Amount	Measure	Ingredient	Preparation Method	Product No.
1.000	kg	Basil leaves		20-100000876
1.000	lt	Olive oil		20-100001607

Method of Preparation:

- Place the fresh basil in a pan and add 3/4 of the olive oil.
- Place on the stove and heat slowly until the basil becomes transparent
- Remove from the stove and add in the remaining olive oil, this will cool the basil and stop the over cooking
- Blend the basil and the oil in a high speed blender until smooth
- Set in a fine chinois and leave to drip.
- When cold carefully remove the oil from the water on the bottom .
