Example. Stephen is currently 40 years old. He consults the table above and discovers that his age occurs in the **38½-41** age sub-cycle of the middle ring. This means that he is presently in a 3½ year phase that is governed by the **TR** mandala. The TR mandala phase began when Stephen turned 38½ and will end 3½ years following - that is, on his 42nd birthday. His *Key Glyph* is **Ch** and his *Spoke Number* is **5**.

Here is an explanation of the data contained in the above table.

- 1 *Age Cycle* - These three rows divide your life into three 24½ year cycles.
- 1 *Sub-Cycle* - These three rows divide your life into twenty-one 3½ year cycles.
- 1 *Mandala* - These three rows indicate the particular mandala that corresponds with each of the 3½ year cycles. They are identified according to the ALBaM code. Click on a mandala in the table above (or [go here](#)) to find key-words and other esoteric information about your current

mandala influence.

- | *Key Glyph* - These three rows specify the particular Hebrew letter that represents the energy that is coming into manifestation during a particular 3½ year cycle. See below for Key Glyph correspondences.
 - | *Spoke* - These three rows indicate the particular spoke of the Master Mandala upon which the specified mandala is located.
