *Balanophora japonica*, T1471 *Citrus chachiensis*, T1472 *Citrus chachiensis*, T1473 *Citrus cultivars*, T1474 *Citrus decumana*, T1478 *Citrus grandis*, T1516 *Citrus tankan*, T1517 *Citrus tankan*, T1518 *Citrus unshiu*, T2758 *Fortunella crassifolia*, T2759 *Fortunella japonica*, T2760 *Fortunella margarita*, T4088 *Malus pumila*.
- arouse spirit** T1608 *Coffea arabica*, T1610 *Coffea liberica*, T6416 *Thamnia vermicularis*.
- arrest diarrhea** T3348 *Hypericum elodeoides*, T3368 *Hypericum wightianum*, T5268 *Psidium guajava*, T5517 *Rhododendron molle*.
- astringe intestines** T4635 *Papaver somniferum*, T4637 *Papaver somniferum*, T5327 *Punica granatum*, T5329 *Punica granatum*, T5332 *Punica granatum*, T5361 *Pyrus betulaeifolia*, T6266 *Syzygium cumini*.
- astringe intestines and check diarrhea** T3162 *Helicia nilagirica*, T3569 *Juglans regia*, T4343 *Myrica esculent*, T4351 *Myristica fragrans*, T4629 *Papaver nudicaule*, T4630 *Papaver nudicaule* ssp. *amurense*, T4631 *Papaver nudicaule* var. *chinense*, T5228 *Prunus mume*, T5328 *Punica granatum*, T5568 *Rosa laevigata*.
- astringe intestines and check dysentery** T5112 *Polygonum perigrinatoris*.
- astringe intestines and secure essence** T5529 *Rhodomyrtus tomentosa*.
- astringe intestines and stanch bleeding** T0255 *Ailanthus altissima*, T6475 *Toona sinensis*.

- attack gastrointestinal accumulation** T2585 *Euphorbia esula*.
- attack toxin** T2650 *Excoecaria agallocha*, T2857 *Garcinia hanburyi*, T3287 *Huechys sanguinea*, T3327 *Hyoscyamus niger*.
- attack toxin and cure sores** T4265 *Momordica cochinchinensis*, T4338 *Mylabris phalerata*; *Mylabris cichorii*.
- attack toxin and dissipate binds** T1084 *Buthus martensi*.
- attack toxin and expel stasis** T4008 *Lytta caraganae*.
- attack toxin and kill worms** T3300 *Hydnocarpus anthelminticus*.
- attack toxin and relieve pain** T4240 *Millettia pachycarpa*.
- boost essence** T3279 *Homo sapiens*, T4658 *Parmelia tinctorum*.
- boost essence and blood** T1337 *Cervus nippon*; *Cervus elaphus*, T1455 *Cistanche deserticola*, T1456 *Cistanche salsa*, T1952 *Cynanchum auriculatum*, T1953 *Cynanchum bungei*, T1972 *Cynomorium songaricum*, T5927 *Sesamum indicum* [Syn. *Sesamum orientale*].
- boost essence and replenish marrow** T5446 *Rehmannia glutinosa* [Syn. *Rehmannia glutinosa* f. *huechingensis*].
- boost heart and liver** T3743 *Lentinus lepideus*.
- boost intestines and stomach** T1660 *Coprinus atramentarius*.
- boost kidney** T5938 *Setaria italica*, T6073 *Sphallerocarpus gracilis*, T6544 *Triticum aestivum* [Syn. *Triticum vulgare*], T6750 *Vicia sativa*.
- boost kidney and fortify spleen** T1958 *Cynanchum otophyllum*.
- boost kidney and nourish liver** T5498 *Rhodiola quadrifida*.
- boost kidney and quiet spirit** T5697 *Salvia trijuga*.
- boost kidney and secure essence** T4400 *Nelumbo nucifera*.
- boost kidney and settle asthma** T6264 *Syzygium buxifolium*.
- boost kidney and strengthen lumbus** T2540 *Euonymus fortunei*.
- boost kidney and strengthen sinews** T5848 *Securinega suffruticosa*.
- boost kidney and supplement vacuity** T1017 *Brassica oleracea* var. *capitata*.
- boost liver** T0541 *Apis cerana*.
- boost liver and brighten eyes** T0793 *Astragalus complanatus*.
- boost liver and kidney** T3389 *Ilex cornuta*, T3390 *Ilex cornuta*, T4828 *Photinia serrulata*.
- boost lung** T0985 *Bos taurus domesticus*; *Bubalus bubalis*.
- boost lung and kidney** T2195 *Dioscorea deltoidea*.
- boost lung and quiet heart** T6902 *Zea mays*.
- boost lung and relieve cough** T4350 *Myriopterion extensum*.
- boost lung and stomach** T0989 *Bos taurus domesticus*; *Bubalus bubalis*.
- boost qi** T1961 *Cynanchum thesioides*, T2837 *Gallus gallus domesticus*, T5244 *Prunus tomentosa*, T5924 *Sesamum indicum*, T6150 *Streptopelia orientalis*.
- boost qi and disinhibit water** T3981 *Lycopus lucidus*.
- boost qi and engender liquid** T1596 *Codonopsis canescens*, T1597 *Codonopsis clematidea*, T1599 *Codonopsis pilosula*, T1600 *Codonopsis pilosula* var. *modesta* [Syn. *Codonopsis modesta*], T1601 *Codonopsis subglobosa*, T1602 *Codonopsis tangshen*, T1603 *Codonopsis tubulosa*, T3447 *Ipomoea batatas* [Syn. *Convolvulus batatas*], T5791 *Schisandra chinensis*, T5802 *Schisandra sphenanthera*.
- boost qi and fortify spleen** T0041 *Acanthopanax senticosus* [Syn. *Eleutherococcus senticosus*], T0824 *Atractylodes macrocephala* [Syn. *Atractylis macrocephala*], T1254 *Castanea mollissima*, T1591 *Cocos nucifera*, T1593 *Cocos nucifera*, T4681 *Pedicularis decora*, T4902 *Pimpinella thelungiana*, T5260 *Pseudostellaria heterophylla*, T5465 *Rhaponticum carthamoides*, T6492 *Trapa bispinosa*.
- boost qi and nourish yin** T0163 *Actinidia latifolia*, T6087 *Spiranthes sinensis*.
- boost qi and secure exterior** T0791 *Astragalus chrysopterus*, T0794 *Astragalus ernestii*, T0798 *Astragalus membranaceus*, T0800 *Astragalus mongholicus*, T3128 *Hedysarum multijugum*.
- boost qi and supplement vacuity** T2962 *Ginkgo biloba*, T2963 *Ginkgo biloba*, T4820 *Phoenix dactylifera*.
- boost qi-blood** T2846 *Ganoderma japonicum* [Syn. *Ganoderma sinense*], T2848 *Ganoderma lucidum*.
- boost stomach** T4088 *Malus pumila*, T4099 *Mangifera indica*, T4103 *Mangifera persiciformis*.
- boost stomach and engender liquid** T2094 *Dendrobium aduncum*, T2096 *Dendrobium aurantiacum* var. *denneanum*, T2098 *Dendrobium chrysanthum*, T2100 *Dendrobium densiflorum*, T2102 *Dendrobium fimbriatum* var. *oculatum*, T2105 *Dendrobium loddigesii*, T2106 *Dendrobium moniliforme*, T2107 *Dendrobium nobile*, T2108 *Dendrobium officinale*, T2983 *Glehnia littoralis*.
- boost wits and nourish heart** T5499 *Rhodiola sacra*.
- break accumulation** T2584 *Euphorbia ebracteolata*, T2587 *Euphorbia fischeriana*.
- break accumulation and free stool** T2596 *Euphorbia kansui*.
- break accumulation and kill worms** T6105 *Stellera chamaejasme*, T6820 *Wikstroemia indica*.
- break blood** T3306 *Hydrangea paniculata*, T6062 *Sparganium stoloniferum*.
- break blood and dispel stasis** T1904 *Curcuma kwangsiensis*, T1909 *Curcuma zedoaria* [Syn. *Curcuma aeruginosa*].
- break blood and disperse concretion** T2597 *Euphorbia lathyris*, T4338 *Mylabris phalerata*; *Mylabris cichorii*.
- break blood and disperse swelling** T6267 *Syzygium jambos*.
- break blood and free menstruation** T2143 *Dianthus chinensis*, T2145 *Dianthus superbus*, T2147 *Dianthus versicolor*, T2536 *Euonymus alatus*, T5028 *Plumbago indica*.
- break blood and move qi** T1903 *Curcuma aromatica*, T1905 *Curcuma longa*.
- break blood and soften hard** T3412 *Impatiens balsamina*.
- break foul** T2008 *Dalbergia odorifera*, T2013 *Dalbergia sissoo*, T3868 *Liquidambar orientalis*.
- break phlegm and disinhibit orifices** T1008 *Brassica juncea*.
- break phlegm and open orifices** T2975 *Gleditsia delavayi*, T2976 *Gleditsia fera*.
- break phlegm and repel foulness** T6197 *Styrax benzoin*, T6204 *Styrax tonkinensis*.
- break qi and dissipate binds** T5137 *Poncirus trifoliata*.
- break qi and dissipate glomus** T1468 *Citrus aurantium*, T1521 *Citrus wilsonii*, T5141 *Poncirus trifoliata*.
- break qi and move phlegm** T1467 *Citrus aurantium*, T5140 *Poncirus trifoliata*.
- break stasis** T1210 *Carpesium abrotanoides*, T3287 *Huechys sanguinea*.
- break stasis and dissipate binds** T5103 *Polygonum hydropiper*.
- break stasis and free menstruation** T0661 *Artemisia anomala*.
- brighten eyes** T0819 *Atractylodes chinensis*, T0821 *Atractylodes japonica*,

- T0823 *Atractylodes lancea*, T0986 *Bos taurus domesticus*; *Bubalus bubalis*, T1032 *Broussonetia papyrifera*, T1911 *Cuscuta australis*, T1912 *Cuscuta chinensis*, T1913 *Cuscuta japonica*, T2244 *Doellingeria scaber* [Syn. *Aster scaber*], T2407 *Equisetum arvense*, T2766 *Fraxinus bungeana*, T2767 *Fraxinus chinensis*, T2774 *Fraxinus paxiana*, T2777 *Fraxinus rhynchophylla* [Syn. *Fraxinus chinensis* var. *rhynchophylla*], T2779 *Fraxinus stylosa*, T2780 *Fraxinus szaboana* [Syn. *Fraxinus chinensis* var. *acuminata*], T2803 *Frullania tamarisci* ssp. *moniliata* [Syn. *Frullania moniliata*], T2841 *Gallus gallus domesticus*, T3779 *Leucas aspera*, T3955 *Lycium barbarum*, T3958 *Lycium chinense*, T3969 *Lycopodium casuarinoides*, T4263 *Momordica charantia*, T4471 *Ocimum basilicum*, T4551 *Osmorhiza aristata* var. *laxa*, T4656 *Parmelia saxatilis*, T4658 *Parmelia tinctorum*, T5214 *Prunella vulgaris*, T5227 *Prunus mume*, T5593 *Rubus idaeus*, T5690 *Salvia roborowskii*, T6150 *Streptopelia orientalis*, T6437 *Thlaspi arvense*, T6552 *Trollius chinensis* [Syn. *Trollius asiaticus* var. *chinensis*], T6553 *Trollius ledebourii*.
- brighten eyes and blacken hair** T3828 *Ligustrum lucidum*.
- brighten eyes and eliminate eye screens** T1296 *Celosia argentea*, T2434 *Eriocaulon buergerianum*.
- brighten eyes and transform damp** T1753 *Cosmos bipinnata*.
- brighten eyes; flower: disinhibit urine** T1305 *Centaurea cyanus*.
- calm** T0184 *Adonis amurensis*, T0554 *Aquilaria agallocha*, T0555 *Aquilaria sinensis*, T1084 *Buthus martensi*, T1525 *Cladonia fallax*, T4243 *Millettia reticulata*, T4423 *Nicandra physaloides*, T5817 *Scolopendra subspinipes mutilans*, T6457 *Tilia japonica*, T6458 *Tilia miqueliana*, T6533 *Trillium kamschaticum*, T6535 *Trillium tschonoskii*, T6562 *Tulipa gesneriana*.
- calm and lower blood pressure** T4001 *Lysimachia davurica*.
- calm and quiet spirit** T6358 *Tetraplodon mnioides* [Syn. *Tetraplodon bryoides*; *Splachnum mnioides*].
- calm and relieve pain** T6135 *Stephania succifera*.
- calm asthma** T0078 *Aconitum barbatum* var. *puberulum* [Syn. *Aconitum ochranthum*], T1241 *Cassia occidentalis*, T2039 *Datura innoxia*, T2043 *Datura metel*, T2047 *Datura stramonium*, T2268 *Drosera rotundifolia*, T2279 *Dryopteris championii*, T3850 *Lindera glauca*, T3885 *Litsea cubeba*, T4042 *Magnolia liliflora*, T4371 *Nandina domestica*, T4715 *Perilla frutescens*, T4717 *Perilla frutescens* var. *acuta* [Syn. *Perilla frutescens* var. *purpurascens*], T4719 *Perilla frutescens* var. *arguta*, T4722 *Perilla frutescens* var. *crispa*, T4796 *Pheretima aspergillum*; *Allolobophora caliginosa trapezoides*, T4908 *Pinus bungeana*, T5502 *Rhododendron anthopogonoides*, T5522 *Rhododendron seniavinii*, T6729 *Veronica spuria*.
- calm liver** T0544 *Apium graveolens*, T2219 *Diospyros kaki*, T3142 *Helianthus annuus*, T3775 *Lethariella cladonioides*, T3859 *Linum usitatissimum*, T4796 *Pheretima aspergillum*; *Allolobophora caliginosa trapezoides*, T6076 *Spinacia oleracea*.
- calm liver and brighten eyes** T1184 *Capsella bursa-pastoris*, T1395 *Chrysanthemum morifolium* [Syn. *Dendranthema morifolium*], T1528 *Cladonia stellaris* [Syn. *Cladonia alpestris*], T5100 *Polygonum chinense*, T5871 *Selenarctos thibetanus*; *Ursus arctos*.
- calm liver and extinguish wind** T0644 *Armillaria mellea*, T0645 *Armillariella mellea*, T6618 *Uncaria homomalla* [Syn. *Uruparia homomalla*; *Uruparia tonkinensis*; *Uruparia lanosa* var. *parviflora*], T6903 *Zephyranthes candida*.
- calm liver and lower blood pressure** T0428 *Ampelopsis megalophylla*, T1927 *Cycas revoluta*, T2729 *Filipendula ulmaria*, T4609 *Panax pseudo-ginseng* var. *notoginseng* [Syn. *Panax notoginseng*].
- calm liver and quiet spirit** T3372 *Hypodematum sinense*.
- calm liver and raise spirit** T0210 *Agaricus bisporus*, T0211 *Agaricus campestris*.
- calm liver and relieve pain** T0625 *Aristolochia contorta*, T0627 *Aristolochia debilis* [Syn. *Aristolochia longa*], T4580 *Paeonia albiflora* [Syn. *Paeonia lactiflora*].
- calm liver and settle fright** T6651 *Urtica cannabina*, T6652 *Urtica dioica*.
- calm liver and subdue yang** T1804 *Cristaria plicata*; *Hyriopsis cumingii*, T2060 *Delonix regia*, T2890 *Gastrodia elata*, T5657 *Salsola collina*.
- check diarrhea** T0360 *Alpinia oxyphylla*, T1299 *Celosia cristata*, T1493 *Citrus limon*, T1497 *Citrus limonia*, T1911 *Cuscuta australis*, T1912 *Cuscuta chinensis*, T1913 *Cuscuta japonica*, T1937 *Cydonia oblonga*, T1939 *Cymbopogon citratus*, T1943 *Cymbopogon goeringii*, T2346 *Embelia oblongifolia*, T3567 *Juglans regia*, T4625 *Papaver commutatum* [Syn. *Papaver rhoeas*], T4787 *Phellinus igniarius*, T5266 *Psidium guajava*, T5570 *Rosa roxburghii*, T6476 *Torilis japonica*, T6746 *Vicia faba*.
- check discharge** T1183 *Capra hircus*; *Ovis aries*, T1299 *Celosia cristata*, T2632 *Euryale ferox*, T4036 *Magnolia coco*, T5327 *Punica granatum*, T5329 *Punica granatum*, T5567 *Rosa laevigata*.
- check dysentery** T0248 *Agrimonia pilosa*, T0249 *Agrimonia pilosa* var. *japonica*, T0444 *Ananas comosus*, T0542 *Apis cerana*, T2032 *Daphniphyllum calycinum*, T2079 *Delphinium kamaonense* var. *glabrescens*, T2268 *Drosera rotundifolia*, T3145 *Helianthus annuus*, T5531 *Rhus chinensis* [Syn. *Rhus semialata*], T6347 *Terminalia chebula*, T6374 *Thalictrum atriplex*.
- check dysentery and diarrhea** T0197 *Aegle marmelos*, T2438 *Erodium stephanianum*, T2943 *Geranium nepalense*, T2944 *Geranium pratense*, T2947 *Geranium sibiricum*, T2949 *Geranium wilfordii*, T4545 *Oryza sativa*, T6670 *Vaccinium bracteatum*.
- check dysentery and promote astriction** T5573 *Rosa sericea*.
- check flooding and spotting** T2234 *Dipsacus asperoides*, T2235 *Dipsacus japonicus*.
- check hiccups** T1168 *Canavalia ensiformis*, T1169 *Canavalia gladiata*.
- check hyperactivity** T0553 *Apocynum venetum*.
- check sweating** T0824 *Atractylodes macrocephala* [Syn. *Atractylis macrocephala*], T2381 *Ephedra sinica*.
- check tetany** T0979 *Bombyx mori*, T1332 *Cercidiphyllum japonicum*.
- check turbid vaginal discharge** T2961 *Ginkgo biloba*.
- check vomiting** T0012 *Abrus precatorius*, T0554 *Aquilaria agallocha*, T0555 *Aquilaria sinensis*, T1488 *Citrus junos*, T2644 *Evodia rutaecarpa*, T2646 *Evodia rutaecarpa* var. *officinalis*, T3250 *Hierochloe odorata*, T3286 *Hovenia dulcis*, T3427 *Inula britannica*, T3428 *Inula britannica* var. *chinensis*, T3434 *Inula linariaefolia*, T4099 *Mangifera indica*, T4103 *Mangifera persiciformis*, T4829 *Phragmites communis*.
- check vomiting and diarrhea** T4818 *Phoebe nanmu*.
- check vomiting and quiet fetus** T0418 *Amomum muricarpum*.
- check vomiting and stanch bleeding** T0924 *Bergenia purpurascens*.
- clean heat** T0687 *Artemisia myriantha*.

- clear and discharge large intestines** T0624 *Aristolochia contorta*, T0626 *Aristolochia debilis* [Syn. *Aristolochia longa*], T0630 *Aristolochia indica*, T0633 *Aristolochia maxima*, T0640 *Aristolochia triangularis*.
- clear damp heat** T0902 *Berberis diaphana*, T1672 *Corallodiscus flabellatus* [Syn. *Didissandra flabellata*], T1759 *Cotinus coggygria* var. *cinerea*, T1966 *Cynara scolymus*, T2718 *Ficus carica*, T2830 *Galium aparine*, T2909 *Gentiana crassicaulis*, T2910 *Gentiana dahurica*, T2913 *Gentiana kaufmanniana*, T2919 *Gentiana macrophylla*, T2932 *Gentiana siphonantha*, T2934 *Gentiana straminea*, T2936 *Gentiana tianschanica*, T2937 *Gentiana tibetica*, T3342 *Hypericum bellum*, T4369 *Nandina domestica*, T5520 *Rhododendron ovatum* [Syn. *Rhododendron lamprophyllum*; *Azalea ovata*], T5604 *Rudbeckia laciniata*, T5942 *Sida acuta*.
- clear fire** T5214 *Prunella vulgaris*.
- clear fire and engender liquid** T4610 *Panax quinquefolium*.
- clear head and eyes** T1152 *Camellia sinensis* [Syn. *Thea sinensis*], T3392 *Ilex kudingcha*, T3393 *Ilex latifolia*, T3829 *Ligustrum robustum*, T4184 *Mentha haplocalyx* [Syn. *Mentha canadensis*; *Mentha arvensis* var. *haplocalyx*; *Mentha arvensis*], T6791 *Vitex rotundifolia* [Syn. *Vitex trifolia* var. *simplicifolia*], T6793 *Vitex trifolia*.
- clear heart** T2803 *Frullania tamarisci* ssp. *moniliata* [Syn. *Frullania moniliata*].
- clear heart and cool blood** T1907 *Curcuma wengujin*.
- clear heart and cool liver** T0987 *Bos taurus domesticus*; *Bubalus bubalis*.
- clear heart and downbear fire** T3578 *Juncus effusus*.
- clear heart and quiet spirit** T3832 *Lilium brownii* var. *viridulum* [Syn. *Lilium brownii* var. *colchesteri*], T3835 *Lilium longiflorum*, T3836 *Lilium pumilum* [Syn. *Lilium tenuifolium*], T3839 *Lilium tigrinum* [Syn. *Lilium lancifolium*], T4385 *Narcissus tazetta* var. *chinensis*.
- clear heart fire** T0632 *Aristolochia manshuriensis*, T4401 *Nelumbo nucifera*.
- clear heat** T0157 *Actinidia callosa* var. *henryi*, T0423 *Ampelopsis brevipedunculata*, T0544 *Apium graveolens*, T0660 *Artemisia annua*, T0662 *Artemisia apiacea* [Syn. *Artemisia carvifolia*; *Artemisia caruifolia*], T0678 *Artemisia japonica*, T0705 *Artemisia vestita*, T0784 *Astilbe chinensis*, T0834 *Averrhoa carambola*, T0888 *Beesia calthaeifolia*, T0973 *Bombax malabaricum* [Syn. *Gossampinus malabarica*], T1045 *Bubalus bubalis*, T1161 *Campsis grandiflora*, T1165 *Canarium album*, T1172 *Canna edulis*, T1194 *Carassius auratus*, T1199 *Carduus acanthoides*, T1200 *Carduus crispus*, T1210 *Carpesium abrotanoides*, T1266 *Catha edulis*, T1526 *Cladonia rangiferina*, T1746 *Corydalis taliensis*, T1831 *Crotalaria sessiliflora*, T1878 *Cucumis sativus*, T2101 *Dendrobium fimbriatum*, T2221 *Diospyros kaki*, T2222 *Diospyros lotus*, T2263 *Dregea volubilis*, T2293 *Dumortiera hirsuta*, T2334 *Elephantopus scaber*, T2445 *Ervatamia officinalis*, T2495 *Eschscholzia californica*, T2649 *Evolvulus alsinoides*, T2994 *Gloiopeltis furcata*, T3085 *Gynostemma pentaphyllum*, T3125 *Hedyotis chrysotricha* [Syn. *Oldenlandia chrysotricha*], T3143 *Helianthus annuus*, T3277 *Homo sapiens*, T3528 *Isodon ternifolia*, T3529 *Isodon ternifolius*, T3555 *Jasminum nudiflorum*, T3649 *Laccifer lacca*, T3815 *Ligularia stenocephala*, T3935 *Luffa cylindrica*, T4055 *Mahonia bealei*, T4062 *Mahonia fortunei*, T4066 *Mahonia japonica*, T4072 *Mahonia shenii*, T4080 *Mallotus apelta*, T4178 *Melodinus hemsleyanus*, T4331 *Musa paradisiaca* var. *sapientum* [Syn. *Musa sapientum*], T4368 *Nandina domestica*, T4471 *Ocimum basilicum*, T4500 *Onosma paniculatum*, T4616 *Pandanus tectorius*, T4796 *Pheretima aspergillum*; *Allolobophora caliginosa trapezoides*, T4840 *Phyllanthus niruri*, T4848 *Physalis angulata*, T5120 *Polygonum tinctorium*, T5126 *Polypodium virginianum*, T5127 *Polypodium vulgare*, T5239 *Prunus salicina*, T5423 *Rauwolfia verticillata*, T5425 *Rauwolfia verticillata* f. *rubrocarpa*, T5426 *Rauwolfia verticillata* var. *hainanensis*, T5427 *Rauwolfia vomitoria*, T5435 *Rauwolfia latifrons*, T5441 *Rauwolfia perakensis*, T5484 *Rhinoceros unicornis*; *Rhinoceros sondaicus*; *Rhinoceros sumatrensis*, T5719 *Sapindus mukorossi*, T5767 *Saussurea pulchella*, T5857 *Sedum sarmentosum*, T5863 *Selaginella moellendorffii*, T5978 *Smilax glauco-china*, T6330 *Tephrosia kirilowii* [Syn. *Senecio integrifolius* var. *fauriei*], T6372 *Thalictrum acutifolium*, T6381 *Thalictrum faberi*, T6388 *Thalictrum fortunei*, T6403 *Thalictrum petaloideum*, T6431 *Thesium chinense*, T6522 *Trifolium repens*, T6723 *Veronica arvensis*, T6752 *Vigna angularis* [Syn. *Dolichus angularis*; *Phaseolus angularis*], T6820 *Wikstroemia indica*, T6912 *Zinnia elegans*.
- clear heat and allay thirst** T3234 *Heteropogon contortus*, T3957 *Lycium chinense*, T6416 *Thamnia vermicularis*.
- clear heat and boost yin** T1950 *Cynanchum ascyrifolium*, T1951 *Cynanchum atratum*, T1962 *Cynanchum versicolor*, T2952 *Gerbera piloselloides*, T6582 *Tylophora ovata*.
- clear heat and brighten eyes** T1981 *Cyprinus carpio*, T5762 *Saussurea nigrescens*, T6072 *Sphagnum palustre* [Syn. *Sphagnum obtusifolium*; *Sphagnum cymbifolium*], T6426 *Thermopsis chinensis*, T6732 *Vespertilio superans*.
- clear heat and calm liver** T0553 *Apocynum venetum*, T1271 *Catharanthus roseus* [Syn. *Vinca rosea*; *Lochera rosea*], T1697 *Cornus controversa* [Syn. *Bothrocaryum controversum*], T2731 *Firmiana simplex*, T2732 *Firmiana simplex*, T2733 *Firmiana simplex*, T4843 *Phyllanthus urinaria*, T5428 *Rauwolfia yunnanensis*, T6625 *Uncaria macrophylla*, T6629 *Uncaria rhynchophylla* [Syn. *Nauclea rhynchophylla*], T6633 *Uncaria sinensis*.
- clear heat and check dysentery** T0511 *Annona reticulata*, T5299 *Pteris wallichiana*, T5375 *Quercus mongolica*.
- clear heat and cool blood** T0266 *Ajuga macrosperma*, T0379 *Alternanthera philoxeroides*, T0852 *Bacopa monniera*, T0964 *Boenninghausenia albiflora*, T1160 *Campsis grandiflora*, T2231 *Diphylleia grayi*, T2232 *Diphylleia sinensis*, T3155 *Helianthus tuberosus*, T3387 *Idesia polycarpa*, T3549 *Ixora chinensis*, T4148 *Medicago sativa*, T4506 *Ophioglossum vulgatum*, T4582 *Paeonia delavayi*, T4584 *Paeonia lactiflora* wild, T4585 *Paeonia moutan* [Syn. *Paeonia suffruticosa*], T4586 *Paeonia obovata*, T4590 *Paeonia veitchii*, T5447 *Rehmannia glutinosa* [Syn. *Rehmannia glutinosa* f. *huechingensis*], T5826 *Scrophularia buergeriana*, T5828 *Scrophularia ningpoensis*, T5851 *Sedum alfredii* [Syn. *Sedum formosanum*].

- disperse edema and abate jaundice** T6752 *Vigna angularis* [Syn. *Dolichus angularis*; *Phaseolus angularis*].
- disperse food** T1152 *Camellia sinensis* [Syn. *Thea sinensis*], T1478 *Citrus grandis*, T1483 *Citrus grandis* var. *tomentosa*, T1488 *Citrus junos*, T1937 *Cydonia oblonga*, T2115 *Dermatocarpon minutum*, T2994 *Gloiopeltis furcata*, T3308 *Hydrangea umbellata*, T3620 *Kaempferia galanga*, T4544 *Oryza sativa*, T5113 *Polygonum persicaria*, T5361 *Pyrus betulaefolia*, T5419 *Raphanus sativus*, T5570 *Rosa roxburghii*.
- disperse food and assisting movement** T6878 *Zanthoxylum echinocarpum*.
- disperse food and check diarrhea** T2421 *Erigeron annuus*.
- disperse food and harmonize center** T0647 *Armoracia lapathifolia*.
- disperse food and precipitate qi** T1021 *Brassica rapa*.
- disperse food and promote lactation** T1205 *Carica papaya*.
- disperse food and rectify qi** T2387 *Epilobium hirsutum*.
- disperse food and relieve pain** T0354 *Alpinia chinensis*.
- disperse food and transform accumulation** T0661 *Artemisia anomala*, T3282 *Hordeum vulgare*, T4577 *Paederia scandens*, T5365 *Pyrus pashia*.
- disperse food and transform phlegm** T2758 *Fortunella crassifolia*, T2759

- Fortunella japonica*, T2760 *Fortunella margarita*, T4820 *Phoenix dactylifera*.
- disperse food and transform stagnation** T5461 *Rhamnus leptophylla*.
- disperse food distention** T5420 *Raphanus sativus*.
- disperse gan** T0387 *Amaranthus caudatus*, T0969 *Boerhavia diffusa*, T1591 *Cocos nucifera*, T1593 *Cocos nucifera*.
- disperse glomus** T0988 *Bos taurus domesticus*; *Bubalus bubalis*.
- disperse glomus and dissipate binds** T4904 *Pinellia ternata*.
- disperse phlegm** T0892 *Belamcanda chinensis*, T1960 *Cynanchum stauntonii*, T3426 *Inula britannica*, T3427 *Inula britannica*, T3428 *Inula britannica* var. *chinensis*, T3433 *Inula japonica*, T3434 *Inula linariaefolia*, T4957 *Piper nigrum*, T5740 *Sargassum vachellianum*.
- disperse phlegm and allay thirst** T1343 *Chaenomeles sinensis*.
- disperse phlegm and disinhibit water** T4403 *Nemacystus decipiens* [Syn. *Mesogloea decipiens*; *Cladosiphon decipiens*].
- disperse phlegm and move water** T0726 *Asarum forbesii*.
- disperse phlegm and relieve cough** T3953 *Lycianthes biflora*.
- disperse phlegm and transform accumulation** T1468 *Citrus aurantium*, T1521 *Citrus wilsonii*, T5141 *Poncirus trifoliata*.
- disperse phlegm rheum** T1390 *Chrysanthemum coronarium*, T1397 *Chrysanthemum segetum*.
- disperse qi** T2048 *Daucus carota*.
- disperse sore toxin** T0503 *Anisomeles indica* [Syn. *Epimeredi indica*].
- disperse stagnation and disinhibit damp** T1544 *Cleistocalyx operculatus*.
- disperse stagnation and harmonize center** T0932 *Betula luminifera*.
- disperse stasis** T3277 *Homo sapiens*, T3295 *Huperzia serrata* [Syn. *Lycopodium serratum*].
- disperse stasis and relieve pain** T1931 *Cyclea barbata*, T6020 *Solanum xanthocarpum*.
- disperse stasis and settle pain** T0180 *Adina pilulifera* [Syn. *Cephalanthus pilulifera*].
- disperse swelling** T0471 *Anemone rivularis*, T0529 *Anthriscus sylvestris*, T0894 *Benincasa hispida*, T1181 *Capra hircus*; *Ovis aries*, T1558 *Clerodendron inerme*, T2048 *Daucus carota*, T2200 *Dioscorea hispida*, T2546 *Euonymus sacrosancta*, T2585 *Euphorbia esula*, T2830 *Galium aparine*, T2857 *Garcinia hanburyi*, T2885 *Gardenia jasminoides* var. *grandiflora*, T3155 *Helianthus tuberosus*, T3570 *Juglans regia*, T3668 *Lagenaria siceraria* var. *depressa*, T3674 *Laggetera alata*, T4029 *Maesa japonica*, T4785 *Phaseolus vulgaris*, T4814 *Phlomis umbrosa*, T4848 *Physalis angulata*, T4951 *Piper laetispicum*, T4965 *Piper sarmentosum*, T5099 *Polygonum bistorta*, T5214 *Prunella vulgaris*, T5247 *Przewalskia tangutica*, T5563 *Rosa cymosa*, T5626 *Ruta graveolens*, T5651 *Salix babylonica*, T5857 *Sedum sarmentosum*, T6177 *Strychnos ignatii*, T6210 *Swainsonia salsula* [Syn. *Sphaerophysa salsula*], T6548 *Tritonia crocosmaeflora*, T6435 *Thladiantha cordifolia*, T6552 *Trollius chinensis* [Syn. *Trollius asiaticus* var. *chinensis*], T6553 *Trollius ledebourii*, T6772 *Viscum angulatum*.
- disperse swelling and close sores** T5712 *Sanguisorba officinalis*.
- disperse swelling and dispel damp** T4985 *Pithecolobium dulce*.
- disperse swelling and dissipate binds** T1007 *Brassica juncea*, T1787 *Cremastra appendiculata*.
- disperse swelling and draw out toxin** T5550 *Ricinus communis*.
- disperse swelling and engender flesh** T0955 *Bletilla striata*, T0994 *Boswellia carterii*, T1638 *Commiphora myrrha* [Syn. *Commiphora molmol*].
- disperse swelling and expel pus** T0479 *Angelica dahurica* cv. *qibaizhi*, T0498 *Angelica taiwaniana*, T3241 *Hibiscus mutabilis*, T3547 *Ixeris chinensis*, T6512 *Trichosanthes kirilowii*.
- disperse swelling and free network vessels** T6866 *Zanthoxylum avicennae*.
- disperse swelling and outthrust pus** T2979 *Gleditsia sinensis* [Syn. *Gleditsia horrida*].
- disperse swelling and relieve pain** T0108 *Aconitum kusnezoffii*, T0122 *Aconitum pendulum*, T0144 *Acorus gramineus*, T0146 *Acorus tatarinowii*, T0267 *Ajuga nipponensis*, T0293 *Albizia lebbek*, T0302 *Alhagi pseudalhagi*, T0476 *Angelica anomala*, T0643 *Aristolochia versicolor*, T0736 *Asclepias curassavica*, T0827 *Aucuba chinensis* ssp. *omeiensis*, T1108 *Caesalpinia sappan*, T1644 *Conocephalum conicum*, T1693 *Coriaria sinica* [Syn. *Coriaria nepalensis*], T1697 *Cornus controversa* [Syn. *Bothrocaryum controversum*], T1731 *Corydalis pallida*, T2162 *Dicranostigma franchetianum* [Syn. *Dicranostigma leptopodium*], T2444 *Ervatamia heyneana*, T2445 *Ervatamia officinalis*, T2449 *Erycibe obtusifolia*, T2450 *Erycibe schmidtii*, T2631 *Eurya japonica*, T2718 *Ficus carica*, T2749 *Fomes officinalis*, T2752 *Fordia cauliflora*, T2884 *Gardenia jasminoides* var. *grandiflora*, T2897 *Gelsemium elegans*, T3088 *Gynura segetum* [Syn. *Gynura japonica*], T3187 *Helleborus thibetanus*, T3203 *Hemsleya amabilis*, T3208 *Hemsleya macrosperma*, T3294 *Huperzia selago* [Syn. *Lycopodium selago*], T3320 *Hymenocallis littoralis* [Syn. *Hymenocallis americana*; *Panocratium littoralis*], T3411 *Impatiens balsamina*, T3461 *Iris japonica*, T3471 *Iris tectorum*, T3679 *Lamiophlomis rotata* [Syn. *Phlomis rotata*], T3796 *Libanotis buchtormensis*, T3852 *Lindera megaphylla*, T3880 *Lithospermum arvense*, T3887 *Litsea glutinosa*, T4018 *Machilus thunbergii*, T4182 *Menispermum dauricum*, T4183 *Menispermum dauricum*, T4303 *Moschus moschiferus*; *Moschus berezovskii*; *Moschus sifanicus*, T4317 *Murraya euchrestifolia* [Syn. *Clausena euchrestifolia*], T4391 *Nauclea officinalis*, T4605 *Panax japonicus* var. *major*, T4607 *Panax pseudo-ginseng* var. *japonicus*, T4648 *Paris polyphylla*, T4649 *Paris polyphylla* var. *chinensis*, T4650 *Paris polyphylla* var. *pseudothibetica*, T4651 *Paris polyphylla* var. *stenophylla*, T4652 *Paris polyphylla* var. *yunnanensis*, T4800 *Phlegmariurus fordii*, T4852 *Physalis peruviana*, T4884 *Picria felterrae*, T5028 *Plumbago indica*, T5279 *Psychotria serpens*, T5393 *Rabdosia longituba*, T5513 *Rhododendron mariae*, T5592 *Rubus hirsutus*, T5650 *Salix babylonica*, T5731 *Sarcococca coriacea* [Syn. *Sarcococca wallichii*], T5794 *Schisandra lancifolia*, T5797 *Schisandra propinqua*, T5798 *Schisandra propinqua* var. *intermedia*, T6007 *Solanum melongena*, T6051 *Sorbaria arborea*, T6052 *Sorbaria sorbifolia*, T6075 *Spilanthes acemella*, T6166 *Strychnos angustiflora*, T6353 *Tetracera asiatica*, T6432 *Thespesia populnea* [Syn. *Hibiscus populneus*], T6542 *Tripterygium wilfordii*, T6567 *Tupistra wattii* [Syn. *Campylandra wattii*], T6792 *Vitex trifolia*, T6845 *Xanthoceras sorbifolia*, T6884 *Zanthoxylum nitidum*.
- eliminate inflammation and disperse swelling** T6432 *Thespesia populnea* [Syn. *Hibiscus populneus*].
- disperse swelling and resolve toxin** T2062 *Delphinium bonvalotii*, T2081 *Delphinium omeiense*, T2084 *Delphinium potaninii*, T2085 *Delphinium*

- potanii* var. *jiufengshanense*, T2243 *Dodonaea viscosa*, T2866 *Garcinia morella*, T2883 *Gardenia jasminoides* [Syn. *Gardenia florida*].
- disperse swelling and settle pain** T1589 *Cocculus trilobus* [Syn. *Cocculus sarmmentosus*], T4604 *Panax japonicus* var. *bipinnatifidus*, T4606 *Panax pseudo-ginseng*, T4608 *Panax pseudo-ginseng* var. *notoginseng* [Syn. *Panax notoginseng*].
- disperse swelling and stanch bleeding** T3995 *Lysidice rhodostegia*, T4568 *Oxytropis myriophylla*, T5444 *Reboulia hemisphaerica*.
- disperse swelling and transform stasis** T3936 *Luffa operculata*.
- disperse swelling toxin** T0584 *Arctium lappa*, T2197 *Dioscorea futschauensis*, T2210 *Dioscorea spongiosa*, T4687 *Peganum harmala*, T6018 *Solanum verbascifolium*, T6120 *Stephania delavayi* [Syn. *Stephania epigaea*].
- disperse swollen welling abscess** T0470 *Anemone raddeana*, T0516 *Anser cygnoides domestica*, T1685 *Coreopsis lanceolata*, T1709 *Corydalis bungeana*, T4279 *Morina chinensis*, T5230 *Prunus persica*.
- disperse welling abscess** T4106 *Manis pentadactyla*, T6499 *Tribulus terrestris*.
- disperse welling abscess and dissipate binds** T0750 *Asparagus gobicus*.
- disperse welling abscess and expel pus** T0895 *Benincasa hispida*, T5250 *Psammosilene tunicoides*.
- disperse welling abscess and promote lactation** T0173 *Adiantum lunulatum*.
- dissipate binds** T2024 *Daphne genkwa*, T2599 *Euphorbia lunulata*, T2757 *Forsythia viridissima*, T2790 *Fritillaria pallidiflora*, T2800 *Fritillaria walujewii*, T3287 *Huechys sanguinea*, T3668 *Lagenaria siceraria* var. *depressa*, T3815 *Ligularia stenocephala*, T5214 *Prunella vulgaris*.
- dissipate binds and disperse concretion** T1162 *Camptotheca acuminata*.
- dissipate binds and disperse goiter** T2191 *Dioscorea bulbifera*.
- dissipate binds and disperse swelling** T1005 *Brassica campestris* [Syn. *Brassica campestris* var. *oleifera*], T1092 *Buxus microphylla* var. *sinica*, T2608 *Euphorbia pekinensis*, T2636 *Euscaphis japonica*, T2691 *Farfugium japonicum*, T2756 *Forsythia suspensa*, T2798 *Fritillaria verticillata* var. *thunbergii* [Syn. *Fritillaria thunbergii*], T3202 *Hemistepta lyrata* [Syn. *Hemistepta carthamoides*; *Saussurea carthamoides*], T4265 *Momordica cochinchinensis*, T5139 *Poncirus trifoliata*, T5415 *Ranunculus sceleratus*, T5723 *Sapium sebiferum*, T5958 *Sinapis alba* [Syn. *Brassica alba*; *Brassica hirta*], T6184 *Strychnos nux-vomica*, T6193 *Strychnos wallichiana*, T6257 *Syngnathus acus*, T6301 *Taraxacum mongolicum*, T6521 *Trifolium pratense*, T6560 *Tulipa edulis*.
- dissipate binds and draw out toxin** T0971 *Bolbostemma paniculatum*.
- dissipate binds and relieve pain** T0333 *Alocasia cucullata* [Syn. *Arum cucullatum*], T0427 *Ampelopsis japonica* [Syn. *Paullinia japonica*], T1017 *Brassica oleracea* var. *capitata*, T2632 *Euryale ferox*, T3443 *Iphigenia indica*.
- dissipate blood** T4254 *Miscanthus sinensis*.
- dissipate blood and disperse swelling** T6006 *Solanum melongena*.
- dissipate blood and eliminate accumulation** T6732 *Vespertilio superans*.
- dissipate blood and relieve pain** T1640 *Coniogramme japonica* [Syn. *Hemionitis japonica*].
- dissipate cold** T0356 *Alpinia galanga*, T0359 *Alpinia officinarum*, T0472 *Anethum graveolens*, T1180 *Capparis spinosa*, T3120 *Hedychium spicatum*, T3869 *Liquor*, T6864 *Zanthoxylum armatum*, T6887 *Zanthoxylum planispinum*.
- dissipate cold and dry damp** T0363 *Alpinia speciosa*, T2051 *Daucus carota* var. *sativa*, T3222 *Heracleum scabridum*.
- dissipate cold and effuse exterior** T4551 *Osmorhiza aristata* var. *laxa*.
- dissipate cold and interrupt malaria** T3124 *Hedyotis capitellata*.
- dissipate cold and relieve cough** T3871 *Liriodendron tulipifera*.
- dissipate cold and relieve pain** T0077 *Aconitum balfourii*, T0084 *Aconitum carmichaeli*, T0088 *Aconitum coreanum*, T0105 *Aconitum karakolicum*, T0106 *Aconitum kirinense*, T0123 *Aconitum polyschistum*, T0135 *Aconitum sungpanense*, T0470 *Anemone raddeana*, T0492 *Angelica pubescens* f. *biserrata* [Syn. *Angelica pubescens*], T0664 *Artemisia argyi*, T0681 *Artemisia lavandulaefolia*, T0685 *Artemisia mongolica*, T0689 *Artemisia princeps*, T0691 *Artemisia rubripes*, T0706 *Artemisia vulgaris*, T1217 *Carum carvi*, T1439 *Cinnamomum cassia* [Syn. *Cinnamomum aromaticum*], T1641 *Conioselinum vaginatum*, T1889 *Cuminum cyminum*, T2895 *Gaultheria yunnanensis*, T3214 *Heracleum lanatum*, T4550 *Osmanthus fragrans*, T4954 *Piper longum*, T6488 *Trachyspermum ammi*, T6876 *Zanthoxylum dissitum*, T6888 *Zanthoxylum planispinum*, T6893 *Zanthoxylum simulans*, T6894 *Zanthoxylum simulans*.
- dissipate cold and resolve exterior** T1438 *Cinnamomum cassia* [Syn. *Cinnamomum aromaticum*], T2422 *Erigeron breviscapus*, T3822 *Ligusticum jeholense*, T3824 *Ligusticum sinense*, T4445 *Notopterygium forbesii* [Syn. *Notopterygium franchetii*], T4446 *Notopterygium incisum*, T4718 *Perilla frutescens* var. *acuta* [Syn. *Perilla frutescens* var. *purpurascens*], T4721 *Perilla frutescens* var. *arguta*, T5560 *Rorippa montana* [Syn. *Rorippa dubia*; *Sisymbrium dubium*], T6910 *Zingiber officinale*.
- dissipate depression and open binds** T1808 *Crocus sativus*.
- dissipate exopathogen** T2340 *Elsholtzia bodinieri*.
- dissipate heat** T6843 *Xanthium sibiricum* [Syn. *Xanthium strumarium*].
- dissipate heat and relieve pain** T2274 *Dryobalanops aromatica*.
- dissipate lung qi** T2761 *Fortunella margarita*.
- dissipate screen and disperse swelling** T1981 *Cyprinus carpio*.
- dissipate stasis** T0322 *Allium tuberosum*, T0324 *Allium victorialis*, T0567 *Aralia armata*, T0950 *Blatta orientalis*, T1097 *Cacalia ainsliaeflora*, T1161 *Campsis grandiflora*, T1174 *Cannabis sativa*, T2612 *Euphorbia prolifera*, T2830 *Galium aparine*, T3088 *Gynura segetum* [Syn. *Gynura japonica*], T3674 *Laggeta alata*, T4020 *Macleaya cordata*, T5073 *Polygala chinensis* [Syn. *Polygala glomerata*], T5087 *Polygala telephioides*, T5090 *Polygala wattersii*, T5105 *Polygonum hydropiper* var. *flaccidum* [Syn. *Polygonum flaccidum*], T5518 *Rhododendron mucronatum*, T5563 *Rosa cymosa*, T5850 *Sedum aizoon*, T5855 *Sedum kamschaticum*, T5883 *Senecio cannabifolius*, T6872 *Zanthoxylum cuspidatum*.
- dissipate stasis and disperse swelling** T0135 *Aconitum sungpanense*, T0240 *Aglaia odorata*, T0468 *Anemone hupehensis*, T0515 *Anredera cordifolia* [Syn. *Baussingaultia cordifolia*; *Baussingaultia gracilis* f. *pseudobaselloides*; *Baussingaultia gracilis* var. *pseudobaselloides*], T1031 *Broussonetia kazinoki*, T1120 *Callicarpa macrophylla*, T1145 *Camellia japonica*, T1147 *Camellia oleifera*, T1441 *Cinnamomum japonicum*, T1552 *Cleome viscosa*, T1624 *Colocasia antiquorum*, T1657

*Conyza canadensis* [Syn. *Erigeron canadensis*], T1684 *Cordyline stricta*, T2290 *Duchesnea indica*, T2357 *Emilia sonchifolia*, T2973 *Glechoma longituba*, T2974 *Glechoma lungituba*, T3006 *Glycosmis citrifolia*, T3089 *Gypsophila acutifolia*, T3316 *Hylomecon japonica*, T3356 *Hypericum japonicum*, T3387 *Ilesia polycarpa*, T3507 *Isodon lophanthoides* [Syn. *Rabdosia lophanthoides*; *Hyssopus lophanthoides*; *Plectranthus striatus*; *Isodon striatus*], T3560 *Jatropha curcas*, T3845 *Linaria vulgaris*, T3998 *Lysimachia christinae*, T4223 *Micromelum integerrimum*, T4384 *Narcissus tazetta* var. *chinensis*, T4686 *Pedilanthus tithymaloides*, T4730 *Peristrophe roxburghiana*, T4821 *Pholidota articulata*, T5397 *Rabdosia serra*, T5402 *Radermachera sinica*, T5499 *Rhodiola sacra*, T5724 *Sapium sebiferum*, T5884 *Senecio chrysanthemoides*, T6035 *Sophora japonica*.

**dissipate stasis and quicken blood** T3809 *Ligularia lapathifolia*.

**dissipate stasis and relieve pain** T0010 *Abrus fruticosus* [Syn. *Abrus cantoniensis*], T0048 *Acanthus ilicifolius*, T0069 *Achillea wilsoniana*, T0264 *Ajuga forrestii*, T0266 *Ajuga macrosperma*, T0281 *Alangium chinense*, T0282 *Alangium kurzii*, T0285 *Alangium platanifolium*, T0602 *Ardisia quinquegona*, T0721 *Arundina chinensis*, T1215 *Carthamus tinctorius*, T1561 *Clerodendron serratum*, T1569 *Clerodendrum serratum* var. *amplexifolium*, T1574 *Clintonia alpina*, T1629 *Colysis pothifolia* [Syn. *Hemionitis pothifolia*], T1866 *Cryptolepis sinensis*, T1933 *Cyclea sutchuenensis*, T1996 *Dahlia pinnata* [Syn. *Dahlia variabilis*], T2030 *Daphne retusa*, T2031 *Daphne tangutica*, T2124 *Derris trifoliata*, T2139 *Dianella ensifolia*, T2545 *Euonymus phellomana*, T3221 *Heracleum rapula*, T3349 *Hypericum erectum*, T3520 *Isodon rosthornii*, T3549 *Ixora chinensis*, T3849 *Lindera chunii*, T3897 *Litsea verticillata*, T4221 *Micromelum falcatum*, T4284 *Morinda parvifolia*, T4323 *Murraya paniculata* [Syn. *Chalcas paniculata*], T4325 *Murraya paniculata* var. *exotica*, T4642 *Parameria laevigata*, T4705 *Peperomia pellucida*, T4823 *Pholidota yunnanensis*, T4956 *Piper mullesua*, T5517 *Rhododendron molle*, T5595 *Rubus parviflorius*, T5756 *Saussurea japonica*, T5847 *Securidaca inappendiculata*, T5868 *Selaginella stauntoniana*, T5989 *Solanum aculeatissimum*, T6014 *Solanum surattense*, T6015 *Solanum torvum*, T6121 *Stephania dicentrinifera*, T6122 *Stephania dielsiana*, T6133 *Stephania sinica*, T6137 *Stephania viridiflavens*, T6566 *Tupistra chinensis*.

**dissipate stasis and resolve toxin** T2296 *Duranta repens*, T3190 *Helminthostachys zeylanica*, T3373 *Hypoestes purpurea* [Syn. *Justicia purpurea*; *Hypoestes sinica*], T5189 *Pothos chinensis*.

**dissipate stasis and settle pain** T1994 *Daemonorops draco*, T2253 *Dracaena cochinchinensis*, T5250 *Psammosilene tunicoides*, T5516 *Rhododendron molle*, T6874 *Zanthoxylum dimorphophyllum* var. *spinifolium*.

**dissipate stasis and stanch bleeding** T1971 *Cynoglossum zeylanicum* [Syn. *Anchusa zeylanica*; *Cynoglossum furcatum*; *Cynoglossum formosanum*], T3395 *Ilex pedunculosa*, T5501 *Rhodiola yunnanensis*, T6567 *Tupistra wattii* [Syn. *Campylandra wattii*].

**dissipate stasis and strengthen sinews** T5207 *Prismatomeris tetrandra*.

**dissipate stasis blood** T5722 *Sapium japonicum*.

**dissipate toxin swelling** T6440 *Thuja orientalis* [Syn. *Platyclusus orientalis*; *Biota orientalis*].

**dissipate wind and brighten eyes** T6497 *Tribulus terrestris*.

**dissipate wind and clear heat** T4773 *Peucedanum terebinthaceum*.

**dissipate wind and eliminate damp** T2505 *Eucalyptus citriodora*.

**dissipate wind and relieve itch** T4305 *Mosla dianthera*.

**dissipate wind-cold** T4035 *Magnolia biondii* [Syn. *Magnolia fargesii*], T4038 *Magnolia denudata* [Syn. *Magnolia heptapata*], T4041 *Magnolia liliflora*, T4052 *Magnolia sprengeri*, T5822 *Scopolia sinensis*.

**dissipate wind-heat** T2408 *Equisetum hiemale*, T2721 *Ficus microcarpa*, T3392 *Ilex kudingcha*, T3393 *Ilex latifolia*, T3829 *Ligustrum robustum*, T4184 *Mentha haplocalyx* [Syn. *Mentha canadensis*; *Mentha arvensis* var. *haplocalyx*; *Mentha arvensis*].

**downbear counterflow and check vomiting** T1202 *Carex kobomugi*, T1261 *Catalpa ovata*, T2433 *Eriobotrya japonica*, T4904 *Pinellia ternata*, T6910 *Zingiber officinale*.

**downbear counterflow and disperse food** T4954 *Piper longum*.

**downbear counterflow and precipitate qi** T2217 *Diospyros kaki*.

**downbear counterflow qi** T4369 *Nandina domestica*.

**downbear fire** T0708 *Arthromeris mairei* [Syn. *Polypodium mairei*], T1154 *Camellia sinensis* [Syn. *Thea sinensis*], T3277 *Homo sapiens*.

**downbear fire and disinhibit throat** T6346 *Terminalia chebula*, T6348 *Terminalia chebula* var. *tomentella*.

**downbear fire and transform phlegm** T5531 *Rhus chinensis* [Syn. *Rhus semialata*].

**downbear qi** T1960 *Cynanchum stauntonii*, T2008 *Dalbergia odorifera*, T2013 *Dalbergia sissoo*, T3426 *Inula britannica*, T3427 *Inula britannica*, T3428 *Inula britannica* var. *chinensis*, T3433 *Inula japonica*, T3434 *Inula linariaefolia*, T4717 *Perilla frutescens* var. *acuta* [Syn. *Perilla frutescens* var. *purpurascens*], T4719 *Perilla frutescens* var. *arguta*, T4722 *Perilla frutescens* var. *crispa*, T6261 *Syringa pinnatifolia*.

- dry damp** T0190 *Adonis sutchuenensis*, T0353 *Alpinia blepharocalyx*, T0446 *Anaphalis margaritacea*, T0457 *Andrographis paniculata* [Syn. *Justicia paniculata*], T1582 *Cnidium monnieri*, T2627 *Euphoria longan* [Syn. *Dimocarpus longan*], T2644 *Evodia rutaecarpa*, T2646 *Evodia rutaecarpa* var. *officinalis*, T3120 *Hedychium spicatum*, T4055 *Mahonia bealei*, T4056 *Mahonia bealei*, T4057 *Mahonia bealei*, T4062 *Mahonia fortunei*, T4063 *Mahonia fortunei*, T4066 *Mahonia japonica*, T4067 *Mahonia japonica*, T4068 *Mahonia japonica*, T4072 *Mahonia shenii*, T6393 *Thalictrum ichangense* [Syn. *Thalictrum tripeltatum*; *Thalictrum multipeltatum*], T6402 *Thalictrum omeiense*, T6403 *Thalictrum petaloideum*, T6414 *Thalictrum thunbergii*, T6860 *Zanthoxylum ailanthoides*.
- dry damp and check discharge** T6683 *Vallisneria spiralis*.
- dry damp and disinhibit water** T0824 *Atractylodes macrocephala* [Syn. *Atractylis macrocephala*].
- dry damp and disperse phlegm** T4034 *Magnolia biloba*, T4045 *Magnolia officinalis*.
- dry damp and fortify spleen** T5267 *Psidium guajava*.
- dry damp and kill worms** T1566 *Clerodendrum inerme*, T4881 *Picrasma quassioides* [Syn. *Picrasma ailanthoides*], T5323 *Pulsatilla campanella*, T5324 *Pulsatilla cernua*, T5325 *Pulsatilla chinensis*, T5326 *Pulsatilla dahurica*.
- dry damp and relieve itch** T3588 *Juniperus formosana*.
- dry damp and resolve itch** T0167 *Adenantha pavonina*, T3630 *Kleinhovia hospita*, T4937 *Piper betle*.
- dry damp and resolve toxin** T5234 *Prunus persica*, T6268 *Syzygium samarangense*, T6338 *Tephrosia purpurea*.
- dry damp and transform phlegm** T1483 *Citrus grandis* var. *tomentosa*, T1506 *Citrus reticulata*.
- effuse exterior** T0314 *Allium fistulosum*, T5963 *Sinodielsia yunnanensis*.
- effuse exterior and clear heat** T2627 *Euphoria longan* [Syn. *Dimocarpus longan*].
- effuse exterior and dispel summerheat** T4305 *Mosla dianthera*.
- effuse exterior and dissipate cold** T3796 *Libanotis buchtormensis*.
- effuse exterior and dissipate wind** T5389 *Rabdosia coetsa*.
- effuse exterior and outthrust papules** T1419 *Cimicifuga dahurica*, T1420 *Cimicifuga foetida*, T1421 *Cimicifuga heracleifolia*, T1425 *Cimicifuga simplex*.
- effuse exterior and relieve cough** T5000 *Plagiogyria stenoptera*.
- effuse exterior and resolve summerheat** T5059 *Pogostemon cablin* [Syn. *Mentha cablin*].
- effuse sweat** T1315 *Cephaelis ipecacuanha*, T5452 *Reseda luteola*, T5575 *Rosmarinus officinalis*.
- effuse sweat and abate fever** T6457 *Tilia japonica*, T6458 *Tilia miqueliana*.
- effuse sweat and disinhibit water** T0610 *Argemone mexicana*.
- effuse sweat and eliminate summerheat** T2343 *Elsholtzia splendens*.
- effuse sweat and outthrust papules** T4456 *Nymphoides peltatum*.
- effuse sweat and remove damp** T5113 *Polygonum persicaria*.
- effuse sweat and resolve exterior** T2367 *Ephedra equisetina*, T2368 *Ephedra gerardiana*, T2369 *Ephedra intermedia*, T2372 *Ephedra likiangensis*, T2373 *Ephedra minuta*, T2375 *Ephedra monosperma*,

- T2379 *Ephedra saxatilis*, T2380 *Ephedra sinica*, T3118 *Hedychium coronarium*, T3738 *Lemma minor*, T5609 *Rumex hastatus*.
- effuse sweat and resolve summerheat** T2341 *Elsholtzia ciliata*, T4304 *Mosla chinensis* [Syn. *Orthodon chinensis*].
- eliminate damp** T1180 *Capparis spinosa*, T1437 *Cinnamomum camphora*, T1558 *Clerodendron inerme*, T1876 *Cucumis melo*, T1941 *Cymbopogon distans*, T2263 *Dregea volubilis*, T2584 *Euphorbia ebracteolata*, T2587 *Euphorbia fischeriana*, T3082 *Gynocardia odorata*, T3125 *Hedyotis chrysotricha* [Syn. *Oldenlandia chrysotricha*], T3295 *Huperzia serrata* [Syn. *Lycopodium serratum*], T3594 *Juniperus rigida*, T3674 *Laggera alata*, T3847 *Lindera angustifolia*, T4349 *Myrica rubra*, T4368 *Nandina domestica*, T5105 *Polygonum hydropiper* var. *flaccidum* [Syn. *Polygonum flaccidum*], T5106 *Polygonum lapathifolium*, T5767 *Saussurea pulchella*, T5977 *Smilax glabra*, T5980 *Smilax menispermoides*, T6499 *Tribulus terrestris*, T6843 *Xanthium sibiricum* [Syn. *Xanthium strumarium*].
- eliminate damp and relieve pain** T1656 *Conyza bonariensis* [Syn. *Erigeron bonariensis*; *Erigeron linifolius*; *Erigeron crispus*].
- eliminate damp and resolve cold phlegm** T4904 *Pinellia ternata*.
- eliminate food stagnation** T5384 *Quisqualis indica*.
- eliminate gan fever** T4887 *Picrorhiza kurroo*, T4888 *Picrorhiza scrophulariiflora*, T6104 *Stellaria dichotoma* var. *lanceolata*.
- eliminate heat** T3003 *Glycine max*, T5938 *Setaria italica*, T6507 *Trichosanthes cucumeroides*, T6544 *Triticum aestivum* [Syn. *Triticum vulgare*].
- eliminate heat and dry damp** T0255 *Ailanthus altissima*, T6475 *Toona sinensis*.
- eliminate heat in blood** T2882 *Gardenia jasminoides* [Syn. *Gardenia florida*], T3954 *Lycium barbarum*, T3956 *Lycium chinense*.
- eliminate heat vexation** T1758 *Cotinus coggygria*.
- eliminate impediment** T6826 *Wisteria sinensis*.
- eliminate impediment and check diarrhea** T1614 *Coix lacryma-jobi* var. *ma-yuen*.
- eliminate inflammation** T0423 *Ampelopsis brevipedunculata*, T0646 *Armillariella tabescens*, T0964 *Boenninghausenia albiflora*, T1955 *Cynanchum hancockianum*, T2844 *Ganoderma applanatum*, T3106 *Harpagophytum procumbens*, T3289 *Humulus lupulus*, T3394 *Ilex paraguariensis*, T4503 *Onychium lucidum*, T6139 *Sterculia lychnophora*.
- eliminate inflammation and disinhibit urine** T1557 *Clerodendron indicum*.
- eliminate inflammation and disperse swelling** T6432 *Thespesia populnea* [Syn. *Hibiscus populneus*].
- eliminate inflammation and engender flesh** T6920 *Ziziphus mauritiana*.
- eliminate inflammation and move water** T3432 *Inula helianthus-aquatica*.
- eliminate inflammation and relieve pain** T0543 *Apis mellifera ligustica*, T3643 *Kopsia officinalis*, T3960 *Lycogala epidendrum*, T4208 *Metasequoia glyptostroboides*, T6276 *Tacca plantaginea* [Syn. *Schizocapsa plantaginea*].
- eliminate macula and resolve toxin** T2598 *Euphorbia lathyris*.
- eliminate phlegm and suppress cough** T3803 *Ligularia dictyoneura* [Syn. *Senecio dictyoneurus*].
- eliminate putridity** T2584 *Euphorbia ebracteolata*, T2587 *Euphorbia fischeriana*.
- eliminate putridity and close sores** T2729 *Filipendula ulmaria*, T2857 *Garcinia hanburyi*.
- eliminate putridity and engender flesh** T4031 *Maesa perlaris*, T6080 *Spiraea japonica*.
- eliminate screen** T2408 *Equisetum hiemale*, T5414 *Ranunculus japonicus*.
- eliminate screen and brighten eyes** T1048 *Buddleja officinalis*, T2274 *Dryobalanops aromatica*, T5907 *Senecio scandens* [Syn. *Senecio chinensis*], T6079 *Spiraea japonica*, T6082 *Spiraea japonica* var. *fortunei*.
- eliminate screens** T4471 *Ocimum basilicum*.
- eliminate steam** T0660 *Artemisia annua*, T0662 *Artemisia apiacea* [Syn. *Artemisia carvifolia*; *Artemisia caruifolia*], T0705 *Artemisia vestita*.
- eliminate swelling abscess** T6596 *Ulmus parvifolia*.
- eliminate vexation** T4088 *Malus pumila*, T4829 *Phragmites communis*, T5227 *Prunus mume*.
- eliminate vexation and allay thirst** T0155 *Actinidia arguta*, T0438 *Anacardium occidentale*, T0462 *Anemarrhena asphodeloides*, T1152 *Camellia sinensis* [Syn. *Thea sinensis*], T3286 *Hovenia dulcis*, T3392 *Ilex kudingcha*, T3393 *Ilex latifolia*, T4545 *Oryza sativa*, T4618 *Panicum miliaceum*, T6492 *Trapa bispinosa*.
- eliminate vexation and heat** T1006 *Brassica chinensis*.
- eliminate vexation and quiet spirit** T4121 *Marsilea quadrifolia*.
- eliminate wind-damp** T0298 *Alectoria vivens*, T4283 *Morinda officinalis*, T5638 *Sabia swinhoei*.
- engender blood and harmonize blood** T3615 *Kadsura interior*.
- engender flesh** T0542 *Apis cerana*, T1452 *Cissampelos pareira*, T1453 *Cissampelos pareira* var. *hirsute*, T2092 *Delphinus delphis*, T2293 *Dumortiera hirsuta*, T2420 *Ericerus pela*, T4478 *Octopus vulgaris*.
- engender flesh and close sores** T6716 *Vernonia esculenta*.
- engender flesh and cure sores** T1552 *Cleome viscosa*.
- engender flesh and kill worms** T3407 *Illicium simonsii*.
- engender flesh and relieve pain** T3089 *Gypsophila acutifolia*, T4917 *Pinus massoniana*.
- engender flesh and stanch bleeding** T0180 *Adina pilulifera* [Syn. *Cephalanthus pilulifera*], T4207 *Metaplexis japonica*, T4686 *Pedilanthus tithymaloides*, T5528 *Rhodomyrtus tomentosa*, T5554 *Rodgersia aesculifolia*, T6145 *Stichopus japonicus*.
- engender hairs** T1175 *Cannabis sativa*, T2981 *Gleditsia sinensis* [Syn. *Gleditsia horrida*].
- engender liquid** T0535 *Antidesma bunius*, T0834 *Averrhoa carambola*, T1165 *Canarium album*, T1961 *Cynanchum thesioides*, T2221 *Diospyros kaki*, T4088 *Malus pumila*, T4099 *Mangifera indica*, T4103 *Mangifera persiciformis*, T4288 *Morus alba*, T4599 *Panax ginseng* [Syn. *Panax schinseng*], T4979 *Pistacia chinensis*, T5228 *Prunus mume*, T5229 *Prunus persica*, T5239 *Prunus salicina*, T5312 *Pueraria edulis*, T5313 *Pueraria lobata* [Syn. *Pueraria thunbergiana*; *Pueraria pseudohirsuta*], T5316 *Pueraria omeiensis*, T5318 *Pueraria phaseoloides*, T5320 *Pueraria thomsonii*, T6266 *Syzygium cumini*, T6507 *Trichosanthes cucumeroides*, T6919 *Ziziphus jujuba* var. *spinosa*.
- engender liquid and allay thirst** T1006 *Brassica chinensis*, T1153 *Camellia sinensis* var. *assamica*, T1179 *Capparis masaikai*, T1471 *Citrus chachiensis*, T1473 *Citrus cultivars*, T1474 *Citrus decumana*,

- T1490 *Citrus limon*, T1494 *Citrus limonia*, T1516 *Citrus tankan*, T1518 *Citrus unshiu*, T2220 *Diospyros kaki*, T2569 *Eupatorium rebaudianum*, T3962 *Lycopersicon esculentum*, T4086 *Malus asiatica*, T4348 *Myrica rubra*, T4600 *Panax ginseng* [Syn. *Panax schinseng*], T4602 *Panax ginseng* [Syn. *Panax schinseng*], T4731 *Persea americana* [Syn. *Persea gratissima*], T4786 *Phasianus colchicus*, T4834 *Phyllanthus emblica*, T5093 *Polygonatum odoratum* [Syn. *Polygonatum officinale*], T5094 *Polygonatum prattii*, T5179 *Potentilla anserina*, T5186 *Potentilla reptans* var. *sericophylla*, T5218 *Prunus armeniaca*.
- engender liquid and boost blood** T3876 *Litchi chinensis*.
- engender liquid and boost lung** T2190 *Dioscorea batatas* [Syn. *Dioscorea opposita*], T2202 *Dioscorea japonica*.
- engender liquid and eliminate vexation** T0713 *Artocarpus heterophyllus*, T0722 *Arundo donax*.
- engender liquid and moisten dryness** T0989 *Bos taurus domesticus*; *Bubalus bubalis*, T5447 *Rehmannia glutinosa* [Syn. *Rehmannia glutinosa* f. *huechingensis*].
- engender liquid and quiet spirit** T4682 *Pedicularis muscicola*.
- enrich and invigorate** T0541 *Apis cerana*.
- enrich and nourish** T4785 *Phaseolus vulgaris*.
- enrich and nourish blood vessel** T1888 *Cudrania tricuspidata*.
- enrich and supplement** T0541 *Apis cerana*, T0924 *Bergenia purpurascens*, T3200 *Hemidesmus indicus*, T6432 *Thespesia populnea* [Syn. *Hibiscus populneus*].
- enrich kidney** T3955 *Lycium barbarum*, T3958 *Lycium chinense*.
- enrich kidney and replenish essence** T5091 *Polygonatum cyrtanema* [Syn. *Polygonatum multiflorum*], T5092 *Polygonatum kingianum*, T5095 *Polygonatum sibiricum*.
- enrich liver and nourish kidney** T1819 *Crotalaria ferruginea*.
- enrich yin and boost qi** T4821 *Pholidota articulata*.
- enrich yin and clear heat** T0155 *Actinidia arguta*, T2094 *Dendrobium aduncum*, T2096 *Dendrobium aurantiacum* var. *denneanum*, T2098 *Dendrobium chrysanthum*, T2100 *Dendrobium densiflorum*, T2102 *Dendrobium fimbriatum* var. *oculatum*, T2105 *Dendrobium loddigesii*, T2106 *Dendrobium moniliforme*, T2107 *Dendrobium nobile*, T2108 *Dendrobium officinale*, T5133 *Polytrichum commune*, T5445 *Rehmannia glutinosa* [Syn. *Rehmannia glutinosa* f. *huechingensis*].
- enrich yin and downbear fire** T3276 *Homo sapiens*, T5826 *Scrophularia buergeriana*, T5828 *Scrophularia ningpoensis*.
- enrich yin and moisten dryness** T0462 *Anemarrhena asphodeloides*, T0746 *Asparagus cochinchinensis* [Syn. *Asparagus lucidus*], T0982 *Bos taurus domesticus*, T2840 *Gallus gallus domesticus*.
- enrich yin and nourish blood** T5107 *Polygonum multiflorum*.
- enrich yin and remove heat** T5186 *Potentilla reptans* var. *sericophylla*.
- enrich yin and supplement blood** T1189 *Caragana intermedia*.
- enrich yin and supplement kidney** T1035 *Broussonetia papyrifera*, T2301 *Dysosma majorensis* [Syn. *Podophyllum majorensis*; *Dysosma lichuanensis*], T4681 *Pedicularis decora*.
- enrich yin and supplement vacuity** T4644 *Parasilurus asotus*.
- enrich yin and nourish blood** T4288 *Morus alba*.
- expel phlegm and precipitate qi** T1153 *Camellia sinensis* var. *assamica*.
- expel pus** T0791 *Astragalus chrysopterus*, T0794 *Astragalus ernestii*, T0798 *Astragalus membranaceus*, T0800 *Astragalus mongholicus*, T2601 *Euphorbia milii*, T5011 *Platycodon grandiflorum*.
- expel pus and break stasis** T4672 *Patrinia scabiosaefolia*, T4676 *Patrinia villosa*.
- expel pus and disinhibit urine** T3284 *Houttuynia cordata*.
- expel pus and draw out toxin** T4917 *Pinus massoniana*.
- expel pus and engender flesh** T1673 *Corchorus capsularis*.
- expel pus and relieve cough** T3233 *Heteropappus altaicus*.
- expel roundworm** T0659 *Artemisia absinthium*, T1122 *Caloglossa leprieurii*, T1176 *Cannabis sativa*, T2173 *Digenea simplex*, T4002 *Lysimachia foenum-graecum*, T4231 *Milingtonia hortensis*, T6312 *Taxus mairei*, T6864 *Zanthoxylum armatum*, T6887 *Zanthoxylum planispinum*.
- expel roundworms** T3342 *Hypericum bellum*.
- expel roundworms** T3380 *Hypis pectinata*.
- expel stasis and break accumulation** T2384 *Epicauta gorhami*.
- expel stasis and free menstruation** T5472 *Rheum officinale*, T5474 *Rheum palmatum*, T5481 *Rheum tanguticum*.
- expel stasis blood** T1923 *Cyathula capitata*.
- expel stone and disinhibit water** T1553 *Clerodendranthus spicatus*.
- expel tapeworm** T0251 *Agrimonia pilosa* var. *japonica*.
- expel water** T2024 *Daphne genkwa*, T2599 *Euphorbia lunulata*, T2601 *Euphorbia milii*.
- expel water and dispel phlegm** T6105 *Stellera chamaejasme*.
- expel water and disperse swelling** T1858 *Croton tiglium*, T2597 *Euphorbia lathyris*, T4861 *Phytolacca americana* [Syn. *Phytolacca decandra*], T4864 *Phytolacca esculenta* [Syn. *Phytolacca acinosa*].
- expel wind** T1137 *Caltha palustris*, T2746 *Foeniculum vulgare*.
- expel wind and dissipate cold** T4956 *Piper mullesua*, T5987 *Sobania chinensis*.
- expel wind and eliminate damp** T2449 *Erycibe obtusifolia*, T2450 *Erycibe schmidtii*, T2538 *Euonymus bungeanus*, T3867 *Liquidambar formosana* [Syn. *Liquidambar taiwaniana*], T4678 *Paulownia fortunei*, T4679 *Paulownia tomentosa*, T4873 *Picea koraiensis*, T5648 *Salacia prinooides* [Syn. *Salacia chinensis*], T5998 *Solanum dulcamara*, T6808 *Waltheria americana*.
- expel wind and quicken blood** T6264 *Syzygium buxifolium*.
- expel wind and relieve pain** T6003 *Solanum khasianum*.
- expel worms** T0264 *Ajuga forrestii*, T0446 *Anaphalis margaritacea*, T0511 *Annona reticulata*, T0606 *Areca catechu*, T0952 *Blechnum orientale*, T1101 *Caesalpinia decapetala*, T1382 *Chondria armata* [Syn. *Lophura armata*], T1595 *Codium fragile*, T1881 *Cucurbita moschata*, T1986 *Cyrtomium fortunei*, T2277 *Dryopteris austriaca*, T2279 *Dryopteris championii*, T2282 *Dryopteris filix-mas*, T2346 *Embelia oblongifolia*, T2410 *Equisetum pratense*, T2852 *Garcinia cowa*, T3466 *Iris potaninii*, T3688 *Lappula echinata*, T3935 *Luffa cylindrica*, T4163 *Melia toosendan*, T4364 *Myrsine semiserrata*, T5151 *Populus davidiana*, T5328 *Punica granatum*, T5329 *Punica granatum*, T5921 *Seriphidium finitum* [Syn. *Artemisia finita*], T6201 *Styrax obassia*, T6653 *Usnea diffracta*, T6654 *Usnea longissima*.
- expel worms and relieve itch** T4085 *Mallotus repandus* var. *chrysocarpus* [Syn. *Mallotus chrysocarpus*; *Mallotus repandus*].
- expel worms and treat lichen** T4156 *Melia azedarach*, T4162 *Melia toosendan*.
- extinguish wind and check tetany** T2836 *Gallus gallus domesticus*, T2890

- Gastrodia elata*, T4710 *Pericampylus glaucus*, T5817 *Scolopendra subspinipes mutilans*, T6625 *Uncaria macrophylla*, T6629 *Uncaria rhynchophylla* [Syn. *Nauclea rhynchophylla*], T6633 *Uncaria sinensis*.
- extinguish wind and harmonize blood** T0483 *Angelica gigas*.
- extinguish wind and settle fright** T6424 *Thermopsis alpina*.
- fortify and move spleen** T5573 *Rosa sericea*.
- fortify spleen** T0353 *Alpinia blepharocalyx*, T0387 *Amaranthus caudatus*, T0535 *Antidesma bunius*, T0541 *Apis cerana*, T1143 *Calystegia hederacea*, T2246 *Dolichos lablab*, T3950 *Lychnis fulgens*, T4178 *Melodinus hemsleyanus*, T5244 *Prunus tomentosa*, T5575 *Rosmarinus officinalis*, T6231 *Swertia pseudochinensis*.
- fortify spleen and assisting movement** T4436 *Nitraria tangutorum*.
- fortify spleen and boost kidney** T1188 *Caragana chamlagu*, T1604 *Coeloglossum viride* [Syn. *Coeloglossum viride* var. *bracteatum*], T3000 *Glycine max*, T3077 *Gymnadenia conopsea*.
- fortify spleen and boost lung** T4450 *Nuphar pumilum*.
- fortify spleen and boost qi** T1202 *Carex kobomugi*, T6489 *Tragopogon porrifolius*.
- fortify spleen and boost stomach** T5067 *Polyalthia nemoralis*.
- fortify spleen and check diarrhea** T2188 *Dioscorea alata*, T4548 *Oryza sativa* var. *glutinosa*, T6056 *Sorghum vulgare*.
- fortify spleen and disinhibit damp** T1238 *Cassia mimosoides*, T3418 *Incarvillea arguta*, T3645 *Kummerowia striata*, T3770 *Lespedeza cuneata*, T3840 *Limnophila rugosa*, T3886 *Litsea euosma*, T6264 *Syzygium buxifolium*, T6754 *Vigna unguiculata*.
- fortify spleen and disinhibit water** T1035 *Broussonetia papyrifera*, T2998 *Glycine max*, T6744 *Vicia faba*.
- fortify spleen and disperse accumulation** T2658 *Fagopyrum esculentum*, T6229 *Swertia patens*, T6676 *Valeriana hardwickii*.
- fortify spleen and disperse food** T1769 *Crataegus cuneata*, T1771 *Crataegus kansuensis*, T1772 *Crataegus maximowiczii*, T1780 *Crataegus sanguinea*, T1781 *Crataegus scabrifolia*, T1952 *Cynanchum auriculatum*, T1953 *Cynanchum bungei*, T2189 *Dioscorea althaeoides*, T2838 *Gallus gallus domesticus*, T4194 *Menyanthes trifoliata*, T5341 *Pygmaepremna herbacea* [Syn. *Premna herbacea*], T5758 *Saussurea lappa* [Syn. *Aucklandia lappa*].
- fortify spleen and eliminate damp** T0881 *Bauhinia variegata*, T2720 *Ficus hispida*.
- fortify spleen and harmonize center** T2050 *Daucus carota* var. *sativa*.
- fortify spleen and harmonize stomach** T1623 *Collybia albuminosa*, T1751 *Corylus heterophylla*, T1980 *Cyprinus carpio*, T2136 *Desmos cochinchinensis* [Syn. *Desmos chinensis*], T3431 *Inula helenium*, T3437 *Inula racemosa*.
- fortify spleen and nourish stomach** T0559 *Arachis hypogaea*, T2190 *Dioscorea batatas* [Syn. *Dioscorea opposita*], T2202 *Dioscorea japonica*, T3229 *Hericium erinaceus* [Syn. *Hydnum erinaceus*].
- fortify spleen and percolate damp** T1614 *Coix lacryma-jobi* var. *ma-yuen*.
- fortify spleen and promote digestion** T0210 *Agaricus bisporus*, T0211 *Agaricus campestris*, T2716 *Ficus beecheyana* [Syn. *Ficus erecta* var. *beecheyana*], T2717 *Ficus carica*, T3742 *Lentinus edodes*, T4636 *Papaver somniferum*, T4644 *Parasilurus asotus*.
- fortify spleen and quiet heart** T5169 *Poria cocos*.
- fortify spleen and regulate menstruation** T2326 *Elaeagnus angustifolia*.
- fortify spleen and stomach** T0298 *Alectoria vivens*, T0983 *Bos taurus domesticus*, T1964 *Cynanchum wilfordii* [Syn. *Cynoctonum wilfordii*], T2846 *Ganoderma japonicum* [Syn. *Ganoderma sinense*], T2848 *Ganoderma lucidum*, T5179 *Potentilla anserina*, T5872 *Selenarctos thibetanus*; *Ursus arctos*, T6656 *Ustilago maydis*.
- fortify spleen and supplement center** T0991 *Bos taurus domesticus*; *Bubalus bubalis*.
- fortify spleen and supplement lung** T0500 *Anguilla japonica*, T1596 *Codonopsis canescens*, T1597 *Codonopsis clematidea*, T1599 *Codonopsis pilosula*, T1600 *Codonopsis pilosula* var. *modesta* [Syn. *Codonopsis modesta*], T1601 *Codonopsis subglobosa*, T1602 *Codonopsis tangshen*, T1603 *Codonopsis tubulosa*, T2727 *Ficus simplicissima*.
- fortify spleen and supplement vacuity** T3774 *Lespedeza tomentosa*, T4147 *Medicago falcata*, T5071 *Polygala arillata*.
- fortify spleen and suppress cough** T0151 *Acronychia pedunculata*.
- fortify spleen and warm stomach** T0363 *Alpinia speciosa*, T6267 *Syzygium jambos*.
- fortify stomach** T0158 *Actinidia chinensis*, T0357 *Alpinia japonica*, T0659 *Artemisia absinthium*, T1242 *Cassia occidentalis*, T1608 *Coffea arabica*, T1610 *Coffea liberica*, T1687 *Coriandrum sativum*, T4551 *Osmorhiza aristata* var. *laxa*, T5570 *Rosa roxburghii*, T6889 *Zanthoxylum podocarpum*.
- fortify stomach and disperse accumulation** T1546 *Clematis tangutica*.
- fortify stomach and disperse food** T0418 *Amomum muricarpum*, T1775 *Crataegus pinnatifida*, T1778 *Crataegus pinnatifida* var. *major*, T2763 *Fragaria ananassa*, T3254 *Hippophae rhamnoides*, T3256 *Hippophae rhamnoides* subsp. *sinensis*, T3258 *Hippophae rhamnoides* subsp. *yunnanensis*, T3289 *Humulus lupulus*, T3962 *Lycopersicon esculentum*, T4100 *Mangifera indica*, T5122 *Polygonum viscosum*, T6071 *Sphaeranthus indicus*.
- fortify stomach and disperse stagnation** T4217 *Microcos paniculata* [Syn. *Grewia microcos*].
- fortify stomach and expel worms** T6895 *Zanthoxylum simulans*.
- fortify stomach and harmonize center** T3480 *Isodon angustifolia*, T4172 *Melilotus suaveolens*.
- fortify stomach and rectify qi** T0311 *Allium cepa*, T3725 *Laurus nobilis*.
- fortify stomach and relieve pain** T1492 *Citrus limon*, T1496 *Citrus limonia*, T2505 *Eucalyptus citriodora*, T6435 *Thladiantha cordifolia*.
- fortify stomach and resolve phlegm** T1501 *Citrus medica* var. *sarcodactylis*.
- free bowels and drain heat** T5469 *Rheum hotaoense*.
- free channels and network vessels** T0871 *Barleria lupulina*, T1327 *Cerastostigma minus*, T2438 *Erodium stephanianum*, T2943 *Geranium nepalense*, T2944 *Geranium pratense*, T2947 *Geranium sibiricum*, T2949 *Geranium wilfordii*, T3436 *Inula nervosa*, T4950 *Piper kadsura* [Syn. *Piper futokadsura*], T5950 *Siegesbeckia orientalis*, T5951 *Siegesbeckia orientalis* var. *glabrescens* [Syn. *Siegesbeckia glabrescens*], T5952 *Siegesbeckia orientalis* var. *pubescens* [Syn. *Siegesbeckia pubescens*], T5981 *Smilax riparia*, T6588 *Typhonium giganteum*.
- free channels and quicken blood** T1853 *Croton oblongifolius* [Syn. *Croton laevigatus*], T5648 *Salacia prinoides* [Syn. *Salacia chinensis*].
- free channels and quicken network vessels** T1589 *Cocculus trilobus* [Syn.

- Cocculus sarmentosus*], T2753 *Formica fusca*, T4308 *Mucuna birdwoodiana*, T6166 *Strychnos angustiflora*, T6738 *Viburnum odoratissimum*.
- free channels and relieve pain** T1943 *Cymbopogon goeringii*.
- free intestines and stomach** T1006 *Brassica chinensis*.
- free joints** T5977 *Smilax glabra*, T5980 *Smilax menispermoidea*.
- free medicinal strength** T3869 *Liquor*.
- free menstruation** T0941 *Bidens tripartita*, T1356 *Cheiranthus cheiri*, T2546 *Euonymus sacrosancta*, T3779 *Leucas aspera*.
- free menstruation and check discharge** T4575 *Pachysandra terminalis*.
- free menstruation and milk** T0632 *Aristolochia manshuriensis*, T4106 *Manis pentadactyla*.
- free menstruation and promote lactation** T4178 *Melodinus hemsleyanus*.
- free menstruation and quicken blood** T2734 *Fissistigma glaucescens* [Syn. *Melodorum glaucescens*].
- free menstruation and relieve pain** T0994 *Boswellia carterii*, T1288 *Celastrus orbiculatus* [Syn. *Celastrus articulatus*], T1903 *Curcuma aromatica*, T1905 *Curcuma longa*, T3056 *Gossypium herbaceum*.
- free milk** T1508 *Citrus sinensis*, T1980 *Cyprinus carpio*, T2590 *Euphorbia hirta*, T3662 *Lactuca sativa*, T4206 *Metaplexis japonica*, T6357 *Tetrapanax papyriferus*.
- free milk and disinhibit water** T4983 *Pisum sativum*.
- free nasal orifices** T1312 *Centipeda minima*.
- free network vessels** T2426 *Erigeron sumatrensis*, T3913 *Lonicera japonica*, T4516 *Oplopanax elatus*, T4796 *Pheretima aspergillum*; *Allolobophora caliginosa trapezoides*, T6066 *Spatholobus suberectus*.
- free network vessels and disperse swelling** T1008 *Brassica juncea*.
- free network vessels and dissipate stasis** T3613 *Kadsura coccinea* [Syn. *Kadsura chenensis*; *Kadsura hainanensis*], T4324 *Murraya paniculata* [Syn. *Chalcas paniculata*], T5075 *Polygala fallax* [Syn. *Polygala aureocauda*].
- free network vessels and relieve pain** T0080 *Aconitum bullatifolium* var. *homotrichum* [Syn. *Aconitum nagarum*], T1053 *Bulbophyllum odoratissimum* [Syn. *Stelis odoratissimum*], T1084 *Buthus martensi*, T1545 *Clematis chinensis*, T1715 *Corydalis decumbens* [Syn. *Corydalis amabilis*], T1767 *Craibiodendron yunnanese*, T1799 *Crinum latifolium*, T1921 *Cyanotis arachnoidea* [Syn. *Cyanotis bodinieri*], T2062 *Delphinium bonvalotii*, T2081 *Delphinium omeiense*, T2084 *Delphinium potaninii*, T2085 *Delphinium potaninii* var. *jiufengshanense*, T2194 *Dioscorea colletii*, T2213 *Dioscorea zingiberensis*, T3737 *Lemmaphyllum microphyllum* var. *obovatum*, T4118 *Marsdenia oreophila*, T5021 *Pleurospermum rivulorum*, T5817 *Scolopendra subspinipes mutilans*, T6184 *Strychnos nux-vomica*, T6193 *Strychnos wallichiana*, T6252 *Symplocos chinensis*, T6862 *Zanthoxylum ailanthoides*.
- free orifices and relieve pain** T0479 *Angelica dahurica* cv. *qibaizhi*, T0498 *Angelica taiwaniana*, T0728 *Asarum heterotropoides* var. *mandshuricum*, T0731 *Asarum sieboldii*, T0732 *Asarum sieboldii* var. *seoulensis*.
- free qi and effuse sweat** T0319 *Allium schoenoprasum*.
- free stool** T0334 *Aloe arborescens* var. *natalensis*, T1101 *Caesalpinia decapetala*, T1173 *Cannabis sativa*, T1229 *Cassia acutifolia*, T1230 *Cassia angustifolia*, T1236 *Cassia laevigata* [Syn. *Cassia floribunda*], T1238 *Cassia mimosoides*, T1241 *Cassia occidentalis*, T1242 *Cassia occidentalis*, T1291 *Celastrus paniculatus*, T2612 *Euphorbia prolifera*, T3394 *Ilex paraguariensis*, T3447 *Ipomoea batatas* [Syn. *Convolvulus batatas*], T3935 *Luffa cylindrica*, T5613 *Rumex obtusifolius*, T5272 *Psorospermum febrifugum*, T6032 *Sophora flavescens* [Syn. *Sophora angustifolia*].
- free stool and kill worms** T5607 *Rumex crispus*, T5614 *Rumex patientia*.
- free strangury** T0155 *Actinidia arguta*, T0158 *Actinidia chinensis*, T3240 *Hibiscus esculentus*, T3668 *Lagenaria siceraria* var. *depressa*, T5372 *Quercus dentata*.
- free strangury and expel stone** T4149 *Medicago sativa*.
- free strangury and transform turbid** T1001 *Brachystemma calycinum*.
- free yang** T0310 *Allium ascalonicum*, T0314 *Allium fistulosum*.
- harmonize blood** T4720 *Perilla frutescens* var. *arguta*, T4723 *Perilla frutescens* var. *crispa*, T5518 *Rhododendron mucronatum*, T5523 *Rhododendron simsii*, T5572 *Rosa rugosa*.
- harmonize blood and check dysentery** T4665 *Passiflora edulis*.
- harmonize blood and dispel wind** T1188 *Caragana chamlagu*.
- harmonize blood and relieve pain** T0569 *Aralia cordata*, T0574 *Aralia fargesii*, T1292 *Celastrus orbiculatus* [Syn. *Celastrus articulatus*].
- harmonize blood and resolve toxin** T3113 *Hedera nepalensis* var. *sinensis*, T3115 *Hedera rhombea*.
- harmonize blood and stanch bleeding** T0382 *Althaea rosea*.
- harmonize blood and vanquish toxin** T0094 *Aconitum finetianum*.
- harmonize center** T4190 *Mentha spicata*, T5938 *Setaria italica*.
- harmonize center and check vomiting** T6325 *Tectona grandis*.
- harmonize center and downbear counterflow** T4818 *Phoebe nanmu*.
- harmonize center and moisten intestines** T1465 *Citrullus vulgaris* [Syn. *Citrullus lanatus*].
- harmonize center and precipitate qi** T4983 *Pisum sativum*.
- harmonize center and promote digestion** T1486 *Citrus junos*.
- harmonize center and relieve pain** T4086 *Malus asiatica*.
- harmonize exterior and interior** T1055 *Bupleurum angustissimum*, T1056 *Bupleurum aureum*, T1058 *Bupleurum chaishouii*, T1059 *Bupleurum chinense*, T1065 *Bupleurum longiradiatum*, T1066 *Bupleurum marginatum*, T1067 *Bupleurum marginatum* var. *stenophyllum*, T1072 *Bupleurum scorzoniferolium*, T1073 *Bupleurum sibiricum*, T1075 *Bupleurum smithii* var. *parvifolium*, T1078 *Bupleurum wenchuanense*, T1079 *Bupleurum yinchowense*.
- harmonize spleen and stomach** T1390 *Chrysanthemum coronarium*, T1397 *Chrysanthemum segetum*, T1888 *Cudrania tricuspidata*.
- harmonize stomach** T1182 *Capra hircus*; *Ovis aries*, T1469 *Citrus aurantium* var. *amara*, T2263 *Dregea volubilis*, T4188 *Mentha rotundifolia*, T6145 *Stichopus japonicus*.
- harmonize stomach and arouse spleen** T0417 *Amomum longiligulare*, T0419 *Amomum villosum*, T0420 *Amomum xanthioides*, T4386 *Nardostachys chinensis*, T4387 *Nardostachys jatamansi*.
- harmonize stomach and check vomiting** T3372 *Hypodematium sinense*.
- harmonize stomach and disperse accumulation** T1467 *Citrus aurantium*, T5140 *Poncirus trifoliata*, T6285 *Tamarindus indica*.
- harmonize stomach and disperse food** T2452 *Erysimum cheiranthoides*, T2733 *Firmiana simplex*, T4348 *Myrica rubra*.
- harmonize stomach and fortify center** T6017 *Solanum tuberosum*.
- harmonize stomach and free stool** T1384 *Chondrus ocelladus*.

- harmonize stomach and inhibit acid** T4306 *Mosla grosseserrata*.
- harmonize stomach and soothe sinews** T1343 *Chaenomeles sinensis*.
- harmonize stomach and transform damp** T0212 *Agastache rugosus*, T1342 *Chaenomeles lagenaria* [Syn. *Chaenomeles speciosa*], T4170 *Melilotus albus*, T4284 *Morinda parvifolia*.
- harmonize stomach and transform phlegm** T5226 *Prunus mume*.
- harmonize stomach and transform turbidity** T0978 *Bombyx mori*.
- hasten delivery** T3758 *Lepidium sativum*.
- hasten delivery or stop delivery** T1179 *Capparis masaikai*.
- increase appetite** T0041 *Acanthopanax senticosus* [Syn. *Eleutherococcus senticosus*], T0472 *Anethum graveolens*, T1341 *Cetraria islandica*, T4546 *Oryza sativa*, T4547 *Oryza sativa* cv.
- increase appetite and check vomiting** T5059 *Pogostemon cablin* [Syn. *Mentha cablin*].
- increase appetite and disperse food** T0416 *Amomum kravanh* [Syn. *Amomum cardamomum*].
- induce sweat** T3394 *Ilex paraguariensis*.
- inhibit acid** T2841 *Gallus gallus domesticus*, T6412 *Thalictrum squarrosum*.
- inhibit secretion** T0825 *Atropa belladonna*.
- interrupt malaria** T0249 *Agrimonia pilosa* var. *japonica*, T0378 *Alstonia yunnanensis*, T0606 *Areca catechu*, T0653 *Artabotrys hexapetalus* [Syn. *Annona hexapetalus*], T0660 *Artemisia annua*, T0662 *Artemisia apiacea* [Syn. *Artemisia carvifolia*; *Artemisia caruifolia*], T0947 *Bixa orellana*, T1176 *Cannabis sativa*, T1446 *Cipadessa baccifera*, T1535 *Clausena excavata*, T1561 *Clerodendron serratum*, T1562 *Clerodendron trichotomum*, T1569 *Clerodendron serratum* var. *amplexifolium*, T1853 *Croton oblongifolius* [Syn. *Croton laevigatus*], T2295 *Duranta repens*, T2310 *Dysoxylum hongkongense*, T2421 *Erigeron annuus*, T2695 *Ferula assafoetida*, T3144 *Helianthus annuus*, T3146 *Helianthus annuus* cv, T3303 *Hydrangea chinensis*, T3304 *Hydrangea macrophylla*, T3308 *Hydrangea umbellata*, T3327 *Hyoscyamus niger*, T4803 *Phlogacanthus curviflorus*, T5107 *Polygonum multiflorum*, T5110 *Polygonum orientale*, T5184 *Potentilla kleiniana*, T5413 *Ranunculus cantoniensis*, T5414 *Ranunculus japonicus*, T5415 *Ranunculus sceleratus*, T5852 *Sedum bulbiferum*, T6402 *Thalictrum omeiense*, T6709 *Verbena officinalis*, T6723 *Veronica arvensis*, T6727 *Veronica persica*.
- interrupt malaria and abate fever** T1428 *Cinchona ledgeriana*, T1429 *Cinchona officinalis*, T1433 *Cinchona succirubra*.
- interrupt malaria and kill worms** T2136 *Desmos cochinchinensis* [Syn. *Desmos chinensis*].
- interrupt malaria and settle pain** T1841 *Croton caudatus* var. *tomentosus*.
- invigorate yang** T6073 *Sphallerocarpus gracilis*.
- invigorate yang and secure essence** T0323 *Allium tuberosum*.
- joint bones** T1206 *Carica papaya*, T2234 *Dipsacus asperoides*, T2235 *Dipsacus japonicus*, T3685 *Lannea grandis* [Syn. *Lannea coromandelica*], T5733 *Sarcococca vagans*.
- joint bones and disperse swelling** T4031 *Maesa perlarium*.
- joint bones and engender flesh** T1871 *Cucubalus baccifer*.
- joint sinews and bones** T0170 *Adhatoda vasica*, T0871 *Barleria lupulina*, T6138 *Sterculia foetida*.
- kill snails** T0398 *Ambrosia artemisiifolia*.
- kill worms** T0012 *Abrus precatorius*, T0215 *Agave americana*, T0248 *Agrimonia pilosa*, T0255 *Ailanthus altissima*, T0314 *Allium fistulosum*, T0318 *Allium sativum*, T0364 *Alsophila spinulosa*, T0435 *Anabasis aphylla*, T0513 *Annona squamosa*, T0707 *Arthraxon hispidus*, T0750 *Asparagus gobicus*, T0752 *Asparagus officinalis*, T1097 *Cacalia ainsliaeflora*, T1210 *Carpesium abrotanoides*, T1211 *Carpesium abrotanoides*, T1278 *Cedrela sinensis*, T1374 *Chloranthus spicatus*, T1388 *Chrysanthemum cinerariaefolium*, T1389 *Chrysanthemum coccineum*, T1437 *Cinnamomum camphora*, T1535 *Clausena excavata*, T1558 *Clerodendron inerme*, T1582 *Cnidium monnieri*, T1591 *Cocos nucifera*, T1593 *Cocos nucifera*, T1645 *Consolida ajacis* [Syn. *Delphinium ajacis*], T1693 *Coriaria sinica* [Syn. *Coriaria nepalensis*], T1815 *Crotalaria assamica*, T1867 *Cryptomeria fortunei*, T2048 *Daucus carota*, T2049 *Daucus carota*, T2162 *Dicranostigma franchetianum* [Syn. *Dicranostigma leptopodium*], T2281 *Dryopteris crassirhizoma*, T2533 *Eugenia jambolana* [Syn. *Syzygium cumini*; *Myrtus cumini*], T2536 *Euonymus alatus*, T2546 *Euonymus sacrosancta*, T2567 *Eupatorium odoratum*, T2584 *Euphorbia ebracteolata*, T2585 *Euphorbia esula*, T2587 *Euphorbia fischeriana*, T2599 *Euphorbia lunulata*, T2612 *Euphorbia prolifera*, T2624 *Euphorbia tirucalli*, T2695 *Ferula assafoetida*, T2857 *Garcinia hanburyi*, T2979 *Gleditsia sinensis* [Syn. *Gleditsia horrida*], T3263 *Holarrhena antidysenterica*, T3327 *Hyoscyamus niger*, T3420 *Incarvillea sinensis*, T3567 *Juglans regia*, T3570 *Juglans regia*, T3630 *Kleinhovia hospita*, T3726 *Laurus nobilis*, T4020 *Macleaya cordata*, T4127 *Matteuccia struthiopteris*, T4157 *Melia azedarach*, T4552 *Osmunda japonica*, T4690 *Pelargonium graveolens*, T4890 *Pieris japonica*, T5098 *Polygonum aviculare*, T5113 *Polygonum persicaria*, T5185 *Potentilla multifida*, T5220 *Prunus davidiana*, T5221 *Prunus davidiana*, T5232 *Prunus persica*, T5234 *Prunus persica*, T5235 *Prunus persica*, T5317 *Pueraria peduncularis*, T5327 *Punica granatum*, T5516 *Rhododendron molle*, T5537 *Rhus sylvestris*, T5542 *Rhus verniciflua* [Syn. *Toxicodendron verniciflum*], T5595 *Rubus parviflorus*, T5605 *Rumex acetosa*, T5613 *Rumex obtusifolius*, T5719 *Sapindus mukorossi*, T5726 *Saponaria officinalis*, T5920 *Seriphidium cinum* [Syn. *Artemisia cina*], T6032 *Sophora flavescens* [Syn. *Sophora angustifolia*], T6035 *Sophora japonica*, T6048 *Sophora vicifolia*, T6177 *Strychnos ignatii*, T6219 *Swertia erythrosticta*, T6277 *Tadehagi triquetrum*, T6330 *Tephrosia kirilowii* [Syn. *Senecio integrifolius* var. *fauriei*], T6474 *Toona ciliata*, T6475 *Toona sinensis*, T6476 *Torilis japonica*, T6691 *Veratrum baillonii*, T6697 *Veratrum grandiflorum*, T6698 *Veratrum nigrum*, T6826 *Wisteria sinensis*, T6827 *Wisteria sinensis*, T6831 *Woodwardia orientalis*, T6860 *Zanthoxylum ailanthoides*, T6870 *Zanthoxylum bungeanum*.
- kill worms and cure sores** T1436 *Cinnamomum camphora*.
- kill worms and disinhibit damp** T5455 *Rhamnus crenata*.
- kill worms and disperse accumulation** T1632 *Combretum yunnanensis*, T4542 *Orthosiphon wulfenoides* [Syn. *Coleus wulfenoides*].
- kill worms and disperse gan** T1049 *Bufo bufo gargarizans*; *Bufo melanostictus*.
- kill worms and dissipate binds** T2978 *Gleditsia sinensis* [Syn. *Gleditsia horrida*].
- kill worms and ejection** T6693 *Veratrum album* var. *lobelianum* [Syn. *Veratrum lobelianum*].
- kill worms and relieve diarrhea** T4083 *Mallotus philippinensis*, T4084

*Mallotus philippinensis*.

- kill worms and relieve itch** T0142 *Acorus calamus*, T0297 *Alchornea trewioides*, T0749 *Asparagus filicinus*, T0853 *Baekkea frutescens*, T1261 *Catalpa ovata*, T1264 *Catalpa ovata*, T1359 *Chenopodium album*, T1361 *Chenopodium ambrosioides*, T1594 *Cocos nucifera*, T2077 *Delphinium grandiflorum*, T2124 *Derris trifoliata*, T2459 *Erythrina arborescens*, T2478 *Erythrina variegata* [Syn. *Erythrina indica*], T2510 *Eucalyptus globulus*, T2517 *Eucalyptus robusta*, T2580 *Euphorbia antiquorum*, T2602 *Euphorbia nematocypha*, T2617 *Euphorbia royleana*, T2651 *Excoecaria cochinchinensis* var. *viridis*, T3245 *Hibiscus syriacus*, T3560 *Jatropha curcas*, T3624 *Kalopanax pictum*, T3625 *Kalopanax septemlobus*, T4158 *Melia azedarach*, T4159 *Melia azedarach*, T4572 *Pachyrhizus erosus*, T4906 *Pinus armandii*, T4916 *Pinus massoniana*, T5010 *Platycarya strobilacea*, T5026 *Plumbagella micrantha*, T5256 *Pseudolarix amabilis* [Syn. *Larix amabilis*; *Pseudolarix kaempferi*], T5308 *Pterocarya stenoptera*, T5368 *Python molurus bivittatus*, T5483 *Rhinacanthus nasutus*, T5608 *Rumex dentatus*, T5611 *Rumex japonicus*, T5612 *Rumex nepalensis*, T5646 *Sagina japonica* [Syn. *Spergula japonica*], T5907 *Senecio scandens* [Syn. *Senecio chinensis*], T6155 *Strophanthus divaricatus*, T6713 *Veronica anthelmintica*.
- kill worms and relieve pain** T0099 *Aconitum gymnandrum*, T6029 *Sophora alopecuroides*, T6101 *Stauntonia hexaphylla*, T6858 *Zanthoxylum acanthopodium*.
- loosen center** T0201 *Aesculus chinensis*, T0202 *Aesculus hippocastanum*, T0205 *Aesculus wilsonii*, T4544 *Oryza sativa*.
- loosen center and induce stagnation** T2998 *Glycine max*.
- loosen center and rectify qi** T4720 *Perilla frutescens* var. *arguta*, T4723 *Perilla frutescens* var. *crispa*.
- loosen chest and disinhibit qi** T1486 *Citrus junos*, T1786 *Cremanthodium ellisii*.
- loosen chest and dissipate binds** T6510 *Trichosanthes kirilowii*, T6513 *Trichosanthes rosthornii* [Syn. *Trichosanthes uniflora*].
- loosen chest and resolve depression** T3192 *Hemerocallis citrina*.
- loosen intestines and stomach** T3447 *Ipomoea batatas* [Syn. *Convolvulus batatas*].
- lower blood pressure** T0544 *Apium graveolens*, T0553 *Apocynum venetum*, T0561 *Arachis hypogaea*, T0625 *Aristolochia contorta*, T0627 *Aristolochia debilis* [Syn. *Aristolochia longa*], T0631 *Aristolochia kaempferi*, T0830 *Auricularia auricula*, T0831 *Auricularia delicata*, T0987 *Bos taurus domesticus*; *Bubalus bubalis*, T1190 *Caragana jubata*, T1241 *Cassia occidentalis*, T1311 *Centella asiatica*, T1385 *Chorda filum*, T1393 *Chrysanthemum indicum*, T1417 *Cimicifuga acerina*, T1562 *Clerodendron trichotomum*, T1565 *Clerodendrum bungei*, T1662 *Coptis chinensis*, T1663 *Coptis chinensis* var. *brevisepala*, T1664 *Coptis deltoidea*, T1669 *Coptis omeiensis*, T1670 *Coptis teetoides* [Syn. *Coptis teeta*], T1776 *Crataegus pinnatifida*, T1777 *Crataegus pinnatifida*, T2115 *Dermatocarpon minutum*, T2445 *Ervatamia officinalis*, T2530 *Eucommia ulmoides*, T2531 *Eucommia ulmoides*, T2565 *Eupatorium lindleyanum*, T2569 *Eupatorium rebaudianum*, T2659 *Fagopyrum esculentum*, T2908 *Gentiana cephalantha*, T2921 *Gentiana manshurica*, T2928 *Gentiana rigescens*, T2930 *Gentiana scabra*, T2938 *Gentiana triflora*, T2973 *Glechoma longituba*, T3144 *Helianthus annuus*, T3146 *Helianthus annuus* cv, T3878 *Lithocarpus polystachyus*, T3898 *Lobelia chinensis* [Syn. *Lobelia radicans*], T3955 *Lycium barbarum*, T3958 *Lycium chinense*, T4028 *Maesa indica*, T4034 *Magnolia biloba*, T4045 *Magnolia officinalis*, T4195 *Menyanthes trifoliata*, T4290 *Morus alba*, T4438 *Nostoc flagelliforme*, T4487 *Olea europaea*, T4796 *Pheretima aspergillum*; *Allolobophora caliginosa trapezoides*, T5423 *Rauwolfia verticillata*, T5424 *Rauwolfia verticillata*, T5425 *Rauwolfia verticillata* f. *rubrocarpa*, T5426 *Rauwolfia verticillata* var. *hainanensis*, T5427 *Rauwolfia vomitoria*, T5435 *Rauwolfia latifrons*, T5441 *Rauwolfia perakensis*, T5442 *Rauwolfia serpentina*, T5657 *Salsola collina*, T5723 *Sapium sebiferum*, T5817 *Scolopendra subspinipes mutilans*, T5969 *Sium latifolium*, T6478 *Torreya jackii*, T6697 *Veratrum grandiflorum*, T6698 *Veratrum nigrum*, T6772 *Viscum angulatum*, T6803 *Volvarella volvacea*.
- lower blood sugar levels** T0303 *Alisma orientale* [Syn. *Alisma plantago-aquatica* var. *orientale*], T3085 *Gynostemma pentaphyllum*, T4599 *Panax ginseng* [Syn. *Panax schinseng*], T5445 *Rehmannia glutinosa* [Syn. *Rehmannia glutinosa* f. *huechingensis*], T5447 *Rehmannia glutinosa* [Syn. *Rehmannia glutinosa* f. *huechingensis*].
- lower blood-fat** T0311 *Allium cepa*, T4487 *Olea europaea*.
- lower cholesterol** T0303 *Alisma orientale* [Syn. *Alisma plantago-aquatica* var. *orientale*], T1775 *Crataegus pinnatifida*, T1778 *Crataegus pinnatifida* var. *major*, T2731 *Firmiana simplex*, T2732 *Firmiana simplex*, T2733 *Firmiana simplex*, T2846 *Ganoderma japonicum* [Syn. *Ganoderma sinense*], T2848 *Ganoderma lucidum*, T5101 *Polygonum cuspidatum*, T5107 *Polygonum multiflorum*, T6528 *Trigonella foenum-graecum*, T6584 *Typha angustata*, T6585 *Typha angustifolia*, T6587 *Typha latifolia*.
- lower vacuity heat** T3954 *Lycium barbarum*, T3956 *Lycium chinense*, T4887 *Picrorhiza kurroo*, T4888 *Picrorhiza scrophulariiflora*.
- lubricate intestines** T1173 *Cannabis sativa*, T4331 *Musa paradisiaca* var. *sapientum* [Syn. *Musa sapientum*], T5549 *Ricinus communis*.
- lubricate intestines and free stool** T5967 *Siraitia grosvenorii* [Syn. *Momordica grosvenorii*], T6511 *Trichosanthes kirilowii*.
- lubricate intestines and precipitate accumulation** T0560 *Arachis hypogaea*.
- moisten dryness** T0843 *Babylonia lutos*, T1173 *Cannabis sativa*, T1182 *Capra hircus*; *Ovis aries*, T1526 *Cladonia rangiferina*, T4912 *Pinus koraiensis*, T6076 *Spinacia oleracea*, T6206 *Sus scrofa domestica*.
- moisten dryness and free stool** T3860 *Linum usitatissimum*.
- moisten dryness and harmonize center** T5642 *Saccharum sinensis*.
- moisten dryness and lubricate intestines** T0474 *Angelica acutiloba* [Syn. *Ligusticum acutilobum*], T5223 *Prunus humilis* [Syn. *Cerasus humilis*], T5224 *Prunus japonica* [Syn. *Cerasus japonica*], T5225 *Prunus japonica* var. *nakaii*, T6510 *Trichosanthes kirilowii*, T6513 *Trichosanthes rosthornii* [Syn. *Trichosanthes uniflora*].
- moisten dryness and transform phlegm** T0983 *Bos taurus domesticus*.
- moisten intestines** T0300 *Aleurites moluccana*, T4288 *Morus alba*, T4536 *Orobanchae coerulea*, T4715 *Perilla frutescens*, T4717 *Perilla frutescens* var. *acuta* [Syn. *Perilla frutescens* var. *purpurascens*], T4719 *Perilla frutescens* var. *arguta*, T4722 *Perilla frutescens* var. *crispa*, T5229 *Prunus persica*, T5238 *Prunus salicina*, T5927 *Sesamum indicum* [Syn. *Sesamum orientale*].
- moisten intestines and free stool** T0540 *Apis cerana*, T0944 *Biota*

- orientalis* [Syn. *Thuja orientalis*; *Platyclusus orientalis*], T0993 *Boschniakia rossica*, T1005 *Brassica campestris* [Syn. *Brassica campestris* var. *oleifera*], T1356 *Cheiranthus cheiri*, T1455 *Cistanche deserticola*, T1456 *Cistanche salsa*, T1972 *Cynomorium songaricum*, T2999 *Glycine max*, T3568 *Juglans regia*, T4487 *Olea europaea*, T4976 *Piptanthus nepalensis*, T5107 *Polygonum multiflorum*, T5216 *Prunus armeniaca*, T5219 *Prunus armeniaca* var. *ansu*, T5233 *Prunus persica*, T5454 *Rhamnus cathartica*, T5460 *Rhamnus frangula* [Syn. *Frangula alnus*], T5657 *Salsola collina*, T5925 *Sesamum indicum* [Syn. *Sesamum orientale*], T6139 *Sterculia lychnophora*, T6428 *Thermopsis lanceolata*.
- moisten intestines and relieve constipation** T0495 *Angelica sinensis*, T4804 *Phlojodicarpus sibiricus*.
- moisten lung** T0216 *Agave americana* var. *marginata* [Syn. *Agave americana* var. *variegata*], T2101 *Dendrobium fimbriatum*, T2221 *Diospyros kaki*, T3955 *Lycium barbarum*, T3958 *Lycium chinense*, T4331 *Musa paradisiaca* var. *sapientum* [Syn. *Musa sapientum*], T6111 *Stemona japonica*, T6113 *Stemona sessilifolia*, T6115 *Stemona tuberosa*.
- moisten lung and clear heart** T3875 *Liriope spicata* var. *prolifera*, T4507 *Ophiopogon japonicus*.
- moisten lung and disinhibit throat** T2839 *Gallus gallus domesticus*.
- moisten lung and engender liquid** T1476 *Citrus erythrosa*, T1515 *Citrus tangemna*, T1598 *Codonopsis convolvulacea*, T5260 *Pseudostellaria heterophylla*, T5531 *Rhus chinensis* [Syn. *Rhus semialata*].
- moisten lung and precipitate qi** T0781 *Aster tataricus*, T2431 *Eriobotrya japonica*, T6574 *Tussilago farfara*.
- moisten lung and relieve cough** T0540 *Apis cerana*, T0749 *Asparagus filicinus*, T0830 *Auricularia auricula*, T0831 *Auricularia delicata*, T0859 *Balanophora involucrata*, T1183 *Capra hircus*; *Ovis aries*, T1751 *Corylus heterophylla*, T3011 *Glycyrrhiza aspera*, T3013 *Glycyrrhiza glabra*, T3015 *Glycyrrhiza inflata*, T3016 *Glycyrrhiza kansuensis*, T3021 *Glycyrrhiza squamulosa*, T3022 *Glycyrrhiza uralensis*, T3023 *Glycyrrhiza yunnanensis*, T3344 *Hypericum chinense*, T3983 *Lycoris aurea*, T4050 *Magnolia sieboldii*, T4823 *Pholidota yunnanensis*, T5363 *Pyrus calleryana*, T6097 *Staphylea bumalda*.
- moisten lung and settle asthma** T5218 *Prunus armeniaca*.
- moisten lung and suppress cough** T4195 *Menyanthes trifoliata*, T5215 *Prunus amygdalus*.
- moisten lung and transform phlegm** T0438 *Anacardium occidentale*, T0559 *Arachis hypogaea*, T1053 *Bulbophyllum odoratissimum* [Syn. *Stelis odoratissimum*], T1353 *Changium smyrnioides*.
- moisten skin** T0167 *Adenanthera pavonina*, T0516 *Anser cygnoides domestica*, T1183 *Capra hircus*; *Ovis aries*, T4188 *Mentha rotundifolia*, T5549 *Ricinus communis*.
- moisten skin and engender flesh** T0540 *Apis cerana*, T0543 *Apis mellifera ligustica*.
- move blood and quicken network vessels** T2053 *Davallia mariesii*.
- move blood and relieve itch** T2835 *Galium verum*.
- move qi** T0322 *Allium tuberosum*, T0357 *Alpinia japonica*, T0359 *Alpinia officinarum*, T0472 *Anethum graveolens*, T1328 *Ceratostigma plumbaginoides*, T1329 *Ceratostigma willmottianum*, T1508 *Citrus sinensis*, T2479 *Erythrina variegata* var. *orientalis*, T2612 *Euphorbia prolifera*, T3619 *Kadsura peltigera* [Syn. *Kadsura longipedunculata*], T4002 *Lysimachia foenum-graecum*, T4163 *Melia toosendan*, T4209 *Michelia alba*, T5167 *Porana racemosa*, T6800 *Viverra zibetha*.
- move qi and check diarrhea** T3263 *Holarrhena antidysenterica*.
- move qi and disinhibit damp** T2727 *Ficus simplicissima*.
- move qi and disperse accumulation** T4048 *Magnolia rostrata*, T5717 *Sapindus delavayi* [Syn. *Pancovia delavayi*].
- move qi and disperse food** T1563 *Clerodendron trichotomum*.
- move qi and dissipate binds** T4855 *Physeter catodon*.
- move qi and dissipate blood** T1289 *Celastrus orbiculatus* [Syn. *Celastrus articulatus*].
- move qi and dissipate cold** T3847 *Lindera angustifolia*.
- move qi and dissipate stasis** T1775 *Crataegus pinnatifida*, T1778 *Crataegus pinnatifida* var. *major*, T2720 *Ficus hispida*, T3381 *Hyptis suaveolens*, T4036 *Magnolia coco*.
- move qi and fortify stomach** T0859 *Balanophora involucrata*, T5363 *Pyrus calleryana*.
- move qi and free network vessels** T6106 *Stelmatocrypton khasianum*.
- move qi and harmonize center** T4718 *Perilla frutescens* var. *acuta* [Syn. *Perilla frutescens* var. *purpurascens*], T4721 *Perilla frutescens* var. *arguta*.
- move qi and loosen center** T3849 *Lindera chunii*.
- move qi and quicken blood** T0151 *Acronychia pedunculata*, T0274 *Akebia quinata*, T0278 *Akebia trifoliata*, T0280 *Akebia trifoliata* var. *australis*, T0814 *Atalantia buxifolia* [Syn. *Severinia buxifolia*], T0877 *Bauhinia championii*, T0967 *Boenninghausenia sessilicarpa*, T0994 *Boswellia carterii*, T1381 *Choerospondias axillaris*, T1113 *Calendula officinalis*, T1443 *Cinnamomum parthenoxylum* [Syn. *Cinnamomum porrectum*], T1583 *Cnidium officinale* [Syn. *Ligusticum officinale*], T1715 *Corydalis decumbens* [Syn. *Corydalis amabilis*], T3418 *Incarvillea arguta*, T3820 *Ligusticum chuanxiong* [Syn. *Ligusticum wallichii*], T3885 *Litsea cubeba*, T4323 *Murraya paniculata* [Syn. *Chalcas paniculata*], T4325 *Murraya paniculata* var. *exotica*, T4470 *Ocimum basilicum*, T4519 *Opuntia dillenii*, T4521 *Opuntia vulgaris*, T5029 *Plumbago zeylanica*, T6118 *Stephania brachyandra*, T6197 *Styrax benzoin*, T6204 *Styrax tonkinensis*, T6683 *Vallisneria spiralis*.
- move qi and quicken blood and relieve pain** T4962 *Piper puberulum*.
- move qi and regulate center** T0417 *Amomum longiligulare*, T0419 *Amomum villosum*, T0420 *Amomum xanthioides*.
- move qi and relieve depression** T1907 *Curcuma wengujin*, T1978 *Cyperus rotundus*, T5572 *Rosa rugosa*.
- move qi and relieve pain** T0554 *Aquilaria agallocha*, T0555 *Aquilaria sinensis*, T0631 *Aristolochia kaempferi*, T0642 *Aristolochia tubiflora*, T0942 *Biebersteinia heterostemon*, T1258 *Casuarina equisetifolia*, T1440 *Cinnamomum glanduliferum*, T1444 *Cinnamomum tamala*, T1535 *Clausena excavata*, T1537 *Clausena lansium*, T1734 *Corydalis remota* [Syn. *Corydalis bulbosa* var. *typica*], T1904 *Curcuma kwangsiensis*, T1909 *Curcuma zedoaria* [Syn. *Curcuma aeruginosa*], T2363 *Entada phaseoloides* [Syn. *Lens phaseoloides*], T2636 *Euscaphis japonica*, T2643 *Evodia meliifolia*, T2745 *Foeniculum vulgare*, T3164 *Helicteres isora*, T3270 *Holboellia fargesii*, T3400 *Illicium difengpi*, T3403 *Illicium majus*, T3554 *Jasminum grandiflorum*, T3613 *Kadsura coccinea* [Syn. *Kadsura chenensis*; *Kadsura hainanensis*], T3614 *Kadsura heteroclita* [Syn. *Uvaria heteroclita*], T3746 *Leontice robustum*, T3850 *Lindera glauca*, T3856 *Lindera umbellata* [Syn. *Lindera*

- erythrocarpa*, T3866 *Liquidambar formosana* [Syn. *Liquidambar taiwaniana*], T3997 *Lysimachia capillipes*, T4039 *Magnolia grandiflora*, T4157 *Melia azedarach*, T4158 *Melia azedarach*, T4324 *Murraya paniculata* [Syn. *Chalcas paniculata*], T4428 *Nicotiana tabacum*, T4527 *Orixa japonica*, T4690 *Pelargonium graveolens*, T4938 *Piper boehmeriaefolium*, T4944 *Piper cubeba*, T4948 *Piper hancei*, T4965 *Piper sarmentosum*, T4966 *Piper sarmentosum*, T5042 *Podocarpus macrophyllus*, T5044 *Podocarpus macrophyllus* var. *maki*, T5189 *Pothos chinensis*, T5591 *Rubus cochinchinensis*, T5758 *Saussurea lappa* [Syn. *Aucklandia lappa*], T5793 *Schisandra henryi*, T6062 *Sparganium stoloniferum*, T6339 *Tephrosia purpurea*, T6802 *Vladimiria souliei* [Syn. *Jurinea souliei*], T6878 *Zanthoxylum echinocarpum*.
- move qi and transform phlegm** T1538 *Clausena lansium*, T4100 *Mangifera indica*, T4937 *Piper betle*.
- move qi-blood** T6018 *Solanum verbascifolium*, T6675 *Valeriana amurensis*, T6679 *Valeriana officinalis*, T6680 *Valeriana officinalis* var. *latifolia*.
- move stagnation and transform damp** T5104 *Polygonum hydropiper*.
- move stasis** T5579 *Rubia cordifolia*.
- move water** T0606 *Areca catechu*, T3426 *Inula britannica*, T3427 *Inula britannica*, T3428 *Inula britannica* var. *chinensis*, T3433 *Inula japonica*, T3434 *Inula linariaefolia*.
- move water and disperse swelling** T1756 *Costus speciosus*, T2125 *Descurainia sophia*, T3755 *Lepidium apetalum* [Syn. *Lepidium micranthum*], T3759 *Lepidium virginicum*, T3980 *Lycopus lucidus*, T4304 *Mosla chinensis* [Syn. *Orthodon chinensis*].
- move water and dissipate damp** T2343 *Elsholtzia splendens*.
- move water and free stool** T5461 *Rhamnus leptophylla*.
- normalize qi** T2733 *Firmiana simplex*, T2746 *Foeniculum vulgare*.
- normalize qi and loosen chest** T1586 *Cocculus laurifolius*.
- normalize qi and relieve pain** T3854 *Lindera strychnifolia* [Syn. *Lindera aggregata*].
- normalize qi and transform phlegm** T0813 *Atalantia buxifolia* [Syn. *Severinia buxifolia*].
- nourish blood** T0986 *Bos taurus domesticus*; *Bubalus bubalis*, T0989 *Bos taurus domesticus*; *Bubalus bubalis*, T3279 *Homo sapiens*, T4912 *Pinus koraiensis*, T6076 *Spinacia oleracea*.
- nourish blood and boost essence** T5925 *Sesamum indicum* [Syn. *Sesamum orientale*].
- nourish blood and dispel wind** T3860 *Linum usitatissimum*.
- nourish blood and extinguish wind** T2840 *Gallus gallus domesticus*.
- nourish blood and free milk** T4478 *Octopus vulgaris*.
- nourish blood and free network vessels** T3124 *Hedyotis capitellata*.
- nourish blood and quicken blood** T0991 *Bos taurus domesticus*; *Bubalus bubalis*.
- nourish blood and quiet spirit** T4555 *Ostrea rivularis*; *Ostrea taliwhanensis*; *Ostrea gigas*, T5680 *Salvia miltiorrhiza*, T5681 *Salvia miltiorrhiza* f. *alba*, T5688 *Salvia przewalskii*, T6916 *Ziziphus jujuba*, T6917 *Ziziphus jujuba* var. *inermis*.
- nourish blood and regulate menstruation** T0495 *Angelica sinensis*, T4580 *Paeonia albiflora* [Syn. *Paeonia lactiflora*], T4804 *Phlojodicarpus sibiricus*.
- nourish blood and stanch bleeding** T0982 *Bos taurus domesticus*, T5529 *Rhodomyrtus tomentosa*.
- nourish body and quicken blood** T3675 *Lagopsis supina*.
- nourish heart** T6544 *Triticum aestivum* [Syn. *Triticum vulgare*].
- nourish heart and quiet spirit** T0944 *Biota orientalis* [Syn. *Thuja orientalis*; *Platycladus orientalis*], T1292 *Celastrus orbiculatus* [Syn. *Celastrus articulatus*], T1381 *Choerospondias axillaris*, T4194 *Menyanthes trifoliata*, T4400 *Nelumbo nucifera*, T4902 *Pimpinella thelungiana*, T5108 *Polygonum multiflorum*, T5497 *Rhodiola kirilowii*, T5701 *Salvia yunnanensis*.
- nourish liver** T3955 *Lycium barbarum*, T3958 *Lycium chinense*, T6918 *Ziziphus jujuba* var. *spinosa*.
- nourish liver and boost kidney** T2326 *Elaeagnus angustifolia*.
- nourish liver and brighten eyes** T1789 *Crepis napifera*.
- nourish lung and enrich kidney** T2188 *Dioscorea alata*.
- nourish qi blood** T5586 *Rubia yunnanensis*.
- nourish yin and calm liver** T3001 *Glycine max*.
- nourish yin and clear lung** T2983 *Glehnia littoralis*.
- nourish yin and engender liquid** T3873 *Liriope platyphylla*, T3874 *Liriope spicata*, T3875 *Liriope spicata* var. *prolifera*, T4507 *Ophiopogon japonicus*.
- nourish yin and harmonize stomach** T1353 *Changium smyrnioides*.
- nourish yin and moisten dryness** T5093 *Polygonatum odoratum* [Syn. *Polygonatum officinale*], T5094 *Polygonatum prattii*.
- nourish yin and moisten lung** T3832 *Lilium brownii* var. *viridulum* [Syn. *Lilium brownii* var. *colchesteri*], T3835 *Lilium longiflorum*, T3836 *Lilium pumilum* [Syn. *Lilium tenuifolium*], T3839 *Lilium tigrinum* [Syn. *Lilium lancifolium*], T5091 *Polygonatum cyrtonema* [Syn. *Polygonatum multiflorum*], T5092 *Polygonatum kingianum*, T5095 *Polygonatum sibiricum*, T6601 *Umbilicaria esculenta* [Syn. *Gyrophora esculenta*].
- open orifices** T2978 *Gleditsia sinensis* [Syn. *Gleditsia horrida*], T3868 *Liquidambar orientalis*.
- open orifices and arouse spirit** T1052 *Bufo bufo gargarizans*; *Bufo melanostictus*, T4303 *Moschus moschiferus*; *Moschus berezovskii*; *Moschus sifanicus*, T6197 *Syrax benzoin*, T6204 *Syrax tonkinensis*.
- open orifices and free spirit** T2274 *Dryobalanops aromatica*.
- open stomach and transform phlegm** T4696 *Penaeus orientalis*.
- open stomach qi** T2761 *Fortunella margarita*.
- outthrust papules** T1687 *Coriandrum sativum*, T3145 *Helianthus annuus*, T4184 *Mentha haplocalyx* [Syn. *Mentha canadaensis*; *Mentha arvensis* var. *haplocalyx*; *Mentha arvensis*], T5312 *Pueraria edulis*, T5313 *Pueraria lobata* [Syn. *Pueraria thunbergiana*; *Pueraria pseudohirsuta*], T5316 *Pueraria omeiensis*, T5318 *Pueraria phaseoloides*, T5320 *Pueraria thomsonii*, T5804 *Schizonepeta tenuifolia* [Syn. *Nepeta tenuifolia*].
- outthrust papules and relieve itch** T3738 *Lemna minor*.
- outthrust welling abscess and pus** T3145 *Helianthus annuus*.
- overcome damp and relieve pain** T3213 *Heracleum hemsleyanum*, T3217 *Heracleum moellendorffii* [Syn. *Heracleum microcarpum*; *Heracleum morifolium*], T3228 *Heracleum yungningense*, T5727 *Saposhnikovia divaricata* [Syn. *Ledebouriella seseloides*].
- percolate damp and kill worms** T4851 *Physalis minima*.
- percolate damp and relieve itch** T2590 *Euphorbia hirta*.
- precipitate heat toxin** T5993 *Solanum capsicastrum*.
- precipitate qi** T0606 *Areca catechu*, T1168 *Canavalia ensiformis*, T1169

- Canavalia gladiata*, T1508 *Citrus sinensis*, T2644 *Evodia rutaecarpa*, T2646 *Evodia rutaecarpa* var. *officinalis*, T4544 *Oryza sativa*, T4546 *Oryza sativa*, T4547 *Oryza sativa* cv, T4957 *Piper nigrum*, T5223 *Prunus humilis* [Syn. *Cerasus humilis*], T5224 *Prunus japonica* [Syn. *Cerasus japonica*], T5225 *Prunus japonica* var. *nakaii*, T5419 *Raphanus sativus*.
- precipitate qi and disperse accumulation** T2659 *Fagopyrum esculentum*.
- precipitate qi and disperse food** T1186 *Capsicum annuum*, T1187 *Capsicum frutescens*.
- precipitate qi and disperse phlegm** T6347 *Terminalia chebula*.
- precipitate qi and eliminate fullness** T4034 *Magnolia biloba*, T4045 *Magnolia officinalis*.
- precipitate qi and loosen chest** T4086 *Malus asiatica*.
- precipitate qi and loosen intestines** T2658 *Fagopyrum esculentum*.
- precipitate qi and move blood** T6497 *Tribulus terrestris*.
- precipitate qi and move water** T2439 *Eruca sativa*.
- precipitate qi and regulate center** T1472 *Citrus chachiensis*, T1517 *Citrus tankan*.
- precipitate qi and relieve pain** T4953 *Piper longum*.
- promote astriction** T2181 *Dillenia indica*, T2766 *Fraxinus bungeana*, T2767 *Fraxinus chinensis*, T2774 *Fraxinus paxiana*, T2777 *Fraxinus rhynchophylla* [Syn. *Fraxinus chinensis* var. *rhynchophylla*], T2779 *Fraxinus stylosa*, T2780 *Fraxinus szaboana* [Syn. *Fraxinus chinensis* var. *acuminata*], T2841 *Gallus gallus domesticus*, T5266 *Psidium guajava*, T6474 *Toona ciliata*.
- promote astriction and check drain** T0293 *Albizia lebbekii*.
- promote astriction and secure astriction** T1927 *Cycas revoluta*.
- promote astriction and stanch bleeding** T0248 *Agrimonia pilosa*, T0249 *Agrimonia pilosa* var. *japonica*, T0955 *Bletilla striata*, T0962 *Boehmeria platanifolia* [Syn. *Boehmeria tricuspidata*], T1256 *Castanea mollissima*, T3361 *Hypericum perforatum*.
- promote astriction and stem desertion** T2826 *Galeola faberi*.
- promote contraction** T3394 *Ilex paraguariensis*, T4797 *Phillyrea latifolia*.
- promote contraction and check discharge** T3570 *Juglans regia*.
- promote contraction and check drain** T5265 *Psidium guajava*, T5330 *Punica granatum*.
- promote contraction and resolve toxin** T5530 *Rhus chinensis* [Syn. *Rhus semialata*].
- promote contraction and secure astriction** T5791 *Schisandra chinensis*, T5802 *Schisandra sphenanthera*.
- promote contraction and stanch bleeding** T1118 *Callicarpa formosana*, T1119 *Callicarpa japonica*, T3376 *Hypolepis punctata* [Syn. *Polypodium punctatum*], T3926 *Loropetalum chinense*, T4006 *Lythrum anceps*, T4007 *Lythrum salicaria*, T4082 *Mallotus japonicus*, T4361 *Myrsine africana*, T5183 *Potentilla griffithii* var. *velutina*, T5499 *Rhodiola sacra*, T5555 *Rodgersia pinnata*, T5673 *Salvia glutinosa*, T6485 *Trachycarpus fortunei*.
- promote contraction and stem desertion** T5188 *Potentilla viscosa*, T6353 *Tetracera asiatica*.
- promote lactation** T0533 *Antiaris toxicaria* [Syn. *Ambora toxicaria*], T1881 *Cucurbita moschata*, T1961 *Cynanchum thesioides*, T2624 *Euphorbia tirucalli*, T3018 *Glycyrrhiza pallidiflora*, T3240 *Hibiscus esculentus*, T4436 *Nitraria tangutorum*, T4644 *Parasilurus asotus*, T6507 *Trichosanthes cucumeroides*, T6771 *Viscum album*, T6777 *Viscum multinerve*.
- promote lactation and disperse edema** T6668 *Vaccaria segetalis* [Syn. *Vaccaria pyramidata*].
- promote lactation and free stool** T0002 *Abelmoschus moschatus* [Syn. *Hibiscus abelmoschus*].
- promote vomiting** T0533 *Antiaris toxicaria* [Syn. *Ambora toxicaria*], T1262 *Catalpa ovata*, T1291 *Celastrus paniculatus*, T1315 *Cephaelis ipecacuanha*, T1645 *Consolida ajacis* [Syn. *Delphinium ajacis*], T1876 *Cucumis melo*, T3988 *Lycoris squamigera*, T6132 *Stephania sasakii*, T6697 *Veratrum grandiflorum*, T6698 *Veratrum nigrum*.
- promote vomiting and expel phlegm drool** T0299 *Aleurites cordata* [Syn. *Aleurites fordii*].
- promote yang and dissipate binds** T0313 *Allium chinense*, T0316 *Allium macrostemon*.
- promote yang and transform qi** T1438 *Cinnamomum cassia* [Syn. *Cinnamomum aromaticum*].
- protect hepatic function** T3085 *Gynostemma pentaphyllum*.
- quicken blood** T0060 *Achillea alpina* [Syn. *Achillea sibirica*], T0065 *Achillea millefolium*, T0300 *Aleurites moluccana*, T0495 *Angelica sinensis*, T0535 *Antidesma bunioides*, T0598 *Ardisia japonica*, T0886 *Beaumontia grandiflora*, T1175 *Cannabis sativa*, T1189 *Caragana intermedia*, T1328 *Ceratostigma plumbaginoides*, T1329 *Ceratostigma willmottianum*, T1682 *Cordyceps ophioglossoides*, T1750 *Corydalis yanhusuo* [Syn. *Corydalis turtchaninovi* f. *yanhusuo*], T1955 *Cynanchum hancockianum*, T2154 *Dicentra spectabilis*, T2267 *Drosera peltata* var. *lunata*, T2347 *Embelia parviflora*, T2410 *Equisetum pratense*, T2601 *Euphorbia milii*, T3619 *Kadsura peltigera* [Syn. *Kadsura longipedunculata*], T3775 *Lethariella cladonioides*, T3859 *Linum usitatissimum*, T3964 *Lycopodium alpinum* [Syn. *Diphasiastrum alpinum*], T4227 *Microula sikkimensis*, T4253 *Mirabilis jalapa*, T4335 *Mussaenda pubescens*, T4500 *Onosma paniculatum*, T4662 *Parthenocissus tricuspidata*, T4787 *Phellinus igniarius*, T4804 *Phlojodicarpus sibiricus*, T4951 *Piper laetispicum*, T5018 *Pleuropterus ciliinervis*, T5106 *Polygonum lapathifolium*, T5110 *Polygonum orientale*, T5167 *Porana racemosa*, T5193 *Pratia nummularia*, T5229 *Prunus persica*, T5626 *Ruta graveolens*, T5704 *Sambucus nigra*, T5707 *Sambucus williamsii*, T5741 *Sargentodoxa cuneata*, T6015 *Solanum torvum*, T6066 *Spatholobus suberectus*, T6533 *Trillium kamschatcicum*, T6535 *Trillium tschonoskii*, T6578 *Tylophora atropilliculata*, T6735 *Viburnum dilatatum*, T6737 *Viburnum luzonicum*, T6800 *Viverra zibetha*, T6872 *Zanthoxylum cuspidatum*.
- quicken blood and disinhibit water** T0036 *Acanthopanax giraldii* [Syn. *Acanthopanax giraldii* var. *inermis*; *Eleutherococcus giraldii*], T3000 *Glycine max*.
- quicken blood and dispel stasis** T0122 *Aconitum pendulum*, T1108 *Caesalpinia sappan*, T1799 *Crinum latifolium*, T1924 *Cyathula officinalis*, T4584 *Paeonia lactiflora* wild, T4586 *Paeonia obovata*, T4590 *Paeonia veitchii*, T5233 *Prunus persica*, T5671 *Salvia digitaloides*, T5680 *Salvia miltiorrhiza*, T5681 *Salvia miltiorrhiza* f. *alba*, T5688 *Salvia przewalskii*, T5701 *Salvia yunnanensis*, T5794 *Schisandra lancifolia*, T5966 *Siphonostegia chinensis*, T5975 *Smilax bockii*, T6051 *Sorbaria arborea*, T6052 *Sorbaria sorbifolia*, T6584 *Typha angustata*,

- T6585 *Typha angustifolia*, T6587 *Typha latifolia*.
- quicken blood and dispel wind** T1025 *Bretschneidera sinensis*, T5939 *Shiraia bambusicola*.
- quicken blood and disperse swelling** T0130 *Aconitum sinomontanum*, T0537 *Antirrhinum majus*, T0601 *Ardisia pusilla*, T0938 *Bidens bipinnata*, T0982 *Bos taurus domesticus*, T1137 *Caltha palustris*, T1199 *Carduus acanthoides*, T1200 *Carduus crispus*, T1254 *Castanea mollissima*, T1305 *Centaurea cyanus*, T1361 *Chenopodium ambrosioides*, T1556 *Clerodendron fragrans*, T1557 *Clerodendron indicum*, T1869 *Cryptotaenia japonica*, T2020 *Damnacanthus indicus*, T2131 *Desmodium pulchellum* [Syn. *Phyllodium pulchellum*], T2189 *Dioscorea althaeoides*, T2206 *Dioscorea parviflora*, T3414 *Impatiens sicutifera*, T3457 *Iris dichotoma*, T3496 *Isodon japonica* [Syn. *Rabdosia japonica*], T4320 *Murraya kwangsiensis*, T4948 *Piper hancei*, T5424 *Rauwolfia verticillata*, T5547 *Ricinus communis*, T5714 *Sansevieria trifasciata*, T5781 *Schefflera arboricola*, T5785 *Schefflera venulosa*, T6008 *Solanum nigrum*, T6155 *Strophanthus divaricatus*, T6645 *Urena lobata*.
- quicken blood and disperse welling abscess** T0292 *Albizia julibrissin*, T2657 *Fagopyrum cymosum* [Syn. *Polygonum cymosum*], T4726 *Periploca forrestii*.
- quicken blood and dissipate binds** T0751 *Asparagus officinalis*, T4303 *Moschus moschiferus*; *Moschus berezovskii*; *Moschus sifanicus*.
- quicken blood and dissipate stasis** T0071 *Achyranthes aspera*, T0072 *Achyranthes aspera* var. *indica*, T0591 *Ardisia arborescens*, T0680 *Artemisia lactiflora*, T0692 *Artemisia rupestris* [Syn. *Artemisia dentata*; *Artemisia viridis*; *Artemisia viridifolia*], T0969 *Boerhavia diffusa*, T1372 *Chloranthus serratus*, T1450 *Cirsium lineare*, T1706 *Corydalis ambigua* var. *amurensis* [Syn. *Corydalis ambigua*], T1734 *Corydalis remota* [Syn. *Corydalis bulbosa* var. *typica*], T1735 *Corydalis repens*, T2008 *Dalbergia odorifera*, T2013 *Dalbergia sissoo*, T3187 *Helleborus thibetanus*, T3254 *Hippophae rhamnoides*, T3256 *Hippophae rhamnoides* subsp. *sinensis*, T3258 *Hippophae rhamnoides* subsp. *yunnanensis*, T3479 *Isodon amethystoides*, T3746 *Leontice robustum*, T3853 *Lindera obtusiloba*, T4106 *Manis pentadactyla*, T4317 *Murraya euchrestifolia* [Syn. *Clausena euchrestifolia*], T4582 *Paeonia delavayi*, T4585 *Paeonia moutan* [Syn. *Paeonia suffruticosa*], T5101 *Polygonum cuspidatum*, T5109 *Polygonum nodosum*, T5400 *Rabdosia stracheyi*, T5730 *Sarcandra glabra* [Syn. *Chloranthus glaber*], T5746 *Sassafras tzumu*, T5838 *Scutellaria galericulata*, T6709 *Verbena officinalis*, T6728 *Veronica serpyllifolia*, T6861 *Zanthoxylum ailanthoides*.
- quicken blood and free menstruation** T0571 *Aralia decaisneana*, T0978 *Bombyx mori*, T1215 *Carthamus tinctorius*, T1439 *Cinnamomum cassia* [Syn. *Cinnamomum aromaticum*], T2541 *Euonymus grandiflorus*, T4432 *Nigella glandulifera*, T5401 *Rabdosia yunnanensis*, T5755 *Saussurea involucrata*, T6154 *Strobilanthes japonicus* [Syn. *Championella japonica*], T5865 *Selaginella pulvinata*, T5869 *Selaginella tamariscina*, T6668 *Vaccaria segetalis* [Syn. *Vaccaria pyramidata*], T6895 *Zanthoxylum simulans*.
- quicken blood and free network vessels** T0364 *Alsophila spinulosa*, T0428 *Ampelopsis megalophylla*, T0634 *Aristolochia mollissima*, T0926 *Berneuxia thibetica*, T1435 *Cinnamomum camphora*, T2538 *Euonymus bungeanus*, T2723 *Ficus pumila*, T2752 *Fordia cauliflora*, T2895 *Gaultheria yunnanensis*, T3396 *Ilex pubescens*, T3397 *Ilex pubescens* var. *glaber*, T3480 *Isodon angustifolia*, T3680 *Lamium amplexicaule*, T3990 *Lygodium japonicum*, T4085 *Mallotus repandus* var. *chrysocarpus* [Syn. *Mallotus chrysocarpus*; *Mallotus repandus*], T4234 *Milletia dielsiana*, T4542 *Orthosiphon wulfenoides* [Syn. *Coleus wulfenoides*], T5124 *Polypodium niponicum*, T5144 *Populus adenopoda*, T5221 *Prunus davidiana*, T5235 *Prunus persica*, T5982 *Smilax sieboldii*, T5984 *Smilax stans* [Syn. *Smilax vaginata* var. *stans*], T6542 *Tripterygium wilfordii*, T6827 *Wisteria sinensis*.

- relieve pain and quiet fetus** T3431 *Inula helenium*, T3437 *Inula racemosa*.
- relieve pain and settle tetany** T2037 *Datura innoxia*, T2044 *Datura metel*.
- relieve pain due to impediment** T0608 *Arenaria kansuensis* [Syn. *Arenaria kumaonensis*], T0990 *Bos taurus domesticus*; *Bubalus bubalis*, T2909 *Gentiana crassicaulis*, T2910 *Gentiana dahurica*, T2913 *Gentiana kaufmanniana*, T2919 *Gentiana macrophylla*, T2932 *Gentiana siphonantha*, T2934 *Gentiana straminea*, T2936 *Gentiana tianschanica*, T2937 *Gentiana tibetica*, T4950 *Piper kadsura* [Syn. *Piper futokadsura*], T5638 *Sabia swinhoei*.
- relieve stuffed nose** T4035 *Magnolia biondii* [Syn. *Magnolia fargesii*], T4038 *Magnolia denudata* [Syn. *Magnolia heptapata*], T4041 *Magnolia liliflora*, T4052 *Magnolia sprengeri*.
- repel foulness** T2554 *Eupatorium cannabinum*.
- repel foulness and harmonize center** T2558 *Eupatorium formosanum*, T2559 *Eupatorium fortunei*.
- repel foulness and open depression** T3557 *Jasminum sambac*.
- replenish essence** T1170 *Canis familiaris*.
- resolve binds** T1504 *Citrus reticulata*, T3877 *Litchi chinensis*.
- resolve depression** T4184 *Mentha haplocalyx* [Syn. *Mentha canadaensis*; *Mentha arvensis* var. *haplocalyx*; *Mentha arvensis*], T4688 *Peganum harmala*.
- resolve depression and quiet heart** T3778 *Leucaena glauca* [Syn. *Leucaena leucocephala*].
- resolve dog toxin** T1958 *Cynanchum otophyllum*.
- resolve epidemic toxin** T4029 *Maesa japonica*.
- resolve exterior** T0310 *Allium ascalonicum*, T0319 *Allium schoenoprasum*, T1941 *Cymbopogon distans*, T3779 *Leucas aspera*, T4002 *Lysimachia foenum-graecum*, T4190 *Mentha spicata*, T4335 *Mussaenda pubescens*, T4526 *Origanum vulgare*, T5167 *Porana racemosa*, T5519 *Rhododendron mucronulatum*, T5804 *Schizonepeta tenuifolia* [Syn. *Nepeta tenuifolia*], T6787 *Vitex negundo*.
- resolve exterior and abate fever** T0557 *Aquilegia ecalcarata*, T5836 *Scutellaria discolor*.
- resolve exterior and allay fever** T0591 *Ardisia arborescens*.
- resolve exterior and clear heat** T6338 *Tephrosia purpurea*.
- resolve exterior and disinhibit damp** T3381 *Hyptis suaveolens*, T6749 *Vicia hirsuta*.
- resolve exterior and outthrust papules** T0838 *Azolla imbricata* [Syn. *Salvinia imbricata*].
- resolve heat** T0158 *Actinidia chinensis*, T0533 *Antiaris toxicaria* [Syn. *Ambora toxicaria*], T3106 *Harpagophytum procumbens*, T4785 *Phaseolus vulgaris*, T3380 *Hyptis pectinata*, T5272 *Psorospermum*

- febrifugum*.
- resolve heat toxin** T0154 *Acroptilon repens*, T0902 *Berberis diaphana*, T1685 *Coreopsis lanceolata*, T3827 *Ligustrum japonicum*, T4254 *Miscanthus sinensis*, T5102 *Polygonum cuspidatum*.
- resolve liquor** T1486 *Citrus junos*, T1937 *Cydonia oblonga*, T3285 *Hovenia dulcis*.
- resolve liquor and arouse spleen** T0713 *Artocarpus heterophyllus*, T1428 *Cinchona ledgeriana*, T1429 *Cinchona officinalis*, T1433 *Cinchona succirubra*.
- resolve liquor jaundice** T1758 *Cotinus coggygria*.
- resolve liquor toxin** T3286 *Hovenia dulcis*, T4573 *Pachyrrhizus erosus*, T5202 *Primula obconica*.
- resolve snake toxin** T1958 *Cynanchum otophyllum*, T2749 *Fomes officinalis*, T5723 *Sapium sebiferum*.
- resolve sore toxin** T1672 *Corallodiscus flabellatus* [Syn. *Didissandra flabellat*], T2718 *Ficus carica*, T4101 *Mangifera indica*, T5520 *Rhododendron ovatum* [Syn. *Rhododendron lamprophyllum*; *Azalea ovata*], T5523 *Rhododendron simsii*.
- resolve spasm** T4518 *Oppopanax chironium*, T5727 *Saposhnikovia divaricata* [Syn. *Ledebouria seseloides*].
- resolve spasm and relieve pain** T0501 *Anisodus luridus*, T0825 *Atropa belladonna*, T3329 *Hyoscyamus niger*, T5247 *Przewalskia tangutica*.
- resolve summerheat** T0660 *Artemisia annua*, T0662 *Artemisia apiacea* [Syn. *Artemisia carvifolia*; *Artemisia caruifolia*], T1137 *Caltha palustris*.
- resolve summerheat and engender liquid** T1464 *Citrullus vulgaris* [Syn. *Citrullus lanatus*].
- resolve summerheat and transform damp** T2558 *Eupatorium formosanum*, T2559 *Eupatorium fortunei*.
- resolve tetany and disperse swelling** T0502 *Anisodus tanguticus* [Syn. *Scopolia tangutica*].
- resolve tetany and settle pain** T5821 *Scopolia japonica*.
- resolve toxin** T0060 *Achillea alpina* [Syn. *Achillea sibirica*], T0065 *Achillea millefolium*, T0174 *Adiantum monochlamys*, T0249 *Agrimonia pilosa* var. *japonica*, T0274 *Akebia quinata*, T0278 *Akebia trifoliata*, T0280 *Akebia trifoliata* var. *australis*, T0310 *Allium ascalonicum*, T0314 *Allium fistulosum*, T0318 *Allium sativum*, T0322 *Allium tuberosum*, T0324 *Allium victorialis*, T0371 *Alstonia mairei*, T0379 *Alternanthera philoxeroides*, T0444 *Ananas comosus*, T0463 *Anemone altaica*, T0535 *Antidesma bunius*, T0540 *Apis cerana*, T0542 *Apis cerana*, T0544 *Apium graveolens*, T0567 *Aralia armata*, T0598 *Ardisia japonica*, T0678 *Artemisia japonica*, T0705 *Artemisia vestita*, T0726 *Asarum forbesii*, T0834 *Averrhoa carambola*, T0838 *Azolla imbricata* [Syn. *Salvinia imbricata*], T0888 *Beesia calthaeifolia*, T0897 *Berberis amurensis*, T0932 *Betula luminifera*, T0947 *Bixa orellana*, T0950 *Blatta orientalis*, T0973 *Bombax malabaricum* [Syn. *Gossampinus malabarica*], T0982 *Bos taurus domesticus*, T0989 *Bos taurus domesticus*; - resolve toxin and engender flesh** T2337 *Elephas maximus*, T4578 *Paederia scandens*.
- resolve toxin and interrupt malaria** T1039 *Bruguiera gymnorrhiza*.
- resolve toxin and kill worms** T0250 *Agrimonia pilosa* var. *japonica*, T0311 *Allium cepa*, T0468 *Anemone hupehensis*, T0500 *Anguilla japonica*, T1038 *Brucea javanica* [Syn. *Brucea sumatrana*; *Rhus javanica*], T1046 *Buddleja davidii*, T1205 *Carica papaya*, T1285 *Celastrus angulatus*, T1372 *Chloranthus serratus*, T1719 *Corydalis incisa*, T1733 *Corydalis racemosa*, T2023 *Daphne genkwa*, T2521 *Eucalyptus tereticornis*, T2589 *Euphorbia helioscopia*, T2975 *Gleditsia delavayi*, T2976 *Gleditsia fera*, T2999 *Glycine max*, T3057 *Gossypium herbaceum*, T3460 *Iris halophila*, T3464 *Iris lactea* var. *chinensis* [Syn. *Iris pallasii* var. *chinensis*], T4247 *Millingtonia hortensis*, T4358 *Myroxyton pereirae*, T4428 *Nicotiana tabacum*, T4830 *Phryma leptostachya*, T4882 *Picrasma quassioides* [Syn. *Picrasma ailanthoides*], T5143 *Pongamia pinnata*, T5298 *Pteris vittata*, T5330 *Punica granatum*, T5384 *Quisqualis indica*, T5385 *Quisqualis indica*, T5391 *Rabdosia ericalyx*, T5428 *Rauvolfia yunnanensis*, T5717 *Sapindus delavayi* [Syn. *Pancovia delavayi*], T5724 *Sapium sebiferum*, T6540 *Tripterygium hypoglaucum*, T6541 *Tripterygium regelii*, T6542 *Tripterygium wilfordii*, 6764 Vinegar.
- resolve toxin and outthrust papules** T0648 *Arnebia euchroma*, T0649 *Arnebia guttata*, T3881 *Lithospermum erythrorhizon*, T6145 *Stichopus japonicus*.
- resolve toxin and relieve itch** T1373 *Chloranthus serratus*, T2505 *Eucalyptus citriodora*, T3371 *Hypocrella bambusae*, T4307 *Mosla scabra* [Syn. *Mosla punctata*].
- resolve toxin and relieve pain** T0730 *Asarum sagittarioides*, T2538 *Euonymus bungeanus*.
- resolve toxin and repel foulness** T4385 *Narcissus tazetta* var. *chinensis*.
- resolve toxin and settle pain** T4506 *Ophioglossum vulgatum*, T6588 *Typhonium giganteum*.
- resolve toxin and transform damp** T1546 *Clematis tangutica*.
- resolve toxin of fish and crab** T1486 *Citrus junos*, T4714 *Perilla frutescens*, T4718 *Perilla frutescens* var. *acuta* [Syn. *Perilla frutescens* var. *purpurascens*], T4721 *Perilla frutescens* var. *arguta*.
- resolve toxin of fish and meat** T0472 *Anethum graveolens*.
- restore pulse and stem desertion** T4599 *Panax ginseng* [Syn. *Panax schinseng*].
- return fire to its source** T1439 *Cinnamomum cassia* [Syn. *Cinnamomum aromaticum*].
- return yang and free vessels** T6909 *Zingiber officinale*.
- return yang and treat collapse** T0083 *Aconitum carmichaeli*, T0085 *Aconitum carmichaeli* cv.
- rough essence** T0977 *Bombyx mori*.
- rough essence and arrest emission** T2838 *Gallus gallus domesticus*.
- rough essence and stem desertion** T1698 *Cornus officinalis* [Syn. *Macrocarpium officinale*].
- secure essence** T0360 *Alpinia oxyphylla*, T4401 *Nelumbo nucifera*, T5244 *Prunus tomentosa*.
- secure essence and reduce urine** T5569 *Rosa multiflora*.
- secure essence and reduce urine** T1911 *Cuscuta australis*, T1912 *Cuscuta chinensis*, T1913 *Cuscuta japonica*, T5568 *Rosa laevigata*, T5593 *Rubus idaeus*.
- secure essence qi** T6670 *Vaccinium bracteatum*.
- secure qi and rough essence** T5374 *Quercus infectoria*.
- secure teeth** T6498 *Tribulus terrestris*.
- settle asthma** T1176 *Cannabis sativa*, T5414 *Ranunculus japonicus*, T5517 *Rhododendron molle*.
- settle fright** T1045 *Bubalus bubalis*, T2091 *Delphinium yunnanense*, T5289 *Pteris dactylina*, T5299 *Pteris wallichinan*, T5484 *Rhinoceros unicornis*; *Rhinoceros sondaicus*; *Rhinoceros sumatrensis*, T6145 *Stichopus japonicus*.
- settle fright epilepsy** T0088 *Aconitum coreanum*.
- settle pain** T0096 *Aconitum forrestii* [Syn. *Aconitum likiangense*], T0183 *Adlumia cirrhosa* [Syn. *Adlumia fungosa*], T0542 *Apis cerana*, T1328 *Ceratostigma plumbaginoides*, T1329 *Ceratostigma willmottianum*, T2092 *Delphinus delphis*, T2154 *Dicentra spectabilis*, T2420 *Ericerus pela*, T2495 *Eschscholzia californica*, T3594 *Juniperus rigida*, T4418 *Nerium indicum*, T4625 *Papaver commutatum* [Syn. *Papaver rhoeas*], T4629 *Papaver nudicaule*, T4630 *Papaver nudicaule* ssp. *amurense*, T4631 *Papaver nudicaule* var. *chinense*, T5202 *Primula obconica*, T5414 *Ranunculus japonicus*, T6028 *Sophora alopecuroides*, T6132 *Stephania sasakii*, T6889 *Zanthoxylum podocarpum*.
- settle pain and calm** T1716 *Corydalis gigantea*.
- settle pain and relieve cough** T1357 *Chelidonium majus*.
- settle pain and resolve tetany** T3328 *Hyoscyamus niger*.
- settle pain and suppress cough** T2968 *Glaucium fimbriigerum*.

- settle tetany** T6457 *Tilia japonica*, T6458 *Tilia miqueliana*.
- soften hardness** T1385 *Chorda filum*, T5740 *Sargassum vachellianum*.
- soften hardness and disperse swelling** T4555 *Ostrea rivularis*; *Ostrea talienwhanensis*; *Ostrea gigas*.
- soften hardness and dissipate binds** T0275 *Akebia quinata*, T0847 *Baccharis indica* [Syn. *Pluchea indica*], T2321 *Ecklonia kurome*, T2359 *Endarachne binghamiae*, T2365 *Enteromorpha clathrata*, T3678 *Laminaria japonica*, T4403 *Nemacystus decipiens* [Syn. *Mesogloea decipiens*; *Cladosiphon decipiens*], T6640 *Undaria pinnatifida*, T6925 *Zostera marina*.
- soften hardness and transform phlegm** T5309 *Pterocladia tenuis*.
- soothe channels and network vessels** T6689 *Ventilago leiocarpa*.
- soothe channels and quicken blood** T4018 *Machilus thunbergii*.
- soothe channels and quicken network vessels** T4238 *Millettia nitida*, T6504 *Tricholoma matsutake* [Syn. *Armillaria matsutake*].
- soothe depressed liver qi** T2761 *Fortunella margarita*.
- soothe liver** T0201 *Aesculus chinensis*, T0202 *Aesculus hippocastanum*, T0205 *Aesculus wilsonii*, T1469 *Citrus aurantium* var. *amara*, T2644 *Evodia rutaecarpa*, T2646 *Evodia rutaecarpa* var. *officinalis*, T4163 *Melia toosendan*, T5226 *Prunus mume*.
- soothe liver and disinhibit gallbladder** T1406 *Chrysosplenium nudicaule*.
- soothe liver and harmonize stomach** T5362 *Pyrus bretschneideri*, T5366 *Pyrus pyrifolia*.
- soothe liver and move qi** T2432 *Eriobotrya japonica*.
- soothe liver and quicken network vessels** T3867 *Liquidambar formosana* [Syn. *Liquidambar taiwaniana*].
- soothe liver and resolve depression** T3554 *Jasminum grandiflorum*.
- soothe liver and upbear yang** T1055 *Bupleurum angustissimum*, T1056 *Bupleurum aureum*, T1058 *Bupleurum chaishouii*, T1059 *Bupleurum chinense*, T1065 *Bupleurum longiradiatum*, T1066 *Bupleurum marginatum*, T1067 *Bupleurum marginatum* var. *stenophyllum*, T1072 *Bupleurum scorzonerifolium*, T1073 *Bupleurum sibiricum*, T1075 *Bupleurum smithii* var. *parvifolium*, T1078 *Bupleurum wenchuanense*, T1079 *Bupleurum yinchowense*.
- soothe sinews and free network vessels** T3976 *Lycopodium obscurum*, T3989 *Lygodium flexuosum* [Syn. *Lygodium pinnatifidum*; *Ophioglossum flexuosum*].
- soothe sinews and joint bones** T6540 *Tripterygium hypoglaucum*.
- soothe sinews and quicken blood** T0045 *Acanthopanax trifoliatum*, T0282 *Alangium kurzii*, T0414 *Ammopiptanthus mongolicus* [Syn. *Piptanthus mongolicus*], T0964 *Boenninghausenia albiflora*, T1841 *Croton caudatus* var. *tomentosus*, T3125 *Hedyotis chrysotricha* [Syn. *Oldenlandia chrysotricha*], T3320 *Hymenocallis littoralis* [Syn. *Hymenocallis americana*; *Pancratium littoralis*], T3808 *Ligularia japonica* [Syn. *Arnica japonica*; *Senecio japonica*], T3965 *Lycopodium annotinum*, T3969 *Lycopodium casuarinoides*, T3970 *Lycopodium cernuum*, T3971 *Lycopodium complanatum*, T3973 *Lycopodium japonicum* [Syn. *Lycopodium clavatum*], T4575 *Pachysandra terminalis*, T4975 *Piptanthus nanus*, T5100 *Polygonum chinense*, T5797 *Schisandra propinqua*, T5798 *Schisandra propinqua* var. *intermedia*, T6069 *Speranskia tuberculata*, T6773 *Viscum articulatum*, T6774 *Viscum articulatum*.
- soothe sinews and quicken network vessels** T0281 *Alangium chinense*, T0285 *Alangium platanifolium*, T0569 *Aralia cordata*, T0574 *Aralia fargesii*, T1342 *Chaenomeles lagenaria* [Syn. *Chaenomeles speciosa*], T1922 *Cyanotis vaga*, T2211 *Dioscorea tenuipes*, T2459 *Erythrina arborescens*, T2478 *Erythrina variegata* [Syn. *Erythrina indica*], T2540 *Euonymus fortunei*, T2727 *Ficus simplicissima*, T3614 *Kadsura heteroclita* [Syn. *Uvaria heteroclita*], T3653 *Lactarius piperatus* [Syn. *Agaricus piperatus*], T3657 *Lactarius vellereus*, T4147 *Medicago falcata*, T4239 *Millettia nitida* var. *hirsutissima*, T5279 *Psychotria serpens*, T5298 *Pteris vittata*, T5638 *Sabia swinhoei*, T5860 *Selaginella davidii*, T6422 *Thelephora vialis*, T6468 *Tinospora sinensis*, T6830 *Woodfordia fruticosa*.
- soothe sinews and relieve pain** T2273 *Drynaria fortunei*, T5252 *Pseudodrynaria coronans*.
- soothe stagnation and move qi** T1146 *Camellia oleifera*, T1492 *Citrus limon*, T1496 *Citrus limonia*.
- soothe wind and brighten eyes** T2409 *Equisetum palustre*.
- soothe wind and drain heat** T6024 *Solidago virgaurea* var. *leiocarpa* [Syn. *Solidago decurrens*].
- soothe wind and rectify qi** T1533 *Clausena dentata*, T1534 *Clausena dunniana*.
- soothe wind and resolve exterior** T2510 *Eucalyptus globulus*, T2517 *Eucalyptus robusta*.
- stanch bleeding** T0156 *Actinidia arguta*, T0170 *Adhatoda vasica*, T0215 *Agave americana*, T0229 *Ageratum conyzoides*, T0324 *Allium victorialis*, T0328 *Alnus japonica*, T0371 *Alstonia mairei*, T0542 *Apis cerana*, T0544 *Apium graveolens*, T0830 *Auricularia auricula*, T0831 *Auricularia delicata*, T0843 *Babylonia lutosa*, T0881 *Bauhinia variegata*, T0973 *Bombax malabaricum* [Syn. *Gossampinus malabarica*], T0976 *Bombyx mori*, T0977 *Bombyx mori*, T0993 *Boschniakia rossica*, T1033 *Broussonetia papyrifera*, T1044 *Bryum argenteum*, T1087 *Buxus bodinieri*, T1171 *Canis familiaris*, T1174 *Cannabis sativa*, T1210 *Carpesium abrotanoides*, T1254 *Castanea mollissima*, T1336 *Ceriops tagal* [Syn. *Rhizophora tagal*], T1452 *Cissampelos pareira*, T1453 *Cissampelos pareira* var. *hirsute*, T1592 *Cocos nucifera*, T1656 *Conyza bonariensis* [Syn. *Erigeron bonariensis*; *Erigeron linifolius*; *Erigeron crispus*], T1682 *Cordyceps ophioglossoides*, T1866 *Cryptolepis sinensis*, T1969 *Cynoglossum officinale*, T1982 *Cyprinus carpio*, T1994 *Daemonorops draco*, T2157 *Dichotomanthes tristaniae* var. *carpa*, T2253 *Dracaena cochinchinensis*, T2327 *Elaeagnus angustifolia*, T2407 *Equisetum arvense*, T2420 *Ericerus pela*, T2426 *Erigeron sumatrensis*, T2567 *Eupatorium odoratum*, T2659 *Fagopyrum esculentum*, T2734 *Fissistigma glaucescens* [Syn. *Melodorum glaucescens*], T2825 *Galeobdolon chinense* [Syn. *Lamium chinense*], T2841 *Gallus gallus domesticus*, T2857 *Garcinia hanburyi*, T2882 *Gardenia jasminoides* [Syn. *Gardenia florida*], T3054 *Gossypium barbadense*, T3055 *Gossypium herbaceum*, T3058 *Gossypium hirsutum* [Syn. *Gossypium mexicanum*], T3088 *Gynura segetum* [Syn. *Gynura japonica*], T3285 *Hovenia dulcis*, T3294 *Huperzia selago* [Syn. *Lycopodium selago*], T3295 *Huperzia serrata* [Syn. *Lycopodium serratum*], T3324 *Hymenophyllum barbatum*, T3528 *Isodon ternifolia*, T3529 *Isodon ternifolius*, T3560 *Jatropha curcas*, T3701 *Lasiosphaera fenlii*, T3764 *Lepisorus thunbergianus*, T3765 *Lepisorus ussuriensis*, T3769 *Lespedeza bicolor*, T3851 *Lindera glauca*, T3866 *Liquidambar formosana* [Syn.

- stanch bleeding and transform phlegm** T1683 *Cordyceps sinensis*.
- strengthen bones** T2841 *Gallus gallus domesticus*.
- strengthen essence and enrich kidney** T0572 *Aralia elata*.
- strengthen heart** T0184 *Adonis amurensis*, T0533 *Antiaris toxicaria* [Syn. *Ambora toxicaria*], T1674 *Corchorus capsularis*, T6155 *Strophanthus divaricatus*, T6433 *Thevetia neriifolia* [Syn. *Thevetia peruviana*].
- strengthen heart and calm** T0190 *Adonis sutchuenensis*.
- strengthen heart and disinhibit urine** T1151 *Camellia sinensis* [Syn. *Thea sinensis*], T1991 *Cytisus scoparius* [Syn. *Spartium scoparium*], T2175 *Digitalis lanata*, T2177 *Digitalis purpurea*, T2452 *Erysimum cheiranthoides*, T4418 *Nerium indicum*, T5557 *Rohdea japonica* [Syn. *Orontium japonicum*].
- strengthen heart and lower blood pressure** T4682 *Pedicularis muscicola*.
- strengthen lumbus** T6727 *Veronica persica*.
- strengthen lumbus and knees** T0990 *Bos taurus domesticus*; *Bubalus bubalis*, T1411 *Cibotium barometz* [Syn. *Polypodium barometz*], T2347 *Embelia parviflora*, T4974 *Piper wallichii* [Syn. *Piper wallichii* var. *hupehense*], T5722 *Sapium japonicum*, T6831 *Woodwardia orientalis*.
- strengthen lumbus and legs** T3389 *Ilex cornuta*.
- strengthen sinews and bones** T0036 *Acanthopanax giraldii* [Syn. *Acanthopanax giraldii* var. *inermis*; *Eleutherococcus giraldii*], T0038 *Acanthopanax gracilistylus*, T0042 *Acanthopanax senticosus* [Syn. *Eleutherococcus senticosus*], T0044 *Acanthopanax sessiliflorus*, T0073 *Achyranthes bidentata*, T0644 *Armillaria mellea*, T0645 *Armillariella mellea*, T0969 *Boerhavia diffusa*, T1337 *Cervus nippon*; *Cervus elaphus*, T1901 *Curculigo orchioides*, T1952 *Cynanchum auriculatum*, T1953 *Cynanchum bungei*, T1963 *Cynanchum wallichii*, T1964 *Cynanchum wilfordii* [Syn. *Cynoctonum wilfordii*], T2234 *Dipsacus asperoides*, T2235 *Dipsacus japonicus*, T2389 *Epimedium acuminatum*, T2390 *Epimedium brevicornum*, T2392 *Epimedium davidii*, T2394 *Epimedium*

- elongatum*, T2398 *Epimedium koreanum*, T2401 *Epimedium pubescens*, T2402 *Epimedium sagittatum*, T2404 *Epimedium sutchuenense*, T2406 *Epimedium wushanense*, T2530 *Eucommia ulmoides*, T2531 *Eucommia ulmoides*, T2736 *Fissistigma polyanthum*, T2737 *Flemingia philippinensis* [Syn. *Moghania philippinensis*], T3199 *Hemibarbus labeo*, T3925 *Loranthus parasiticus* [Syn. *Loranthus chinensis*; *Taxillus chinensis*], T4260 *Moghania philippinensis*, T4283 *Morinda officinalis*, T4536 *Orobanche coerulescens*, T4729 *Periploca sepium*, T4828 *Photinia serrulata*, T5344 *Pyrola atropurpurea*, T5345 *Pyrola calliantha* [Syn. *Pyrola rotundifolia* ssp. *chinensis*], T5346 *Pyrola calliantha* var. *tibetana*, T5347 *Pyrola decorata*, T5349 *Pyrola incarnata*, T5350 *Pyrola japonica*, T5351 *Pyrola rotundifolia*, T5924 *Sesamum indicum*, T6670 *Vaccinium bracteatum*, T6689 *Ventilago leiocarpa*, T6771 *Viscum album*, T6772 *Viscum angulatum*, T6775 *Viscum coloratum*, T6798 *Vitis vinifera*.
- strengthen sinews and lumbus** T2386 *Epigynum auritum*.
- strengthen spleen** T1498 *Citrus medica*, T1520 *Citrus wilsonii*.
- supplement blood** T2347 *Embelia parviflora*, T4178 *Melodinus hemsleyanus*, T4438 *Nostoc flagelliforme*, T6066 *Spatholobus suberectus*.
- supplement blood and enrich yin** T5446 *Rehmannia glutinosa* [Syn. *Rehmannia glutinosa* f. *huechingensis*].
- supplement blood and quicken blood** T0474 *Angelica acutiloba* [Syn. *Ligusticum acutilobum*], T4238 *Millettia nitida*, T4239 *Millettia nitida* var. *hirsutissima*, T4308 *Mucuna birdwoodiana*.
- supplement blood and soothe sinews** T4311 *Mucuna sempervirens*.
- supplement blood and stanch bleeding** T4234 *Millettia dielsiana*.
- supplement brain and dispel wind** T0988 *Bos taurus domesticus*; *Bubalus bubalis*.
- supplement brain and marrow** T5924 *Sesamum indicum*.
- supplement center and boost qi** T3011 *Glycyrrhiza aspera*, T3013 *Glycyrrhiza glabra*, T3015 *Glycyrrhiza inflata*, T3016 *Glycyrrhiza kansuensis*, T3021 *Glycyrrhiza squamulosa*, T3022 *Glycyrrhiza uralensis*, T3023 *Glycyrrhiza yunnanensis*, T4548 *Oryza sativa* var. *glutinosa*, T4618 *Panicum miliaceum*, T4786 *Phasianus colchicus*, T6916 *Ziziphus jujuba*, T6917 *Ziziphus jujuba* var. *inermis*.
- supplement center and harmonize blood** T3447 *Ipomoea batatas* [Syn. *Convolvulus batatas*].
- supplement essence and boost qi** T4206 *Metaplexis japonica*.
- supplement essence and replenish marrow** T2837 *Gallus gallus domesticus*.
- supplement fire and reinforce yang** T0083 *Aconitum carmichaeli*, T0085 *Aconitum carmichaeli* cv, T1439 *Cinnamomum cassia* [Syn. *Cinnamomum aromaticum*].
- supplement kidney** T0322 *Allium tuberosum*, T2803 *Frullania tamarisci* ssp. *moniliata* [Syn. *Frullania moniliata*], T4057 *Mahonia bealei*, T4068 *Mahonia japonica*, T6150 *Streptopelia orientalis*.
- supplement kidney and boost essence** T0990 *Bos taurus domesticus*; *Bubalus bubalis*, T2753 *Formica fusca*, T3568 *Juglans regia*, T4207 *Metaplexis japonica*.
- supplement kidney and disinhibit water** T6527 *Trigonella caerulea*.
- supplement kidney and fortify brain** T4432 *Nigella glandulifera*.
- supplement kidney and invigorate yang** T0977 *Bombyx mori*, T0993 *Boschniakia rossica*, T1337 *Cervus nippon*; *Cervus elaphus*, T1455 *Cistanche deserticola*, T1456 *Cistanche salsa*, T1900 *Curculigo capitulata* [Syn. *Leucojum capitulata*], T1901 *Curculigo orchoides*, T1972 *Cynomorium songaricum*, T2389 *Epimedium acuminatum*, T2390 *Epimedium brevicornum*, T2391 *Epimedium brevicornum*, T2392 *Epimedium davidii*, T2394 *Epimedium elongatum*, T2398 *Epimedium koreanum*, T2401 *Epimedium pubescens*, T2402 *Epimedium sagittatum*, T2404 *Epimedium sutchuenense*, T2406 *Epimedium wushanense*, T4283 *Morinda officinalis*, T4536 *Orobanche coerulescens*, T4696 *Penaea orientalis*, T4974 *Piper wallichii* [Syn. *Piper wallichii* var. *hupehense*], T5270 *Psoralea corylifolia*, T6257 *Syngnathus acus*.
- supplement kidney and quiet spirit** T0041 *Acanthopanax senticosus* [Syn. *Eleutherococcus senticosus*].
- supplement kidney and rough essence** T2190 *Dioscorea batatas* [Syn. *Dioscorea opposita*], T2202 *Dioscorea japonica*, T3770 *Lespedeza cuneata*, T6754 *Vigna unguiculata*.
- supplement kidney and secure essence** T0793 *Astragalus complanatus*, T5067 *Polyalthia nemoralis*.
- supplement kidney and strengthen bones** T2052 *Davallia divaricata* [Syn. *Davallia formosana*; *Davallia orientalis*], T2053 *Davallia mariesii*, T2273 *Drynaria fortunei*, T5252 *Pseudodrynaria coronans*.
- supplement kidney and strengthen lumbus** T0515 *Anredera cordifolia* [Syn. *Baussingaultia cordifolia*; *Baussingaultia gracilis* f. *pseudobaselloides*; *Baussingaultia gracilis* var. *pseudobaselloides*], T1963 *Cynanchum wallichii*, T4642 *Parameria laevigata*.
- supplement kidney and strengthen sinews** T1254 *Castanea mollissima*.
- supplement liver** T0986 *Bos taurus domesticus*; *Bubalus bubalis*, T6919 *Ziziphus jujuba* var. *spinosa*.
- supplement liver and boost kidney** T4656 *Parmelia saxatilis*, T5593 *Rubus idaeus*, T5925 *Sesamum indicum* [Syn. *Sesamum orientale*].
- supplement liver and kidney** T0038 *Acanthopanax gracilistylus*, T0042 *Acanthopanax senticosus* [Syn. *Eleutherococcus senticosus*], T0044 *Acanthopanax sessiliflorus*, T0073 *Achyranthes bidentata*, T0323 *Allium tuberosum*, T1698 *Cornus officinalis* [Syn. *Macrocarpium officinale*], T1911 *Cuscuta australis*, T1912 *Cuscuta chinensis*, T1913 *Cuscuta japonica*, T1964 *Cynanchum wilfordii* [Syn. *Cynoctonum wilfordii*], T2234 *Dipsacus asperoides*, T2235 *Dipsacus japonicus*, T2323 *Eclipta prostrata* [Syn. *Eclipta alba*], T2530 *Eucommia ulmoides*, T2531 *Eucommia ulmoides*, T2805 *Fugu ocellatus*, T3828 *Ligustrum lucidum*, T4279 *Morina chinensis*, T5927 *Sesamum indicum* [Syn. *Sesamum orientale*], T6670 *Vaccinium bracteatum*, T6775 *Viscum coloratum*, T6777 *Viscum multinerve*, T6831 *Woodwardia orientalis*.
- supplement lung and boost kidney** T1680 *Cordyceps militaris*, T1681 *Cordyceps militaris* cv, T1683 *Cordyceps sinensis*, T1952 *Cynanchum auriculatum*, T1953 *Cynanchum bungei*, T5409 *Rana temporaria chensinensis*; *Rana amurensis*, T5501 *Rhodiola yunnanensis*.
- supplement lung and boost spleen** T1191 *Caragana sinica*.
- supplement lung and relieve cough** T4276 *Monotropa uniflora*, T6267 *Syzygium jambos*.
- supplement original qi greatly** T4599 *Panax ginseng* [Syn. *Panax schinseng*], T4600 *Panax ginseng* [Syn. *Panax schinseng*], T4682 *Pedicularis muscicola*.
- supplement qi** T3279 *Homo sapiens*.

- supplement qi and blood** T0983 *Bos taurus domesticus*, T3743 *Lentinus lepeideus*, T5179 *Potentilla anserina*, T5872 *Selenarctos thibetanus*; *Ursus arctos*, T6689 *Ventilago leiocarpa*, T6798 *Vitis vinifera*, T6803 *Volvariella volvacea*.
- supplement qi and clear lung** T5499 *Rhodiola sacra*.
- supplement qi and disinhibit water** T3129 *Hedysarum polybotrys*, T3199 *Hemibarbus labeo*.
- supplement qi and fortify spleen** T4545 *Oryza sativa*.
- supplement qi and nourish blood** T0830 *Auricularia auricula*, T0831 *Auricularia delicata*, T1598 *Codonopsis convolvulacea*.
- supplement qi and nourish yin** T4610 *Panax quinquefolium*.
- supplement qi and quiet spirit** T0572 *Aralia elata*.
- supplement qi and reinforce yang** T4516 *Oplopanax elatus*.
- supplement spleen and boost kidney** T3992 *Lyonia ovalifolia* var. *elliptica*, T5236 *Prunus pseudocerasus*.
- supplement spleen and boost lung** T4599 *Panax ginseng* [Syn. *Panax schinseng*], T4600 *Panax ginseng* [Syn. *Panax schinseng*].
- supplement spleen and boost qi** T0529 *Anthriscus sylvestris*, T5091 *Polygonatum cyrtoneura* [Syn. *Polygonatum multiflorum*], T5092 *Polygonatum kingianum*, T5095 *Polygonatum sibiricum*.
- supplement spleen and check diarrhea** T4400 *Nelumbo nucifera*.
- supplement spleen and engender liquid** T6055 *Sorbus tianschanica*.
- supplement spleen and fortify stomach** T4505 *Ophiocephalus argus*.
- supplement spleen and warm stomach** T1170 *Canis familiaris*.
- supplement stomach and spleen** T0513 *Annona squamosa*, T0540 *Apis cerana*, T2195 *Dioscorea deltoidea*.
- supplement vacuity** T1181 *Capra hircus*; *Ovis aries*, T1182 *Capra hircus*; *Ovis aries*, T3085 *Gynostemma pentaphyllum*, T4275 *Monotropa hypopitys*, T4607 *Panax pseudo-ginseng* var. *japonicus*, T5407 *Rana nigromaculata*; *Rana plancyi*.
- supplement vacuity and boost essence** T3957 *Lycium chinense*.
- supplement vacuity and boost kidney** T2955 *Geum japonicum*, T2956 *Geum japonicum*.
- supplement vacuity and fortify spleen** T5075 *Polygala fallax* [Syn. *Polygala aureocauda*].
- supplement vacuity and stanch bleeding** T0923 *Bergenia crassifolia*.
- supplement vacuity detriment** T0989 *Bos taurus domesticus*; *Bubalus bubalis*.
- supplement yin** T3389 *Ilex cornuta*.
- suppress cough** T0216 *Agave americana* var. *marginata* [Syn. *Agave americana* var. *variegata*], T0301 *Aleuritopteris argentea*, T0598 *Ardisia japonica*, T0752 *Asparagus officinalis*, T0784 *Astilbe chinensis*, T1087 *Buxus bodinieri*, T2036 *Datura innoxia*, T2041 *Datura metel*, T2046 *Datura stramonium*, T2157 *Dichotomanthes tristaniaecarpa*, T2268 *Drosera rotundifolia*, T2902 *Gentiana algida*, T4195 *Menyanthes trifoliata*, T4275 *Monotropa hypopitys*, T4516 *Oplopanax elatus*, T4625 *Papaver commutatum* [Syn. *Papaver rhoeas*], T4635 *Papaver somniferum*, T5721 *Sapindus mukorossi*, T6282 *Tagetes patula*, T6537 *Tripterospermum japonicum*, T6538 *Tripterospermum taiwanense*, T6729 *Veronica spuria*, T6766 *Viola tricolor*.
- suppress cough and calm asthma** T2037 *Datura innoxia*, T2038 *Datura innoxia*, T2042 *Datura metel*, T2044 *Datura metel*, T3040 *Gomphrena globosa*, T5989 *Solanum aculeatissimum*, T6014 *Solanum surattense*.
- suppress cough and dispel phlegm** T1050 *Bufo bufo gargarizans*; *Bufo melanostictus*, T1927 *Cycas revoluta*, T2599 *Euphorbia lunulata*, T3394 *Ilex paraguariensis*.
- suppress cough and dispel wind** T1555 *Clerodendron fortunatum*, T6454 *Thymus vulgaris*.
- suppress cough and interrupt malaria** T3323 *Hymenodictyon excelsum*.
- suppress cough and relieve pain** T3332 *Hypecoum erectum*.
- suppress cough and settle asthma** T6075 *Spilanthes acmella*.
- suppress cough and transform phlegm** T3026 *Gnaphalium affine* [Syn. *Gnaphalium multiceps*], T4247 *Millingtonia hortensis*.
- terminate lactation** T3282 *Hordeum vulgare*.
- track wind** T2979 *Gleditsia sinensis* [Syn. *Gleditsia horrida*].
- track wind and dissipate cold** T3657 *Lactarius vellereus*.
- transform accumulation** T0950 *Blatta orientalis*.
- transform concretion and disperse accumulation** T2695 *Ferula assafoetida*.
- transform damp** T2246 *Dolichos lablab*, T2554 *Eupatorium cannabinum*, T3242 *Hibiscus rosa-sinensis*, T4209 *Michelia alba*.
- transform damp and check discharge** T0999 *Bougainvillea glabra*.
- transform damp and check dysentery** T5149 *Populus canadensis*, T5150 *Populus cathayana*.
- transform damp and disinhibit urine** T2341 *Elsholtzia ciliata*.
- transform damp and disinhibit water** T5103 *Polygonum hydropiper*.
- transform damp and disperse stagnation** T1784 *Cratoxylum cochinchinense*, T1785 *Cratoxylum prunifolium*.
- transform damp and disperse swelling** T4966 *Piper sarmentosum*.
- transform damp and harmonize center** T2563 *Eupatorium japonicum*, T4304 *Mosla chinensis* [Syn. *Orthodon chinensis*], T4470 *Ocimum basilicum*, T5389 *Rabdosia coetsa*.
- transform damp and move qi** T0144 *Acorus gramineus*, T0146 *Acorus tatarinowii*, T0416 *Amomum kravanh* [Syn. *Amomum cardamomum*].
- transform damp and repel foulness** T6561 *Tulipa gesneriana*.
- transform damp aromaticly** T5059 *Pogostemon cablin* [Syn. *Mentha cablin*].
- transform phlegm** T0216 *Agave americana* var. *marginata* [Syn. *Agave americana* var. *variegata*], T1152 *Camellia sinensis* [Syn. *Thea sinensis*], T1210 *Carpesium abrotanoides*, T1472 *Citrus chachiensis*, T1478 *Citrus grandis*, T1488 *Citrus junos*, T1498 *Citrus medica*, T1517 *Citrus tankan*, T1520 *Citrus wilsonii*, T1526 *Cladonia rangiferina*, T2048 *Daucus carota*, T2426 *Erigeron sumatrensis*, T2790 *Fritillaria pallidiflora*, T2800 *Fritillaria walujewii*, T2994 *Gloiopeltis furcata*, T3878 *Lithocarpus polystachyus*, T4717 *Perilla frutescens* var. *acuta* [Syn. *Perilla frutescens* var. *purpurascens*], T4719 *Perilla frutescens* var. *arguta*, T4722 *Perilla frutescens* var. *crispa*, T5419 *Raphanus sativus*, T6729 *Veronica spuria*.
- transform phlegm and calm asthma** T1154 *Camellia sinensis* [Syn. *Thea sinensis*], T2565 *Eupatorium lindleyanum*, T4855 *Physeter catodon*, T5961 *Sinocalamus oldhami*.
- transform phlegm and disinhibit damp** T0048 *Acanthus ilicifolius*, T4549 *Osbeckia chinensis*.
- transform phlegm and disperse accumulation** T2365 *Enteromorpha clathrata*.
- transform phlegm and dissipate binds** T0617 *Arisaema amurense*, T0618

- Arisaema consanguineum*, T0620 *Arisaema heterophyllum*, T0975 *Bombyx mori*, T2298 *Dysosma difformis*, T2302 *Dysosma pleiantha* [Syn. *Podophyllum pleianthum*], T2304 *Dysosma veitchii*, T2305 *Dysosma versipellis* [Syn. *Podophyllum versipelle*], T4903 *Pinellia pedatisecta*.
- transform phlegm and expel rheum** T5958 *Sinapis alba* [Syn. *Brassica alba*; *Brassica hirta*].
- transform phlegm and interrupt malaria** T6252 *Symplocos chinensis*.
- transform phlegm and open orifices** T0142 *Acorus calamus*, T0144 *Acorus gramineus*, T0146 *Acorus tatarinowii*, T0463 *Anemone altaica*.
- transform phlegm and precipitate qi** T5215 *Prunus amygdalus*.
- transform phlegm and quiet spirit** T6056 *Sorghum vulgare*.
- transform phlegm and relieve cough** T2119 *Derris eriocarpa*, T2752 *Fordia cauliflora*, T3006 *Glycosmis citrifolia*, T3520 *Isodon rosthornii*, T4231 *Milingtonia hortensis*, T4274 *Monostroma nitidum*, T5939 *Shiraita bambusicola*.
- transform phlegm and resolve toxin** T4840 *Phyllanthus niruri*.
- transform phlegm and soften hardness** T5171 *Porphyra tenera*, T6599 *Ulva lactuca*, T6600 *Ulva pertusa*.
- transform rheum** T4787 *Phellinus igniarius*.
- transform stagnation** T3674 *Laggera alata*, T4102 *Mangifera indica*.
- transform stagnation and relieve pain** T1232 *Cassia fistula*, T1836 *Crotalaria tetragona*, T4948 *Piper hancei*.
- transform stasis T2748 *Fomes fomentarius* [Syn. *Pyropolyporus fomentarius*; *Boletus fomentarius*; *Polyporus fomentarius*].
- transform stasis and disperse accumulation T0945 *Bischofia javanica* [Syn. *Bischofia trifoliata*].
- transform stasis and disperse concretion** T2132 *Desmodium pulchellum* [Syn. *Phyllodium pulchellum*], T4134 *Maytenus hookeri*.
- transform stasis and disperse swelling** T1287 *Celastrus hypoleucus*.
- transform stasis and dissipate binds** T1160 *Campsis grandiflora*, T2541 *Euonymus grandiflorus*, T4704 *Peperomia duclouxii*.
- transform stasis and move water** T6154 *Strobilanthes japonicus* [Syn. *Championella japonica*].
- transform stasis and relieve pain** T0853 *Baeckea frutescens*, T2136 *Desmos cochinchinensis* [Syn. *Desmos chinensis*], T5672 *Salvia flava*.
- transform stasis and stanch bleeding** T0776 *Asplenium prolongatum*, T2161 *Dicranopteris pedata* [Syn. *Polypodium pedatum*; *Dicranopteris dichotoma*], T2602 *Euphorbia nematocypa*, T3981 *Lycopus lucidus*, T4606 *Panax pseudo-ginseng*, T5566 *Rosa henryi*, T5865 *Selaginella pulvinata*, T5869 *Selaginella tamariscina*, T6551 *Trogopteris xanthipes*; *Pteromys volans*.
- treat lichen** T3630 *Kleinhovia hospita*.
- upbear yang** T4398 *Nelumbo nucifera*.
- upbear yang and check diarrhea** T5312 *Pueraria edulis*, T5313 *Pueraria lobata* [Syn. *Pueraria thunbergiana*; *Pueraria pseudohirsuta*], T5316 *Pueraria omeiensis*, T5318 *Pueraria phaseoloides*, T5320 *Pueraria thomsonii*.
- upbear yang and effuse exterior** T1991 *Cytisus scoparius* [Syn. *Spartium scoparium*].
- upbear yang and raise fall** T1419 *Cimicifuga dahurica*, T1420 *Cimicifuga foetida*, T1421 *Cimicifuga heracleifolia*, T1423 *Cimicifuga nanchuanensis*, T4601 *Panax ginseng* [Syn. *Panax schinseng*].
- upbear yang and resolve exterior** T5317 *Pueraria peduncularis*.
- warm center** T0322 *Allium tuberosum*, T1168 *Canavalia ensiformis*, T1169 *Canavalia gladiata*, T2837 *Gallus gallus domesticus*, T3758 *Lepidium sativum*, T6261 *Syringa pinnatifolia*, T6860 *Zanthoxylum ailanthoides*.
- warm center and boost qi** T6147 *Stizolobium capitatum*.
- warm center and check diarrhea** T0957 *Blumea balsamifera*, T1258 *Casuarina equisetifolia*.
- warm center and check vomiting** T0416 *Amomum kravanh* [Syn. *Amomum cardamomum*].
- warm center and dissipate cold** T0099 *Aconitum gymnantrum*, T0491 *Angelica polymorpha*, T1008 *Brassica juncea*, T1186 *Capsicum annum*, T1187 *Capsicum frutescens*, T2643 *Evodia meliifolia*, T3850 *Lindera glauca*, T4944 *Piper cubeba*, T4953 *Piper longum*, T4957 *Piper nigrum*, T4966 *Piper sarmentosum*, T6858 *Zanthoxylum acanthopodium*, T6909 *Zingiber officinale*.
- warm center and downbear counterflow** T0554 *Aquilaria agallocha*, T0555 *Aquilaria sinensis*, T6263 *Syzygium aromaticum* [Syn. *Eugenia caryophyllata*].
- warm center and fortify stomach** T4964 *Piper retrofractum*.
- warm center and move qi** T3620 *Kaempferia galanga*, T3852 *Lindera megaphylla*, T3853 *Lindera obtusiloba*, T3880 *Lithospermum arvense*, T4223 *Micromelum integerrimum*, T4351 *Myristica fragrans*, T4954 *Piper longum*.
- warm center and move stagnation** T0318 *Allium sativum*.
- warm center and normalize qi** T4018 *Machilus thunbergii*.
- warm center and precipitate qi** T1937 *Cydonia oblonga*.
- warm center and rectify qi** T1435 *Cinnamomum camphora*.
- warm center and relieve pain** T1443 *Cinnamomum parthenoxylum* [Syn. *Cinnamomum porrectum*], T1812 *Crossostephium chinense*, T1939 *Cymbopogon citratus*, T2087 *Delphinium tatsienense*, T3885 *Litsea cubeba*, T6229 *Swertia patens*, T6869 *Zanthoxylum bungeanum*, T6892 *Zanthoxylum schinifolium*.
- warm center and supplement blood** T5042 *Podocarpus macrophyllus*, T5044 *Podocarpus macrophyllus* var. *maki*.
- warm center and supplement vacuity** T4859 *Physochlaina physaloides*.
- warm center and transform damp** T0418 *Amomum muricarpum*, T4048 *Magnolia rostrata*.
- warm channels** T0077 *Aconitum balfourii*, T0084 *Aconitum carmichaeli*, T0105 *Aconitum karakolicum*.
- warm channels and dissipate cold** T0108 *Aconitum kusnezoffii*.
- warm channels and free network vessels** T1438 *Cinnamomum cassia* [Syn. *Cinnamomum aromaticum*], T1444 *Cinnamomum tamala*.
- warm channels and relieve pain** T0164 *Actinidia polygama*, T5541 *Rhus verniciflua* [Syn. *Toxicadendron verniciflum*].
- warm kidney** T0360 *Alpinia oxyphylla*, T4944 *Piper cubeba*, T4982 *Pistacia vera*, T6261 *Syringa pinnatifolia*, T6528 *Trigonella foenum-graecum*.
- warm kidney and disperse cold** T2744 *Foeniculum vulgare*, T3854 *Lindera strychnifolia* [Syn. *Lindera aggregata*].
- warm kidney and harmonize center** T2745 *Foeniculum vulgare*.
- warm kidney and invigorate yang** T1170 *Canis familiaris*, T1582 *Cnidium monnieri*, T5753 *Saussurea gnaphaloides*, T5755 *Saussurea involucrata*, T5757 *Saussurea laniceps*, T5759 *Saussurea medusa*, T6263 *Syzygium aromaticum* [Syn. *Eugenia caryophyllata*].

- warm liver and kidney** T1441 *Cinnamomum japonicum*.
- warm lung** T0752 *Asparagus officinalis*.
- warm lung and settle asthma** T3568 *Juglans regia*.
- warm lung and transform rheum** T0724 *Asarum caulescens*, T0727 *Asarum fukienense*, T0728 *Asarum heterotropoides* var. *mandshuricum*, T0731 *Asarum sieboldii*, T0732 *Asarum sieboldii* var. *seoulensis*, T4550 *Osmanthus fragrans*, T6909 *Zingiber officinale*.
- warm menstruation and quicken blood** T1434 *Cinnamomum bejolghota* [Syn. *Cinnamomum obtusifolium*; *Laurus bejolghota*].
- warm menstruation and stanch bleeding** T0664 *Artemisia argyi*, T0681 *Artemisia lavandulaefolia*, T0685 *Artemisia mongolica*, T0689 *Artemisia princeps*, T0691 *Artemisia rubripes*, T0706 *Artemisia vulgaris*.
- warm spleen** T0360 *Alpinia oxyphylla*, T4982 *Pistacia vera*.
- warm spleen and check diarrhea** T5270 *Psoralea corylifolia*.
- warm spleen and kidney** T0472 *Anethum graveolens*.
- warm spleen and stomach** T1441 *Cinnamomum japonicum*.
- warm stomach** T0353 *Alpinia blepharocalyx*, T0356 *Alpinia galanga*, T0359 *Alpinia officinarum*, T3120 *Hedychium spicatum*, T3250 *Hierochloe odorata*.
- warm stomach and center** T3856 *Lindera umbellata* [Syn. *Lindera erythrocarpa*].
- warm stomach and check vomiting** T0358 *Alpinia katsumadai*.
- warm stomach and dissipate cold** T0354 *Alpinia chinensis*.
- warm stomach and eliminate accumulation** T0847 *Baccharis indica* [Syn. *Pluchea indica*].
- warm stomach and harmonize center** T1436 *Cinnamomum camphora*.
- warm stomach and regulate center** T2343 *Elsholtzia splendens*.
- warm stomach and relieve pain** T5504 *Rhododendron capitatum*.
- warm yang** T6423 *Theobroma cacao*.
- warm yang and disinhibit water** T1649 *Convallaria keiskei* [Syn. *Convallaria majalis*].
- warm yang and dissipate cold** T3409 *Illicium verum*.

# TCM Plant Traditional Indication Index

This index lists all 2528 normalized TCM traditional indications terms in English appeared in the encyclopedia in alphabetical order and the related plant code number (from T0001 to T6926) and Latin name follow the bold term immediately.

**abdominal distention** T0819 *Atractylodes chinensis*, T0821 *Atractylodes japonica*, T0823 *Atractylodes lancea*, T1493 *Citrus limon*, T1497 *Citrus limonia*, T2115 *Dermatocarpon minutum*, T2529 *Euchresta strigillosa*, T3289 *Humulus lupulus*, T3381 *Hyptis suaveolens*, T3758 *Lepidium sativum*, T4184 *Mentha haplocalyx* [Syn. *Mentha canadaensis*; *Mentha arvensis* var. *haplocalyx*; *Mentha arvensis*], T4190 *Mentha spicata*, T4852 *Physalis peruviana*, T6339 *Tephrosia purpurea*.

**abdominal distention and constipation** T4034 *Magnolia biloba*, T4045 *Magnolia officinalis*, T5223 *Prunus humilis* [Syn. *Cerasus humilis*], T5224 *Prunus japonica* [Syn. *Cerasus japonica*], T5225 *Prunus japonica* var. *nakaii*, T5457 *Rhamnus davurica*.

**abdominal distention and diarrhea** T3282 *Hordeum vulgare*, T4983 *Pisum sativum*.

**abdominal distention and emaciation** T4887 *Picrorhiza kurrooa*, T4888 *Picrorhiza scrophulariiflora*.

**abdominal distention and pain** T0357 *Alpinia japonica*, T0942 *Biebersteinia heterostemon*, T3886 *Litsea euosma*.

**abdominal distention and torpid intake** T2998 *Glycine max*.

**abdominal distention with edema** T5409 *Rana temporaria chensinensis*; *Rana amurensis*, T5966 *Siphonostegia chinensis*.

**abdominal fullness with glomus and congestion** T1546 *Clematis tangutica*.

**abdominal lump glomus** T0060 *Achillea alpina* [Syn. *Achillea sibirica*], T4662 *Parthenocissus tricuspidata*.

- red face and eyes** T0544 *Apium graveolens*.
- red swelling of clove sore** T3953 *Lycianthes biflora*.
- red swollen breast** T5608 *Rumex dentatus*.
- red swollen due to knocks and falls** T6904 *Zephyranthes grandiflora* [Syn. *Zephyranthes carinata*].
- red swollen in throat** T2244 *Doellingeria scaber* [Syn. *Aster scaber*], T2340 *Elsholtzia bodinieri*, T5199 *Primula malacoides*.
- red swollen of throat** T4730 *Peristrophe roxburghiana*.
- red swollen sore and welling abscess** T4760 *Peucedanum japonicum*, T6904 *Zephyranthes grandiflora* [Syn. *Zephyranthes carinata*].
- reduced food intake** T0387 *Amaranthus caudatus*, T1469 *Citrus aurantium* var. *amara*, T2837 *Gallus gallus domesticus*, T4099 *Mangifera indica*, T4103 *Mangifera persiciformis*, T4545 *Oryza sativa*.
- reduced food intake and diarrhea** T0535 *Antidesma bunius*, T6263 *Syzygium aromaticum* [Syn. *Eugenia caryophyllata*].
- reduced food intake and sloppy stool** T0791 *Astragalus chrysopterus*, T0794 *Astragalus ernestii*, T0798 *Astragalus membranaceus*, T0800 *Astragalus mongholicus*, T1596 *Codonopsis canescens*, T1597 *Codonopsis clematidea*, T1599 *Codonopsis pilosula*, T1600 *Codonopsis pilosula* var. *modesta* [Syn. *Codonopsis modesta*], T1601 *Codonopsis subglobosa*, T1602 *Codonopsis tangshen*, T1603 *Codonopsis tubulosa*, T2246 *Dolichos lablab*, T3129 *Hedysarum polybotrys*.
- reduced food intake due to spleen vacuity** T2190 *Dioscorea batatas* [Syn. *Dioscorea opposita*], T2202 *Dioscorea japonica*, T4436 *Nitraria tangutorum*, T4450 *Nuphar pumilum*, T4599 *Panax ginseng* [Syn. *Panax schinseng*], T5169 *Poria cocos*, T6916 *Ziziphus jujuba*, T6917 *Ziziphus jujuba* var. *inermis*.
- reduced food intake with abdominal distention** T0311 *Allium cepa*, T0824 *Atractylodes macrocephala* [Syn. *Atractylis macrocephala*], T5938 *Setaria italica*, T6878 *Zanthoxylum echinocarpum*.
- reduced food intake with dry mouth** T1353 *Changium smyrnioides*, T5091 *Polygonatum cyrtonema* [Syn. *Polygonatum multiflorum*], T5092 *Polygonatum kingianum*, T5095 *Polygonatum sibiricum*.
- reduced food intake with dry retching** T2094 *Dendrobium aduncum*, T2096 *Dendrobium aurantiacum* var. *denneanum*, T2098 *Dendrobium chrysanthum*, T2100 *Dendrobium densiflorum*, T2102 *Dendrobium fimbriatum* var. *oculatum*, T2105 *Dendrobium loddigesii*, T2106 *Dendrobium moniliforme*, T2107 *Dendrobium nobile*, T2108 *Dendrobium officinale*.
- reduced food intake with fatigue** T2727 *Ficus simplicissima*.
- reduced food intake with nausea and vomiting** T5572 *Rosa rugosa*.
- reduced food intake with vomiting** T4351 *Myristica fragrans*.
- reduced sleep** T3192 *Hemerocallis citrina*.

- renal colic** T0825 *Atropa belladonna*.
- replete body and constipation** T2650 *Excoecaria agallocha*.
- repletion heat constipation** T0334 *Aloe arborescens* var. *natalensis*, T5472 *Rheum officinale*, T5474 *Rheum palmatum*, T5481 *Rheum tanguticum*.
- resolve liquor toxin** T0834 *Averrhoa carambola*, T4088 *Malus pumila*.
- restlessness** T2882 *Gardenia jasminoides* [Syn. *Gardenia florida*], T4400 *Nelumbo nucifera*.
- retching blood** T1118 *Callicarpa formosana*, T1119 *Callicarpa japonica*.
- retching counterflow** T1106 *Caesalpinia minax*, T1217 *Carum carvi*, T1467 *Citrus aurantium*, T1476 *Citrus erythrosa*, T1515 *Citrus tangemna*, T2840 *Gallus gallus domesticus*, T5140 *Poncirus trifoliata*.
- retching counterflow and abdominal pain** T6561 *Tulipa gesneriana*.
- retching counterflow and reduced food intake** T0480 *Angelica decursiva* [Syn. *Peucedanum decursivum*], T3819 *Ligusticum brachylobum*, T4761 *Peucedanum longshengens*, T4768 *Peucedanum praeruptorum*, T4769 *Peucedanum rubricaulis*.
- retching with counterflow** T4618 *Panicum miliaceum*.
- retention of afterbirth** T0001 *Abelmoschus manihot*, T2979 *Gleditsia sinensis* [Syn. *Gleditsia horrida*].
- retention of lochia** T1215 *Carthamus tinctorius*, T2536 *Euonymus alatus*.
- retention of placenta** T0073 *Achyranthes bidentata*, T1174 *Cannabis sativa*, T1924 *Cyathula officinalis*, T5647 *Sagittaria sagittifolia*.
- retinal insufficiency syndrome** T2964 *Ginkgo biloba*.
- retinitis** T5312 *Pueraria edulis*, T5313 *Pueraria lobata* [Syn. *Pueraria thunbergiana*; *Pueraria pseudohirsuta*], T5316 *Pueraria omeiensis*, T5318 *Pueraria phaseoloides*, T5320 *Pueraria thomsonii*.
- reversal cold of limbs** T0098 *Aconitum geniculatum*, T1438 *Cinnamomum cassia* [Syn. *Cinnamomum aromaticum*].
- reverting yin headache** T2644 *Evodia rutaecarpa*, T2646 *Evodia rutaecarpa* var. *officinalis*.
- rheumatic arthritis** T0154 *Acroptilon repens*, T0281 *Alangium chinense*, T0285 *Alangium platanifolium*, T0295 *Albizia odoratissima*, T0539 *Apis cerana*, T0541 *Apis cerana*, T0572 *Aralia elata*, T1545 *Clematis chinensis*, T1553 *Clerodendranthus spicatus*, T1656 *Conyza bonariensis* [Syn. *Erigeron bonariensis*; *Erigeron linifolius*; *Erigeron crispus*], T1715 *Corydalis decumbens* [Syn. *Corydalis amabilis*], T1812 *Crossostephium chinense*, T1943 *Cymbopogon goeringii*, T1959 *Cynanchum paniculatum*, T2231 *Diphylleia grayi*, T2232 *Diphylleia sinensis*, T2538 *Euonymus bungeanus*, T2736 *Fissistigma polyanthum*, T2766 *Fraxinus bungeana*, T2767 *Fraxinus chinensis*, T2774 *Fraxinus paxiana*, T2777 *Fraxinus rhynchophylla* [Syn. *Fraxinus chinensis* var. *rhynchophylla*], T2779 *Fraxinus stylosa*, T2780 *Fraxinus szaboana* [Syn. *Fraxinus chinensis* var. *acuminata*], T3371 *Hypocrella bambusae*, T3594 *Juniperus rigida*, T3646 *Kyllinga brevifolia*, T3984 *Lycoris chinensis*, T3986 *Lycoris radiata* [Syn. *Amaryllis radiata*], T4810 *Phlomis mongolica*, T5110 *Polygonum orientale*, T5207 *Prismatomeris tetrandra*, T5413 *Ranunculus cantoniensis*, T5767 *Saussurea pulchella*, T5799 *Schisandra rubriflora*, T5860 *Selaginella davidii*, T6075 *Spilanthes acmella*, T6129 *Stephania japonica*, T6155 *Strophanthus divaricatus*, T6540 *Tripterygium hypoglaucum*, T6542 *Tripterygium wilfordii*, T6618 *Uncaria homomalla* [Syn. *Uruparia homomalla*; *Uruparia tonkinensis*; *Uruparia lanosa* var. *parviflora*], T6820 *Wikstroemia indica*, T6843 *Xanthium sibiricum* [Syn. *Xanthium strumarium*].
- rheumatic endocarditis** T2203 *Dioscorea nipponica*, T2204 *Dioscorea nipponica* ssp. *rosthornii*.
- rheumatic heart disease** T1649 *Convallaria keiskei* [Syn. *Convallaria majalis*].
- rheumatic pain in joints** T0414 *Ammopiptanthus mongolicus* [Syn. *Piptanthus mongolicus*], T0629 *Aristolochia heterophylla*, T4975 *Piptanthus nanus*.
- rheumatic pain in legs** T1586 *Cocculus laurifolius*.
- rheumatis** T3106 *Harpagophytum procumbens*, T3394 *Ilex paraguariensis*.
- rheumatism** T0354 *Alpinia chinensis*, T1533 *Clausena dentata*, T1534 *Clausena dunniana*, T1555 *Clerodendron fortunatum*, T4690 *Pelargonium graveolens*, T5445 *Rehmannia glutinosa* [Syn. *Rehmannia glutinosa* f. *huechingensis*], T5447 *Rehmannia glutinosa* [Syn. *Rehmannia glutinosa* f. *huechingensis*], T6788 *Vitex negundo*.
- rheumatism numbness** T0099 *Aconitum gymnantrum*, T1692 *Coriaria sinica* [Syn. *Coriaria nepalensis*], T3411 *Impatiens balsamina*, T3414 *Impatiens sicutifer*, T5184 *Potentilla kleiniana*, T5797 *Schisandra propinqua*, T5798 *Schisandra propinqua* var. *intermedia*, T5993 *Solanum capsicastrum*.
- rheumatoid arthritis** T2736 *Fissistigma polyanthum*, T5727 *Saposhnikovia divaricata* [Syn. *Ledebouriella seseloides*], T6184 *Strychnos nux-vomica*, T6193 *Strychnos wallichiana*, T6541 *Tripterygium regelii*, T6542 *Tripterygium wilfordii*.
- ricketts** T3742 *Lentinus edodes*.
- rigidity of neck** T5312 *Pueraria edulis*, T5313 *Pueraria lobata* [Syn. *Pueraria thunbergiana*; *Pueraria pseudohirsuta*], T5316 *Pueraria omeiensis*, T5318 *Pueraria phaseoloides*, T5320 *Pueraria thomsonii*.
- ringing in head** T1154 *Camellia sinensis* [Syn. *Thea sinensis*].
- roundworm reversal with abdominal pain** T5228 *Prunus mume*, T5719 *Sapindus mukorossi*.
- rumbling intestines and diarrhea** T4944 *Piper cubeba*, T6802 *Vladimiria souliei* [Syn. *Jurinea souliei*].
- running piglet** T1439 *Cinnamomum cassia* [Syn. *Cinnamomum aromaticum*], T3856 *Lindera umbellata* [Syn. *Lindera erythrocarpa*].
- salpingitis** T2715 *Fibraurea recisa*.
- sand** T1288 *Celastrus orbiculatus* [Syn. *Celastrus articulatus*], T5119 *Polygonum thunbergii*, T6015 *Solanum torvum*.
- sand and painful distention in stomach duct and abdomen** T6677 *Valeriana jatamansii* [Syn. *Valeriana wallichii*].
- sand distention and abdominal pain** T2193 *Dioscorea cirrhosa* [Syn. *Dioscorea pogonoides*].
- sand distention and vomiting diarrhea** T2505 *Eucalyptus citriodora*.
- sand foulness** T1986 *Cyrtomium fortunei*.
- sand foulness retching** T0472 *Anethum graveolens*.
- sand qi** T2746 *Foeniculum vulgare*, T6787 *Vitex negundo*.
- sand qi abdominal pain** T0726 *Asarum forbesii*, T1153 *Camellia sinensis* var. *assamica*, T1311 *Centella asiatica*, T2721 *Ficus microcarpa*, T4240 *Milletia pachycarpa*, T5220 *Prunus davidiana*, T5230 *Prunus persica*, T5232 *Prunus persica*.
- sand strangury** T0155 *Actinidia arguta*, T0759 *Aspidistra elatior*, T1007

- Brassica juncea*, T1311 *Centella asiatica*, T1907 *Curcuma wengujin*, T2134 *Desmodium styracifolium*, T5231 *Prunus persica*.
- sarcoma** T4184 *Mentha haplocalyx* [Syn. *Mentha canadaensis*; *Mentha arvensis* var. *haplocalyx*; *Mentha arvensis*].
- scab and lai** T0610 *Argemone mexicana*, T0696 *Artemisia sieversiana*, T1197 *Cardiospermum halicacabum*, T1251 *Cassytha filiformis*, T1693 *Coriaria sinica* [Syn. *Coriaria nepalensis*], T1719 *Corydalis incisa*, T2897 *Gelsemium elegans*, T3687 *Lantana camara*, T4937 *Piper betle*, T5143 *Pongamia pinnata*, T5401 *Rabdosia yunnanensis*, T5717 *Sapindus delavayi* [Syn. *Pancovia delavayi*].
