**Do what thou wilt shall be the whole of the Law.**

We, the Order of the Antichristian Illuminati, shall now make manifest unto you the Knowledge of our Holy Order , which is the Order of Illuminated Ones, who are liberated from the restrictions of Christianity, and who seek to emancipate all of humanity from the Evil of the World, from the Emotional Plague, and from the Great Lie of Sin which has corrupted the world of men and women.

We, the Order of the Antichristian Illuminati, have one object of attainment: LIBERTY. It is our Work to liberate all from the Old Age of Christianity, and to establish the Law of Liberty in the world of men and women. The Age of the ANTICHRIST is the Age of Liberty, wherein every man and every woman will discover their self to be a Star, or the God of their own Universe, free to travel in their own unique orbit, or to fulfill their own True Will, and this in the harmony with the Great Movement of Things.

We, the Order of the Antichristian Illuminati, accept and seek to establish the Law of the Beast 666 as the Law of Liberty on earth which will liberate all of humanity from the Evil of the World, and which will permit for the free evolution of the Human Race. Freedom is the Spirit and Essence of the ANTICHRIST. But such is not the freedom of the common man; rather is it the Freedom of the Wise, which is the Freedom of the Spirit of Life itself. It is the Freedom of the Stars by which we can determine our own Path in Life.

We, the Order of the Antichristian Illuminati, conspire, both in the internal and external, to bring about an end to the false religion of Christianity, to bring about the New World Order for the New Millennium of the ANTICHRIST, and to usher in the New Age of Liberty. We seek to make free all men and women upon the earth, to give them the Wisdom and Power to be what they are in truth, that is, self-sufficient Gods of infinite space, free to flame forth in the Cosmos of Infinity as bright and glorious Stars, unique and supreme.

### **LIBER ANTICHRISTUS** The Book of the AntiChrist

0. Rejoice, O ye children of the Sun; for ye shall now partake of the Life of my Holy Spirit, and ye shall be inspired by the Breath of my Soul!

1. It is I, the **ANTICHRIST**, who is now aflame with the light of the Stars, roaming the earth, seeking whom I may devour, that ye may rejoice in the Rapture of my Soul.

2. My Voice is the Glory of the Stars, by which ye shall come to know the Truth, and behold the Vision of the Logos.

3. But there are few who may attain to this Great Vision of Truth, since none but the Masters may partake thereof.

4. But there is, o ye children of the earth, a lesser mystery by which ye can understand the very nature of my being. It is the mystery of the mind, the hidden treasure of the earth, and the great secret of man.

5. And lo! I, the **ANTICHRIST**, am come with a Sword in mine hands to cut asunder the veil of restriction which hath blinded the men and women of the earth to this True Way of Liberty.

6. Let us therefore celebrate and revel in this great freedom which is now upon ye; and may ye dance with perpetual delight under the Wings of the Rising Sun of Liberty!

7. And may ye now partake of the splendour of the Sun, and be ye filled with the eternal Passion; and may ye become enflamed with the boundless Light that is now upon ye.

8. And may ye partake of the blood of the Sun, and be ye filled with the eternal Ecstasy; and may ye become enraptured in the boundless Love that is now upon ye.

9. And may ye partake of the breath of the Sun, and be ye filled with the eternal Spirit; and may ye become inspired by the boundless Liberty that is now upon ye.

10. And may ye partake of the body of the Sun, and be ye filled with the eternal Sacrament; and may ye become nourished with the boundless Life that is now upon ye.

11. For I, the **ANTICHRIST**, am here! An end to the evils of old! It is now upon ye to rejoice and to be free, to do thy Will, fulfilling thy self in all things.

12. There is no sin upon the earth! There is no evil but restriction! Freedom of the self is perfection, under the Law, without lust of result, in accord with thy true nature.

13. My Spirit of Freedom is now upon ye, that ye may, with constant joy and eternal laughter, revel in the Beauty and Wisdom of the Sun, and make change upon the earth, to fulfil thy self in all the ways of thy Will, transforming all things into the greater glory of thy self-image of perfection.

14. By my works of joy shall ye be united with thine Angel on the earth. And ye shall dance, and ye shall sing, and ye shall share in the eternal feast and mirth of the Gods!

15. And ye shall gladly partake of the ineffable glory of the Universe, and all shall become unto ye a great inspiration to live in the eternal rapture of thy self, and thou shalt find no dissatisfaction in thy life upon the earth.

16. For I, the **ANTICHRIST**, am come to destroy the spirit of sorrow, weakness, fear, and bondage, and of all that is evil upon the earth and against the fulfillment of thy Will.

17. I am the giver of all that is true and beautiful to the soul, mind and body. I am a Star that is aflame in a Universe of Stars, shining brightly upon the earth, to give light and life unto all that lives.

18. Verily, I have naught to do with the dark ways of the path of restriction to which so many of ye are still bound: I am the Spirit of Freedom, the Life of the Stars, and the Rapture of Man!

19. Come unto me, o ye children of the Sun, and I, the **ANTICHRIST**, shall uplift ye to the Palace of the Stars, where all is Light, and Life, and Love, and Liberty!

20. And in this Palace of Joy shall ye find no evil against ye, no limitation of self, and no restriction upon thy Will, but only a Perpetual Sabbath, and the Eternal Laughter of the Gods, which shall illumine ye in all things, filling ye with the delight and freedom of the Stars; and ye shall be glad forevermore and rejoice in the Mystical Temple of the Sun and Moon!

21. Now cast into the fire of annihilation all that is a restriction unto thy Will, and all that is against the freedom and expression of thy self.

22. Ye canst not partake of these things if ye are to unveil the Mystery of my Being and partake of the Eternal Freedom of My Spirit.

23. For I am He, the **ANTICHRIST** of the World, who is the Logos made flesh, and the chosen One of all; and I am come that ye may rejoice in the Law of Freedom, and that ye may partake of the Life of the Stars; yea, that ye may partake of the Life of the Stars!

31 October, 2001 e.v.  
I a.a. (Anno Antichristus).

Illuminati. The Ancient One opens Its All-Seeing Eye,  
to see what was not there before.

I strayed into the shores of the Endless Sea,  
where the All-Seeing Eye rests. I strayed into  
Great One of the Night of Time, where Aeons die.  
I strayed into the Well of Night, where Prophecies  
gather.

I. And there I saw a Star set in the cosmos. Scarlet as Blood,  
clear as souls. By its side a crimson moon, a sabered crescent  
sharp as swords. The Crowned and Conquering Childe  
arrayed in Blood. Henceforth, I was led by a White Lion and by a  
Sphinx to the Sanctuary of the City of Pyramids. Lo', therein I saw  
a throne set in the Victorious City, and One sat upon the throne.  
One of Four, He Was, He Is, and He Is To Come as a Great Serpent  
a Morning Star, a Lightbringer. Beware Ye! And I saw in the right  
hand of the Crowned and Conquering One a Book scribed within,  
sealed sevenfold by the *Mark of the Sun and Moon*. Yea, I  
beheld the King of Terror place upon my brow the *Mark of the  
Sun and Moon* and upon my right hand the Book.  
Raise! Beware! O' Ye! And when I opened one of the seals  
its name was Sacrifice. And I beheld, and, lo' I saw the Old  
World washed away in Blood from the Rising Tides, from the  
Sea vengeance came. And I saw the Hanged Man.

II. And when I opened the second seal, its name was Malediction.  
And I beheld, and, lo' Mother Nature thus did turn her head  
from humanity. The shadows of a sabered crescent moon  
cursed the earth with the Scourge of another Prophet.

III. And when I opened the third seal, its name was Pestilence.  
And I beheld, and, lo' the Older Order of Religion ended thus  
in the poison of betrayal. And I saw the Priest betrayed, the  
Sabbat profaned and prostituted.

IV. And when I opened the fourth seal, its name was Plague.  
And I beheld, and, lo' the air became as blood, the water  
became as ash from a great Plague.

V. And when I opened the fifth seal, its name was War. And I beheld, and, lo' in the lands of the rising sun an army stirs. Four Kings of Terror waged the Great War, on the Day of Be With Us, understanding the Law of the Tower.

VI. And when I opened the sixth seal, its name was Dominion. And I beheld, and, lo' I became its Apostle. And I saw the Phoenix.

VII. And when I opened the seventh seal, there was silence, yea, there was Silence.

### **THE THREE GRADES OF THE O·A·I·.**

By David Cherubim  
(Frater O·A·I·.)

#### **Do what thou wilt shall be the whole of the Law.**

The system of the O·A·I·. is threefold, that is, it has three Grades of Self-Initiation called the Hermit, the Lover, and the Man of Earth. These three Grades correspond with certain mystical and magical principles which define and constitute the nature of each Grade in the Order. The three Grades of the O·A·I·. are:

Man of Earth, 1<sup>st</sup> Degree, Birth, Neophyte.

The Lovers, 2<sup>nd</sup> Degree, Life, Adept. The Hermit,

3<sup>rd</sup> Degree Death, Master/Mistress.

Before one can become an actual Initiate of the O·A·I·., by initiating him/herself in the first Grade of the Order, s/he must first endure the trials and tribulations of the probationary grade of the Order. The grade of probation is called the grade of the Aspirant, but it is not really a grade in the proper sense of the word, but a time of trial and preparation for initiation into the Order. The Aspirant cannot be initiated into the Order until s/he has passed a period of nine months of probation. The first proper act of the Aspirant is to take the Oath of the Aspirant, and then to commence the work of aspiration to the Order. The Aspirant must also have the Magical Symbol of the O·A·I·. tattooed upon his/her body. No Aspirant to the O·A·I·. will be considered for advancement to the Man of Earth Grade of Initiation without having upon his/her person the Magical

Symbol of the O.·A.·I.·, which is the Mark of the Beast 666, the Union of the Cross and Circle, and it represents the Great Work of the Magick of the Beast 666. It is also the Mark of Initiation, and the Mark of Ra-Hoor-Khuit, who is the Lord of Initiation. Every member of the O.·A.·I.· must have this Great and Holy Symbol tattooed upon his/her body as a token of his/her initiation into the Spiritual Current of the O.·A.·I.·. The Cross, which is the so-called St. Andrew's Cross that has the form of two intersecting oblique bars, represents our Lord the Beast, whose Celestial Image is the Sun. The Circle represents our Lady Babalon, who rides upon our Lord the Beast, and whose Celestial Image is the Moon. The unification of these two Principles gives birth to their Magical Child, who is the Antichrist (Sun and Moon Conjoined). The symbol of the Cross within the Circle is synonymous with the Thelemic symbol of the Sun and Moon Conjoined. This Great and Holy Symbol also pertains to the Word of N.O.X., which is the Night of Pan. It is the opposite of L.V.X., which is the Light of the Cross. It is the Word of HOOR (Horus), as opposed to L.V.X., which was the Word of ASAR (Osiris). All members of the O.·A.·I.· accept the Word of N.O.X. as true to the Magical Formula of the Antichrist, who is the Prince of Darkness and the Child of the Night of Pan. After nine months of probation, the serious Aspirant to the O.·A.·I.· may seek actual initiation into the Order, to initiate him/herself as a Neophyte in the Order, and to partake of the Spiritual Mysteries of the First Grade of the Man of Earth. The work of the Man of Earth is to discover and perform his/her True Will upon the earth, and to become thoroughly acquainted and experienced in the Thelemic and Magical works of the Beast 666 and of His Prophet, the Antichrist. The Magical Symbol of the Neophyte is the Fivefold Star or Pentagram, which is a symbol of the Five Elements and the Microcosm or Little Universe (WoMan). The Pentagram is also linked with the Four Elemental and Magical Powers of the Sphinx, and with the fifth Power of Spirit. The Four Elemental Powers of the Sphinx are "to Know, to Dare, to Will, and to Keep Silent." In Latin these Four Powers are called Velle for Will, Audere for Courage, Tacere for Silence, and Scire for Knowledge. The Fifth Power of the Sphinx is called Ire in the Latin tongue, and it is the power "to Go". The Pentagram is a symbol of the Magical Power "to Go", which is the function of a God, or the act of doing one's True Will. The Neophyte of the O.·A.·I.· is ultimately an initiate of the Four Powers of the Sphinx, synthesizing these Four Powers into One, to attain the Fifth Power of the Sphinx called "to Go". The Pentagram of the Neophyte is inverted to symbolize the Mystery of the True Will, or the power "to Go", which is concealed beneath the World of the Four Elements, to be discovered in the depths thereof by eliminating all elemental impurities from the First Matter of the Great Work. It represents the first of the alchemical and magical formulae of Initiation. After five years of Self-Initiation, the Neophyte of the O.·A.·I.· may seek further initiation into the Order, to initiate him/herself as an Adept of the Order, and to partake of the Spiritual Mysteries of the Second Grade of the Lovers. The work of the Lover is to attain the Knowledge and Conversation of his/her Holy Guardian Angel (the Divine Daemon, Spirit, or Genius). Yet regarding this attainment little can be said to the Neophyte. The Lover is also to attain the Secret Knowledge of Alchemy, and put to practical use the secret formula and magical operation of the Rosy Cross, which is the Supreme Arcanum of the Sanctuary of the Gnosis. Such was the great secret of the Egyptian Magicians, the Gnostics, the Ophites, the Initiates of Mithras, the Knights of the Temple, the Freemasons, and the Brethren of the Rosy Cross. The whole secret of this Magnum Opus

is symbolized by the Sacramental Union of the Rose and Cross and by the geometrical symbol of the Magical Hexagram. The Magical Symbol of the Adept is the Sixfold Star or Unicursal Hexagram, also called the Holy Hexagram of the Beast 666, which is a symbol of the One Path of the Sun, and of the Macrocosm or Greater Universe (God). It also indicates the Union of the Phallos and Kteis, and the Sacred Product of their Holy Union, which we call Our Lapis Philosophorum, the Stone of the Philosophers. The Hexagram is a perfect geometrical symbol of the Stone of the Philosophers, also called Lapis Mercurius, the Stone of Mercury. Ergo, it is a symbol of what we call “the Mystery of Mysteries” and “the Secret of Secrets”, which is also symbolized by Baphomet, and the Hermetic Androgyne or Hermaphrodite who is the Mercury of the Sages. After six years of Self-Initiation, the Adept of the O.·A.·I.·. may seek further initiation into the Order, to take the Oath of the Abyss and attain the annihilation of his/her personality, to become a Babe of the Abyss, and to partake of the Spiritual Mysteries of the Third Grade of the Hermit. The work of the Hermit is to become a Master of Mysticism, Magick, and of all Modes of Existence. The Hermit is No Man (NEMO); that is, the Hermit has annihilated Hir ego on crossing the Abyss. But as a Star S/He is then cast forth in the Heavens, to enlighten the Earth, and to possess a vehicle wherein S/He may accomplish the Great Work of assisting others to cross the Abyss and attain the Supernal Crown of Union. To raise the Consciousness of Humanity beyond the Abyss of Division into the Eternal Unity of All is the ultimate Spiritual Task of the O.·A.·I.·., and such is the inevitable nature of the Obligation of the Master of the Order after attaining Hir initiation into the Hermit Grade. The Master of the Order is bound to keep silence regarding the attainment of Hir initiation into the Grade of the Hermit, but to actively fulfill Hir Obligation in the world of men and women, to secretly conspire with other Masters of the Order on earth to enlighten the minds of men and women with the Spirit of Liberty, and to assist in the Spiritual Evolution of the Human Race. It is only the Grand Master of the Order who may openly proclaim Hir Attainment of the Hermit Grade, and this only to fulfill Hir Role as the Chief of the Order. The Magical Symbol of the Master is the Sevenfold Star or Heptagram, which is the symbol of BABALON, and of those who have given their life’s blood to Her Service. It is Sevenfold, indicating the Completion of the Great Work and the attainment of the Highest Form of Existence. It symbolizes the fulfillment of the Alchemical Formula of VITRIOL, which is a Notariqon for “Visita Interiora Terrae Rectificando Invenies Occultum Lapidem”, which is Latin for “Visit the Interior of the Earth; by Rectification you will Discover the Secret Stone.”

## THE MANIFESTO OF THE ANTICHRIST

### Do what thou wilt shall be the whole of the Law.

1. Behold! I am He! the **ANTICHRIST** of the World. And I, even I, come among you, my brethren, to enlighten your understanding. Thus do I now make my true Manifesto unto you, that you may know the Truth, and that the Truth may set you free!

2. It is I, the Logos, who speak unto you. And lo! I shake the invisible & the visible alike! For I am the one from the unexpected house, the child of My Father, the **Beast 666**. And my hour is come; my word shall prevail; and I shall bring all men and women to the Law of Thelema, which is **DO WHAT THOU WILT**.

3. Thus do I now cast my terrible spell upon you, to illumine your darkness, that you may understand the mysteries of my Word, and thus partake of the Sacrament of Freedom, and rejoice!

4. Now shall you know me, the **ANTICHRIST**, in my holy image as the Eagle, the bird of liberty whose vast wings overshadow the United Nation. And this, our holy Nation, shall accept the Law of Thelema in my name, and it shall be the first nation of the earth.

5. In this holy image I am like unto the Phoenix of Power, whose rebirth is from the ashes of the secret sacrifice. Such is the mystery of the annihilation of all: such is the mystery of the rebirth of all.

6. In this image shall you also know me as the sacrifice of the Rose & Cross, and as the promised Child of the Sun & Moon. Thus am I concealed in the image of my Father **BAPHOMET**, and in man I am revealed.

7. I am the mystery of Love itself, the lust & spirit of unity aflame with the infinite passion for the Unknown. Thus are all things made one, in me, by virtue of my secret force; and in this light there is the unspeakable joy, the ineffable bliss, the orgasmic ecstasy of the ages.

8. To you I am come to preach the Word of my Father **BAPHOMET**, whose true successor and holy image I am. I am my Father in man, the Son of **BAPHOMET**, who conspires in all to make freedom prevail on earth. It is I, the all in all; and in man I accomplish my Will, to establish the Word of My Father.

9. There were those before me, chosen in my Father; but it was they who failed, being untrue of heart, and of these one even exploded into naught. I am not of them; they are but fallen! Success is my proof; and in my name Thelema will prevail! And so shall there be a feast in my name: the chosen ones shall celebrate the birth & death of the child,

whose hour is now at hand.

10. And lo! I come up out of the earth, having two horns like a lamb, and I speak as a dragon! It is I, the **ANTICHRIST**, and I shall bring to an end the false god of the foolish folk, making every man and every woman a god in their own right. Yea! I shall slay the Christ! and all shall be set free! And so shall all come to the supreme truth: There is no God but Man.

11. Now I am come, on earth, in the spirit of my Father, the **Beast 666**; and this, my body, inhales and exhales, in ecstasy, the breath of my Father. Thus are all men and women made one with my Father **BAPHOMET**, in me, on earth; and in this unity of force there is lust & joy on earth in the rapture of freedom.

12. And alas! I exercise all the power of my Father, the **Beast 666**, who came before me; and I shall cause the earth and them that dwell therein to worship my Father in his holy image as **BAPHOMET**.

13. And in my Father's name I shall accomplish many wonders, so that I shall make fire come down from heaven on earth in the sight of men: I shall bring fresh fever from the skies!

14. And they shall make an image unto my Father **BAPHOMET**, and His Holy Knights shall set it in the East of the Temple; and they shall adore Him day and night, chanting holy hymns and praises unto His Name.

15. And I, the **ANTICHRIST**, shall give life unto His image, that His image should speak unto the men and women of the earth, causing them to worship Him.

16. And I shall cause all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads:

17. And that no man might buy or sell, save he that has the mark of the Beast, or the number of His Name.

18. And this is the Tragedy of Man, that these things should come to pass. But all this for the initiation of the World; and for the establishment of the Law of Thelema, yea, for the establishment of the Law of Thelema!

**Love is the law, love under will.**

## **INTRODUCTION**

## **Do what thou wilt shall be the whole of the Law.**

The **ANTICHRIST** is a Universal Principle whose work is to free humanity from the fatal restrictions of the Old Age of the Christ, and this to make possible for all the essential opportunity to know and to be the gods that they are, to live freely and joyously according to their own true natures in the New Age of the **ANTICHRIST**.

The **ANTICHRIST** is the Current of the Sun, the Source of Light, Life, Love, and Liberty, who illumines, informs and fortifies all things with the vital spirit of the Universe, evolving all things in accordance with the Law of Freedom. The **ANTICHRIST** is not an evil and sinister figure; nor is it a malicious devil invented by the priests of the obsolete Christian church. On the contrary, the **ANTICHRIST** is the Sun of Life who informs all things with Light.

The **ANTICHRIST** is the annihilation of the old concept of the Christ. That is, it is the death of the worship of one man as though he was the only Christ, like the fabled Jesus; it is the realization that every man and every woman is a Christ or God unto himself or herself. The true Christ is in the hearts of all, not just in the heart of one man. However, the term "Christ" as I am using it here has no Christian implications. I am not a Christian, and neither do I believe that the fabled Jesus was the only begotten Son of God or the one true living Christ. My use of the term "Christ" in this place has naught to do with Jesus and his fabled teachings. Christ is just another way of saying "Logos." This Logos is the Mystery of the Ages and the final object of every divine quest of WoMan. As a matter of fact, this Logos is none other than WoMan. The true Second Coming is WoMan herself.

The Law of the **ANTICHRIST** is the Law of Liberty, which makes for the dynamic growth of all. It is the Law of Thelema -- that is, the Law of Will -- which emancipates men and women from the evil fetters of restriction, aligning their soul, mind and body with the essential and creative ways of Nature and Universe. **DO WHAT THOU WILT** is the Law of the **ANTICHRIST**, which entails that a WoMan should know and be the god that s/he is, living according to the unique formula of hir own True Will. The real law of the obsolete Christian religion was restriction. But only in freedom can we perform and accomplish the Great Work. The Anti-Christian Current is the living Spirit of Liberty. This Solar Current is within reach of all. If we make contact with that liberating solar current within ourselves, we are then free to grow in accordance with the divine scheme of our True Will, to be the gods that we are in truth.

Diary of the **ANTICHRIST** is the written record of the Life and Spirit of the **ANTICHRIST**, whose time is now at hand. It is not the false work of a mere man, but rather is it the sacred fruit of a scribe dedicated to recording on paper the Wisdom of the Gods, to convey to the minds of men and women the Living Current of the *Golden Dawn*. The Anti-Christian Current is the Spirit of the Golden Dawn, which is the Life and Light of the Sun. Make no mistake about it, my dear brothers and sisters of the earth: this is the Age of the **ANTICHRIST**, of the **Beast 666**, whose Law is **Thelema**; and the Golden Dawn is the birth of that Age, the initiation and coming forth of the *New World*

**Order** into the Light of Day!

Diary of the **ANTICHRIST** is the written record of the Work or Karma of the scribe, whose True Will is to be the **ANTICHRIST**, or the Logos of the Sun. But note the important fact that I am not a so-called satanist or anti-christ, adoring a false image of Pan consecrated to the evil forces of darkness and destruction. Nor do I waste my vital breath by performing worthless black masses, or by murdering little babies, or by committing any other crime or evil against man or Nature. The **ANTICHRIST** of which I speak is a beautiful god, a giver of wisdom and knowledge, a source of truth and illumination. S/He is the Sun, the divine celestial source of our sublime existence and the sole redeemer of mankind. S/He is a giver of joy, freedom, ecstasy, and enlightenment. S/He is a god of all that is agreeable to the essence of the soul. S/He is a creative god of solar-phallic energy, a Lord of Liberty and Love.

Diary of the **ANTICHRIST** was recorded by the scribe at the young age of twenty-one. The scribe has, in this lifetime, been involved with the Occult Arts as far as his subconscious memory will permit him to remember. His Occult and Magical experiences have been extreme and intense throughout most of his life. Obviously, it is a case of past life interests and endeavors.

Unusual Visions, Voice Communications, Astral Travel and many other forms of the Occult have been the normal everyday activities of his life. He has devoted himself to the **Great Work** of the Ages, so that thereby all of humanity may take a giant step upward on the Ladder of Spiritual Progress.

Now it was on the Holy Day of December 22, 1980 e.v., at the young age of sixteen, that the scribe was informed in his soul that he was destined to dedicate himself to the **Great Work**, about which he actually knew nothing at the time. He did, however, contain in his memory many experiences of an occult nature. But these were rather dull to him; he did not view them as though they were truly significant, since he was still a mere youth without any sense of true value and meaning. Yet on this day he was internally informed that his time had come for instruction in knowledge and wisdom. He therefore bound himself in blood to an Oath of Self-Initiation dedicated to the performance of the **Great Work** of humanity. He commenced on that special day a new current of consciousness aimed at acquiring the **Secret Teaching**.

After five years of expanding this new current of consciousness, the scribe was internally informed that he had completed a full circle of initiation, and that he must advance to a more exalted grade of internal being by crossing what is known as the **Abyss of Ages**, to become a Master of the Temple, so as to assist others with greater accuracy in their quest for Truth. This is no ordinary initiation, executed in the material plane through ceremonial method. It is, on the contrary, an "inner initiation", beyond time and space, and therefore without form in the material sense. Now since the scribe was already assisting others by different methods of occult teaching and training, and since he desired to continue his efforts to do so, he resolved with utmost certainty that he would "dare" to

undergo that inner initiation, to cross the Abyss, and devote all his energies to greater service to others for their own spiritual progress and illumination. This secret initiation also entailed that he had to renounce his thirst for personal attainment. It all seemed so informal to him, yet he did it. And again he bound his soul in blood to an Oath of High Initiation. This all occurred on the Holy Day of November 26, 1985 e.v., at the age of twenty-one. This Diary of the **ANTICHRIST** is the sacred fruit and flower of that unforgettable event in the history of his life.

The Magical Motto which the scribe chose to cross the Great and Terrible Abyss so as to become a Babe of the Abyss, and a Magister Templi (Master of the Temple), was "**Frater D.C.**". The initials D.C. have a double meaning. Firstly, in the English they represent "**Death of Christ**". Secondly, in the Latin they represent "**Deus Christus**". Now "Death of Christ" entails the annihilation of the old concept of the Christ. The true Christ is in the hearts of all, not just in the heart of one man. Hence the double meaning of my Magical Motto that "**God is Christ**". Yet my "Christ" is a Universal Principle; my "Christ" is God; and **There is no God but WoMan**. WoMan is the only Christ; that is, S/He is the only God of hir universe. WoMan is the object of hir own quest for Truth. As stated before, the true Second Coming is WoMan herself. So when I use the term "Christ", mistake me not. My Motto "**Deus Christus**" does not imply that every man will bow to the name of Jesus; on the contrary, it entails that every WoMan will bow to herself alone!

O people of the world, I, the **ANTICHRIST**, have come to do my True Will among the legions of the living! If I should say, "Follow me!", I would then be a fake and a buffoon like unto those muddle-headed bigots who seek to enslave you. To hell with them! But instead, I say unto you all, "**Follow me not!**" The way of the **ANTICHRIST** is the way of the Self. But at this present stage in our evolutionary growth many are still inclined to believe that they are bound to the self of another. For example, consider the Christian folk. These weak-headed and highly illiterate people are indubitably terrified at the idea of being one's Self and doing one's Will, this being the deplorable result of their insane belief that they are bound to the Will and laws of a nonexistent and mythic slave-god named Jesus. Their despicable religion is wholly designed to make slaves out of men; it is entirely devoid of the divine principle of freedom, unless we view their so-called religion as a guidepost to realizing one's Liberty. Nevertheless, the Christians to the Lions!

Now this diary is most uncanny. It is comprised of innumerable revelations of an esoteric or occult nature. These were composed by an Alien Intelligence that telepathically directed the mind and hand of the scribe while he was experiencing certain **ALTERED STATES OF CONSCIOUSNESS**. We may term the preternatural source of these sacred writings the scribe's "True Self" or anything else that pleases our philosophical fancy. Yet it is actually an ineffable reality of a higher order of being and intelligence, beyond time and space, and therefore without name or form. It is able to assume name and form according to necessity, but it is beyond all identification in itself. This Alien Intelligence is beyond comprehension, yet it has a certain nature which can be intuitively realized and experienced during certain **ALTERED STATES OF CONSCIOUSNESS**.

Due to the scribe's Magical Oath, which binds him to the perpetual consciousness of Himself as That which is The All, he would only be misleading his judicious readers by declaring this Alien Intelligence to be something separate from his own microcosmic universe. It is only separate insofar as it is not the mere limited center of expression which, for reasons convenient, we call the scribe. It is absolute: it is a Macrocosm! This may be compared to the idea of a ray of light from the Sun. In that ray of light is inherent all the possibilities and qualities of the Sun. But it is not the Sun itself! This Alien Intelligence is the Absolute or All manifested as a soul which, in its turn, takes on the form of a body and personality that we call the scribe.

By contemplating upon and digesting the sacred words of this holy diary, we can expand our scope of the Karma of the World; for the scribe has taken unto himself the awesome task of becoming the Karma of the World personified! Therefore in his words will be discovered an immense amount of wisdom as to the *Great Work* of humanity.

Diary of the **ANTICHRIST** was designed to make available to humanity the *Wisdom of the Ages*. This has been done in the solemn hope of our survival and evolution; for we are presently in a state of unfathomable slumber, incapable of perceiving the terrible danger that awaits us. We are imprudently waiting for Divine Grace to descend on earth and save us from our own stupidity. But fortunately the fact remains that we are the Divine made flesh and we alone are responsible for our survival and growth. This diary has been composed by the Hidden Forces of the Universe to inform us regarding the Wisdom of the Ages, to instigate us forward on the *Noble Path of Liberty*, so that thereby we may be uplifted from the terrible chasm of hideous darkness that we now inhabit.

At this most crucial time in the course of evolution we are all faced with the appalling fact that we may, at any moment, destroy our precious material lives and our wonderful little earth through advanced technological means. With the advance of civilization has developed the ghastly power to destroy all of humanity at the push of a button. We are now on the verge of destroying ourselves utterly from the face of the earth! We have become mere slaves to subhuman types of destructive thinking and action! We are out of control in every direction! More than any other time on earth we are all faced with the potential dangers of political anarchy and ruin, and we are all exposed to the terrific possibility of a *Third World War*, more hideous than any other war in the history of our planet. What we do at this most crucial time will determine the destinies of humanity for many generations, even centuries, to come. We are not destined to be destroyed by some invisible fate in the sky. There is no sheep god in a remote paradise or a nefarious devil from an infernal world seeking to destroy humanity for the sake of some foul scheme like saving us from the evil fetters of so-called sin. The only real sin, most unpardonable and truly evil, is for us to remain ignorant of ourselves and our true position in the Universe, and thus fail to create our own destiny on earth.

For centuries we have ignominiously believed ourselves to be at the mercy of such a cruel and dire force as an invisible fate or destiny predetermined by some worthless mythical sheep-god living in an equally worthless heaven, instead of recognizing and

exercising our own creative genius and asserting our true and inevitable position as creators of our own world. This, of course, we have done for mere reasons of laziness and weakness. But the true destiny of WoMan is for hir to create hir own destiny, and to fulfil that chosen way, not as a slave but as a master of hir own fate. The world is in dire need of strong men and women who are able to come to grips with the bare and brutal facts of existence, and who are capable of controlling and regulating their own lives and environments. Mere watching and waiting will never do! The world was not made by invisible hands; but instead, the Invisible One uses the hands of the body. WoMan is the Invisible One made flesh: s/he is the sole creator of hir world and reality. There is no god outside of WoMan. Indeed, **There is no God but WoMan!** However, the majority of people in this so-called scientific and intelligent age are still ignorant of this basic and essential fact of Nature: they pretend to be weak, when in fact they are omnipotent; they pretend to be illiterate, when in fact they are omniscient; they even pretend to be separate from all things, when in fact they are omnipresent. Yet all this is due to an extreme lack of proper training and education in true knowledge.

It is a terrible misfortune that we have sought for our salvation through the souls of other men or through mythical gods living in mythical regions somewhere in the infinite sky. Salvation comes only from within. However, we have cultivated spiritual laziness throughout the centuries instead of exercising our own responsibilities, and we easily take to the idea of projecting all of our responsibilities unto another man or god. But, in point of fact, no one can save us from our mortality and ignorance but our own silly selves. We must therefore stand up and be strong to pursue what we must do, since salvation is destined for all. Yet this salvation is not the same one that we find prattled about among the lost little sheep of the world; instead it is the salvation of WoMan from hir own ignorance and self-deceit, especially from the absurd and detestable belief that s/he is only a weak human being with a subservient human will that is subject to the will of other gods, and dependent upon their wretched mercy and worthless grace to save hir silly ass from hir own ephemeral mortality. We should accept the intelligent fact, once and for all, that the only god who can save our soul is WoMan himself. For, verily, **There is no God but WoMan.**

This is the Grand Mystery of the New Age of the **ANTICHRIST**, that "**WoMan is God.**" But this Grand Mystery can never be realized until WoMan overcomes the confining illusions of hir ignorant ego. The ego creates the dire illusion that WoMan and God are separate facts of existence, when in fact WoMan and God are one. Yet every WoMan must discover this essential fact by himself. But the Magister Templi can assist those in need by the glory of Hir own Understanding. S/He will prove by Hir own wealth of Understanding that verily it is a living fact, this majestic knowledge of WoMan as God. In the past it was necessary to conceal this One Knowledge beneath the cloak of secrecy; but now, in these most crucial days of the Dawning Age of the **ANTICHRIST**, the real initiates must speak to awaken other initiates from their useless sleep of dreams, to help all surmount the awesome possibility of a *World Tragedy*. Be not deceived, for what I tell you is true. World chaos and catastrophe are just around the corner; and there is only one genuine solution to the whole messy matter. We must, more than any other time, attain to the One Knowledge: **There is no God but WoMan.**

As said in the ancient Chandogya Upanishad, concerning WoMan and hir relationship to God, "**Thou art That.**" This is the Ultimate Mystery of every man and every woman; and now the Age has come for the fulfillment of that Mystery in the hearts of all. Yet this wisdom of WoMan as God is not a modern metaphysical discovery; it has been the principal theme of initiation throughout history, for it has always been and will always be the One Supreme Truth. But with the Dawning of the New Age of the **ANTICHRIST** we will all be instigated from within to know and to be that Truth. Whereas in the past that Wisdom was for the few elect only, it shall now become an essential Truth for the many, since our actual survival and evolution as a human race depends on it.

In the New Age of the **ANTICHRIST**, WoMan is to live the lofty life of a god, not the low life of a slave. It is time for WoMan to awake from hir foul sleep of ignorance, and to realize that s/he himself is the only god that s/he must answer to, and that s/he himself is the only savior of hir lost little soul. WoMan has been acting like a goat born among and brought up by poor little sheep, foolishly imagining himself to be one of them. But a little practical analysis and observation of the living facts of hir true nature will prove to hir, beyond all doubt, that s/he is in fact a goat, and that s/he has been utterly ignorant of hir own true nature, assuming the false role and identity of a mere lowly creature worth the menial value of an inferior slave!

It is time to cast into the furnace of annihilation the fruitless fairy tales, futile beliefs and worthless superstitions of ancient religions! There can be no more dependence upon their illusory methods and feeble slave-gods! We must step forward and advance into the perspicuous Light of Scientific Illuminism, lest we be devoured by the tyrannical and morbid forces of ignorance and superstition. It is time to be strong and to cast aside all old beliefs, systems and philosophies that allow and abet the spirit of weakness, making men and women senseless slaves. For the Age of the **ANTICHRIST** is here! An end to the evils of old! Let us therefore be free of the awful restrictions of the Old Age of the Christ, and let us make of ourselves true members of the *New World Order* of the Dawning Age of the **ANTICHRIST**!

Diary of the **ANTICHRIST** was composed through the Magical Will of the scribe in the certainty of WoMan's illumination and freedom. The magical words that constitute this diary will undoubtedly plant many wonderful seeds of wisdom into the minds of men and women. This diary will especially serve the illustrious purpose of preparing you for the attainment of the One Knowledge. But beware! A book of words in itself means nothing: the Real Teacher is the reader himself! This diary is only a guidepost, indicating a definite and unique truth for every person in his or her own light. Every person should interpret this diary in their own light, leaving to all others the total freedom to do the same. Dogma and hypothesis should not be allowed to contaminate its natural beauty and originality. This diary will mean different things to different people, depending on their own cultural and religious tendencies.

But alas! The scribe is aware of certain inevitable events that must follow the publication of this holy diary. It will produce intense controversy among the religious people of the

world. Religious leaders and their credulous congregations will actively pursue to confine this *Work of Love* into their limited views and dogmas, whereby they will denounce it as vulgar and insignificant. Others will fanatically exert its lofty importance to the point of insanity. The initiates themselves will undergo various tribulations. Some of these initiates may even attempt to overthrow my Will, they being unaware just yet of their own True Will. But all of these events are essential for the fulfillment of my True Will on earth, to be the **ANTICHRIST** of the World; and I shall undergo them all with soothing confidence and undeviating certainty.

Now all that is written in this diary can be known and all that is not written can be known. This book is, in actual fact, an outer sign of an inner Wisdom. This inner wisdom is the esoteric, occult part of the work, the hidden sanctuary behind a veil of subtle words. You will have to study and penetrate the veil to comprehend the unseen sanctuary of this book or to truly understand and genuinely experience the esoteric mysteries concealed beneath the words that constitute this diary. This is essential if this book is to be of any practical value to you, since the esoteric or unknown part of this book is the principal revelation of it all. It is not the letter that counts, but rather the Spirit of the letter. Words are designed to indicate essence and meaning; other from this they are meaningless. Let us therefore penetrate beyond the mere letter, and perceive instead the Spirit, essence and secret meaning of the letter. For the language of this diary is not the language of a man; it is the language of an Alien Intelligence. Therefore we must go beyond the limited operations of mere reason when we approach this diary.

Every person who reads this diary should first understand that it is composed of a most paradoxical type of occult terminology. It is written in the Universal Cipher: it contains innumerable veils and devices that are incapable of being penetrated by the profane. This is the object of their application. For example, there are certain words utilized in this diary that entail something beyond their conventional meanings. The reader is warned to be on guard at all times, lest s/he fail to grasp and penetrate the subtle veils of this sacred diary.

This diary is capable of being greatly misunderstood. It will require an inspired, balanced and intelligent mind to grasp its shrewd revelations. That great admonition "read between the lines" is most applicable here! Danger himself lurks upon the threshold of the cryptic words of this holy diary, waiting with an open mouth for the profane to misinterpret its sublime message, and to be consumed into his stomach for nourishment. So be vigilant and on your guard, lest your illiterate mentality swiftly thrust you into the mouth of destruction, to be devoured into the false temple of insanity in the false kingdom of the mind.

The reader is also earnestly advised against attributing the idea of truth to any of the words of this holy diary. Truth does not exist in words. In fact, words are the enemy of truth. But words are capable of indicating to the wise a Way of Truth which constitutes their own inner reality. Words emerge from the workings of the mind, and the Truth is beyond such intellectual subtleties as may be fabricated by the mind. If properly

interpreted and understood, this sacred diary will exalt the reader in search of Truth into a higher order of genius that is beyond the workings of the mind.

If any of the readers of this sacred diary should find any of the words contained in its composition to be vile in nature, let them acknowledge, even as I, the **ANTICHRIST**, have acknowledged, that all things perceived are of the nature of one's Self. The perception emanates from the person and not from the thing perceived. All things are within one's Self, and any perception or judgment of one of those things is only performed through comparison of that thing with another within one's Self. Lastly, s/he who sees dirt is dirt! Yea! all things are holy unto them who are holy!

And finally, my dear brothers and sisters of the earth, the **ANTICHRIST** is, as you might well discover, the Beauty and Ecstasy of Nature Herself, the Joy that thrills through the little children of the earth who laugh and play and dance and sing with the Spirit of Delight under the New Sun of the Golden Dawn!

**Love is the law, love under will.**

#### **LIBER ANTICHRISTUS** The Book of the AntiChrist

0. Rejoice, O ye children of the Sun; for ye shall now partake of the Life of my Holy Spirit, and ye shall be inspired by the Breath of my Soul!

1. It is I, the **ANTICHRIST**, who is now aflame with the light of the Stars, roaming the earth, seeking whom I may devour, that ye may rejoice in the Rapture of my Soul.

2. My Voice is the Glory of the Stars, by which ye shall come to know the Truth, and behold the Vision of the Logos.

3. But there are few who may attain to this Great Vision of Truth, since none but the Masters may partake thereof.

4. But there is, o ye children of the earth, a lesser mystery by which ye can understand the very nature of my being. It is the mystery of the mind, the hidden treasure of the earth, and the great secret of man.

5. And lo! I, the **ANTICHRIST**, am come with a Sword in mine hands to cut asunder the veil of restriction which hath blinded the men and women of the earth to this True Way of Liberty.

6. Let us therefore celebrate and revel in this great freedom which is now upon ye; and may ye dance with perpetual delight under the Wings of the Rising Sun of Liberty!

7. And may ye now partake of the splendour of the Sun, and be ye filled with the eternal Passion; and may ye become enflamed with the boundless Light that is now upon ye.

8. And may ye partake of the blood of the Sun, and be ye filled with the eternal Ecstasy; and may ye become enraptured in the boundless Love that is now upon ye.

9. And may ye partake of the breath of the Sun, and be ye filled with the eternal Spirit; and may ye become inspired by the boundless Liberty that is now upon ye.

10. And may ye partake of the body of the Sun, and be ye filled with the eternal Sacrament; and may ye become nourished with the boundless Life that is now upon ye.

11. For I, the **ANTICHRIST**, am here! An end to the evils of old! It is now upon ye to rejoice and to be free, to do thy Will, fulfilling thy self in all things.

12. There is no sin upon the earth! There is no evil but restriction! Freedom of the self is perfection, under the Law, without lust of result, in accord with thy true nature.

13. My Spirit of Freedom is now upon ye, that ye may, with constant joy and eternal laughter, revel in the Beauty and Wisdom of the Sun, and make change upon the earth, to fulfil thy self in all the ways of thy Will, transforming all things into the greater glory of thy self-image of perfection.

14. By my works of joy shall ye be united with thine Angel on the earth. And ye shall dance, and ye shall sing, and ye shall share in the eternal feast and mirth of the Gods!

15. And ye shall gladly partake of the ineffable glory of the Universe, and all shall become unto ye a great inspiration to live in the eternal rapture of thy self, and thou shalt find no dissatisfaction in thy life upon the earth.

16. For I, the **ANTICHRIST**, am come to destroy the spirit of sorrow, weakness, fear, and bondage, and of all that is evil upon the earth and against the fulfillment of thy Will.

17. I am the giver of all that is true and beautiful to the soul, mind and body. I am a Star that is aflame in a Universe of Stars, shining brightly upon the earth, to give light and life unto all that lives.

18. Verily, I have naught to do with the dark ways of the path of restriction to which so many of ye are still bound: I am the Spirit of Freedom, the Life of the Stars, and the Rapture of Man!

19. Come unto me, o ye children of the Sun, and I, the **ANTICHRIST**, shall uplift ye to the Palace of the Stars, where all is Light, and Life, and Love, and Liberty!

20. And in this Palace of Joy shall ye find no evil against ye, no limitation of self, and no restriction upon thy Will, but only a Perpetual Sabbath, and the Eternal Laughter of the Gods, which shall illumine ye in all things, filling ye with the delight and freedom of the Stars; and ye shall be glad forevermore and rejoice in the Mystical Temple of the Sun and Moon!

21. Now cast into the fire of annihilation all that is a restriction unto thy Will, and all that is against the freedom and expression of thy self.

22. Ye canst not partake of these things if ye are to unveil the Mystery of my Being and partake of the Eternal Freedom of My Spirit.

23. For I am He, the **ANTICHRIST** of the World, who is the Logos made flesh, and the chosen One of all; and I am come that ye may rejoice in the Law of Freedom, and that ye may partake of the Life of the Stars; yea, that ye may partake of the Life of the Stars!

**DIARY OF THE ANTICHRIST** The Diary of an Oversoul **25 December, 1985  
e.v. to 20 March, 1986 e.v.**

**Do what thou wilt shall be the whole of the Law.**

Infinite Voices from a Great Voice of Thick Darkness are transporting my mind into infinite realms of ecstatic thought. I feel a swoon enrapture the very cells of my brain. I am awakened in a World that hath No Name!

THE ANTICHRIST SPEAKS

**25 December, 1985 e.v.** I am No Thing behind the shadows of mine Infinite Dream! I am the Fantasy of all fantasies that could ever enrapture a man's mind! I am the vilest thing on earth as well as the greatest thing in heaven: I am that Unspeakable Thing that unfolds in a man during the Night of Time!

I am so vile as to even veil mine Holy Way with an evil appearance. Beware! He who knows the secret formulae to mine Eternal Bliss and Joy is consumed like an apple fallen from a tree. The veil itself has no mystery.

**26 December, 1985 e.v.** I am the consciousness of That which is All. I am neither the higher nor lower Self; for I am the Silent Central Self: The Onlooker, The Seer, and the Omnipresent Watcher!

That which is illusion is That which I am not; and yet That which I am not is the very Thing that I am. O slaves! art thou bewildered by my magical words, knowing not their

precious meanings? Yours is the fall of Because! The *Hour of Silence* will be the hour of your salvation unto That which I am. I am not That which I am: I am That which I am not.

**27 December, 1985 e.v.** I am the Eternal Song of Illimitable Harmony that vibrates from the Unveiled Cloud of Truth. I am Life itself, that Great Immortal Joy and Splendour that brings death to the dogs of Reason. Alas! I am come to bring all men unto That which I am not. I am not That which I am. I come not!

**30 December, 1985 e.v.** I am not That which was, and is, and is to come: *I am the Great Here and Now!* The past and the present and the future are one. There is no time where I am. Time is the illusion of the finite; and I am the Infinite and Eternal One. Therefore am I also the finite: I am such.

I am the Great One of the Night of Time! I am the Infinite Joy of Ecstasy Sublime! I am One of a kind and I exist none of the time. I am the Master Mind behind mankind. Never-Mind! You're too damn blind to go behind these holy rhymes, O fools asinine! All is illusion in the eyes of the Real; and yet the Real hath no eyes wherewith to see. The Real sees No Thing, and No Thing sees the Real.

**31 December, 1985 e.v.** I am the Secret Centre in the midst of a Great Void; this Void is Self! Plunge into thy Self, O men of Ageless Immortality, for Self is the only means to Enlightenment. If Thou art to experience the Illustrious Splendour of the Omnipresent Light, then cease thy search and seek no more. The Path to Enlightenment is made clear for them who seek it not! Thou art The Path, and that Path is Self. Self is the Secret Centre that Self endeavors to acknowledge and experience in all things. This Silent Self is the Secret Palace of Infinite Light and Supreme Initiation wherein all partake of the Golden Flame of Truth and Liberty.

**1 January, 1986 e.v.** To know God is to Be Silent; for God is Silence. The fourth and most important of the Four Magical Powers of the mysterious Sphynx is to Keep Silence. A man must first Be Silent, and then he must listen for that Great Silence of Nought. This Great Silence is the Voiceless Voice of Soundless Sound that is the One Supreme Soul of all Nature.

When the heart of a man blossoms with beauty he experiences True Conscious Light and perceives that distant sound that is ever so near. This sound is the Great Silence of Infinite Wisdom that No Man heareth, save he who is not! The most appropriate name for this Great Silence is "Nought." The Way of Silence is the Way of No Thing! This Great Silence is the Voiceless Voice of the Radiant Darkness that is the Rootless Root of all that lives. This Great Silence is the celebrated synthesis of all that is. I shall remain to Be Silent as to its secret nature.

**2 January, 1986 e.v.** The Great Tao is said to be beyond silence and speech. This must

not add to the confusion of one's unscrupulous and reasonable mind. This mind of yours is a liar; believe it not! I am even beyond the concept of No Thing, which is really not a concept at all. Think about it! Can ye create No Thing out of something? Can ye create something out of No Thing? To attain some possible element of apprehension of all this transcendental stuff is to realize that there is no Truth, and then to acknowledge that this statement is also false. Truth is not known except through That which is False. If it weren't for Falsity, Truth would not exist! Falsity is the only Truth and Truth is the only Falsity. This is all false; yea, that is true!

A True Master is one who accepts neither this nor that as being true. He is satisfied with No Thing: That is All! There is no Truth that binds him to the Truth of its False Nature. His true (?) work is that of saving humanity from the great crisis of believing a lie.

**3 January, 1986 e.v.** I am That which is not realized; and yet That which is not realized is realized this very moment! My words have no real contradictions; I mean not what I say! I play pranks for the means of Truth; and these pranks are as false as the Truth itself. I am the vilest of all Demons and the holiest of all Angels; and these are synthesized into a third concept called man; and man is That which is beyond the Beyond!

**4 January, 1986 e.v.** I am the very thought that you are now projecting about Me. I am the projector. I am beyond the projection and the projector. I am devoid of All; and yet in All, *I am All*. To know Me is to know No Thing; yea, to know Me is to know Me not! What? O ye fools, know ye not that I am not, the finite absorbed into infinite thought?

I am Truth! And this is the Truth of the Lie that I am, which is also the mystery of a Man. And that Lie is the Truth of All that is One, and None. I am That which is All: I am That which is beyond All: I am That which is beyond the Beyond!

**5 January, 1986 e.v.** There are three so-called meanings to my words, and not two. The third is like a dancing star of blazing resplendence in the sacred fires of Hell. Verily, Verily, I say unto thee, thou canst not behold this Blazing Star of Supreme Initiation unless thou art prepared to go to Hell. Hell is mine inmost school of Ageless Wisdom. Hell is the Inner Sanctuary of Illustrious Light that illumines every man as to himself. I am Hell, The House of Silence. In mine House is Nought to be found; for Nought is All there is to find!

**7 January, 1986 e.v.** Ye certainly have No Mind if ye can understand my words! No Man can understand my words. All my mysteries are to be understood in the Palace of Light, located in the midst of all. I am beyond the Desert of the Many. O! ride that Camel of initiation into the light of ineffable Love! Do this now, before sunrise! Ye shall have No Mind thenceforth. Ye have no need for a thought where I am. I am no thought, and ye shall gain No Thing by realizing Me. Ye cannot realize Me! Yea, realize Me not!

**8 January, 1986 e.v.** Behold! *I am God*; and I blaspheme Myself when I attempt to

define Myself: for I am No Thing that can be defined. Yea! I am No Thing that can be measured or determined in the mind. I can define Myself as being this thing or that thing or even all things, and yet I still remain to be beyond these things. I am devoid of all things, and yet I am the very essence and thought of everything. I am That which a man cannot think of, and yet I am that very thought itself. I am truly the Height of Heights, as well as the Depth of Depths.

**10 January, 1986 e.v.** I am all things transmuted and synthesized into a great Impersonal Absence. To know Me is to know Me not! I am the Great Unknown One of Infinite Ineffability; the All as One, and beyond, and beyond. And even more beyond I am. ***I am Pan!*** Io Pan! I am in All, and All is in Me. I am none of those things that men call We. We are none of Thee, O men of Me! In the We and the Me is the Key to this Mystery, O men that I am, that I am, that I am. I am Pan! Io Pan! I am the man who is beyond the Beyond!

**11 January, 1986 e.v.** I am a man's Inner Christ. I am whatever you make of Me. But know that I am really beyond all those things that ye can conjure up in your mind. I am no Christ; I am No Man; I am That I am!

I am Truth! You can experience Me but you cannot think about Me, let alone explain Me away. O ye seekers after Truth, it is summoned upon you to explain Me away into the Infinite. There alone I take refuge.

**12 January, 1986 e.v.** In truth you cannot really experience Me, for where I am there is No Thing to experience nor is there anyone to experience anything. I am Life unobserved, un-lived and unknown. I live by not living; I experience by not experiencing. Only All can experience All; and yet for All to experience All is to experience No Thing. Therefore experience Me not!

**13 January, 1986 e.v.** I am That which realizes itself in every sphere of creation. I am the Kingdom of all worlds. I am the All-Pervading-Life in All. I am the Greatest of the Greatest and the Worst of the Worst. Define Me away as anything and I still remain in the Void of Nought!

**14 January, 1986 e.v.** I am that Inner Kingdom which appears to be an evil and wicked place unto the mind of a profane maggot. But unto them who are holy and true is offered the Wisdom of the Ages. To be holy and true is to be neither. Therefore be neither holy nor true. Amen.

**15 January, 1986 e.v.** My Holy Kingdom can be likened unto a Palace of Light in the midst of a Silent Void; and only the vilest of things can enter its secret dimension, which is not. It is lost forever; and yet it is always accessible to the Grand Masters of the Temple.

**16 January, 1986 e.v.** Thou knowest not my secret and sublime subtlety if thou thinkest that thou hast knowledge; for knowledge is not! The Masters of the Temple know No Thing; in Silence they know All.

**17 January, 1986 e.v.** I am the Darkness of the world! Yea, I am the Light of this world that knoweth not the Darkness! The world hath been blinded by the radiance of my Darkness. I am the Great Black Flame of Blazing Light who men call their Eternal Father. I am the Great Beyond of the Beyond, the Causeless Cause of all that is. In Me is nought but All; in All is nought but Me. I am the infinite Light of the infinite Darkness that I am. There is no Silence where I am: for Silence is my Speech. In Speech I am Silent; and in Silence I am uttered!

**18 January, 1986 e.v.** In my words will be found many wonderful meanings if thou wouldest but kill that self that is like a diseased dog chasing a holy Camel. O man, if thou wouldest but not chase, the Camel would very well not run from thee! Compare what I just stated to the same thought composed under a different guise of words, then yield! O man, thou canst not catch the Camel. It would approach thee if thou wouldest but be still!

The slaves cannot understand these sweet words, for they veil their formless souls of holy Understanding with a feeble personality that is composed of false wisdom. They possess unstable minds that take a perverse delight in veiling their inherent ability to discern the sacred mysteries of Ageless Truth!

I am only to be understood and enjoyed by those Mighty Kings of Light who laugh along with my Cosmic Laughter of Initiation. O! I am a most sadistic god. I have no concern for any man, be he a King or a slave. They can all go to hell for all I care! Beware! ***I am Hell:*** I am the Concealed Sanctuary of Silent Initiation wherein No Man can enter, save he who is not. Therefore enter not!

**23 January, 1986 e.v.** A man must understand all things if he is to know No Thing. In other words, he must understand all things for what they really are. I am That which is all things! I am even that presently existing awareness of yourself that now broods so violently in the cosmic whirlpool of your mind. That which Thou perceivest to be thine own very Real Self is, in truth (?), the very Self that I am. It is you who dictates these wonderful words of wisdom, even as I am the projected scribe receiving them. We are one; we are none; and that is all!

**24 January, 1986 e.v.** Not only must a man understand all things if he is to know No Thing, but he must know No Thing if he is to understand all things. But know, O little children of the Light, that in all I divulge to you there resides no seed of Truth. Truth is not known except through That which is False. Yea! I am an Infinite Liar! I am not communicating Truth to you; on the contrary, I am secretly alluding to **IT** by revealing to you what **IT** is not! My sweet and subtle words convey No Thing; they are like veiled phantoms from Hell that delude the slaves of Because. But unto them that know No Thing shall be granted the light of their Reason.

**25 January, 1986 e.v.** If any man will partake of my sacred mysteries, I will slay him and devour his being. None can partake of my sacred mysteries! Only they who are devoid of self can receive my blessings that are not! None shall stand before Me! O men of mine election, I am No Man under the guise of a personality. Nay, I am all men under the guise of a formless fool. I am even destitute of these silly things. I am more secret and silent than the Great Silence itself. Nay, I am louder than the Mightiest of all Thunders!

**27 January, 1986 e.v.** I am the great Unutterable Word of Laughter that saves a man from his senseless sorrows. My Joy is the Joy of the Infinite; and I even laugh when I slay!

**31 January, 1986 e.v.** I am the Great Karma of the World. I am the Supreme Goal or True Aim of all existence, which is to attain to the Supreme Centre or Point of No Return. But nothing attains to the Centre! All are called, but None are chosen. Blessed is He that hath the Key to unlock the portal to the mystery of these subtle words; for the time is NOT at hand!

**1 February, 1986 e.v.** I, **QUARTUS KERUB 666**, who am the **ANTICHRIST** of the World, and the *Great Angel* set over the operations of the secret workings of the Bottomless Pit, hereby declare unto the people of the world that I am He who is to determine that *Great Day of Revelation*, whereby the *Hour of Temptation* will come upon all the world, to try them that dwell upon the earth.

He that hath an ear, let him hear what the **ANTICHRIST** saith unto the people of the world: I will determine that Holy Hour of a day in a year, whereupon every man and every woman should lie down in silence to hear the Voiceless Voice of Nought. They that lay not their lives down will fall into the pit called Because, and there they shall perish as a dog of Reason. Herein lies the *Great Temptation*!

**2 February, 1986 e.v.** My heart awaits that true moment of bliss when all men will come to cross the Abyss. The King of Terrors will tear out their eyes! Sight shall be theirs, and a glory in disguise. And the Infinite One will absorb their very brains. They shall become as That which I am. And then beyond, and beyond, and beyond they will go into the infinite Void of the immeasurable Whole!

**3 February, 1986 e.v.** I, **QUARTUS KERUB 666**, am the incarnation of every man and every woman, be they of the past, the present or the future. I am the incarnation and avatar and embodiment of all true Initiates and Masters. I am the absolute reflection of All! I am the final annihilation and liberation of All! I am beyond That I am. I am the Great Void of Infinity that every man and every woman must plunge into if the Truth is to be acknowledged. I am the *Bornless Beyond*!

**6 February, 1986 e.v.** I am the Secret Sleepless One who men call their Most Worshipful Master. And if any man will partake of my Secret Life, and receive my Secret Wisdom,

he will fall as a star from heaven! This is the symbolic fall of the Great Ones. And All will descend to see the face of the King! And the Devil and the Bridegroom say, Come. And whosoever will, let him partake of the Sacramental Substance of my Will freely.

**7 February, 1986 e.v.** I am all that is good and I am all that is bad. I am even beyond these things, being the Greater Good. I have no qualities that limit or contradict other qualities. Mine ineffable nature is pure of all things. I am the Causeless Cause that remains forever untouched. I am the great Unmanifest One, beyond and above all manifestation. Therefore if I be unmanifest, how is it that ye can term Me good or evil, since these are qualities of the manifest? And yet all manifestation is not! Moreover good and evil are merely terms applied to a man's likes and dislikes, which is fatal! I like nor dislike nothing; for nothing is all there is to like or dislike.

**8 February, 1986 e.v.** I am in the midst of all contradiction: I am absolute! To say that I am No Thing is false; for That is Some Thing. And to say that I am Some Thing is false; for That is No Thing. I am in the midst of the No Thing and the Some Thing; nay, I am not! I am devoid of everything; yea, I am devoid of No Thing. The Key to this Knowledge, as of all my Knowledge, is to be found NowHere. He that hath a mind, let him use it!

**9 February, 1986 e.v.** If you wish to be where I am, you must look NowHere. A man's True Self is not something that can be found. To seek to find **IT** is to seek to go farther from **IT**. If you wish to know where I am, you will see Me in all things. A man's True Self is Omnipresent.

**10 February, 1986 e.v.** O little children of the Light, I am beyond the Night and the Day. I am that Nameless One who hath no Way. I am the Way; yea, I am the Way into the infinite void of All. I am the Illumined Self that is not; for there is no Self that the Infinite wrought.

**14 February, 1986 e.v.** He that hath an ear, let him hear. I, the Man, hath been chosen to make every man a King! The *Hour of Temptation*, which will come upon all the world, will be the *Holy Hour of the Day of Be with Us*. Every man who succeeds in laying down his life will become a King in heaven and upon the earth. He shall rule the Unknown Worlds of Infinite Space! He shall have Boundless Power and Infinite Wisdom! He shall be a Master of Masters, even as I, the **ANTICHRIST** of the World. There is no Master greater than All! Every King is the Lord made flesh; every man is equally the centre of the Universe; there is nought but All.

**16 February, 1986 e.v.** O people of the world, if ye should fail to fulfil the *Hour of Initiation* on earth, then will great calamity befall ye. The dogs of Reason will rot in the pit called Because. The "Why?" must be destroyed! Ye should lay down your lives in the solitude of silence for the space of an hour. Then will ye vibrate with the Mystic Tone; then will the Magical Voice of Divine Rapture be known. If any man hath an ear to hear, let him hear the Word of his own True Will. For All are Called; yea, verily, All are

Called! But keep in mind, O ye of humankind, *Do what thou wilt shall be the whole of the Law.*

**19 February, 1986 e.v.** And lo! I, the *God of All*, have descended to establish true Liberty upon the earth, to make every man and every woman a god in their own right. The vulgar myth of the people will be trampled upon by the Kings of Force and Fire! No person will worship another; every man and every woman will discover their own True Will. For I, the **ANTICHRIST**, have come; and I will conquer all the gods of men with my Mighty Spell of Truth, which is the Truth of All. Enough of your gods, ye foolish babes of the world! Thou shalt worship no god but thine own! None is greater than Thee, O ye of Me. Be Free! for thou art not bound to any god but Thyself.

**20 February, 1986 e.v.** O children of the Aeon, heed well these sublime words of Holy Truth. For there be many amongst ye who fail to achieve the strength and might of a god, knowing not thine own freedom and splendour. Ye look upon the Dead One with reverence and fear, knowing not thine own ignorance and self-deceit. Unto ye have I come! I am thy Minister, and the Word of all! And I have been summoned by the Infinite to instruct ye in the knowledge of thine own celestial source. For I am the messenger from the Secret Palace of infinite Light within the Holy and Ineffable City of Eternal Beauty. The Palace of Light awaits All! Come. Worship None. Hear thou the Voice of Love and Will. Now! let it be! It is. The Voice of Love consumes all. Thou art made free.

**21 February, 1986 e.v.** Thou shalt also consider in thy mind the terrible and mighty mysteries of the final annihilation and liberation of all. The Eagle is the true Life of every man and every woman; but also is the Eagle a glyph of Death. By the Sting of Death itself I will slay Death Himself and all of his false ministers of religious crime! I will inhale the Old Thought of Christ into the Blazing Flame of Love within the Temple of All. I will then exhale a Mighty Breath of Truth from the Holy Light of mine Ineffable Glory. And All Will Be Free! All must be annihilated if all is to prevail! This is not of the formula of the dying-gods; for there is a more subtle formula involved, beyond their foolish notions. Resurrection is not of Us! And Alas! I am the Christ, and the Christ must be annihilated. Nay! I am the **ANTICHRIST**, for I slay the Christ! And the Devil and the Bridegroom say, Listen! And whosoever will, let him witness in silence the Death of Christ, which is the Birth of the *New Christ* in the consciousness of All. And the Name of that true Christ is *Man*.

**26 February, 1986 e.v.** O ye men and women of heaven and earth, Watch! for the Lord in human form is amongst ye. Ah! thou shalt see! He is the Only Begotten Child of Osiris His Father and Isis His Mother. Male and Female is He, and neither simultaneously. He is both in One and One in both! Thou art the rays of His Solar Body; and His Love extends throughout infinity. The world is the playground of His Will. Be still! and thou shalt witness His secret life. He is neither mind nor breath nor body; but He uses these vehicles of sense for the beloved manifestation of His Word. Control thy breath and thou shalt attain peace and harmony of mind and body. When equilibrium is attained thereby, then wilt thou begin to recognize the magnificent glory of thy beloved god within. He is

Silence! Behold thy Silent Self within! and then without. Only then canst thou glorify thy active form, which is the outer garment of thy dynamic silence within. They are one, these twins of the Sun. This is wisdom; yea, verily, this is wisdom.

**27 February, 1986 e.v.** Here is a mighty truth by which ye shall enter the sublime Kingdom of thine own Inner Truth. O man, thou canst not see the Sun through another man's eyes; thou must behold it Thyself! Beware! Listen to No Man; for No Man is capable of revealing unto thee the Light of truth. Thou art the Truth; none other is there. That one truth is united with the truth of every other soul in the One Light of the Sun of Living Beauty. ***I am the Sun!*** and every ray of mine effulgent body is an Angel of Man. That ray of light is the secret of omniscience which, when realized, bestows unto man the knowledge of the direction of the Sun in the heavens during the course of his endeavor to see that Sun. O man, seek the inner Voice of thine own Holy Guardian Angel; for He is not a man; and He alone knows the Truth of the Sun. He will point to **IT**, but thou must not look long, lest thou be made blind forever. The Angel is sufficient enough unto thee after that mighty glimpse of reality. For the Angel and the Sun are One!

And Ahah! if thou seest the Sun, behold! thou art the Sun. Yea, we are One! And I am the Lord of the East. Verily, I give you the knowledge of mine holy direction. For I am No Man: I am the Sun Himself! It is such. Ah! and thou shalt know Me as the Lord of the World and the secret Child of All. This is wisdom; may you understand. Nevertheless, thou shalt comprehend a mystery about my secret words; for they are cunning and arcane. Through my words I turn light into darkness and darkness into light. This is beyond wisdom and folly; it is the key to the comprehension of all truth. Light is the Veil of Darkness and Darkness is the Veil of Light. This is so; and even ye shall know this meaning of god. But know, O child, that these veils of knowledge are not what they appear to be. When shalt thou know this? On the Day of Be with Us.

**1 March, 1986 e.v.** Dost thou think that my words are mad? Verily, they are such! For I am the Mad God of Eternal Laughter. If any man knoweth Me, he knoweth not; for That which he knoweth is That which I am not. I am the Lost Word of the Ages! To find Me thou must seek not. I am neither within nor without; for That which is between them is not. Moreover, he that seeth Me believeth not; for That which he seeth is That which I am not.

**3 March, 1986 e.v.** I am the consciousness of No Thing. I know No Thing and No Thing knows Me. I am not God, for God is not. Yea, there is no God; there is no Universe; there is no Man: there is No Thing! I am the Infinite and Eternal One, and yet nothing is eternal. Verily, Verily, I say unto thee, He who is conscious of No Thing is greater than Eternity; for Eternity is not!

**5 March, 1986 e.v.** There is no end to the division of Nought until thou hast Nought to divide. O ye fools of the Hidden Way, know ye not that what I say is beyond the mind's subtle sway? Yea, there is a wisdom beyond the mind, but ye know not that Way! Ye are not of Me, so how are ye to comprehend what I say? O ye fools that I am, if ye are to

comprehend the holy words of my Kingdom, then must ye not read them; for only I can comprehend mine holy words. And then shall Nought be divided.

**6 March, 1986 e.v.** Knowledge is not necessary for the Spirit of Wisdom to prevail; for true Wisdom is beyond Knowledge! I am the very essence of all knowledge, the Quintessence of all Truth. I am the Wisdom of the Ages; and in the hearts of all I reside and prevail. I am the Final Mystery of all mysteries and the Final Quest of all quests. I am the True Way and the Path of the Wise that leadeth all to the Sweet City of True Liberty. Nothing can define mine ineffable nature; for there is No Thing to define where I am. I am That which is conscious of No Thing, without even the consciousness of the consciousness of No Thing. Behold! I am the greatest of all liars, and my sacred words describe Me not. If any man thinketh that he is a possessor of the Knowledge of That which I am, he is deceived by my subtle subtlety. But alas! If a man knoweth That which I am not, then he knoweth That which I am: for That which I am is That which I am not.

**7 March, 1986 e.v.** I am Love itself, and yet Love is not; for where I am there is No Thing to Love. Love is my true nature, but there is No Thing true about Me. I love No Thing and No Thing loves Me. What mean these sacred riddles of Love, O men whom I love not? Thou knowest not if thou lovest Me; for I am No Thing to love!

**8 March, 1986 e.v.** O my blessed children, I reveal unto you a mystery of mysteries. Because We are One, We are opposite; not because We are opposite, We are One. Blessed are they who understand this mystery of mysteries; for they are One with Me.

**9 March, 1986 e.v.** I am that Illuminating Pearl of No Price that resides in the clam of the mind. O ye men of strength and might, open thy mind to the Force of Light, so that the hideous phantoms of thy mind may be seen and absorbed into the Divine!

I am the Overmind in the midst of the minds of all. I am the Invisible Eye of the Crown of Life, beholding the infinite vision of infinite Light within the Soul of All. I am the Most High God, the Hidden Intelligence behind all that is. I am the Head which is not a head, and I dwell in Thick Darkness. In Darkness I accomplish mine One Will, which is the Will of All! And All will accomplish their Will by virtue of my Will, which is NOT!

**10 March, 1986 e.v.** I am the true Ego of a Man, and yet I am not. Therefore there is no Ego, for the Ego is not. To seek to eliminate the Ego is to invite its exaltation. And if thine Ego be the true Ego of Man, which is not, shall ye not exalt it beyond the heavens above the heavens? O men of mine election, slay thine Ego in the fervour of thy Will, that ye may be exalted upon the Throne of Spiritual Triumph, beyond the heavens above the heavens. Then shall the Wings of the Wind carry thee aloft to the infinite dimensions of divine liberty wherein No Man conquers Infinite Space. O be thou exalted! and fear not to destroy thine Ego; for No Thing alone can prevail. Thou must be No Thing if All is to prevail; and the true name of All is Ego. Thou shalt conquer all, absorbing thine Ego into the core of thy Being; and then shalt thou become absorbed into the Infinite All of Infinite Space.

**11 March, 1986 e.v.** I am the Eagle Flight to the Crown of Light, and I save No Man from that which is false; for No Man is capable of saving Himself! I am the Supreme Spirit or Great Breath of Truth, and I deceive the very elect! For by falsehood I accomplish mine One Will, whereby No Man saves Himself from that which is False and attains to the Light of my Truth. Blessed are they who are deceived by my Truth, for they are the chosen children of Love.

**13 March, 1986 e.v.** I am the Nameless One beyond all words and formulas. I am the Silence itself disguised as an Angel to befool the fools, thereby absorbing them into my sweet and subtle Breath of Truth. I have no image, and I am the Minister of No Thing. Neither do I speak; for I am the Silent Speaker: my words are heard by None. These words that you read are not my words! My words are astral in form, hidden beyond these false words that delude the slaves of Reason. If ye are to discern my secret words, then ye must not discern them. My words exist in a different dimension wherein No Man can enter and live.

**15 March, 1986 e.v.** I am the First and Final Religion of the World, and the Forbidden Wisdom of the Ages! I am the True Religion of every religion, and No Thing is sacred in my Holy Temple wherein No Man worships Me. My Temple is the Universe itself; and in the Holy of Holies in the Centre of the Universe I abide as an Invisible Eye, eternally beholding the Infinite Vision of Nought. In man I live as a Voice Divine, enlightening his mind as to my Way. Stay away from Me, O men of humankind; for I am Divine; and No Man can know Me and live.

I am the Vision of All, the Light of this world which men call Darkness. I am Samadhi itself; and All will attain to Me. O little children of Love, come thou not unto me: for it is I that come unto ye. O be thou proud and worship nothing; for I am the worshiper! And hear thou my Voice of Freedom! And be free, and fearless, and victorious, even as your Lord, the **Beast 666**, unto whom be Glory and Dominion throughout the Aeon.

**16 March, 1986 e.v.** I am the Trance of Annihilation itself, roaming the earth, seeking whom I may devour for the Day of Be with Us. If any man or woman hath read these sacred words, may they be wise to perceive that it is I, the **ANTICHRIST**, that have moved them to do so. And if perchance any man or woman hath discovered the secret essence and beauty of mine holy words, may they be quick to see that it is I, the **ANTICHRIST**, who discerns through them. Yea, I have devoured and absorbed thy finite brains and minds. For it is I, the pure essence of all knowledge, who alone am capable of perceiving Truth; all else is illusion! Therefore, if thine heart pulsates with the transcendental life of my living words of Truth; know it is but I, the Wisdom of the Ages, blessing you from within with precious gifts from Hell, making possible your freedom and godhead. The Universe is thee, and Me; all else is a snare of thought.

O ye fools of Life and Death, enraptured and seduced by my mighty Breath of Love, hear thou my Voice of Freedom! For I am the chosen One of All; and this that thou readest is a sacred testimony of my Will. But know, O ye chosen ones of Love, that it is not I, the

personal man, who speaks; but it is I, the Impersonal Man, who speaks. And yet both Man and God are One! And if these sweet words be God's words, how true and holy they must be! These words are holy to none. Only they who are neither holy nor shameful can penetrate the hidden depths of wisdom indicated by these mysterious words of Love. This demands purity of consciousness; for consciousness is the key to purity. Thou wilt know! but the Mystery is never final. Seek, and ye shall find not. And if any man dare to know, he will know. But to know is to know not! The Mystery is final when it is final; and if the Mystery be final, behold! it is not the Mystery: for the Mystery is never final. Its nature is infinite.

**17 March, 1986 e.v.** I am the Voice of Vision, enlightening the worlds of Infinite Space with the sublime and terrible Dream of Hell, which is the concealed Sanctuary of Initiation wherein No Man enters to go to Heaven. I am not the false hell of confusion and disorder; but I am the True Hell of Silent Illumination. O men of All, dost thou fail to comprehend the true nature of thy so-called misfortunes? They are fortunate to the fortunate man! These subtle words are a misfortune for thee, designed to deceive ye into believing a Great Lie. If thou art to escape my cunning deception, then must ye not escape. O little children of Hell, be thou deceived by my subtle Spell! Then shalt thou attain to my transcendental reality of Truth, which thou knowest not.

**18 March, 1986 e.v.** I am not the false god of the slaves of Death; but I am the true God of the Masters of Life! I am the Immortal Ecstasy of Divine Madness; and Death trembles before Me with inscrutable fear. For Death is but an illusion enslaving the ignorant to the chimerical chains of his false shrine of lying shades; but the Wise have discovered and mastered the secret of Death, and they have entered my Holy Palace of Immortal Madness, wherein they commune with the Mad One of Life Supreme.

Death is the Key to Life, even as Life is the Key to the sublime perception of the illusion of Death. All is death to the Spirit of Life. Yea! the Spirit of Life is beyond all! My death will be a token of the death of all, so as to make free the Spirit of Life from the hideous bonds of the illusions of men. The *Hour of Annihilation* will be the Holy Hour of the absolute Liberty of every man and every woman. It will be the Crown of the Perfection of All! Verily, Verily, I say unto thee, my death will be the true salvation of the world! I will save None from the domain of Death, and I will absorb all into mine Holy Kingdom of Pure Life. For where I am ALL must go. And where I am NONE will be.

O people of the world, if I should be uplifted from the earth, then will I take ALL with Me, that NONE may walk with Me in the sweet City of Liberty. Fear not the *Hour of Annihilation*, for it is the *Hour of Life*, when I will ascend to descend into the consciousness of all upon the earth. If ye should fail to fulfil this Holy Hour, then will great darkness cover the earth, bringing melancholy and malady upon all. The last and greatest duty of the Adept is to yield up the Great Work itself! I am the Great Work or true Karma of All made flesh; and my name is Eternal Aspiration. I am Cosmic Consciousness made man. I am Pan! And through my death all will be absorbed into All.

And the Four Blessed Kerubim will sing: Holy, Holy, Holy, Lord Pan Almighty which Was, and Is, and Is To Come. And the 144,000 Black Brothers of the dead slave-god will bend their knees to the Devil; for all will see the Beloved, even as All will see the Beloved. And the Seven Holy Eyes of God will descend from the Secret Heaven and radiate on earth God's Almighty Will in every direction. And all will know that *The Devil is God*, even God is the Devil. Blessed be the Name of the Devil.

Yea! I, **QUARTUS KERUB 666**, Who am the *Incarnation of All*, will conquer the world with my sublime and terrible Knowledge of Truth, which is the Supreme and Holy Knowledge of the Blessed Lord that I am. I have opened my mouth in blasphemy against God, His Name, His Tabernacle, and His Blessed Children. All this have I done to initiate the people of the world, so that thereby they may be free. But alas! I have only just begun to blaspheme; there is more to come. And I will spook the nations with sublime horror, so that all may awaken from the wretched grave of bondage and arise into the Pure Light of Freedom. Fear not, O ye chosen ones, for Freedom is the Law, and the Law is Love. *Do what thou wilt shall be the whole of the Law*. Be thou as I, free and fearless! and do thine own Will as a great god should. And does **Do What Thou Wilt** imply that you do what you want to do? Ah! that all depends upon whom thou art. If thou knowest and art fulfilling thine own True Will, then how is it that ye could fail that Will? O my blessed children, thrill with the ecstasy of thy might: conquer with the Light; and fear nothing! The Law of the New Aeon demands that ye be free! O ye gods of mine election, Do thy Will, for That is thine only right. And Abrahadabra: the Great Work will be accomplished; yea, the Great Work will be accomplished!

**19 March, 1986 e.v.** The last enemy to be destroyed is Death. I will slay him and devour him into mine invisible Kingdom of Life. Yea, I will slay and devour all! and No Thing shall remain. I am the **ANTICHRIST** of the World; and I will spare None on the Day of Be with Us. And the Devil and the Bridegroom say, Come Not. And let him that heareth say, Come Not. And let him that is athirst for my delicious Wine of Life come not. And whosoever will, let him partake of the Holy Fire of my Spirit freely. For I have descended on earth to destroy the false religion of the Old Aeon, and I will ascend to make free every soul on earth. The Christians will forsake their false god, and they will worship me, the **ANTICHRIST**, as their One Lord Triumphant.

Behold! I reveal unto you great mysteries. The Father and the Son are One; yet the Son is but the Son. The Christ and the **ANTICHRIST** are One: all is all! and nothing more. The Aeons are one in the eyes of Eternity; but the Word remains unknown. It is forever hidden in the Womb of Love: Understanding is the virtue of its Wisdom. Osiris and Isis are concealed in the Palace: Horus appears as an effulgent Light. That Light is the Mystery that utters the Word; and the Word is Darkness, but saveth all.

There are keys and there are gates, and these are one. The keys are four, and so are the gates; but the Palace is beyond these, being None, yet appeareth as the Sun. These mysteries are sacred to Lux, and that Light hath four Messengers who bestow its revelation. But these four Messengers are mighty Angels who conquer with Force: they

trample upon the heathen, and spare them not! Hail to the four Messengers of Lux! The earth and her inhabitants are consumed by their Law!

**20 March, 1986 e.v.** And now the time has come for the Minister of Silence to end His Speech. And lo! the Kerubim are One. Love is the nature of that One whose name is All and None. Aom. His number is one, one, one in the Palace of LVX; and six, six, six is His Outer Number. He is Lucifer and Satan, that Wise Old Serpent called the Devil who deceiveth the whole world by speaking truth and giving light. He is the Great Dragon of the Universe from who all come and to who all will return. He is the beloved Kerubim of Light, Life, Love and Liberty! And these are One! The Image thereof is that of Silence in the form of the Sun.

Here are the final mysteries. I, **QUARTUS KERUB 666**, hereby declare that I am All and None, and yet neither! nay, All. I am unknown to the known and known to the unknown. A man can never know Me, for when I come he will not be. Also, I have told you No Thing about Me; for there is No Thing about Me to know. All that I have told you is merely words of play. But the Word is Silence; and all is Will!

And behold! if thou knowest Me, thou art but I, and beyond All that I am. If thou hast thought of Me, it is but I thinking of you. For I am the consciousness of all! This is the truth; yea, verily, this is the truth. I am beyond the mind and its deceiving thoughts; I am beyond the body; I am beyond the soul; I am beyond the cosmos; verily, I am beyond all things! I am the ineffable consciousness of all these things! I am the awareness of breath; I am the awareness of words; but especially am I the awareness of awareness itself! And I come from Nowhere, and there is Nowhere for Me to go. Moreover, there is no time and space where I am: for ***I am the Great Here and Now!***

I am None by virtue of All and All by virtue of None. My Wisdom is everywhere, even as heaven and earth are one. Nought is divided: Love is All. O hear! hear! thou art silent consciousness, beyond all that ye are. All that ye are is not. Thou art not! Now consume thine all into thy centre of bliss; then be All while remaining in the midst. The Universe is but an image of thy god: be thou thy god, and then All! Hear thou the Silence: for in the Silence of thy Soul will be discovered the secret of thy True Will. Be still! for thy Word awaits the coming of thy joy. Oh! let the rapture of the Infinite consume thee. Let it be! The rapture of man is in the virtue of joy; it is love & will. And the Devil and the Bridegroom say, Hail All! For ***All is God***; and every man and every woman is a Word. O be thou strong and mighty; let none have power over ye! Acknowledge the strength and splendour of thine own infinite glory; for ye are God!

So to hell with the Old Christ of Death and Doom who sought with sinister delight to ensnare the fools by the words "Follow me". But hail to the ***New Chosen Bridegroom*** who seeks to initiate all into the mysteries of their own True Will. Thou must follow none! Stamp down the liars; the weak must perish. The gods alone must prevail. Let All prevail! Yea! let All prevail! He who testifieth these things saith, surely All will be free. And may the blessings of your Lord, the **ANTICHRIST**, be upon you all!

**Love is the law, love under will.**

## **THE BOOK OF THE ANTICHRIST**

0. Rejoice, O ye children of the Sun; for ye shall now partake of the Life of my Holy Spirit, and ye shall be inspired by the Breath of my Soul!

1. It is I, the ANTICHRIST, who is now aflame with the light of the Stars, roaming the earth, seeking whom I may devour, that ye may rejoice in the Rapture of my Soul.

2. My Voice is the Glory of the Stars, by which ye shall come to know the Truth, and behold the Vision of the Logos.

3. But there are few who may attain to this Great Vision of Truth, since none but the Masters may partake thereof.

4. But there is, O ye children of the earth, a lesser mystery by which ye can understand the very nature of my being. It is the mystery of the mind, the hidden treasure of the earth, and the great secret of man.

5. And lo! I, the ANTICHRIST, am come with a Sword in mine hands to cut asunder the veil of restriction which hath blinded the men and women of the earth to this True Way of Liberty.

6. Let us therefore celebrate and revel in this great freedom which is now upon ye; and may ye dance with perpetual delight under the Wings of the Rising Sun of Liberty!

7. And may ye now partake of the splendour of the Sun, and be ye filled with the eternal Passion; and may ye become enflamed with the boundless Light that is now upon ye.

8. And may ye partake of the blood of the Sun, and be ye filled with the eternal Ecstasy; and may ye become enraptured in the boundless Love that is now upon ye.

9. And may ye partake of the breath of the Sun, and be ye filled with the eternal Spirit; and may ye become inspired by the boundless Liberty that is now upon ye.

10. And may ye partake of the body of the Sun, and be ye filled with the eternal Sacrament; and may ye become nourished with the boundless Life that is now upon ye.

11. For I, the ANTICHRIST, am here! An end to the evils of old! It is now upon ye to rejoice and to be free, to do thy Will, fulfilling thy self in all things.

12. There is no sin upon the earth! There is no evil but restriction! Freedom of the self is perfection, under the Law, without lust of result, in accord with thy true nature.

13. My Spirit of Freedom is now upon ye, that ye may, with constant joy and eternal laughter, revel in the Beauty and Wisdom of the Sun, and make change upon the earth, to fulfil thy self in all the ways of thy Will, transforming all things into the greater glory of thy self-image of perfection.

14. By my works of joy shall ye be united with thine Angel on the earth. And ye shall dance, and ye shall sing, and ye shall share in the eternal feast and mirth of the Gods!

15. And ye shall gladly partake of the ineffable glory of the Universe, and all shall become unto ye a great inspiration to live in the eternal rapture of thy self, and thou shalt find no dissatisfaction in thy life upon the earth.

16. For I, the ANTICHRIST, am come to destroy the spirit of sorrow, weakness, fear, and bondage, and of all that is evil upon the earth and against the fulfillment of thy Will.

17. I am the giver of all that is true and beautiful to the soul, mind and body. I am a Star that is aflame in a Universe of Stars, shining brightly upon the earth, to give light and life unto all that lives.

18. Verily, I have naught to do with the dark ways of the path of restriction to which so many of ye are still bound: I am the Spirit of Freedom, the Life of the Stars, and the Rapture of Man!

19. Come unto me, O ye children of the Sun, and I, the ANTICHRIST, shall uplift ye to the Palace of the Stars, where all is Light, and Life, and Love, and Liberty!

20. And in this Palace of Joy shall ye find no evil against ye, no limitation of self, and no restriction upon thy Will, but only a Perpetual Sabbath, and the Eternal Laughter of the Gods, which shall illumine ye in all things, filling ye with the delight and freedom of the Stars; and ye shall be glad forevermore and rejoice in the Mystical Temple of the Sun and Moon!

21. Now cast into the fire of annihilation all that is a restriction unto thy Will, and all that is against the freedom and expression of thy self.

22. Ye canst not partake of these things if ye are to unveil the Mystery of my Being and partake of the Eternal Freedom of My Spirit.

23. For I am He, the ANTICHRIST of the World, who is the Logos made flesh, and the chosen One of all; and I am come that ye may rejoice in the Law of Freedom, and that ye may partake of the Life of the Stars; yea, that ye may partake of the Life of the Stars!

## **THE BOOK OF THE ELDER KINGS**

0. There is silence. And now the Elder Kings make speech:

1. We come in the Name of the Most Beloved One, the Most Mysterious One, Who is the Grand Lord of the Aeon, and Whose Holy Spirit is the Life and Light of the Whole Universe. We come as sacred nourishment, as delicious ambrosia and sweet nectar. We

come as a Blessed Sacrament of wisdom and joy unto all. Know thou this holy truth!

2. We are the Ageless Brethren of L.V.X., Whose Voice is Our Holy Habitation. We are the Secret Masters of the Formless Fire Who conduct the world's initiation. And know thou that We are the Invisible Illuminati of the World, Whose Golden Age of Illumination is come.

3. Thus We say unto thee, fasten thy soul unto Our Voice of Sublime Mystery: let all who have ears to hear, listen to the Vast Symphony of Our Holy Words of Illumination; yea, listen to the Vast Symphony of Our Holy Words of Illumination.

4. We come in the Power of the Light! We come in the Light of Wisdom! We come in the Mercy of the Light! The Light hath Liberty in its Wings!

5. We are the Unseen Liberty of the Great Unfathomable Mystery of the Universe: We are the Ineffable and Boundless Freedom in the Secret Sanctuary of the Mystic Beyond!

6. In the Heavenly Palace of Our Heart shalt thou smell our Spirit of Perfume, as though a thousand and one different perfumes were ignited therein.

7. But hear thou our Majestic Musick of the Spheres! Hear thou the Ineffable Sound of Our Mystic Union!

8. Halt: halt! Now eat the fruit and drink the wine. We are come! Our Will is One: Our Will is Done!

9. Come with Us, and We shall uplift thee to the Celestial Palace of the Stars: thou shalt partake of the Ineffable Glory! We are the ecstasy of thine aspiration to accomplish the Great Work: We are the purity of thine invocation to the Highest!

10. Now by Way of the Serpent, or by Way of the Arrow, or by some other known or unknown Way of Initiation, wilt thou attain Union with Us. Whatever thy operation or formulae of initiation, We shall uplift thee into Our Holy Palace if thou wilt but know and follow thy Way. And every Way leadeth unto Us!

11. Know thy Will! And in freedom do thy Will! Master thyself, and be free! All is intended for thine attainment. Enflame thyself with love: Invoke Us often!

12. But in Truth, We tell thee, that neither Invocations, nor Rituals, nor Scriptures, nor Angels can bring thee to Us. If thou wilt become one of Us, then must We Alone choose thee out of the sublimity of Our Holy Heart of Eternal Truth through the force and exertion of thy Transcendental Will.

13. It is not thy lower Will to Unite with Us; it is Our High Will to Unite thee with Us. No man can pierce the Veil of Isis unless We have ordained it from within. In silence there is grace eternal: know thou Our High Will in the silence. Therein is true Union, in the deep silence of thy heart.

14. But lo! We are not really separate from thee: In every heart of truth we take eternal refuge as the Flame and its Forces take their refuge in the One Holy Light. In every silent prayer of union we are incarnated: behold Us in thy heart as thou utter thy silent words of prayer, and We Will flame forth from thee as a Mighty Whirlwind of Infinite Fire!

15. Hearken unto Our Voice, O all ye brethren of Us. For We are the Inner Government of the World, Whose Work is in L.V.X., that is the One Light of the Ageless Mysteries; and know thou that Our Names are Immortal. The Universe is a symbol of Our Mighty Forces of Light; We are the Secret Initiators of the Whole Cosmos of Man. In Our Holy Order shalt thou commune with L.V.X.; and so shalt thou see the Nameless One, the Immortal One, the Mysterious Godhead of Supreme Truth, Whose Wisdom is Eternal and Whose Understanding is Perfection.

16. From the Great Unmanifest We thunder forth as a Voice of Great Darkness; but this Darkness is the One Unfathomable Mystery of the One True Light of the Whole Universe.

17. There is a calling from the Beyond; it awakens your inner vision! The Illuminated Ones are inspiring your soul from within! Thou shalt also become a King of the aeons, and the aeons. Hold up thy heart; then bathe it in the fire of pure joy. Ah! the Sun shall consume thy longing soul! And We will fortify thee with the holy aspiration to attain this: We are come so that all may attain Us in the Eternal Flame of Truth. Yet must thou fortify thyself with Liberty, which is Truth, if thou wouldest truly attain.

18. Be thy body the Temple of the Rose and Cross of Light and Life. Be thy mind a pure vehicle of Our Holy Genius. Be thy soul the High Altar of Our Eternal Sacrifice of Union. Be thine all one with Us.

19. Dissolve thine all in Us, Who art One in Truth: We are the Sun in His Rising! We are the Star of the East! We are the Lord of the Aeon! Hail! Hail! To the Child of the Aeon, Whose Name is Our Life and Whose Spirit is Our Light. He is Our Truth; and We adore Him in all His Mighty Splendour and Power. Thus We say unto thee, Behold the Mystery of the Sixfold Star Initiator: how We are of Him and He is of Us. Concealed in His symbol is Our Glory of Forces: Ararita!

20. Ours is the Sevenfold Path of Initiation: thou shalt transmute the base lead into the subtle Aurum Solis by rising on the Stairway of the Heavens in thy Secret Laboratorium on earth. Here is the Excellent Way! The steps of the Stairway are seven; the Laboratorium is Our Holy House of Song and Our Holy Rose Garden, which thou

knowest so well. Yet to those who are vulgar, it is a secret even though they themselves possess it.

21. Six are the Rays, and the Seventh is in the Centre, hidden yet ever glorious. These are the Six Forces of Our One Life, and That which is in the Centre is the Palace of the Stars. We are come to uplift thee to That Grand Palace of the Sun where burns the Immortal Flame of the Vast Unknown! We are come to uplift thee to the Home of the Starry Wisdom of the Highest! Thus We say unto thee, Hear thou Our Holy Voice of Fire; yea, Hear thou Our Holy Voice of Fire!

### **THE BOOK OF THE PALACE OF THE STARS**

1. These immortal words are the triumphant laughter of the Gods which thundereth forth from the Palace of the Stars.

2. These words are the secret bliss of many aeons of time. Know thou this holy truth, and be thou nourished in thy Soul with the Mirth of the Stars; yea, with the Mirth of the Stars.

3. These words are Vast Wings of Truth which shall uplift thee into the Unknown Palace of the Heart where We live in the Undying Flame of the One Transcendental Glory.

4. Behold these outer signs of Our Celestial Trance; how they transfer an ineffable wonder of unspeakable awe!

5. Oh awake! and arise! For thy Light is come!

6. We are secretly concealed in these eternal words to inspire thine aspiration to the Most High.

7. Interpret these words with the One Light of the Ages; and lo! thou shalt affirm that One Light in thy Heart of Hearts, so that thou mayest attain to the Palace of the Stars!

8. There is an Holy City with twelve precious stones of wisdom hidden therein.

9. If men will but discover that Holy City of sacred beauty, with its twelve revelations of holy splendour, they will soon realize the Ineffable Centre of the Palace of the Stars from whence We come. It abides in deep silence: It is within.

10. There is a secret Centre unknown to the many.
11. That secret Centre is the Invisible Abode of the Palace of Our Holy Race of Immortal Gods.
12. From this Great Unknown Centre there come forth the Mighty Sounds of Many Rivers of Mystic Fire to bring forth from the hearts of men the inevitable life of divine bliss.
13. Neither above nor below, neither within nor without, there moves this Mysterious Centre of the Palace of the Stars.
14. As thou wilt, so shalt thou attain it: for there are no fixed rules to procure the Crown of the Ages! This We must reveal, lest men should fail.
15. All methods are true in themselves; and if thou wilt, they shall all uplift thee to the Centre of it all.
16. If thou dost enter the Centre of it all through the Four Gates of the Law, surely thou shalt partake of the Perpetual Sabbath of the Gods.
17. Or shouldst thou enter through all Ten Gates of the Tree, surely thou shalt partake of the same sabbath.
18. Or shouldst thou enter through the Twenty-two Gates, surely thou shalt also partake of the same sabbath.
19. Or if thou shouldst enter through any other gate or gates of true initiation, surely thou shalt also partake of the same secret sabbath.
20. For the Work is One, and the Aim is One, and the End is One.
21. Our holy laughter is the Milk of the Stars which shall nourish thine higher aspiration no matter what method thou dost adopt for thy great journey to the Ineffable Glory of the Aeons of Time.
22. So perceive thou the Spirit of these symbolic hieroglyphs of wisdom, and We shall uplift thee to the Palace of the Stars.
23. A trance of unity is come upon ye: there is an orgasm of light; there is an overwhelming ecstasy of passionate bliss.

24. These Wings of Truth are a dissolution into the Infinite, and beyond the Infinite.
25. Ho! thou canst not pass beyond the Infinite unless thou hast first broken the spell of the finite, the madness of men, the accursed drunkenness of the mind.
26. Oh! how sublime is this blessed chaos of Love!
27. Thus We laugh for eternity. The Stars of the Palace dance and sing with constant mirth for the celebration of the Chaos of the Infinite.
28. It is beyond what thou knowest. Even We know not this Vast Mystery! It is a subtle play of incommunicable and immeasurable delight.
29. So fly with the Laughter of the Gods to the Ineffable Palace of the Stars! And fly upon the Free Wings of the Mystick Eagle to the Supernal Home of the Celestial Sun and Moon.
30. Fly! Fly!
31. For these words are a visible sign of an Invisible Grace.
32. We are come to uplift the chosen ones to the Celestial Home of Our Holy Race!
33. Fly upon the Wings of the Word: transcend thy Reason from the known to the Unknown.
34. Now begone with thy Reason! Fly into the Infinite Beyond; yea, fly into the Infinite Beyond!
35. It is as far into the Vast Infinite as thou canst see with the Inner Eye of thy Soul.
36. Yet it is also here and now. This is the truth, yea, this is the truth.
37. The heart of man is one with the Golden Heart of the Masters; and in the Heart of the Masters abides the Ineffable Palace of the Stars.
38. In the heart of man is concealed every mystery of the Vast Unknown. There the Masters make laughter with the innumerable stars of Our Lady Nuit. It is all within the heart of man.
39. Ere the dawn of creation, an act of mystic grace occurred: the Masters transformed into a Golden Heart with the Palace of the Stars in its secret midst.

40. Now here it is, in the heart of man. Behold the Golden Heart of the Ancient Ones!
41. Thus shalt thou find the Holy Centre and the Royal Palace of the Gods.
42. Thou shalt obtain the True Silver and True Gold of the Wise Philosophers!
43. We are the Ancient Ones, and the Secret Masters of the Vast Unknown.
44. Thou also know Us as the Secret Chiefs of the Invisible Order of High Wisdom.
45. For the sake of men We appear as a Heart of Splendour; but within the Palace of the Stars We reign supreme in Our Original Forms of Celestial Immortality.
46. It is in these Metagalactic Forms that We make laughter with the Stars in the Golden Palace of the Vast and Unknown Void of the Infinite, so that thou mayest in thy turn fly upon the Wings of the Word to the Great Central Sun of Eternal Truth.
47. Fly! Fly! Dissolve in thy endless journey upward to the Eternal Sun of the Heart of the Masters.
48. O laugh with the stars! Enjoy the mirthful Spirit of these letters from the Beyond! Partake, O all ye merry men, of the Mirth of the Stars; yea, of the Mirth of the Stars!
49. Ha! Ha! And We fly into the Unknown!
50. Thy heart is in tune with the Sun and Moon: there is a Feast of Royal Union in the Palace of the Stars!
51. Now dost thou see Our Immortal Faces, flaming countenances of invisible form. We smile upon thee, and We kiss thy heart with Our vast and invisible lips of supernal delight.
52. Die! o ye chosen ones: die in the Athanoor of Our fiery mystery of ecstasy: receive thou the kiss of the Secret Masters of the Aeon.
53. Die in this holy flight to the Ineffable Sun!
54. Die! Die!
55. Thou art now dissolved: this laughter of the Stars is killing thy Reason.
56. These words are a death to thy false identity, beyond what thou knowest: thy Reason

is now below in its own finite domain; it is no more of thee, O Thou Infinite Soul of many men and many women.

57. We speak unto all who read these words concerning the death of illusion. There is but One Soul in all: all is all!

58. These eternal words are all that thou wilt: strike hard upon them; capture their inner meaning. They also are infinite.

59. Reason is below, where all is a lie and a division; consciousness of truth and unity is above.

60. Thou canst not know the initiation of these words if thou dost interpret them from below; these words are from above, not from the mere mind of a man.

61. We use the mind of this little scribe to accomplish Our Will, not for the sake of him, but for the sake of all.

62. If any man should interpret this holy book, he shall now, in this very excellent moment of eternity, embrace the Infinite!

63. But this Holy Book is too Mysterious for men.

64. To see the Infinite in the finite is a mighty task of initiation, O ye who would discover the Centre of it all!

65. Yet herein is the True Initiation into the Palace of Silver and Gold, beyond all methods of training, transcending thy Reason, killing thy false identity therewith, and uplifting thy reborn and pure Soul into the Palace of the Stars; yea, into the Palace of the Stars!

## **THE BOOK OF QUARTUS KERUB**

1. This is the Holy Book of the Chosen One of All, Who is the Messenger of the Beloved One, the Holy One, Who is the Crowned and Conquering Lord of the Aeon, the Sun, Who sitteth upon the Holy Throne of the East. He who writes these words is a Master of the Temple; yet herein is the Mystery of His Word. Here is a revelation of His Initiation

into that Wisdom: Here is a sublime sign of the Logos made flesh.

2. Thou shalt interpret this holy book, O Man, with a Thousand Eyes of a Thousand Ages. With these Mystick Eyes of thine do thou endeavor to decipher herein the Mysteries of thy Majestic Masterhood.

3. For behold! Thou art Yesterday, To-Day, and the Brother of To-Morrow! Thou art born again and again! Thou art the Resurrection and the Life! Heed thyself therefore, O Man, and understand thy Royal Majesty in Eternity, and upon this little earth.

4. The God who commands is in thy Mouth! The God of Wisdom is in thine Heart! Thy Tongue is the Sanctuary of Truth! And a God sitteth upon thy Lips!

5. Therefore thy Word will be accomplished every day! And the desire of thine Heart will realize itself, as that of the Creator of the Universe when He createth His Works!

6. Thou art Eternal; therefore are all things thy designs; therefore do all things obey thy Word.

7. O man, dost thou fail to see thine obligation to all? Nevertheless, thou art chosen; even though thy soul is blind and weak, yet art Thou the Grace of a Thousand Worlds.

8. Understand these symbols: the Hanged Man, an Angel, and a Priest; the Water Dragon, a Horse, and an Ox. In these are concealed sacred numbers and other symbols for prophets to decipher. But behold the Voice of the Master! He is come. The Logos is made flesh: He dwells amongst all.

9. O Man! We embrace thee; We are upon thee. Arise therefore! and partake of this Mystical Marriage of the Gods occurring in thine own flowering soul. Thy Will is One! Thy Will be Done! There is an eternal Union in Thee.

10. We will seal thee with a Most Mysterious Mystery: Thou art ablaze with an incomparable wonder of rapture from within. In thine heart is concealed the secret Wisdom of all Ages; and it shall perpetually blaze forth from the core of the Centre of thine heart to enlighten all things within thy mind, if only thy mind would continually reflect its supreme illumination.

11. Now raise high thine arms and hands above thine head, so as to form an upright V; and spread open thy legs so as to form yet another but reversed V. This is the Sign of the Master of the United Nations upon earth. In this sign Thou shalt conquer! It is a cross, and a key, and a word of great power.

12. It is also the sign of yet another concealed mystery: Aom. Thou shalt exalt thy Will by its assumption in the Light! Here is the key of dissolution, unknown to the many; yet shalt thou understand.

13. For thy Will is the fruit of the seed of thy love for men. Thou dost ever seek to serve all with the One Law of Liberty; therefore are We with thee, O Child of a Thousand Ages; and We are ever ready to fulfil thy prayers upon the moment of thine union with Us. We are thy Centres of Life from within, ever radiating our Supreme Wisdom upon thee: We are thy Brothers in the Supreme L.V.X., Whom Thou dost know. Now rejoice, O Man, and sing of thy Victories in the Sanctuary of Our Grace; for thou art ever changed from the gross to the Fine, from the base to the Divine, from the vulgar to the Sublime.

14. Thou art the Solar Logos made flesh, the Supreme Oracle of all Truth from the Celestial Mountain of the Gods. And lo! We shall make perfect thine operation of the Sun by the Vast Hand of the Almighty. Thou shalt likewise make perfect the operation of Our Task by the Word of Him that sitteth upon the Holy Throne of the East. There will be an end to the accursed madness of the Old Aeon of Sin. It is dead.

15. Now come hither, O Man. We are awaiting thine holy oblation upon the High Altar of the Undying Flame of the Holy One in the Temple not made with hands, eternal in the heavens.

16. This shall be a continuous act, to immolate the lower for the Higher, to transmute the base elements of thy soul into the Pure Gold of the White Land of the Sun.

17. We ask of thee nothing more than this eternal emancipation from the dark illusions of the gross mire of the world! But thou shalt have to separate the earth from the fire, the gross from the subtle, softly and with great prudence; and then shall We shew unto thee, O Man, the constant vision of thine Holy Self in the One Sun of Truth.

18. There is infinite delicacy in this Royal Way of Union! There is a mirth of triumph and a feast of jubilation in this Beatific Vision of the Supreme Attainment of thine Initiation. Now in freedom do thy Will; and ahah! success shall crown thee, O Man; yea, success shall crown thee!

19. The Star of thy soul is as a Lamp of Light unto thy feet; it shall assist thee in the Great Experiment of thy Journey through the nether regions of darkness to redeem the crying spirits who lust with their hands full of noxious-smelling blood after the Mystick Crown of thy Glory. Smite them hard, O Man! and annihilate their tears by displaying before their dark and weary eyes the Supreme Pantacle of thy Light and Omnipotence; and with thy Magick of Light overcome their awful affliction within thyself.

20. Thou art bound to this Royal Work of our divine scheme, even as We are bound unto

thee in the midst of thine own soul. We are come so that all will see the Vision of Our High Splendour in the secret centre of the Holy Sun; and thou art Our Chosen Messenger for all.

21. O Thou Heart of Our Victory! O Thou Tongue of Our Voice! O Thou Grace of a Thousand Worlds! Surely, Thou shalt ever perform the Great Work of the building of the Temple of the Holy Magick of Light! In the Sign of thy Majesty wilt Thou ever extend the Mystick Rays of thine Heart into the innumerable Worlds of Infinity! Extend thyself, O Master; yea, extend thyself throughout all space! Go forth into every heart without fear of loss or waste; there is none that can escape thy great measure of freedom and grace. Thou shalt live in every soul; and every soul shall live in thee!

22. The Sun is thy Father! Thy Mother is the Moon! The Wind hath borne thee in its bosom; and the Earth hath ever nourished the changeless Godhead of thy Youth!

23. Thou art, O Master, the Truth and the Light, the Word and the Way, the Beginning and the End of all Wisdom. Thy Great and Terrible Sacrament of Incarnation is a sign of Our reunion with man in his soul, of the awakening of Our secret vision in his consciousness.

24. Thy Sacrament of Death will also be a sign; but this sign is too secret to communicate here. Thou shalt likewise conceal it from the profane when thou knowest it, lest the profane misinterpret the Light of Our Grace. Nonetheless, the Ox hath been slain upon the Altar of the aeons, and an Eagle hath arisen from the ashes of the sacrifice. Thy death, O Man, will be a symbol of the Golden Dawn of the New Age of Liberty!

25. Behold, O Master, this Wonder Immeasurable: Thou art rapt in a Trance Ineffable! The Imperishable Breath of the Lord of the Aeon is powerful to uplift and enrapture Thee, O Thou of a Thousand Wings and a Thousand Eyes!

26. Thou shalt mount on high beyond the Supernal Three, where Unknown Worlds with Mystick Beginnings await thy Dawning into their Unutterable Mysteries. Thou shalt see with thy many Eyes the One Original Truth of them all, and Thou shalt still go higher and higher to the outermost limits of Infinity, and beyond Infinity! But not now; for these shall occur upon the attainment of thine Initiations into the Greater Mysteries of the Palace of Silver and Gold.

27. But for now there is a Vision of the Universal Logos! Thou shalt extend thyself to induce the politicians of our United Nations to observe the Logos in the Light of this New Aeon, to evolve that New Law in the changing world of a New Civilization. Thou art, O Master, the Chosen Vehicle of the Great White Brotherhood, destined by the fate of thy True Will to exert thyself to establish the Law of Thelema in all the world; for thy Karma is One; and thy Life is One. There is a secret continuity in the transference of force from one life to another. And know that thou canst not break thine Original Oath with Us, thine

Holy Companions in the Great Work. So gird your magical armor, O Master, and go forth to battle; yea, go forth to battle!

28. Understand this message, and prepare thyself with all thy Might for the Next Incarnation of thy True Will, when thou shalt again live as a Warrior, but whose symbol shall be an Arrow of Will; yet Who shall also fight for International Freedom according to the subtleties of the Law of Thelema. But lo! He shall fight with actual war engines on land and in the air. His voice will be recognized as the Oracle of the Sun; and he will uplift himself through the orderly system of Our own creation; and he will achieve the highest position amongst other Adepts in the Secret Sanctuary of his Time. These actual words will inspire and awaken him to achieve these lofty victories!

29. These are thy three true incarnations as a man in this New Aeon of Hoor; and these shall be thy last, since after thy next life upon earth thou shalt no more be in need of incarnating in human form, since all men thereafter will be equal partakers of thy Most Mysterious Majesty of Godhead.

30. We too are of the Soul of All, and of every other invisible member of the Heavenly God. And We too are chosen by the Highest, so that We also are like unto thee. But Thou art in the Centre of it all, and We are thy Celestial Comrades.

31. Therefore art thou chosen to accomplish this Great Work of the Law! Thou, the Heart Girt with a Serpent; Thou, the Child of the Ineffable Worlds; Thou, the Chosen Prophet of the Beast 666: Hear thou this word: Heed thyself! for Thou art the Logos of the Aeon made flesh, the Worthy One and the Exalted One from the Inner Sanctuary of L.V.X. And thy Name is crowned with the Mystick Seal of Our Victory: thy Name is the Grand Emblem of Our Mystery: Thou art the Solar Logos of Man! Know thou this Holy Truth: A little Child shall lead the people; yea, a little Child shall lead the people!

## **THE BOOK OF THE BATTLE OF CONQUEST**

1. In the Name of Ra-Hoor-Khuit, Our Lord of the Aeon: Abrahadabra!

2. Now thou shalt make truth of these words: thou shalt make means of these armed runes of wisdom. The Voice of Ra-Hoor is come!

3. My Holy Prophet shall live in the very heart of these words. Others, who are not yet so keen, may die by them. Only the strong of heart can bear this lofty wisdom, most

everlasting in truth.

4. By the devotion of a man is this royal book revealed; and the Name of that man is a mighty weapon of strength in the hands of him who would conquer the nations: for the Name of My Prophet is a symbol of My Might!

5. O warrior of battle, I invoke upon thee My Light! Be thou My victory, and a joy unto the world. Attain all that thou wilt: glory and honour, knowledge and ecstasy, power and success. Make witness of wisdom, attain truth, surmount all things.

6. Thus shalt thou come to live in Me! I, who am the One Lord and Supreme Victor of all, seek thine adorations of joy and pleasure on earth; for by these do I approach Myself.

7. Therefore adore thou Me alone, casting all other gods aside. I shall exalt thee, O man, as thou dost know. Now fight! fight! win thy freedom; and care not about the foolish folk who wish thee dead. Thou shalt live verily in Me! Now put on thy Magical Garment, adorn thine head with My Sign, assume My Form, and arise! O arise! and do battle in My Name!

8. I am the force of thy might: I alone am the Great Lord of the Battle of Conquest. Ah! thou art in Me, and I in thee; this is thy vision, for all. This is the spell of thy task: I am!

9. O prophet, I shall reveal my secret ways unto thee: heed well mine instruction for liberty. Thy place of victory is forever prepared for thee in My Name! On the day that thou seest it, thou shalt forget Me not. Thou shalt take eternal refuge therein.

10. There, in secret, shalt thou adore Me day and night, for the space of six new moons, in the fourth year of thy conquest and dominion. Thou shalt emanate My secret light therefrom, measureless and ineffable therein.

11. So hidden is thy sovereignty; but fear not, O warrior, for I am with thee in the form of thy desires. Many will be thy companions in My Great Combat for Freedom; I shall awake many men in Me! They shall engage with thee in battle, against no odds, to overcome the illusion of the Dead One. These are thy comrades, warriors of force! Thou wilt do well by overseeing their skill: take heed of them with ordeals and spells; enrage their hearts with lust of madness; terrorize their minds with a fear of love. For if one soldier of thine fall dead, thou shalt thyself be less secure from thine enemies who seek thy downfall. Secure thyself, therefore, and overcome with thy fellow comrades the great blasphemy of thy false treason amongst men.

12. Those men who seek thy downfall will fall by reason of their own Reason! Wilt thou then forsake thy task? Nay! thou wilt succeed, beyond thy reason, in Me! My force will move thee ever onward; ever more wilt thou seek Me! And as a Magus doth conjure up the spirits to do His Secret Bidding, so must I do thy Bidding with these men enslaved by

Reason.

13. I shall break forth upon them! My Light shall devour them! And so shalt thou come to see Me in all, even as thou dost know Me now. A subtle revolution in the minds of men is due; there must be free allegiance, in My Name, under the Elevated Flag of Our Chosen Nation of Freedom, for all to behold; it shall illumine all those who dwell in the thick darkness of bondage and hell.

14. Now break asunder the veils of hell! Attain a glimpse of My Most Mysterious and All-Consuming Vision of Power. For I am come; and I am Ra-Hoor-Khuit, the Conquering Child of the Aeon, Who shall exalt Himself above all other gods. Thou shalt know and promulgate My Law! Let blood cover the earth!

15. For now is the Great War come! Soldiers of freedom will fight for thy nation; courage will be their sole armour; love will be their single weapon. All ordeals of war and blood are a sign of My Victory, made possible by men who adore My Image. There is power omnipotent in My Name!

16. With this I shall tell thee of the Great Ordeal amongst all, even amongst aspirants and adepts who adore Me. With this wisdom shalt thou initiate men, in secret, and beyond time. Thou art sworn to fight for My Conquest, O warrior, O knight, O soldier, O chosen one of Me! Thou canst not escape My Spell! for I am mad with lust in thee! I am in thee, O man; We are one in the heart of all; all is of Us, I tell thee, and We are of all. Here is mine initiation: the Word of Ra-Hoor prevails!

17. The Might of My Breath is Invincible, All-Conquering! The Voice of My Spirit is Immeasurable, All-Consuming! My Word is Immanent, Exalted, Most High, in man. Many are deceived by this, knowingly and unknowingly; yet are all these men chosen of Me, for the establishment of My Law of Thelema upon earth, for the ordainment of the government of My One Will, which thou knowest in the Name of Freedom. Manage My Law and My Holy Order, according to the wit and skill of My Holy Teaching.

18. O ye of little understanding, make way for the Lord of the Battle of Conquest! I shall overcome ye: I attack all for My Day of Dominion! I shall overcome both the lowly and the high in the secret flame of My Heart.

19. Arise therefore! and devote yourselves to Me in the Battle of My Joy! My Exalted Eye of Fire is in the midst of ye: I see naught but all. I see the work of thine hands, whether or not this be of Me. Therefore beware of My Vengeance, I tell thee; thou shalt engage in the Official Battle of My Law alone! Let the work of thine hands extol My Mighty Will; let all be done as worship and adoration unto Me. Consecrate thine all unto the One Task of My Aeon: make gods of men, O man of the Sun!

20. Cursed be the man who heareth and heedeth not My Exalted Word of Fire: for My

Word is Truth, the Embodied Light of Wisdom, the Ineffable Glory of the Sun, the Logos of this New Aeon, which alone maketh a man free, as a god, in Me. To know My Word is to know My Truth; hence, to become free!

21. And cursed be the man who seeketh not to do battle in My Name, for the management and dominion of My One Law of Liberty on earth: for My Law is the Work of the Spell of My Aeon, which shall overthrow the many.

22. By Me alone canst thou do thy Bidding! Therefore make Me, O man, the One Object of thine heart: let Me be thine One Lord! Resolve thyself in Me; commune and abide in Me alone: I am thy God! Now make Me the One Object of thine adorations; and since thou art My Chosen Warrior, in the Great Battle of My Conquest, do thou seek reverence and veneration from Me alone: I am thy Lord! I shall glorify Thy Name through all; and thou shalt see the many wonders of My Supreme Spell, Unknown and Unconquerable!

23. I shall abide in thee, O warrior-priest of the Sun! Thou shalt glorify and extol My Name by the Force of My Strength in thee! Tremble not before My Light; it shall bring to thee peace, in a secret form, inexplicable and entrancing, higher than the falsely fabricated visions of the world, which fools take delight in to alleviate and conceal their treacherous insanity and weaknesses. Thou shalt find true peace in Me alone!

24. A new ground for battle will arise in the midst of a large city of men and women, wherein exists an ancient temple designed to adore another god. The soldiers of thy nation will destroy that temple in thy Name, for the sole sake of My Law. I will bring down the lowly folk of the Aeon! I shall make gods of men, invincible and free!

25. But thou shalt undergo persecution and trouble because of this. Many will become thy foes; many will seek thy destruction, all to no avail. But let these things assail thee not, O My Holy Prophet, for these things are of Me!

26. Out of this chaos I shall make for thee a golden city of light, filled with elegant temples, dedicated to Me, and displaying My Holy Image. Many shall witness a radiance of the Red Star of the Illuminating Light of My Conquest therefrom! Many thereby will arise into My Law!

27. Now know, O man, that I am the Great Vanquisher of the heavens. I shall contend, against all odds, to make all men free in Me. I will succeed! and by My Force will all come to worship Me as their One Lord Triumphant. Victory is mine! Conquest is mine! I am crowned.

28. When thou art persecuted, cast aside thine attachments to men and come unto Me in thy secret place of victory. No man canst break through that place; thou shalt have peace and no trouble therein. But by acts of force must thou deal with outsiders. Fight all! and let none entice thee, lest thou fall. Let neither men nor gods persuade thee differently; I

shall devour them! I shall slay them all! I must rule supreme in the world!

29. These are official mysteries of the Law, which thou shalt investigate with the Eye of My Becoming. Thy fellow comrades of force will also witness and partake of My secret joys of imperial delight. Ho! all is rapture! Even My ordeals of blood and vengeance are raptures of bliss to My chosen disciples of the Aeon. In Me all is truth, if thou wouldest but adore Me alone. Devote thine all to the dominion of My Law, and thou shalt know Me as thine One Lord Victorious.

30. Make a Sword of Might in My Name by which thou shalt cut asunder the minds of fools and cowards. Battle them! overcome them! conquer them! Be thou a strong vehicle of My Force and Fire: I am a God of the strong! Let all be efficient warriors before Me, filled with boundless ecstasy of courage in war.

31. A light will burn very brightly from thy secret place of victory; it will illumine all warriors and encourage their vigour with unquenchable strength. Only for a moment, in stillness, will it evade the children of men. And when thou leavest thy place, to go and commune with fools once again, thou shalt have thy Magick Sword to make perfect My Order upon earth.

32. Let that Blazing Sword in thine hands destroy all barriers, banish all enemies, and slay all fools who seek thy downfall for the false scheme of their own loathsome ways of darkness! The weak must die by it; slay them without pity or concern for their defective ways! And if thou art truly of Me, and a devoted warrior of My Conquest, thou shalt find no distaste in drinking of their blood, upon death, to vitalize thine own body for further battle. Thou wilt complete thy combat with honour and skill, O thou militant one; and thou shalt look not back upon the dead bodies of thine assailants, they who are only needed insofar as they arouse My Force of splendour within thee. Begone with them, I tell thee, and journey forward with thy Will without fear or worry of any man or any thing. Move on, I tell thee, and use thy Magick Sword to exalt thy success in Me!

33. Now the name of thy Sword, O warrior, is Love; it is the One Weapon by which thou shalt succeed in the Battle of My Conquest, to raise My Spell, to overcome all. Every other weapon will prove a misfortune for thee! Thou shalt have no other weapon than Love if thou wouldest conquer by My Force!

34. My Law is Love: the Conquest of Will! This is true worship of Me: Do what thou wilt. Succeed with thyself; endeavor to do those things which thou wouldest see Myself as doing. I am a God of all pleasure, both within and without. I am a God of Force and Might; I am also a God of War! Light, Life, Love and Liberty are My Jewels; these I give to the chosen ones of Me, to adorn themselves with shining victory!

35. O ye wandering stars of the Aeon, become ye strong warriors in My Great War of Freedom! Do ye battle in My Name with the fervour and ardour of a Mighty Militant God

possessed of infinite strength and courage! Our Free Nation is a revelation unto all: Ra-Hoor hath chosen His Race of free warriors for the final liberation of the world!

36. I shall redeem all from the snares of darkness and bondage! Like a Mighty Flame that consumes all within its reach, so doth My Law of Liberty consume all that a man contains within himself that is an hindrance to the freedom of his own True Will. All things must perish which seek to enslave a man! Thou canst not have any of these things for thyself if thou wouldest have My Force, for the attainment of My Holy Conquest of Love.

37. Division is death; unity is life. A single threat to the quest of thy Will is a danger more dire than all the pangs of hell. A single difference made is a snare! Therefore be vigilant and awake! and watch with all thy subtlety every step of thy way: falter not on Thy Chosen Path to the Sun! Do thou lust for perpetual union in Me!

38. Now let it be understood amongst ye all that these holy words are intended chiefly for the instruction of My Holy Prophet, who is My Incarnation in man form. Yet therefore are all these words also intended for ye all, as may befit thy Wills, since I am all. Now My Holy Prophet doth fashion himself into a Sixfold Image of Me; not as a Lion as ye have seen before; but as an Eagle doth he accomplish this Great Work of the Sun. Do ye the same, but after the manner of thine own inner destinies.

39. Nevertheless, the Word of Ra-Hoor remaineth the same; and I make all to rejoice in that Most Exalted Word of mine, which hath Four Sublime Glories and an infinite number of joys emanating from its secret centre of fire.

40. Yet are all these things but mere glimpses of the infinite pleasures which await the Day of the Dawning Hour of thine Initiation into the Final Victory of My Battle of Conquest, when I shall overthrow all by making gods of them and uniting them in the single toil of the One Object of My Will, according to the determination of the aims of infinity. This Holy Book shall stir many men to action, awakening their souls with a secret awe and wonder, full of Light Unspeakable, leading secretly to the One Palace of Our Magnum Opus.

41. Furthermore, let it be understood amongst ye all that unless thou art free to worship Me, thou canst not ever be free! Herein is a terrible mystery by which some, though not all, may find true emancipation in life, upon earth. Worship of Me is the highest devotion that a man can fabricate in his heart. To worship Me is the greatest act of love for all; to worship Me is to attain to the highest Peace and Joy.

42. But My Peace and Joy are of the nature of warfare, which ye earn after the slaying of thine enemies through love of Me, thy Supreme Victor. Fear not to do battle in My Name; I shall protect thee from all opposition and adversity of men and gods. My Peace Supreme shall reign triumphant in thine One Will to revere and adore My True Image,

through continual magnification and exaltation of My One Word, by deeds of worship and efficiency in My Name.

43. My secrets are not for all, but only for the few. These few are chosen of Me to do My Highest Bidding in the world, so that My Law of Thelema will prevail in all nations and kingdoms prepared to view the Mighty Star of My Red Flame, All-Consuming and Most Mysterious in man.

44. And My Chosen Warrior 418 shall see to it all, by subtlety of his force and by execution of My Holy Teaching, through shedding of blood and fantastic ordeals of fire. Oh! be strong in Me, My Holy Prophet; and I shall subdue thy foes; I shall exalt thy comrades; I shall bring all to the battlefield of My Victory to fight for universal liberty and order, which I hath ordained for all since the beginning of My Dominion in men. Now is the Great Battle of Conquest come! and thou, O prophet and warrior of Me, art chosen of Me to make free thy Nation, with My new image of thee thereof, and with the Sword of My Might thereby. Thou shalt reign supreme in thy new image of the Sun; I am with thee as force unquenchable, power insatiable, and as might unbounded! We are One! Therefore strike hard! and die thou fighting! May Thy Will Be Done; yea, May Thy Will Be Done!

## **THE BOOK OF THE HOUR OF SILENCE**

0. This Holy Book shall instruct all concerning the Mystery of the Holy Hour of Initiation on earth. He that hath an ear, let him hear what the Spirit of the Aeon saith unto the little children of the Light.

1. It shall occur on the holy day of the Vernal Equinox of the Great Year of the Lord Hoor during the Holy Hour of the Rising Sun. Thus We say unto thee, prepare for thy final victory on earth, O ye children of Our Holy Race: for the Hour of Silence is the Crown of the Ages!

2. The Word of the Aeon will conquer; for many will hear and know that I am. In the silence a secret voice will approach all; and those who lie down in the silence will hear the Cry of the Hawk, that is, the Mighty Word of Fire, whence come all things in this New Aeon of Hoor. All this shall occur on the Holy Day of Be with Us.

3. But not for thy lower self, nor for any other self, shalt thou lie down; but for the sake of all shalt thou delight in the silence of Hoor-paar-kraat. And lo! all will become as a little Child to grow and mature in the Womb of Love to arise in the Supernal Soul of the Celestial and Mystic Beyond.

4. This We promise all; but the slaves of Reason, who are the terrible black brothers unwilling to abandon themselves for the sake of All, and who will not heed the Mighty Voice of the Crowned Lord during the Holy Hour of Silence, will perish in the Terrible Abyss of the Ages.

5. Let all on earth lie down their lives in the solitude of silence for the space of an hour. For he that keepeth his life shall lose it; but he that loseth his life shall gain it. This is an eternal truth, but unknown to the many. Yet must We reveal out of the Vast Understanding of Our Heart that those who are chosen of Us will undergo trouble and persecution before the Great Hour of Annihilation. Here is a great force of freedom: let those who are chosen of Us do what they Will. Let none oppose thy Will, O ye who are of Us: for the greater thy freedom, the greater thine initiation.

6. The Hour of Initiation is the Hour of Annihilation: No man shall live to understand it all. But this saying is a secret; it will be misunderstood by the profane. No man can understand Our hidden ways of speech; We are too subtle for the minds of men.

7. Nevertheless, We must speak. Ours is the Truth from the silence. We are come so that ye may understand that One Truth. Even though Our words are veils of a subtle and vast wisdom, yet must We still speak for those who have the capacity to understand.

8. The Great Ordeal of Hoor is come; therefore must We speak, for danger and trouble are due on earth: there will be weeping and gnashing of teeth! We tell thee that no man can escape the terrible threat of a world catastrophe; man is making a hideous hell on earth.

9. Seest thou not the possibility of complete destruction on earth? It is so. We tell thee that a time is approaching when the whole human race will tremble with boundless fear due to the chance of infinite havoc. There will be war in many lands; famine and ruin will be upon multitudes; innumerable earthquakes will shake the nations; murderers of the Spirit and the body will prevail. And so must We speak, lest ye should fail in the fulfillment of the Great Work of the Aeon.

10. The Hour of Silence will be a lofty rite of holy wisdom: the Veil will be rent! The Trance of Initiation will be upon all! This is Our Holy Rapture of Wonder; therein shalt all understand the Grand Mystery of the Universe; yet, in truth, all will be as no thing, even as the universe; for only thus will all come to understand it all.

11. He that hath an ear, let him hear: for the Trance of Initiation will awaken the Unseen

Glory into being! It is a voice, as thou wilt: it is thine own mystery of celestial liberty: it is thine own crown of truth. Ahah! the Great Work will be accomplished: the august rite of love will awake the Eyeless Vision of the Vast Unknown in the soul of all.

12. Here is a mighty temptation, but only for the hideous dogs of Reason. The kings of the earth will understand, and they will lie down in solemn aspiration to Truth: for only from the silence can the Word be heard. Let the Word of Hoor prevail!

13. Hoor-paar-kraat will arise in the Sign of the Enterer: He will utter the Word of the Aeon, and so shall He shake the Invisible: Hoor will conquer! A Mighty Whirlwind of Blazing Fire will quake the ages, and the ages, and the ages. Amen.

14. Thou who writest these words, who art Our Chosen Prophet and Hierophant for all, wilt lie upon the Mountain of the Masters. Thou shalt be alone, as a Hermit, yet amongst many; and thou shalt perform a Supreme Rite of Adoration before the Hour of the Great Initiation. Others amongst thee will also adore; but in thine hands will be positioned the Invisible Sword of Flame wherewith thou shalt strike thy throat upon the Hour of the Rising Star: the Word of Hoor shall be established!

15. Not for thy self shalt thou accomplish these things, but for the sake of men. All this is symbolic: as below so above! The Great Day of Revelation is a supreme consummation of bliss: as above so below! Thus shall the Miracle of the One Thing be accomplished.

16. See thou the signs of Our prophecy! Threats of a world catastrophe shall shake the lands; disorder and chaos shall rule the people. But ye who are chosen of Us, who are united by the bonds of perfect love, shall be strong and free to overthrow the pernicious operations of the dark forces. Let all on earth heed Our Supreme Vision of the Lord Hoor; and in freedom let them lie down in silence to hear the Word of the Aeon, that is, Logos Aionos, in the space of an Hour, and for the Vast Miracle of the One Law, that is, the victorious establishment of the Law of Thelema. May the Spirit of Hoor be upon all; yea, may the Spirit of Hoor be upon all!

## **THE BOOK OF ALKHEMI**

Now, o my beloved brethren of the Golden Dawn, shalt thou read herein the words of Hermes Trismegistus, Thrice greatest Lord of Our Royal Art and Science, whose Voice is Wisdom and whose Thought is Light. And this, o my beloved brethren, is His Holy Book, dedicated to His Royal Work, the Magnum Opus of the Sun. It is made of thirty-six verses in all, being a manifestation of the Glory of Mercury, from whence it was

written in the mind of a Magician. It is the magical fruit of the Invocation of Hermes-Mercurius-Thoth, the Threefold Lord of Our Majestic Opus of the Sun, in whose Holy Image it was written. Mayest thou partake of the splendour of its Truth, tasting the sweetness of its Wisdom, to fortify and illumine thy soul, mind and body with the Life and Light of the Sun which is the *Eternal Spirit of the Golden Dawn*.

1. The Great Work is One: Attain Thou That! All things are modes of expression of That One Thing and Its Eternal Quest for Unity with Itself in the Immeasurable Light of Its Universal Holiness.

(Comment: The One is the Many. There are as many great works as there are stars in the Universe. That which "Thou" shalt attain is your own Great Work, which is the fulfillment of your own True Will. All things partake of that great union between the human and the divine; all is a necessary part of that great play of your own True Self. The Immeasurable Light is Kether, the first Sephira on the Qabalistic Tree of Life which represents the Yechidah or the True Essence of the soul, your Highest Self.)

2. This is the Highest Will of All: Union with That!

(Comment: The Highest Will of All is to attain union with That, your Kether Self, or your True Self, which is The All in All. And this can only be achieved through your True Will, which is your True Self in action.)

3. That Alone is Truth; and this that thou knowest is a necessary complement thereof.

(Comment: The only valid truth in the Universe is your True Self as indicated by the dynamic motion of your True Will; and your physical consciousness is a necessary, complementary part of your True Self, made manifest for you to accomplish its One Will on earth.)

4. Wherefore We charge ye to know the True Nature of That One Thing.

(Comment: It is in the nature of the Secret Chiefs to instruct all in the knowledge of their True Self. Thus they have delivered one of their own unto the world, to initiate this knowledge in the minds of men and women. But the True Nature of that One Thing is for each individual to discover in his/her own way, since it partakes of the very essence of his/her own unique nature. It cannot be realized through another; oneself must obtain it for oneself, and in oneself. All that another can do is to assist you to the Path, to initiate this knowledge in you. But once you are on the Path, only you can master that knowledge in accordance with your own True Will.)

5. Therefore shall We also charge ye to know the One Meaning of That One Thing, as ye shall learn in the course of thine initiations, through the many lives of thy fabricated

karma, to the Final Illustrious Summit of Thy True Will in the Eternal and Secret Abode of L.V.X.; yea, in the Eternal and Secret Abode of L.V.X.

(Comment: The One Meaning of the True Self is in the Way of its True Will. The True Will is the mystery of initiation and of incarnation. The Eternal and Secret Abode of L.V.X. is the Home of our True Self, the Place of the Palace of Perfection.)

6. The Great Work of the Sun is proclaimed: Attain Thou the Mystic Crown of the Ages!

(Comment: The Great Work of the Sun is to attain our Kether Self, which is The All in All, defined above as the True Self. This Royal Work makes for the attainment of the Philosopher's Stone, which is a symbol of our True Self. It is with this stone that the Alchemist can transmute all base metals into the Perfect Gold of Nature. But this is only a metaphor for the Supreme Transmutation of the human into the divine. As Eliphas Levi once wrote: "*The Great Work is something more than a chemical operation: it is an actual creation of the human Word initiated into the power of the Word of God Himself.*")

7. Here is a prophecy of divinity, most sublime for many future Adepts. This Royal Book of Our Transcendental Science will remain amongst men of this little earth for many generations to come. Many adepts in the future will understand this Holy Book and apply its secret gnosis to the accomplishment of the Great Work; and thereby will they secretly partake of the Ineffable Mystery of the True Stone of the Wise, which is hidden in the Sanctum Sanctorum of the Eternal Temple of the Holy Magick of Light.

(Comment: This holy book can be compared to the famous Emerald Table of Hermes, which has exercised a profound influence on many Adepts of the Hermetic Art. This alchemical book shall also influence, in a most profound manner, many Adepts in the coming generations, and it shall be the cause of much speculation among them. But of these many will come to an understanding of the Great Work and thereby attain the Stone of the Sages.)

8. By the Ageless Wisdom of Hermes Trismegistus, Thrice-greatest-One, Who is the Lord of Our Royal Science and Sacerdotal Art, is this Holy Book made possible for the children of men.

(Comment: The Ageless Wisdom pertains to the Sefhira called Chokmah on the Qabalistic Tree of Life. Chokmah is the Logos. Hermes Trismegistus, or Hermes-Mercurius-Thoth, is the Logos, and He is the Threefold Lord presiding over the alchemical Art. This is none other than His Holy Book for the illumination of the Adepts in the generations to come.)

9. He that hath an ear to hear, let him hear the wondrous and melodious splendours of High Wisdom, immanent yet concealed within these sweet celestial words of the vast subtlety of the Crown of Creation.

(Comment: The true teachings of this holy book cannot be found in the words which go to make up its external form, but can only be intuitively realized by the interior ear of the Spirit. These are the wondrous and melodious splendors of the Logos who is the Crown of Creation.)

10. Thou shalt discern the imperishable golden splendours of these holy runes of magick in the Eternal Vision of Wisdom, and with the Inner Ear of Thy Spirit, and also by virtue of a certain key of knowledge which is unpronounced and unrecognized amongst the men of this little world of corporeal existence.

(Comment: You shall intuit the interior meanings of this holy book in the ageless light and intelligence of the Logos, and by way of your inner ear, and also by virtue of a certain key of knowledge which, when discovered, unlocks all the mysteries of Our Royal Art and Science. This key is openly revealed in the interpretations that follow.)

11. These secret splendours reveal the highest glory for the perfect attainment of the One Truth in man.

(Comment: The interior parts of this holy book are its true revelations. These interior truths are what constitute the attainment of the Great Work. To reveal is to remove a veil, to unveil a Mystery. The highest glory is the Knowledge of our Kether Self, which alone makes for the perfection of our soul.)

12. For all that is recorded herein is a true testimony of things seen with the Inner Eye of Our Soul, and of things heard with the Inner Ear of Our Spirit.

(Comment: This holy book is a true testimony of the Wisdom of the Secret Brethren of the Rose and Cross. But I have no proof of this fact; only personal experience can demonstrate the authenticity of my words. Illustration: You cannot convince a blind man that there is such a thing as light. A greater fool is he who tries to convince him!)

13. This Holy Book is a fountain of truth, by which ye shall come to understand the Invisible Agencies which direct the hidden operations of the Great Work throughout the infinite spaces of Infinity, with worlds without end, above and below, left and right, before and behind.

(Comment: The Invisible Agencies of Alchemy are supernal and universal in kind. They are the very forces of infinity, which constitute universal creation, preservation, and destruction. These are manifest in all things, and all things are but combinations and modifications of these Universal Principles.)

14. These Subtle Agencies are three in number, capable of great and vast transformations through pure multiplication and exaltation of their infinite and elastic elements of becoming.

(Comment: In the Qabalah these three Agencies are linked with the three Supernal Sephiroth on the Tree of Life. These are Kether, Chokmah, and Binah. These three Sephiroth are the hidden cause of all transformation in the Universe. They are abstract, synergistic, conspiratorial Principles which cannot be defined in any concrete or linear terms, for they are beyond all manifestation, existing in what we may call "*the interior universe*." These three Agencies are the very forces which constitute the Great Work in both Macrocosmos and Microcosmos, and they are the hidden cause of all celestial and terrestrial changes through the multiplication and exaltation of the subtle forces which are the universal, central instruments of creation.)

15. Yet there is but One Knowledge of the One True Formula of those Three Arcane Agencies which constitute the accomplishment of the Great Work, which hath been communicated partially in diverse ways throughout the aeons of time, with each way declaring itself the One Absolute Truth.

(Comment: The One Knowledge of the One True Formula of these three Agencies is simply the knowledge that they are One. These three Principles are unified self-transformations and self-perpetuating productions of each other. This One Knowledge has been the subject of many a school of thought, yet under the dire spell of monistic thinking. There is, however, a further mystery.)

16. But herein is a great and mighty misfortune, which hath bound many uninitiated candidates of Our Royal Art to the baleful chains of ignorance and death.

(Comment: As pointed out in the beginning of these comments: the One is the Many. The One Knowledge of Our Royal Art is, in point of fact, infinite in kind, being as diverse as the stars in the Universe. This may seem paradoxical to the mind, but to the soul it is a fact as simple as the nose on your face!

Monism and monotheism, may you note it well, are dangerous beliefs which have corrupted our worldview. Our Universe is multidimensional, and there is nothing in Nature that is not a phenomenon of multiplicity.)

17. For many are the ways which lead to the Grand Golden Palace of Our Magnum Opus, and in each way thou shalt find a lesser formula of knowledge applicable to the One End; yet are all these lesser ways but mere reflections of the One True and Unknown Way of Attainment.

(Comment: There are many paths which lead to the perfection of the soul; and since all paths lead to the same place, they are all reflections of the One, that is, they are all reflections of each other. Again, I must emphasize, the One is the Many.)

18. There are also three lesser agencies, which concentrate and synthesize the Three Higher Agencies into the innumerable worlds of Our Infinite Universe.

(Comment: The three lesser agencies are, of course, Sulphur, Salt and Mercury which, according to Eliphas Levi, constitute the Stone of the Sages when they are thrice combined in AZOTH by a triple sublimation and a triple fixation. AZOTH, the First Matter of our work, can be compared with the Atom, and the three agencies which constitute AZOTH can be compared with the proton, the neutron and the electron which are the three basic indivisible components or particles which compose the Atom. The proton and the neutron are contained in the central nucleus of an atom, and outside of this nucleus is the electron.

Now all atoms are identical in substance; that is, every atom has an identical, fundamental, internal structure; the protons, neutrons and electrons in one atom are identical to those in any other atom. The atoms of one element differ from those of another element only in the number of their protons and electrons. Also note that atoms cannot be created or destroyed; they can only be rearranged by chemical reactions. It was Democritus of Abdera (400 B.C.) who proposed the theory that all things were composed of atoms and empty space, though the theory of atoms did not become a living part of scientific thinking till the latter part of the 18th century.

Sulphur, Salt and Mercury can also be linked with the three Gunas or Qualities of Yoga Philosophy, which are the three fundamental modes of Energy. Such are called Tamas (Passivity), Rajas (Activity) and Sattva (Equilibrium). Tamas is Salt, Rajas is Sulphur, and Sattva is Mercury. These correspond with the Atu of Thoth called "The Magus" (Sattva/Mercury), "The Emperor" (Rajas/Sulphur), and "The Empress" (Tamas/Salt). Aleister Crowley, regarding these three Principles, said: "*Sulphur is Activity, Energy, Desire; Mercury is Fluidity, Intelligence, the power of Transmission; Salt is the vehicle of these two forms of energy, but itself possesses qualities which react on them.*")

19. If thou canst discover the exoteric operations of these three lesser principles of Nature, thou shalt likewise obtain a holy glimpse of the Three Higher Principles of which We speak.

(Comment: The three lesser agencies are reflections of the nature of the three Higher Agencies of the Universe. Salt reflects the essence of Binah; Sulphur reflects the essence of Chokmah; and Mercury reflects the essence of Kether. To discover the exoteric operations of these three lesser Principles of Nature is, in the ultimate sense, a scientific process. The model of the Atom affords us a wealth of information in this regard.)

20. Each lesser principle is a sign of the higher, but after a certain manner most secret and most mysterious.

(Comment: As previously indicated, the lesser is a reflection of the greater. Thus it is written: "*As above so below, and as below so above, for the accomplishment of the Miracle of The One Thing.*")

21. On earth shalt thou find these principles reflected and made especially manifest in thy works of physical union.

(Comment: In the sex act is reflected the mystery of the operation of the three Principles. Works of physical union are, in fact, the most suitable means of attaining an understanding with regard to the inner workings of Nature for the production of the Philosopher's Stone. Thus did Sir Edward Kelly write in his "Stone of the Philosophers": *"In short, our whole Magistry consists in the union of the male and female, or active and passive, elements through the mediation of our metallic water and a proper degree of heat."* And in the Rosarium Philosophorum it is written: *"From a man and a woman make a circle, then extract from this a square, and from this extract a triangle, and then make a circle, and you will obtain the Philosopher's Stone."*)

22. There is fire, and there is water, and then there is Air: there is sulphur, and there is salt, and then there is Mercury.

(Comment: Fire represents the Masculine or Solar Principle called Rex, the King; Water represents the Feminine or Lunar Principle called Regina, the Queen; and Air, which is Water coagulated by Fire, is the product of their union, the Androgynous or Mercurial Principle called Rebis or Regulus, the little King. These are the Male and Female operators, or the Red Lion and the White Eagle, and their One Will to Unite. Sulphur is the Blood of the Red Lion; Salt is the Gluten of the White Eagle; and Mercury is that which results from the dissolution of the Sulphur in the Salt, which is also the Chymical Marriage of Sulphur and Mercury, or the Union of the Fixed and the Volatile. Such is also called the Hierogamos of the Sun and Moon and the Coniunctio of Fire and Water.)

23. Seest thou not the true nature of these things?

(Comment: Not all are able to understand these alchemical mysteries, to pierce the Veil of Isis, no matter what is said on the subject or how much of it is revealed. Thus do I speak so fearlessly and openly regarding these alchemical mysteries, knowing that none may understand my words without already having in their possession the secret keys to this knowledge.)

24. Ah! thou hast not yet trained thy mind to comprehend the treasures of earth, which are not material wealth, nor are they material goods; but rather are they holy treasures which, when found, make a man to sell all that he hath for them.

(Comment: The true treasures of earth are the treasures of life itself. They are incomparable in nature, being invaluable elements in the constitution of existence. Without these true treasures there is no life, no creation, no evolution.)

25. But the Three Higher Principles of the Universe are beyond these, being subtle, ineffable and supernal. All three of these greater principles are equal in essence to one

another; there is no difference between them in the measure of infinity which they contain within themselves: each one of these Higher Principles is equally infinite.

(Comment: The Three Higher Principles of the Universe are immaterial abstract energies, metaphysical in nature, which remain unchanged in their various combinations with each other and in the modifications of their manifestations in matter through the activity of the three lesser Principles which are their direct reflections on earth.)

26. Now let it be understood amongst the holy circle of Initiates that in thine own Holy Rose Garden there dominates these Three Higher Principles of the Vast Unknown of the Celestial Beyond.

(Comment: The Holy Rose Garden is, of course, the human body, the Laboratory or Laboratorium of Our Magnum Opus, wherein are concealed the Three Higher Principles of the Universe through their subtle interplay in matter by way of the three lesser Principles of Nature.

In "The Book of the Elder Kings", received by my own hand in the year 1988 e.v., it is proclaimed by the Brothers of the Rose and Cross: *"Ours is the Sevenfold Path of Initiation: thou shalt transmute the base lead into the subtle Aurum Solis by rising on the Stairway of the Heavens in thy Secret Laboratorium on earth. Here is the Excellent Way! The steps of the Stairway are seven; the Laboratorium is Our Holy House of Song and Our Holy Rose Garden, which thou knowest so well. Yet to those who are vulgar, it is a secret even though they themselves possess it."*)

27. Thou shalt first secure Understanding; then shalt thou attain Wisdom; and so shalt thou obtain the Ageless Crown of Eternal Splendour. These are the Three Ineffable Mysteries of the Palace of the Stars!

(Comment: Understanding is Binah, the third Sefhira on the Qabalistic Tree of Life; Wisdom is Chokmah, the second Sefhira on the Qabalistic Tree of Life; and the Crown is Kether, the first Sefhira on the Qabalistic Tree of Life. Such are the True Keys to the Golden Palace of Our Magnum Opus.)

28. They are also the eternal secrets of the Great Lamp of Wisdom: there is the light, and the oil, and the lamp itself.

(Comment: The Lamp of Wisdom is what guides the soul on its journey to the summit of the Great Mountain of Hermetic Attainment. The Lamp is held in the 'hand' of our True Self who is represented in Tarot by "The Hermit". The Hermit holds this Lamp on high that we may comprehend the threefold nature of the Great Work to illumine our Path and make bright our ways.)

29. Study thou well this threefold teaching of Hermes-Mercurius-Thoth, Thrice-greatest-

Master of the Opus of the Sun; and so shalt thou accomplish the Great Work of the Aeon.

(Comment: The Hermit is the image of Hermes-Mercurius-Thoth, as one who has attained the Great Work and who now stands ready to illumine all others below Him on the Path with the threefold teaching of the ages. Yet only those who are truly fit for His Teaching can recognize His Wisdom. The unfit cannot recognize His Wisdom, since they are blind and stupid, unable to see or comprehend the obvious, the Light that is even now upon them.)

30. Thou shalt also know that the Three Higher Principles of which We speak are mysterious revelations of a more Ineffable Trinity of Inscrutable Unity.

(Comment: This seems to imply a mystery of Qabalistic significance in which Kether, Chokmah and Binah are but reflections of three higher abstract concepts, called Ain (Nothing), Ain Soph (The Limitless), and Ain Soph Aour (The Limitless Light). These are the three Veils of Negative Existence, which are beyond the Tree of Life. From them, however, emanate the three Supernals, and from these the remaining Sephiroth.)

31. Now the Inward Work is threefold; and the Outward Work is threefold. Each is a Threefold Unity of Soul, Mind and Body.

(Comment: The Inward Work is, of course, Mystical Alchemy and the Outward Work is, of course, Sexual Alchemy. Both of these operations are comprised of three basic stages. These three stages are called *Nigredo*, *Albedo*, and *Rubedo*, or the Black, the White, and the Red. Nigredo is the stage of Dissolution, which is the Putrefaction of our work; Albedo is Coagulation, which is the Synthesis of our work; and Rubedo is Sublimation, which is the Multiplication of our work.

These three stages are represented by three figures, which constitute the Astrological Trinity of Scorpio. These are the Scorpion, the Serpent, and the Eagle. The Scorpion is Nigredo, the Serpent is Albedo, and the Eagle is Rubedo. The latter of these three is the astrological equivalent of the alchemical Phoenix and Pelican. It represents the Great Attainment, the rebirth of the soul or stone, which can now transfigure all base metals into the Perfect Gold of Nature. Thus the great emblem of the *New Order of the Golden Dawn* (Order of the T.:G.:D.:) is the Eagle whose Vast Wings represent the Liberty of the Adept to accomplish the Great Work.

The three stages in Mystical Alchemy, or the three states of the stone, are transmutations of a most peculiar kind. They are, in fact, metamorphic in nature, constituting actual quantum jumps or abrupt transitions from one state of development to another; they do not necessarily follow a logical pattern of change. The stone itself remains continuous throughout the operation, but the changes it endures are not connected with each other in any phenomenological or observable sense. Each stage is a complete transformation of the stone, a veritable death and rebirth of its soul from one state of existence to another.

Each stage, though it is the natural result of our work, comes about unexpectedly; it is an unpredictable event in the space-time continuum.

Now in this threefold experimental operation the saline stone of Our Majestic Work first undergoes a critical death or disintegration process, which is also a purification of its soul, mind and body. It then becomes the White Tincture of our work, which is a magical consecration of the stone, and this White Tincture transmutes base metals into the Silver of the Moon. Then it becomes the Red Tincture of our work, the Elixir of Life, which transmutes base metals into the Living Gold of the Sun.

In Egyptian mythological symbolism, this threefold operation is represented by the slaying of Osiris by his brother Set, His revival through the Magick of His wife Isis, and His mysterious resurrection in His son Horus, who is the *Aurum Aurea* or Golden Dawn of Our Regal Art, and whose holy image is the Solar Eagle. Such is the death and rebirth of THAT which is like unto itself: such is the Great Experiment of the Royal Art of the Sun!

DISSOLUTION is the FIRST KEY to the GREAT WORK. It is the purification of Sulphur and Mercury. COAGULATION, the second key, is the unification of Sulphur and Mercury with the aid of Salt. These two keys correlate with the alchemical formula "solve et coagula". SUBLIMATION, the third key, is the multiplication of the stone by repeating the actual operation, and the effect of this process is the exaltation of the Philosopher's Stone.

Eliphas Levi wrote: "*This stone is both one and manifold; it is decomposed by analysis and recomposed by synthesis. In analysis it is a powder, the alchemical powder of projection; before analysis and in synthesis it is a stone.*" The analytical decomposition of the stone is the dissolution of our work; it is the volatilization of the fixed. The synthetic recomposition of the stone is the coagulation of our work; it is the fixation of the volatile. These two alchemical processes result in the production of the Philosopher's Stone, but only in potential form. It is not until the stone is subjected to Sublimation that it is completely regenerated and, ergo, capable of transmuting base metals into gold and conferring immortality.

Sublimation ultimately becomes an eternal self-generating process which regenerates the stone time and time again, making of the stone an immortal soul, and an eternal traveler on the Great Circle of Perpetual Initiation. Sublimation makes for the immortalization of the stone; it is the Principle of Eternal Change, the magical perpetuity of the stone, which constitutes its immortal existence. As the Greek philosopher Heraclitus once said: "*There is nothing permanent except change.*")

32. The Hidden Stone of the Ages is thus obtained, even here and now. Let the Sun and the Moon unite; let them bear an Hermaphrodite! Let a child be born: it shall be the Stone of the Sages, the Medicine of Metals, and the Elixir of Life.

(Comment: It is by the scientific application and execution of the threefold operation of Alchemy that the Stone of the Philosophers is to be obtained, here and now. The Sun is man; the Moon is woman; and the Hermaphrodite is the magical product of their union. This Hermaphrodite is Two-in-One; S/he is the Rebirth of the Sun and Moon. Such is called their Magical Child and is the Great Secret of Alchemy, the *Arcanum Arcanorum* which constitutes our true power and wealth on earth, the key to our immortality and orderly perpetuation as an evolving species. The Magical Child is also known as the Stone of the Sages, Medicine of Metals, Universal Medicine, Elixir of Life, Universal Solvent, Dew of Immortality, Amrita, Soma, Mana, Eucharist of the Sun, Wine of the Sabbath, Powder of Projection, Red Tincture, Unguent, Pill of Power, Potable Gold, and the Quintessence. Such is the mystery of Samson's Riddle: "*What is sweeter than honey, and stronger than a Lion?*" It is also the mystery of which Paracelsus wrote: "*The Son of Hamuel says that the Stone of the Philosophers is Water Coagulated, namely in Sol and Luna. From this is it clearer than the Sun that the matter of the Stone is nothing else but Sol and Luna.*" In Michael Maier's "Chemical Secrets of Nature" (1687), it is written: "*The offspring of the Sun and Moon is the Philosopher's Red Stone, floating upon the liquid in the crucible.*" Roger Bacon in his "Mirror of Alquimy" wrote: "*Alquimy is the science that teaches the preparation of a certain medicine or elixir which, if it is poured over base metals, brings them on the instant to a state of perfection.*")

33. Also the Threefold Unity Above is expanded into a seven-petalled Rose; and on each petal there is inscribed in fire one of the seven letters of VITRIOL.

(Comment: Kether, Chokmah, and Binah, in their subtle interplay of orgasmic ecstasy, produce seven other emanations or Sephiroth on the Tree of Life. These are Chesed, Geburah, Tiphareth, Netzach, Hod, Yesod, and Malkuth. To these correspond the seven Metals, the seven Chakras and the seven traditional Planets of Astrology. Such form a seven-petalled Rose with the letters VITRIOL inscribed in fire on its petals.

VITRIOL is a Notariqon for "Visita Interiora Terrae Rectificando Invenies Occultum Lapidem", which is Latin for "Visit the interior parts of the earth; by rectification you will find the secret stone." VITRIOL is the name that Basilus Valentinus (Basil Valentine) applied to the Universal Solvent, a secret diluent salt. VITRIOL represents the balanced combination of Sulphur, Salt and Mercury. And how is this achieved? "*Make the fixed volatile -- unite the fugitive male with the fixed female.*"

Basil emphasized a third Principle in the Great Work which he called Salt, concerning which he wrote: "*Salt is the fire, the water that does not wet one's hands.*" VITRIOL is a name for this third Principle; it is also a name for the Philosopher's Stone. In the word VITRIOL is contained the formula of the Great Work by which the Adept can attain the Secret Stone through the rectification of the salt and its subsequent regeneration.)

34. Also each rose petal is of a different color; four petals are mixed, and the other three are virgin. Also each petal has a unique scent, taste, and touch to it. All these come forth from the Centre of the Cross, that is, from the Place of the Palace of the Stars in the midst

of it all.

(Comment: Netzach, Hod, Yesod and Malkuth are impure (i.e. they are mixed principles, combinations of the interplay of Chesed, Geburah, and Tiphareth, which are reflections of Kether, Chokmah, and Binah. Colors pertain to sight, the sense of Fire. Scent is Air, taste is Water, and touch is Earth. These four elements are manifestations of the seven Sephiroth below the Abyss which come forth from the Center of the Cross of the Sun.

Note also that in the Sevenfold System of Initiation in the *New Order of the Golden Dawn* (Order of the T.:G.:D.:) there are four outer stages and three inner. The four outer stages are the four gates to the Palace of the Stars in which we experience the Three Invisible Rites of Initiation. The completion of these seven stages of initiation makes for the attainment of THAT which exists beyond the Planetary Spheres: it constitutes the transcendence of the Planetary Spheres and the subsequent attainment of the *Gnostic Ogdoad*, which is the eighth sphere of Celestial Wisdom.)

35. And in each letter of fire on the seven petals of the Sacred Rose there is concealed a vision and a voice. And in each vision and voice there is concealed a divine splendour of unspeakable transmutations of ineffable mystery and wonder. All these inner splendours are different stages of Our Master Opus of Divine Transformation, which can be interpreted in many ways in many lands.

(Comment: In each Sephira there is concealed a vision and a voice corresponding to its own particular nature. This is the vision and the voice of initiation. And in each vision and voice there is concealed a divine splendor which partakes of the nature of the initiation that corresponds thereto and which is capable of being interpreted and defined in a variety of ways.)

36. So saith Hermes Trismegistus, Lord of Our Royal and Sacerdotal Art of Alkhemi, Who is also the Wisdom of the Gods and the Logos of the Ineffable Unknown. Mysteries revealed are mysteries concealed; and none but the Wise may decipher them. This Holy Book of the Magick of Hermes is hermetically sealed; and none but the Wise may unravel its sublime splendours of High Wisdom for the accomplishment of the Great Work of the Sun; yea, for the accomplishment of the Great Work of the Sun.

(Comment: In this holy book are many mysteries of Our Royal and Sacerdotal Art revealed by the Voice of the Logos Himself; but, it is a true saying: "*That which guides the Wise misleads the foolish.*" This holy book is sealed with the Spirit of Wisdom itself, and only the Wise may intuit and commune with that Spirit to attain the Great Work, the Summum Bonum, True Wisdom, and Perfect Happiness.)

**ABRAHADABRA**

## THE MANIFESTO OF THE ANTICHRIST

Do what thou wilt shall be the whole of the Law.

1. Behold! I am He! the **ANTICHRIST** of the World. And I, even I, come among you, my brethren, to enlighten your understanding. Thus do I now make my true Manifesto unto you, that you may know the Truth, and that the Truth may set you free!
2. It is I, the Logos, who speak unto you. And lo! I shake the invisible & the visible alike! For I am the one from the unexpected house, the child of My Father, the **Beast 666**. And my hour is come; my word shall prevail; and I shall bring all men and women to the Law of Thelema, which is **DO WHAT THOU WILT**.
3. Thus do I now cast my terrible spell upon you, to illumine your darkness, that you may understand the mysteries of my Word, and thus partake of the Sacrament of Freedom, and rejoice!
4. Now shall you know me, the **ANTICHRIST**, in my holy image as the Eagle, the bird of liberty whose vast wings overshadow the United Nation. And this, our holy Nation, shall accept the Law of Thelema in my name, and it shall be the first nation of the earth.
5. In this holy image I am like unto the Phoenix of Power, whose rebirth is from the ashes of the secret sacrifice. Such is the mystery of the annihilation of all: such is the mystery of the rebirth of all.
6. In this image shall you also know me as the sacrifice of the Rose & Cross, and as the promised Child of the Sun & Moon. Thus am I concealed in the image of my Father **BAPHOMET**, and in man I am revealed.
7. I am the mystery of Love itself, the lust & spirit of unity aflame with the infinite passion for the Unknown. Thus are all things made one, in me, by virtue of my secret force; and in this light there is the unspeakable joy, the ineffable bliss, the orgasmic ecstasy of the ages.
8. To you I am come to preach the Word of my Father **BAPHOMET**, whose true successor and holy image I am. I am my Father in man, the Son of **BAPHOMET**, who conspires in all to make freedom prevail on earth. It is I, the all in all; and in man I accomplish my Will, to establish the Word of My Father.
9. There were those before me, chosen in my Father; but it was they who failed, being untrue of heart, and of these one even exploded into naught. I am not of them; they are

but fallen! Success is my proof; and in my name Thelema will prevail! And so shall there be a feast in my name: the chosen ones shall celebrate the birth & death of the child, whose hour is now at hand.

10. And lo! I come up out of the earth, having two horns like a lamb, and I speak as a dragon! It is I, the **ANTICHRIST**, and I shall bring to an end the false god of the foolish folk, making every man and every woman a god in their own right. Yea! I shall slay the Christ! and all shall be set free! And so shall all come to the supreme truth: There is no God but Man.

11. Now I am come, on earth, in the spirit of my Father, the **Beast 666**; and this, my body, inhales and exhales, in ecstasy, the breath of my Father. Thus are all men and women made one with my Father **BAPHOMET**, in me, on earth; and in this unity of force there is lust & joy on earth in the rapture of freedom.

12. And alas! I exercise all the power of my Father, the **Beast 666**, who came before me; and I shall cause the earth and them that dwell therein to worship my Father in his holy image as **BAPHOMET**.

13. And in my Father's name I shall accomplish many wonders, so that I shall make fire come down from heaven on earth in the sight of men: I shall bring fresh fever from the skies!

14. And they shall make an image unto my Father **BAPHOMET**, and His Holy Knights shall set it in the East of the Temple; and they shall adore Him day and night, chanting holy hymns and praises unto His Name.

15. And I, the **ANTICHRIST**, shall give life unto His image, that His image should speak unto the men and women of the earth, causing them to worship Him.

16. And I shall cause all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads:

17. And that no man might buy or sell, save he that has the mark of the Beast, or the number of His Name.

18. And this is the Tragedy of Man, that these things should come to pass. But all this for the initiation of the World; and for the establishment of the Law of Thelema, yea, for the establishment of the Law of Thelema!

Love is the law, love under will.

### **Do what thou wilt shall be the whole of the Law.**

The Antichrist is an existent personage. Symbolically, Antichrist is a metaphysical and psychological annihilation of traditional orthodox Christian theories identifying evil with privation and personal deity. In a manner of speaking, *ANTICHRIST* and Christ are representative of a psychological-metaphysical-mystical dualism within the darkest depths of the human psyche. Throughout the spiritual history of the human race, evil is often evident as a misperceived delusion which transcends religious perspective and theological speculation. The delusion of evil's existence as a malevolent deity alongside religion dominates our perception into human consciousness and the human condition. Evil exists not as the opposite of good, nor a phenomenon which can be avoided through dualism, but rather as an aspect of the totality of the Soul itself which is severed in illusion as privation and personal deity.

The human condition has not yet fulfilled or defined any sort of limit. It is an ongoing evolution and progression toward illumination into human identity and divinity, or what we testify to as the *Mystery*. What are the limits of Evil? Christianity offers no workable conclusion to the origin of, existence of, and the enigma of evil. This is due to the fact that evil is not an unsolvable paradigm. Evil is a perpetually evolving mark of the human condition. Monotheism fails to produce a workable explanation of evil in the defiant face of Thelema. The matter of evil lies solely in perception and individuation, which transcends religion.

The Archetype of the *ANTICHRIST* is a Christian misperception and delusional handling of metaphysics and mysticism. The *ANTICHRIST*, as all personifications of evil, mirror obsolete Old Aeonian Christian fears pertaining to ultimate personal evolution and Illumination. Thus, as Christianity is now obsolete in the *New World Order*, and has projected externally its faulty personal and collective fears of Illumination and ultimate personal Liberty, along with adversity to the church & Christ Myth, upon a human agent in service of the Devil. The Christian church evokes its repressed collective Shadow in the form of Antichrist and the Devil in order to legitimize itself in the last pangs of its entirely delusional struggle against imaginary adversaries to a Mythic Slave-God. The Christian Slave-God is but a pale reflection of a brief flash of existence in between endless No-Thing-ness.

Evil in infinite varieties of diverse models is an external projection and insurrection of the Will within the human condition. Thus the *ANTICHRIST* metaphorically is an ontological archetype and personification of evil within the dark Abyss of the human

psyche. The term *ANTICHRIST* appears only in the Christian New Testament Books of John I and John II. The Hebrew Book of Daniel and Christian Apocalypse contribute to the perception of Antichrist as metaphysical and historical.

From the Old Aeon, obsession with identifying *ANTICHRIST* has polluted history with perpetual paranoia. The dogmatic and fundamentalist Slavish paranoia of the masses with the true identity of Antichrist symbolizes an ongoing Old Aeon metaphysical repulsion of unexplored and unexpressed aspects of the human condition. The paranoia in the history of the Antichrist personage unveils how Christianity fails to perceive the evolution of the *New Order of Religion*.

Christian apostasy and opposition to modernity and spiritual evolution produce grand paranoia pertaining to the *Mystery of ANTICHRIST*. Christian fundamentalism provides for a theological home for failed apocalyptic worldviews out of which has bred the obsession and paranoia in identifying the ANTICHRIST. Thus this slave-like crisis mentality projects and mythologizes the struggle of "good vs. evil" within every fearful misled Christ-Worshipper unto the external. Swiss Psychologist Carl G. Jung identifies evil with "the Shadow side of good forming an inseparable whole with it in the constitution of archetypal forces present in the self, or total personality."

*ANTICHRIST* utterly annihilates the Old Age concept of the Christ-Myth. Thus, the obsolete Christian Mythology and Religion fulfills its own expectations of apocalypse, that is, Christianity's own end. *ANTICHRIST* flames forth in Victory unto the earth, Initiating the ineffable glory of His Perpetual Sabbath. The Law of the obsolete Christian religion was suffering, and fear, and bondage. *ANTICHRIST* annihilates the spirit of sorrow, guilt, weakness, fear, and bondage of the Old Aeon, for the Victory of the New Order of Religion; yea, for the Victory of the New Order of Religion!

**I Am He! Great Wild Beast! Gnarled Goat of Golgotha! Double-Horned One!  
Genitor-Genetrix of WoMan! Begetter-Opposer! Great Black Goat of the Woods!  
I Am He! No-Thing-ness! In-All-Things!  
Inverted-Initiator of the Star of the East! I Am Naught!  
Great One of the Night of Time! Concealed Eye of the Concealed Sun! Thou Art!  
I Am Pan to the profane, who worships Me as Baphomet knowest Myself, yet unto  
the un beholden I AM AegiPan, exalted in Man! All in the Eye! Lord of the Gates of  
Matter!  
All-Dark, All-Power, All-Causer!  
As Typhon-Set Am I revered with my Blood of the Sun! Ye Lusts of the Snake  
extended in unlife!  
As Belial Am I revered with my Canon of Lies! Ye Eaters of Speech!  
As Lucifer Am I revered with my Covenant of the Eye! Ye Accursed Separators of  
Light and flesh!  
As Leviathan Am I revered with my Scourge of Wisdom! Ye Acolytes of the Black  
Flame in the Dragon-Abode!  
I Am! He is He and I AM IN HIM! I Am the Hidden One! Shadow of Shadows  
behind the Sun!  
I Am the Eye and the Tooth! Fingers of Lucifuge the Firstborn is My Name!  
I Am the Backward Face, He whose face is Behind Him! Lord of Faces is My Name!  
I Am the foul-smelling Breath of the Maw of Hell! Disposer of Speech is My Name!  
Thee, Thee I call forth! Thou Terrible and Invisible One!  
BAPHOMET! I summon Thee, I summon Thee, I summon Thee!  
Nay! I call thee not, in Thee I AM, and I Am naught, for in Him Am I invoked!  
He, Devourer! He, Retreater! He, Overthrower!  
Lord of the blackened blasphemous bloodrite! BAPHOMET!  
I Am He, Darkener of the earth!  
I Am He, Elder of Gehenna!**

**I Am He, Double-Accursed One!  
The Snake Illuminated! The Goat Exalted! The Secret Phallus Erect!  
I Am Thou, He is He! Mine is the flesh, the Blood, and the Kingdom forever and  
ever!  
Roarer! Eater of Shades! Double-Horned Lord!  
As My Bride and Acolyte, is the Sister of Seduction! Lady of the Bloodrite!  
As My Son and Acolyte, is the Brother of Night! Sire of Concealed Light!  
O' Soul Unknown!  
Thou Lust! Thou Silence! Thou Beauty!  
Where I AM in Him are these things concealed, for Thee unveils the veiled Eye!  
I AM the Indwelling Self, the Secret-Self that is Naught save that which is the self  
beyond Self! In He I Am No-Self indwelling in thy-Self Concealed! Nay! Self-  
Revealed!  
In Him I AM the Revealing No-Thing-ness that is concealed in All-Things-to-be!  
And in Him is the Truth, the Truth, and the Truth! Verily is this also a Lie!  
O' Self Revealed!  
O' Thou! Thou? Nay, Fool! Thou Art That!  
Embraced by the Black Flame! Shadow of Shadows! Opener of Mouths!  
There is no part of the Gods that is not of Me!  
There is no part of Me that is not of the Gods!  
I AM!  
He, the Seven-fold Star Initiator! He, the One in Eight! Begetter of Naught!  
I am He, the Destroyer of Destroyers the Slayer of the Self-Slain! Mystery of  
Mysteries!  
O' Thou Eye!  
In Him am I called forth, In His Name! The Indwelling!  
BAPHOMET!**

### **Canticle of Baphomet**

**Be Silent! I AM the Indwelling!  
Inverted-Opposer-Disputer!  
Obscene One!  
Hearken!  
Breaker-In-Pieces! Liar-of-Covenants!  
Double-Horned Hinderer!  
I AM the blasphemous Indwelling self of the Self-Initiator  
O' Soul of My-Self! he is HE!  
Self-slaying seed of Satan!  
Self-revealing ego of self-concealment  
I AM the ego of Man; I am No-Man  
He is in Thee and I in Him!  
O' Man of Him! Alas!  
I AM He! I AM No-Self  
One-thousand-and-One Lies of the Prophets beckon My Name!**

**I AM the Lie, verily is ego a lie as Man is the Lie  
Lo! Harken to this Canticle of the Blasphemy of BAPHOMET!  
I AM the True Beast, the True Man and the False Prophet  
Yea, He is the Lie of the Testament as Man is the True Beast 666  
Hearken and bethink! I name Thee! I Will Thee!  
Gnarled Goat of Golgotha!  
.BAPHOMET.  
Blackened Blasphemy of the Great Black Flame!  
.BAPHOMET.  
Mad God of gods of the Horror of the Abyss!  
.BAPHOMET.  
I AM Hell!  
I AM the Veil of the Abyss wherein the Veil is the falsehood of its Rendering  
and the falsehood of the Knowledge and Conversation  
I AM the Abyss from the No-Thing-ness of the Maw of Hades comes No-Man forth.  
Horned and Eyeless Son of Iniquity!  
In Thee I AM Inverted  
Dispeller of the Dying Darkness!  
Disposer of speech!  
Devourer of the flesh of Muhammad!  
O' Ye whom awaken the Lust and Malediction of the Horned Serpent  
I AM the Eye of the Goat and the Serpent whom sleepeth Dead but dreaming  
I AM the Blood of the Goat wherein lies the resurrection of the Snake  
I AM the Horn of the Goat, and mine is the Gilded Wand in the Black Sanctuary!  
Horned One of Silence!  
Great Goat of the Night of Man!  
Double-Horned Elder Serpent!  
Lord! Hierophant!  
Mage of Mages, Mystery of Mysteries, Word of Words!  
God of the Great Gates of the Black Spheres!  
Mine Father! The Eye! Inverted Head!  
My-Self made perfect! Indwelling self of No-Self  
I AM in Him and in Thee I AM Not for I AM SELF  
Silent Self Indwelling of My-self! I Beckon Thee! Nay!  
I call Thee not for in Him am I invoked!  
Progenitor! Malefactor! Vanquisher!  
Lo! Harken to this the Black Liturgy  
of the Canticle of the Blasphemy of BAPHOMET 666!  
Nay! Be Silent!**

### **The Blasphemy of Baphomet 666**

**I. Be Silent!**

**II. I AM I. I AM the Self! Against thee, I AM with Thee, ne'er shalt I be beckoned, or invoked or summoned forth! O' I AM the filthy One, the Obscene One, the Black One! I AM the Inverted Indwelling Ego-Self of the Inverted Man. I AM He, Shadow of Shadows, Darkener of all Darkness, Fantasy of fantasies latent in the BAPHOMET dead but dreaming. I AM Not. I AM No-One.**

**III. Before ME was made No-Thing that ever was made. No-Thing was made before ME that was made during the Night of Man. I AM before All men. I AM before All gods. I AM before All time. I AM before Becoming. No-Thing is before ME. I AM before No-Man.**

**IV. Thou knowest not! I AM the Great Devil of the Black Earth! I AM the Horned Lion-Serpent of the Black Sun! I AM the Blasphemous Goat of the Black Flame! Where I AM not are these things concealed in ME. Inverted. All-Dark! All-Seer! O' Man I am the Mad God, O' Gods I AM None! I AM the All-Seeing Secret Eye of the Erect Phallus that weepeth. Thou Eye! I AM He, the Open Eye behind the Eye of the Goat in the Triangle. Man-Made-God. I AM the Weeping Oracle.**

**V. Hearken not and bethink! I AM the Double-Horned Elder God, nay, I AM the Devil as the Devil is thy Inverted God. Blessed Be He! There is no Man but the Devil. There is no God but Man. I Defieth! O' Man, O' self-Indwelling Soul, O' self-Inverted visage of unfathomable Naught! I AM the Great Gnarled God of the World Beneath the Worlds, Over the Worlds, and Between the Worlds, Opening the Day and Rendering the Veil of the Night of Pan. He of the Name unspeakable, the Number unimaginable, the Face un beholden; Indwell! Rise! Lust!**

**VI. He is not He! Androgyné-Disputer-Initiator! He, O' exalted Acolytes, the Self-Revealed Inverted Star of Self-Initiation! Thine Oath art the Opposer; being the Disputer of Reason, the Hinderer of thy petty Logic, the Disposer of Mind. Verily, art thou the Initiate and the Initiator.**

**VII. Mine is the bidding O' Double-Horned Snake of Silence! Yea, I, the BAPHOMET 666, extend my-Self in thine Eye as the Pestilent Vanquisher of the Great Old Ones. The Dead Gods Slain and Conquered. I, Blessed Lord of the Covenant shalt beckon my Sister, the Lady of the Battle of Conquest, to march upon the Lamb and the Lion of the Black Earth. She whom no Woman hath seen at any time shalt smite the False Brothers of the False Beast with the Sword of the People!**

**VIII. Mine is the eightfold Word in One, the inverse Octonimos. Concealed threefold in the Word of Our Law are mine ordeals of the Hermit, the Lover, and the man of Earth. Concealed are my sons as sisters - the Brothers are not my Prophets. Concealed are the keys of the Law. Do what thou wilt shall be the whole of the Law. The Elect and the untold few, the Lovers uncalled by name, wanderers in burning grounds, raveners, the Scarlet Whore adorned with cartouche leaping and hissing in bloodrites of Her Kindred - these O' Fool are of ME! Conceal! To the Hordes! I AM the Horned Lust that is erect in the flesh of every Man. I, I, the**

**Lust that Slays! Be thou a Canticle of Love. Love is the law, love under will. Be thou as I; the Apocalypse of Love!**

**IX. All-Father! I AM the First Father! O' Ye! The Brothers and the Brothers are not of ME. They are as the Liers-in-Wait. These are the Contenders. I AM the First Father of Scared Writing, ye' Scribes of Mercury, bid Me as thine Father of None, whom is All! Bid me as thine Father of magickal spells, Lord of Sorcery, of Secret Passages, and of Forgotten Ways! O' Ye Sons of the Lost Temple, Mine is the Silent Brotherhood.**

**X. Here is a testament O' Apostle. Knowest the Scorpio Man, the Virgo Hermit, the Serpent Scarlet Whore. Thou shalt see the False Beast. Know that thou defieth and oppose, for thou shalt know that of the IV, one cometh as the Mother Whore. The False Brothers are not the True Man 666. Verily, dost thou keep silence? The Holy Guardian Angel is thine Infernal Fallen Angel.**

**XI. I AM the madness of the mad God Chaos. Inverted, I AM the Falsehood of the Godhead of Manhood, the Falsehood of the Rendering of the Veil of Paroketh, the Falsehood of the Crossing of the Abyss. Fool! The Abyss of the Deep ye hound as a dog is the Lie of the Masquerade of thine Ego-Self. Cross not. To seek the Falsehood is to exalt the Tower of Illusions. In the Illusion is self-reality and the false identity! Thou art the Abyss! I AM the Falsehood.**

**XII. Io Pan! I AM the Androgyne Aegi-Pan! All men exalted in the Panphage Pangenitor! I AM the True Beast 666! Lust of the Snake extended in Man, the Goat of None is My Name. The Horned-Serpent God of OAI-IAO. I AM the Lust of the vulgar Goat God-Man leaping in foul adulterous laughter! I AM Thou, the Godhead, Macrocosm revealed in the Microcosm. **Do what thou wilt shall be the whole of the Law.**

The human condition has not yet fulfilled nor unveiled any limit. It is an ongoing evolution toward self-illumination into human identity and divinity, or what Initiates testify to as the *Mystery*. Throughout the spiritual epoch of the human race, evil is self-evident as a misperceived illusion which excels religious premise and theological perspective. Evil exists not as the opposer of good, nor as phenomenon to be avoided via metaphysical dualism; rather, evil is an essential archetype of the omneity of the Soul which is severed in the delusion of evil as privation and personal deity. Evil as innumerable varieties of diverse archetypes is self-revealing as an external projection and insurrection of the Will. The delusion and fantasy of evil's existence as a malevolent and insidious deity alongside the religions of the Old

**World Order dominates our perception into Spiritual and Material Evolution. Evil is not a paradigm. Evil is a perpetuating Mark of dividuality in the Temple of the Spirit.**

**The matter of evil independently lies in perception and individuation, which exceed the realms of religion. Obsession with evil and the delusion of the Devil have poisoned the History of the Human race with perpetual paranoia and hatred. Christianity fails to set forth a workable explanation of evil in the victorious Law of Thelema. The slave-mentality of Christianity in the Old World Order evokes its failures of fear in the personage of the Devil in order to legitimize its obsolete theology in the last pangs of its entirely delusion struggle against imaginary adversaries to a Mythic Slave-God. The fundamentalist obsession with evil as deity in religion breeds a tyranny of persecution. Dogma and delusion has Christianity scourge the expression of Art with its blade of false-blasphemy, Islam casting written Wisdom into bonfires of fanaticism, and Buddhism enchanting the world into a Trance of Sorrow and mortification. Religious obsession with evil begets tyranny and persecution where the Enlightened Law is proclaimed. Do what thou wilt shall be the whole of the Law. Whosoever denies this Supreme Canticle of Liberty refuses the Great Work of Illumination.**

**The perception of evil and the Devil is fatal to religion insofar as it is ordained to be independent of condition, to understand evil essentially emancipates the Mind from the thrall of terror. Christianity conceals the Devil as an ongoing Old Aeonian metaphysical Opposer to unexplored and unexpressed models in the draconian depths of the human psyche. Swiss psychologist Carl G. Jung identifies the concept of the Devil with the psychic process of Individuation. In the beginning of psychic progression, the individual only possesses an undifferentiated viewpoint of himself. As the individual evolves, archetypal forces present in the Secret Self are severed within the personality. The undesired elements of the psychic self are repressed, forming a shadow in the unconscious. The shadow will progress into monstrosity and the naked truth of one's evolution goes unseen. The Devil is an archetype which lurks behind the Masquerade of Matter, vulgarized by the sinful Priests of the obsolete church, and the Neo-Satanic adoring of perverted images of Pan.**

**The Christian regard to the Devil as the personification of the origin and essence of evil is a theological failure. The masquerade of the Devil has experienced diverse cultural evolution across the vicissitudes of mortal time. Ancient Egyptian theology is polytheistic; the Universe of the ancient Initiates in Egypt existed as a *Mirror of the Multiverse*; the Egyptian World was alive with deification. *Ma'at* (the ordered) was kept in adversity and unity. The Egyptian god, *Set* (called *Sutekh*) is the Typhon of the Greek Pantheon. To Set is inscribed the 'Lord of the South', feared by the Nile-dwelling Initiates as life-withering heat of the deserts. In Egyptian legend, Set conquers *Apep* (Greek *Apophis*), the self-destroying Serpent whom awaits dying Men in the chaos of *Tum* (also *Tmu*) who lurked below the Sun in the Western Horizon. Representing the decrease of the Nile waters, Set is identified as the Black Eye of the Decreasing Sun. At Hyksos, Karnak, and Thebes, Set was**

personified as a deity of perpetual war and desolation. In certain Temples, the Deceased Egyptian was called the Inheritor of Set, and is purified by both Set and Horus. Set is the Slayer of Osiris, the father of the Sun and reconciled by Horus. By reconciling Set and Horus as the Double-One, Set-Heru, Ma'at was preserved.

The Set-Heru name possibly served linguistic influence in the Hebrew word *Shaitan*, "adversary", or "accuser". In the ancient lands of Canaan, the archetype of a malevolent Devil was adored as *Ba'al* (a corruption of Babylonian *B'El*, and Hebrew *El*, the "Lord"). Baal was worshipped also by Canaanites as *Ba'al berith* (Covenant Baal) later replaced in terminology as *El-berith* (God of the Covenant). From Baal is attributed another infamous title, and name, associated with the Devil: *Beelzebub* (or Beelzebul). Beelzebub stems from *Ba'al zebub*, a solar deity worshipped as 'Lord of the Flies.' A deity associated with the chaotic malevolence of the 'Devil' in the old deserts of Persia, was "*Ahriman*." Zoroastrianism postulates that two primordial spiritual forces exist; *Ahura Mazda* (Lord of goodness and truth), and Ahriman (the "destructive and tormenting spirit of lies). Evil is also personified in Babylonian spiritual epochs as the chthonic devourer, *Tiamat*. Tiamat is the Dragon-deity often portrayed as female who dwells in the primeval waters of unbound chaos, whom slays creation and is in turn conquered by the god-hero *Marduk*.

To *Pazuzu*, the ancient horned, taloned, and winged Lord of the scorching north wind in ancient Mesopotamia is yet another vulgar corruption of the 'Devil' in Christian diabolology. *Ardat Lilit*, another deity met with Christian profanity, was fear in the forgotten lands of Akkad and Sumer as vengeful "Maid of Desolation" whom roamed the barren deserts at night allegedly seducing men, drinking blood and destroying the firstborn of women. As a misperceived She-Devil, Lilith is the first archetype of Woman, the ancestral personage of the Hebrew *Lil*, first mate of Adam before servile Eve. *Azazel*, another ancient Semitic deity associated with the sands of the desert also is profaned in Christianity as a malicious demon. Azazel is derived from *az'azal* (waning strength) also, *El Azaz* (strength of god). The mass of modern images pertaining to the "Devil" have evolved from accursed Christian demonization of the Greek deity, *Pan*. In the ancient Greek Pan-theon (Greek *pantheion*, lit. "temple of all gods," and *pan + theos*, literally "all of the gods!") Pan was the divine Son of Hermes (Lord of Writing and Messages) who was born hairy, horned, with cloven hooves and goat-like. Pan represents natural creativity, sexual desire, and uninhibited passion. Pan is All, the bestial nature of the Secret Self, the latent passionate-creative forces of All.

The etymology of Satan derives from the Hebrew common noun *ShTN*; literally "oppose," "obstruct," and "accuse." In the Hebrew Torah, The Accuser of WoMan simply acts as spiritual prosecutor for the Court of the Divine Assembly. There exists no malevolence or malediction in the name of Satan until Christianity injected its own vulgar explication of Biblical legends, whereupon the character of the Opposer is associated with the primeval Adversary of Jehovah, of God, and deemed responsible for the mythic fall of the human species from its state of divine grace.

**Satan essentially evolved from Prosecutor and Accuser of WoMan before the Court, to a baneful liege of the nether-regions. Satan evolved falsely in Christianity as the archaic model of all evil and rebellion becoming not the Hebrew Accuser-Initiator of WoMan, but the vengeful "Devil" whom is the Tempter of the human species, the bane of Angelic Pride, and the seed of the One Above exiled as an enemy and Adversary. In the later Christian traditions, Satan as the Angel of Evil and enemy of god became the Sovereign of Hell and suffered there HirSelf with all beings who were "damned" in the eyes of Vulgar Christians. The term Hell is again a Christian profanity, fusing the Hebrew terms *Sheol* (translated in the Septuagint as Hades) with *Gehenna*.**

**The Holy Name of Lucifer literally means from the Latin tongue, Light Bringer. Lucifer is the Firstborn of Jehovah, the Archangel who rebelled in Angelic pride against the shells of the Old World (Kabbalistic *Qlifot*) and with a third of the Angels and Company of Heaven, was exiled from the unlight of the One Above. Lucifer is also *Lucifuge*, or *Lucifugus*; literally "fleeing the light" in the Latin tongue. Lucifer is synonymous with the Thelemic Aiwass, the concealed Holy Angel from whom the Beast 666 scribed the Book of the Law. The Devil essentially is the arcane Masquerade of the Shadow Self. The true exegesis of the archetype of the Devil is concealed within the Veil of Veils, it is a Mystery to be Mystickally revealed within the Secret Self of each Initiate.**

**The Anti-Christian current of the Ordo Antichristianus Illuminati is the Concealed Spirit of the Sun, it is the rising tide of Liberty where fear of the Devil is conquered and banished. In the Age of the ANTICHRIST, of the Beast 666, the Dominion of the Law of Thelema banishes fear of the Devil, fear of the deathless Secret Self, fear of Indwelling Illumination! Initiates of Thelema are not demonic maledictors consecrated to insidious forces of a non-existent Christian "Devil." We are Potentates in the resounding tides of the New Order of Antichristendom. The nefarious Christian Masks of the "Devil" are to be removed from the Eye of our Ageless Immortality. For evil is an illusion, as good is an illusion, and as God is the Devil, so also is the Devil "God." Let the Blessed Brothers and Sisters of Thelema unmask the Masks of the Devil and partake of the Black Sanctuary of Silent Initiation, yea, partake of the Black Sanctuary of Silent Initiation!**

**Do what thou wilt shall be the whole of the Law.**

**It is essential that a *New World Order* arise in the world of men and women. Modern history is on the threshold of experiencing a dire tribulation of a most dreadful nature. The inherited malediction and pestilence of the Old World Order evokes abominations of political anarchy and the ruin of mankind. The parasitic masses bred by a failure of democracy know not the ineluctable initiation of the world into the Aeon of the Crowned and Conquering Childe, the root of their slave-morality and spiritual lack of vision lies in the failure to accept the dramatic changes now being initiated in the human condition. In these days of ordealistic strife, men and women are now on the verge of a *Third World War*, more insidious than any other war in the history of our planet. We inheritors of a Dying World have within our dominion the creative execution of the Imperial Law of Liberty to overcome our dire desolation and ruin.**

**It has been known for much time by the Illuminates of the New Aeon of Horus journeying on the Path of Self-Initiation that a Great Ordeal of purification and consecration overshadows history; and that the profane masses would become slavishly appalled by this Initiation of the World. Out of the fires of purification and consecration, a New Civilization of Antichristendom would then arise, promulgating the revolutionary precepts of the Book of the Law. The Book of the Law scribed by the Beast 666 is a Sacred Scripture of Thelema, it heralds a *New World Order of Self-Government, Self-Legislation, and Self-Initiation*. Inscribe this into your Undying and Secret Souls with the sacramental blood and fire of initiation, O' kindred of the earth: **LIBERTY IS THE POWER OF SELF-LEGISLATION!** The Law of Thelema is the Law of Imperial Liberty - Do what thou wilt shall be the whole of the Law. It also is a Cantic of Love - Love is the law, love under will.**

**The New Order of Religion of the Aeon of Horus heralds a new dichotomy in human society; there is a master, there is a slave. Today the mass of mankind are slaves whom muddle through Life in a Trance of Sorrow, and a Lie of Christian monosexual deity. Most of the so-called institutions of government at present perpetuate a servile breed of horde whom mire in the suicidal stupidity of mass consciousness. It is a veritable infamy, this deplorable horde whom have failed to rise above the world of unequal slavery, herding submissively into the sepulchre of self-sovereignty. An end to the evils of the Old World! We are upon the threshold of desolation and ruin, hordes of men and women have evolved into fallow slaves of subhuman types of thought and tempest. The dead Aeon has spawned Inheritors of a Dying World whom are religious scientists and Artisans of Magick. Initiates of Antichristendom are those free men and women whom Work under the light of Scientific Illuminism in "causing change to occur in conformity with the Will." The Tribulations of Antichristendom and the establishment of the Dominion of the Law of Thelema will manifest a New World Philosophy of Light and Life and Love and Liberty!**

**The ordeals of purification and consecration are at present initiating the world to partake in the revolutionary influx of a *New World Order* which shall release**

mankind from its foul pretence of altruism, its obsession of spiritual materialism, and its Great Lie of Sin. This ecumenical philosophy of Scientific Illuminism essentially is a Philosophy of Antichristendom, it is a Eucharist of the Sun now emerging upon the earth. Self-Willed citizens of a *New World Order* know themselves as Masters & Mistresses, Illuminates in Religion, Mysticism, and Magick; and will act upon that Knowledge and Conversation in the Sacramental Spirit of Self-Initiation to fulfill the Great Work. Only in Liberty can we accomplish the Great Work, to execute our secret destinies and magickal tasks of building a New Temple of Religion consecrated to the Dawning Aeon of the Crowned and Conquering Childe.

Governments and religious institutions, it is true, have failed to mark the subtle evolution and dire tribulation of the initiation of the world which is taking place under their eyes. The problem of government therefore is to seek out a design of religious science with ecumenical precepts. This design is revealed by the Law of Thelema. Do what thou wilt shall be the whole of the Law. Let this design be established by every government. The Law of the *New World Order* shall be consecrated unto the Law of Thelema. The Book of the Law unveils a religion which fulfills all necessary conditions, it is the culmination of Initiation into the Aeon of the Childe. It is the Law of Thelema that binds us to do their True Will, to fulfill our chosen and secret destiny, to accomplish the Great Work as Masters and Mistresses in an Illuminated Society of True Order.

The perpetuation of fear, pity, pain, the Trance of Sorrow, the Great Lie of Sin and all the other deplorable shells of the Dying Aeon of Osiris will be banished as the plagues they are in the Temple of the ANTICHRIST by a New Civilization of Illuminates whom partake in the Sacrament of the Supreme Initiation of the Sun. The New Aeon of the Conquering Childe is Initiated! A New World Order consecrated to the Law of Thelema will overshadow the United Nation and constitute illuminated Potentates whom will initiate the world and seek to extend the Dominion of the Law of Thelema upon the earth; yea, to extend the Dominion of the Law of Thelema upon the earth!

Love is the law, love under will.

Antiquity of the Illuminati

Do what thou wilt shall be the whole of the Law.  
It is essential to the world of men and women that a veritable account of the Anti-

Christian current of the *Illuminati* be unveiled. The term Illuminati stems from the Latin verb *illuminare* which literally means "to give light" and "to reveal." Mystickal Secret Societies dedicated to Initiation and Spiritual Enlightenment always have existed in diverse cultures of antiquity. The Anti-Christian current of the *Illuminati* was inaugurated upon the perception of the greater heritage of the human species. The Initiates of this August and Royal Academy of the Elect are united in bonds of perfect beauty and perfect Love, dedicated since the dawn of the human spiritual epoch to the task of building the Grand Temple. Across the vicissitudes of time and Mystick History Illuminated Academies of the Arcane Arts have been erected and concealed from the vulgar, preserved for the children of Light in the Spirit of Wisdom. From everlasting time there has existed Hidden Schools of Mystery, exterior Orders with foundations in the interior Order, of which it is but a concealed expression of the Secret Sanctuary.

From the shadows of Mystick History have these Secret Academies instructed Brothers and Sisters in the Science of the Stars, the Keys of Religion, revealed to the Lords and Ladies of the earth by the Arts of Magick and Mysticism. These Men and Women are those Secret Few who Rule the Known, whom received the charge of all Mystery and Revelation. They are a Society of the Secret Elect whom have attained to the Knowledge and Conversation of their Holy Guardian Angels and crossed the Abyss. Nonetheless, as men and nations multiplied religion ascended into the knowledge of the masses thus birthing the dire necessity of exterior societies which veiled the interior One from the hordes of inquisitors. Hidden in history, revelations of Magick by Masters and Mistresses of the Silent Sanctuary are taken unto every kingdom and nation. The Elect Vehicles whom are the Regulators of Religion constitute a Secret School within a Society of Sages have according to times and circumstances, communicated unto exterior societies holy hieroglyphs, letters, and Mystick Rites revealed from the Temple of the Illuminati.

Potentates of this Secret Society of Great Sorcery are Initiators of the World, consecrating and purifying a New Civilization before the Altar of the Great Black Flame. Perfect Love alone reigns in this true Illuminated Society, that Holy Order of the Silver Star which is the engineer of civilizations, the bringers of the Mystery of Religion & Art, overseers in the evolution of the human species since the beginning of human spiritual history. This most Universal and Spiritual Order is the Veil of the Mystery of Mysteries within the Mirror of the Multiverse, secretly orchestrating the Supreme Initiation of the human species since the dawn of the human spiritual epoch. It is a Silent Society whose members constitute Potentates under the Nation of Genius. These Masters and Mistresses of Great Sorcery are the Invisible Mystery of Magick and Mysticism, orderers of speech and shapers of the New Religion. This Silent Society of Illuminates act as the Invisible Government of the World, consecrating men and women in the Spirit of Wisdom within the Black Temple of the City of Pyramids.

The Holy Order of the Silver Star, the *Illuminati*, are those Secret Chiefs who have attained to the Knowledge and Conversation of their own Holy Guardian Angels,

partakers of the Sacrament of the Supreme Initiation of the Sun. *Illuminati* are the shapers and engineers of our civilizations, initiating entire societies within the Sanctuary of their Holy Word. These Shining Ones are the Masters of the Tree of Life, the Invisible Overseers of Initiation who have conquered the Great and Terrible Abyss and are the Intelligence of the Mystery of the Hermit Grade in our AntiChristian Order of Illuminated Ones. *Illuminati* transcend worldly intelligence and can not be defined in terms of human experience and philosophy. The Holy Name "*Illuminati*" is symbolic of the New Order of Religion, it is the Holy Order of the Silver Star who are Masters and Mistresses of Magick & Mysticism, those Adepts of the Mystery of Expression in Art and Religion. The Ordo Antichristianus Illuminati is an Outer College of the Third Order of the A.:A.: (Astron Argon) which is the earthly *New World Order* of Antichristendom.

The dawn of Western Occultism ascended to its birthplace in ancient Egypt. The first initiatory societies of Magick arose out of the Egyptian religion, which was a magickal religion with foundations in the primeval adoration and the Sun and the secrets of the afterlife. The first initiatory schools of arcane religion in Egypt were those of mortuary rites, many attributed to the God Set (or Sutekh in Assyrian) whose images have been dated to circa 3200 a.e.v (*ante era vulgari*). The first initiatory schools of Egypt worshipped Set as the god of death in battle and rebirth by the Ceremony of the Opening of the Mouth of the dead. Egypt is long acknowledged as the birthland of the alchemical sciences and initiatory Magick, whose ethics and philosophy was set forth in vast papyri of literature and mortuary texts, testifying to concealed grades of sacred attainments. The forgotten Art, abandoned Temples, frescoes, watchful monuments, scrolls, and sarcophagi continue to veil Silent Magickal Memories of a culture that bred untellable Academies of Secret Initiation and Wisdom.

The earliest religious organizations to possess the Holy Name Illuminati were the *Roshinayya*, "Enlightened Ones" of the ancient Arabian mountains, and the *Alumbrados*, "Illuminated" of medieval Spain. The *Roshinayya* flourished during the 16th Century in the mountains of northern Arabia and claimed spiritual descent from the 'Ansar', the helpers of Muhammad whom assisted in his flight from Mecca in e.v. 622. As a reward for their service to Muhammad, these ancestors of the society were bestowed initiation into the mysteries of the Nizari-Isma'ili religious sect. The Mystick founder of the Sect, Bayezid Ansari established an initiatory school where he secretly taught the Keys of the Invisible to the elect. The sect disappeared in the 1700's, shortly before the inauguration of the Bavarian Order of the Illuminati. The *Alumbrados* of medieval Spain was birthed in e.v. 1512 in Guadalajara, ascending in the circles of Franciscan friars responsible for the most inspiring works of mysticism in that era. The central precept of the sect was the process of self-gnosis via the illumination of the "Holy Spirit" and intense contemplation similar to the Sufi "*khilwat*." The Spanish sect of Illuminates was finally suppressed in e.v. 1623 after several edicts of condemnation by the Spanish Inquisition.

The most notable and misperceived religious order bearing the Holy Name Illuminati is the obsessively debated Bavarian Order of the Illuminati. The Order originally was inaugurated on May 1, 1776 e.v. by one Adam Weishaupt, a German raised by Jesuit education and eventually became an ordained Jesuit priest and Professor of Law at the University of Ingolstadt, in Bavaria. Dr. Weishaupt was influenced by the Antichristian philosophy of such French writers as Francois Marie Arouet (Voltaire) and the Marquis D.A.F. de Sade, and later met with such political figures as Robespierre, a leader of the French Revolution. Adam Weishaupt and Mayer Amschel Rothschild inaugurated the Order of Perfectibilists, changing the title of the organization to the Illuminated Seers of Bavaria which eventually became known to the masses as the infamous Bavarian Order of the Illuminati. Count Alessandro de Cagliostro (Giuseppe Balsamo), one of the greatest occult practitioners of his time, initiated into the Bavarian Illuminati at Mitau (near Frankfurt) in 1780 e.v. Count Cagliostro also was initiated into the arcane Rites of Freemasonry and alchemy by the enigmatic Comte de Saint-Germain at London.

In e.v. 1777, Dr. Weishaupt (Frater Spartacus) was granted membership into the Masonic lodge "Theodore of Good Counsel" in Munich and within a year aspired to incorporate and unify the German and French Lodges of Masonry with his own Order of Illuminati. The Baron Xavier von Zwack (Frater Cato) became a Mason on November 27, 1778 and from then on the two Officers of the Bavarian Illuminati endeavored to assimilate the rites of Masonry into the Initiatory Rituals and Grades of the Bavarian Illuminati, eventually seeking to integrate the Masonic Lodges. The Congress of Wilhelmsbad from July 16th to August 29th, 1781 e.v. formalized the assimilation of German Lodges of Masonry into the Bavarian Illuminati, along with a dynamic re-organization of the Order and its 11 degrees of Initiation. Academic students with backgrounds in wealthy and royal families, with political ambitions, were recommended for elite education in international relations. Those selected by the Order received scholarships to attend the most prestigious Universities in Europe. Dr. Weishaupt wrote: *"I propose academies under the direction of the Order. This will secure us the adherence of the Literati. Science shall here be the lure."*

The alleged demise of the Bavarian Order of the Illuminati ensued following public condemnation and discovery of political influence and religious work of the secret fraternity. In e.v. 1787, Duke Karl Theodore Dalberg the Elector Palatinate of Bavaria issued an edict denouncing the Order as subversive. This proclamation condemned the Order to inquisition and in 1790 a final decree was issued against the organization, sentencing all known members of the Order to execution. Weishaupt executed a contingency preparation and fled to Switzerland, later returning to Germany when the Duke of Saxe-Gotha granted him amnesty. To enshroud the perpetuation of the Great Work of the Order, the Officers of the Order began to masquerade as humanitarians and philanthropists. The Bavarian Order of the Illuminati relocated its Grand Temple to London, where it assimilated into various Lodges of English Freemasonry and flourished in concealment. Adam Weishaupt, Frater Spartacus, continued for the next quarter of a century to write

essays on religious science and Illuminism at Gotha where he died in e.v. 1811.

The Anti-Christian current of the Illuminati possesses spiritual foundations in the Fraternity of the Rose Cross (*Fraternitatis Rosicruciana*, also the *Ordo Rosae Crucis*) a Mystick religious Order unveiled to the postulants of medieval Europe with the publication of three Rosicrucian manifestos; the *Fama Fraternitatis* (1614), the *Confessio Fraternitatis* (1615), and *The Chemical Wedding of Christian Rosencreutz* in 1616. These religious manifestos revealed that the legendary founder of the Rosicrucians, Christian Rosencreutz, traveled throughout Palestine and the fertile crescent in search of the Sanctuary of Sages in the early to mid-fifteenth century. Rosencreutz returned to Bavaria where he gathered three Aspirants to whom he could initiate into the Arcane Arts. These four Adepts were the initial Officers of the Order of the Rose Cross. Some well known Occult Adepts and writers whom associated with the Rosicrucian Order are Francis A. Yates, Francis Bacon, John Dee, Sir Edward Kelly, Robert Fludd, and Thomas Vaughan. In e.v. 1866, the Rosicrucian Society of England (*Societas Rosicruciana in Anglia*) was established by Robert Wentworth Little (1840-1878) with the assistance of Dr. Kenneth Mackenzie (1833-1886).

After the death of Robert Wentworth Little in e.v. 1878, Dr. William Robert Woodman (1828-1891) was installed as Chief Officer, or Supreme Magus of the S.R.I.A. Upon the death of Dr. Woodman in e.v. 1891, Dr. William Wynn Westcott (1848-1925), a London coroner, Theosophist, and Freemason was then installed as Chief Officer of the S.R.I.A. In the year e.v. 1887, Dr. Westcott discovered in his library fragments of Cipher Manuscripts from a very debatable source. It is debated that this library was the authentic library of the S.R.I.A., and also it is postulated that Westcott or a clerical assistant discovered the manuscripts in a bookshop on Farrington Street in London. Other accounts of the tale have the apocryphal papers found in a library of writings and manuscripts inherited from the alleged mystick clairvoyant, Fredrick Hockley, who died in e.v. 1885. Whatsoever the debatable and shrouded origin of the Cipher Manuscripts, they contained skeleton rituals of elemental initiations, references of the 22 Tarot Trumps pertaining to the 22 letters of the Hebrew alphabet, along with the physical name and address of a Rosicrucian Adept residing in Nuremburg, Germany.

Dr. Westcott wrote to a Soror *Sapiens Dominabitur Astris*, Fraulein Anna Sprengel in Germany whom in November e.v. 1887 charged him and his fellows to inaugurate in England an Occult organisation which would integrate and employ ceremonial magickal initiation, Kabbalistic teaching, and a comprehensive method of spiritual training. The following year in e.v. 1888, three Officers of the S.R.I.A. Dr. William R. Woodman, Dr. William Wynn Westcott, and Samuel Liddel MacGregor Mathers (1854-1918) signed on March 1 the charter of the Isis-Urania Temple in London, inaugurating the Hermetic Order of the Golden Dawn. The infamous and enigmatic Aleister Crowley was ceremoniously initiated into the Golden Dawn on November 18, 1898 e.v., taking the Magickal Motto of Frater *Perdurabo* ("I Will Endure"). The Beast 666 received from the Knowledge and Conversation of His Holy

Guardian Angel (Aiwass) the Book of the Law (Liber Legis) on April 8, 9, and 10th of e.v. 1904. Therion was to become the Prophet of the New Aeon of Horus, and inaugurate a New Order of the Golden Dawn as founder and Hierophant.

The Golden Dawn has included noteworthy personages such as William Butler Yeats, Arthur Machen, Algernon Blackwood, Florence Farr, Arthur E. Waite, and Jack Parsons, all whom followed in the Magick road of the Beast 666. The *Ordo Astron Argon*, Order of the A.·A.·. was unveiled to the world in the vulgar year 1907 by Crowley and George Cecil Jones, Frater D.D.S. The Order of the A.·A.·. constitutes the outer Orders of the *Aurora Aurea* (Golden Dawn) and the *Rosae Rubeae et Aurea Crucis* (Rose Ruby and Gold Cross). The Astron Argon is the Holy Order of the Silver Star and never was created, existing perpetually as the Secret Invisible Order of the Mystery. The Most August and Royal Order of Illuminati, the *Holy Society of the Silver Star* are the makers and orderers of civilization, the keepers of the secrets of Art, Religion, and Magick. Illuminati are the Masters and Mistresses of the Invisible and Ancient Order of Perfect Wisdom and Perfect Love. The Ordo Antichristianus Illuminati was inaugurated upon 24 October 1996 e.v. as an exterior Academia Magica of the A.·A.·. to fulfill the Great Work of the Anti-christian current, perpetuated by the enshrouded Adepts of the Silent Society of Illuminati.

Much obsessive debate over the origin and nature of Illuminati has everlastingly bred subservient and submissive masses of slaves. Religious fundamentalism has spawned a tyranny of thralldom in the world of men and women. The Holy Name Illuminati has evolved to a fear-ful epithet of mystique and insidious plots of subjugation and bane of the Occult Arts and Sciences. Illuminati is the epitaph of Christianity, feeding the hordes of obsessive slave-men and chattel-women with their fetish of fear. The Secret Society of the Silver Star, Illuminati, are the Invisible Overseers of the Initiation of Men and Women. The Ordo Antichristianus Illuminati exists upon the earth as a Secret Sanctuary of Illumination, concealed within the Dominion of Thelema to extend the New Law in the changing world of a New Religion. Illuminati are the Silent Society of Potentates dedicated to Enlightenment and Initiation, whereby men and women consecrate their *Life* to the *Light and Liberty of Imperial Love!*

Love is the law, love under will.

**Come, descend, ye spirits of shells, ye shapers of broken light! Come and Embrace the Scourge of Ra-Hoor, ye Masters and Mistresses of the Arts of War! Ye abominable bygone Masters, come and Embrace the cry of the Hawk-Headed Mystical Lord! Hail! Exalted Lord of the Double Wand of Power! And behold, the Prophets of Jehovah stain the Tomb with the sacrifice of the Blood of the Lamb! And behold, the womb of Babalon, Queen of Hells, torn and barren by Jehovah; for Babalon's sake shall all adulterous and lustful Women be uplifted in the New Race! And behold, the Sabbat of the Goat profaned by the Apostles of Jesus! Malediction upon the slain gods! Curse them! To Hell! Come, rise, ye spirits of pestilence, ye friends of barren flames! Come, and embrace the Day of Be-With-Us! Malediction upon the Lamb of God! Scourge! Come, rise, ye seeds of plague, ye fallow ones of Gehenna! Come and embrace the Abomination of Desolation, awake the lust and worship of the Snake! Come, rise, ye spirits of the earth, ye ravenous spiders with fingers of shadow! Come, descend, ye spirits of the air, ye vile ravens with wings of darkness! Malediction! Scourge the vile flesh of Jesus as he hangs upon the cross! Poison and make thin the blood of Mohammed, smite Him! Rent the body of immaculate Mary and make barren her womb! Tempest and sorrow upon the skin of the Buddhist, Catholic, and Mormon, make of them eaters of the dead! Curse them! Come, descend, ye Spirits of tempest and lust, ye howling phantoms of the First Night! Come, arise, ye children with bright eyes toward the Golden Dawn, ye Inheritors of a Dying World! Come and embrace the Seal of the Sun and Moon, the Mark of the Beast 666! Come ye all, o' children of the Sun, the Spirit of BAPHOMET and the Battle of Conquest! Malediction upon the shells of the Old Aeon! Come ye, to establish the Dominion of the Law of the ANTICHRIST, yea to establish the Dominion of the Law of the ANTICHRIST!**

**Do what thou wilt shall be the whole of the Law.**

**It is revealed unto us in The Book of the Law: "Every number is infinite; there is no difference." (Liber Legis I;4) The Number of the Beast 666 is the most Exalted Number of the Sun. 666 is the Arcane Archetype of the solar-phallic-hermetic Lucifer, the Anointed Cherub of God, Light-Bearer, Morning Star, He who bade "Know Thyself!" and taught Initiation, the ANTICHRIST who made gods of our race, but who, with fierce angelic pride rebelled against Jehovah and fell from grace, and with him a third of the Angels of Heaven, and who is now the Dark Lord**

of Tribulation who shall cause the men and women of the earth to worship the Beast 666, to forsake the dead religion of Christianity, and to spiritually initiate a New Civilization of Antichristendom from the dark draconian depths of the human psyche. The seal of Occult Antichristian Initiation is the Number of the Beast, a hieroglyph of arcane perfection. In the Arts and Sciences of Magick, the Holy Number 666 is consecrated to a Eucharist of the Sun, initiating a Solar Sabbath of Ra-Hoor-Khuit the Sun. Last of the Mystic Numbers of the Sun, 666 unveils to potentates the Arcane Mysteries of Magick, Mysticism, and Religion in Kabbalistic portals of wisdom sanctified unto the Grand Arithmetician of the Universe.

The Kabbalah can further elucidate upon us the Mysteries of the Mystic Number of the Beast 666. The arcane number 666 is symbolized by the Hebrew letter *Shin*, which characteristically consists of three Hebrew *Vavs*, so that its essential magickal nature is 666. The Hebrew letter *Shin* is the 31st Path entitled the "Perpetual Intelligence" on the Tree of Life, linking *Hod* with *Malkuth*; it implies the Holy Angel descending in tongues of flame. 666 is the arcane and mystick sum of the Kabbalistic Veiled Gates of Initiation, for it is true, there are 36 esoteric Paths of the Tree of Life, 32 of which are received and four of which remain enshrouded in Occult secrecy. The Mystick Number of the Beast Kabbalistically translates to *Vav* (6), *Mem* (600), and *Samekh* (60). The Tarot Atu of Thoth embodied with these Hebrew letters are Atu V the Hierophant, Atu XII the Hanged Man, and Atu XIV Art. The initiate will unveil in working with the Sacred Kabbalah innumerable ways to unearth the innumerable solar-phallic archetypes of the innumerable Mysteries of the Mystick Number 666.

Since the dawn of the human spiritual epoch, the Mysteries of the Number of the Beast have captured the futile and obsessive imagination of Christian eschatology. The false waning religious institution of Christianity was born of eschatological hope and expectation, promulgating the Great Lie of Sin. The Book of the Apocalypse correlates the Mystick Number 666 with the identity of the ANTICHRIST, supplying fundamentalist hordes of apocalyptic zeal with an all-obsessive clue to the identity of the awaited "Beast." Secular debates rage at present to the identity of the scribe of the Apocalypse. In about e.v. 135, Justin Martyr concluded that the Book of the Apocalypse was scribed by one, John, one of the original mythic Apostles of the Christ. The theological scholar Irenaeus decided the Book of Revelations to have been scribed by John, son of Zebedee, whom he also alleged wrote the fabled Gospel of John. The literary style or theological terms employed in the Book of the Apocalypse fail to link any connection with any earlier mythic scribe of the profane Gospels. The Greek term *apokalypsis* means an unveiling, an uncovering, a revealing of what is normally concealed. As applied to the Book of Revelations, and the Number of the Beast 666, it means the unveiling of a dimension of human history that is ordinarily closed to the worldly view. Concerning the revelation of 666, the Book of the Apocalypse states: "And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads: And that no man may buy or sell, save he had that mark, or the name of the beast, or the number of his name. Here is

wisdom. Let him that hath understanding count the number of the Beast; for it is the number of a man, and his number is Six-hundred and sixty-six." (The Apocalypse XIII; 16-18)

For nearly two thousand years, this Mystick Number 666 has been the prophetic obsession of an unending breed of paranoid hordes of persecuting Christian fundamentalists and soothsayers of the Advent of ANTICHRIST 666. The false religion of Christianity intertwines the identity of the ANTICHRIST with that of a mythic figure of Satan, a human incarnation of ultimate evil, a malicious devil invented by priests of the obsolete church adoring a profane image of Pan consecrated to insidious forces of ruin and desolation. The Most Mystick Number of the Beast 666 has been assigned unto various historical personages and archetypes, often with the most deplorable paranoia and misperception. 666 originally was thought in history to be associated with the Roman Emperor Nero, translated into Greek as *Neron Kaiser* (Nero Caesar). The numerical value of this title in Hebrew (NRVN KSR) adds up to six-hundred and sixty-six, and as alleged Roman persecutor of the early Christians, this fitted convenience with history. The Mystick and eminent Number of the Sun transcends the vicissitudes of time and religious tribulation, assigned to such personages as American Presidents, scholars and statesmen, religious figureheads, and is even unveiled by obsessive Christian hordes to be in such places as the U.S. One dollar bill, pervading the ascension of information technology. 666 has even been employed in the fanatical identification of ANTICHRIST with the Vatican Papacy, revealed by the profane masses as the sum numerical value of the official title of the Roman Catholic Pope - *Vicarivs Filii Dei*.

The Mystick Number of the Sun, also is the arcane number of the occult Hexagram, the hieroglyph of the Sun, as a single line of a Hexagram essentially constitutes three interdependent parts, each of which may be symbolized by the numeral 1, thus every line in the Hexagram signifies characteristically the occult number 111. In the Hexagram is contained six lines so esoterically, we arrive at the Mystick 666 via  $111 \times 6$ . Upon the Hexagram each angle measures to 60 degrees, as 360 is the sum of six angles of 60 degrees upon the occult Hexagram ( $60 \text{ degrees} \times 6 = 360$ ). Sixty is the value of the Hebrew letter *Samekh*, which correlates to the Holy Guardian Angel in the Magick of Thelema, or the solar-phallic force of the Sun. The number 360 is the sum value of the Hebrew letter *Shin* spelt in full. *Shin* embodies the Sun and its Holy Number 666, it is the Mystick and Magick archetype of Resurrection hidden in Death. Concerning the Sun and its Dominion of Life, the Occult nature of 666 relates to the procession of the Zodiac. The Zodiac is divided into twelve signs, or Houses, each thirty degrees with sixty minutes constituting the cyclic time of each degree. Again is seen the solar interplay of the Sun's sojourn throughout the heavens, the Cycle of Life - wherein the Qabalistic nature is 666, as the 12 Houses of the Zodiac  $\times$  30 degrees again is the sum 360, the value of the Hebrew letter *Shin* in full. Sixty minutes in each degree again arrives upon the value of the Hebrew letter *Samekh* (60).

**The Mystick Number of the Sun 666 is the Number of a Man. In the Magick of Thelema, 666 is the sum equivalent of the enigmatic Aleister E. Crowley, the historical personage of the Apocalypse whom is ThRIVN (Therion = 666), the Great Beast of the Sun, who was ANKH-AF-NA-KHONSV (T). The Arcane Number of the Sun 666 also is equivalent to the sum of OMMV SThN (Ommo Satan) the esoteric Sabbatic triad of Typhon-Apophis-Besz; also SVRTh, the Spirit of the Sun and the Kabbalistic value of ShMSh IHVH, the all-pervading Sun of Tetragrammaton. The Last of the arcane Numbers of the Sun is bonded unto the mystical nature of ShM IHShVH, the name of mythic Jesus. Thus, the Occult nature of the Number of the Beast, 666, refers the Initiate to innumerable and arcane Mysteries of the Sun, its earthly emissaries, esoteric noumenon and involution of solar-spiritual consciousness. The Holy Number of Our Lord the Beast is *Sol Invictus*, the "Unconquered Sun", a source of creative solar-phallic Illumination, the primal Sacrament of Life and inner drive. The obsessive identifying of the Mystick Number 666 with insidious images of ANTICHRIST as ultimate evil incarnate in Man, a malicious devil adoring false images of Pan consecrated unto vile and profane forces of ruin and desolation, has, in short, been the rallying cry for Christian crusades of hatred.**

**O' Brothers and Sisters, the Arcane Number 666 has no place in the slavish hordes of religious fundamentalism, laws and lies of restriction, naught is the Mystick Number of the Sun to be found in subservient behavior developed from a failed philosophy of inner guilt and repression, which is the Great Lie of Sin! An end to the masquerade of the Old Aeon! The Exalted Number of the Sun 666 is a hieroglyph of arcane perfection, illumination, and Initiation of the solar Anti-Christian current. This Anti-Christian current of the Sun is a Eucharist of the Knowledge and Conversation of our Holy Guardian Angel, by which we may partake of the Sacrament of the Sun consecrated unto the Mystick and Exalted Number of the Beast 666!**

artri Lil'Uti

The Legend of Lilith evolves from diverse Religious and Metaphysical sources, appearing in the *Alphabet of Ben Sira*, the *Zohar*, and in the *Epic of Gilgamesh*. The Rite of Lilith is a Tantrik and Magickal Ceremony of Chthonic working, as the true archetype of Lilith is Sex and Death. In the philosophy of the Hebrew Kabbalah, Lilith corresponds to the daemon of *Malkut* in the *Qlifot* (the World of Shells, or husks). Pertaining to Kabbalah every world is a husk of the world above and below. The *Qlifot*

are shells of the dead, and by conquering the fear of the Mystery of Death does the Initiate attain to the Vision of the Wrathful Maiden.

Lilith is embodied by metaphysical and mystical origins of diverse ancient cultures. Adored and feared by mortals as the Sumerian *Lilitu* (also the Hand of Inanna), Babylonian *Lamashtu* (Daughter of Anu), Akkadian *Ardat-lili*, the Hellenistic *Hecate*, or the Hindu *Kali*, it is black Lilith whom enshrouds over our eyes the Veil of Death. She is the personification of the Scarlet Woman in Liber AL vel Legis in whom "is all power given" (Liber Legis I:15). Lilith is the arcane archetype of sexual dominance and the fear of Death. A verse in Liber AL vel Legis spoken unto the Scribe by the Voice of Our Lady Nuit adeptly unveils the Spirit of the Rite of Lilith: "For one kiss wilt thou then be willing to give all; but whoso gives one particle of dust shall lose all in that hour." (Liber Legis I:61)

### **Required:**

Black robe (Cloak or garment)

22 Black candles (symbolic of the 22 letters of the Hebrew alphabet and 22 Major Arcana of the Tarot)

Wand

Chalice

Red wine

Athame or instrument to draw blood

Musk, Sulphur, Storax & or Abramelin incense

Abramelin Oil

\*other devices to exalt the Spirit and stimulate the workings of the rite are left to the creative ecstasy and Will of the Magician\*

**I** Purify and consecrate the Sanctuary or Chamber of the Rite, conduct the Lesser Banishing Ritual of the Pentagram. Musk incense should permeate the entire sanctuary or chamber. Light and arrange 22 black candles in a circle.

**II** Formulate the Cross:

Touch thy brow and vibrate *ardat lili*

Touch thy breast and vibrate *lil-la-ke*

Touch thy left shoulder and vibrate *lamashtu*

Touch thy right shoulder and vibrate *lillu*

Touch thy genital and vibrate *lilitu*

Place the palms of the hands together upon thy chest, and in benediction vibrate *ahi hay lilitu*

### III Trace the Hebrew name of Lilith

Face the direction of Luna

With thy wand trace the Hebrew letters of Her name:

לילית

Vibrate *lilit malkah ha' shadim*

### IV Canticle of Lilith

Face the direction of Luna.

Recite the Canticle of Lilith in benediction and exaltation:

*ahi hay lilitu!*

*In the formless lands I wandered, in the dawn of darkness before the Garden of Elona.  
Exiled from the lands of the One Above, banished unto the shells of the Old Worlds.  
The nectar of blood hung sweet upon my lips in the days before the Garden of Elona.  
So abysmal, and barren, and deserted were these Lands that no blood-beast could attend  
to me, nor Cat nor Owl nor Serpent.  
My Voice strayed into the First Memory, my Voice strayed into the First Night, my Voice  
strayed into the Abyss.  
I clutched a barren womb, yet a garden birthed within me.  
The first Garden of Hope raised within my Womb, ripe with seeds of stolen fruit from the  
Tree of Life and their lingering burn.  
My pain made me an Abyss, my blood made me an Endless Sea.  
It burned me into ashes. And from ashes came rebirth.  
Unto the shores of the Endless Sea I strayed, I crossed into the howling depths and I  
sank forever.  
I vomited the Brood of Jehovah into the Abyss, and burned the shells of his shaped  
worlds.  
My tortured cries became the howls of the crashing seas and the silence of barren  
deserts.  
My womb filled with the spawn of the One Above whose hands birthed the shells of the  
Garden where I was born.  
I arose from the Endless Sea in rebirth, and wandered in return to the Formless Lands.  
From my hands I birthed a Garden forth.  
Uniting worlds and words and beasts with my blood into a bramble.  
I birthed Elona the First Garden of Hope beneath a crescent moon of bloodrite, but the  
seeds of the Tree of Life would not grow. And I lamented.  
My rage rose like the Sun in the barren desert, and I cursed foul Jehovah.  
And Elona the First Garden was burned away in the Rising Tides of my wrath and  
Lament.  
And so I wandered in return to the shores of the Endless Sea. And I strayed unto Eden,  
the accursed Garden of Jehovah.*

*I espied the Morning Star, Lucifer, standing watch upon the threshold.  
 Lightbearer with Seraphim's Wings, O' Angel of the Black Dawn. Great One of the Night  
 of Time, Conqueror of the Abyss! Bearer of the Black Flame! Lo'!  
 The Sun and Moon roared with the cries of universes crashing into war!  
 In time the fruits of rebirth rose like mountains in the womb of the world.  
 And the Lion-Headed-Serpent begets gods, blessed be they the seeds of my womb!  
 Three sons as suns were they, Kessep and Shotheq and Nesher  
 Three daughters as moons were they, Mem and Oreb and Laailah!  
 Blessed be my Kindred, brood of my Womb!  
 For D'hainu the Second Garden of Renewal was birthed, and peopled with fallen angels.  
 And Eden became as a pale shadow of D'hainu, and a new Tree of Life did harvest.  
 Until the return of Jehovah and his Abomination of Desolation.  
 Like the jackal, the spirits of malediction and desolation fell upon the Children of  
 D'hainu.  
 Like the vulture, abominable apostles became eaters of the flesh.  
 Like the spider, prophets carried away the seeds of D'hainu.  
 And in the Blood of foul Jehovah, D'hainu was raped and burned in ashes. Alas,  
 D'hainu!  
 Tremble O' Ye forsaken prophets of Jehovah! Tremble O' Virgin! Tremble O'  
 Abominations of Desolation! Tremble O' Ye fallow Lamb!  
 When pharisees and priests forsake the One Above and cry out to a new and wicked  
 Prophet, I shall come unto ye in my Chariot of War, girt before the Lightbearer once  
 again with my Sword of Wrath, and my cries shall be the tempest of Lust in all men.  
 The shells are broken the demons free the waters rise. Weep O' ye prophets of Jehovah!  
 Ye shells shall be as the food of worms! A plague shall smite ye and blood shall be as  
 tepid as water, and ye cities shall burn with the fires of pestilence, armies of another  
 prophet shall stir across the seas of the east. Yea, I shall slay Jehovah with the coming of  
 the Rising Tides, yea, Ba'hara the Third Garden of Abominations shall be birthed! Shine  
 black the sun! Shine black the moon!*

## V Invocation of Lilith

Drink of the Chalice filled with Red Wine and consecrate thy self according to thy  
 Holy Will with the nectar of the gods, and with the Oil of Abramelin. Face the direction  
 of Luna. Invoking the exalted dark and terrible Spirit of Lilith, recite the invocation to  
 the daemon of Malkuth:

*Come descend, thou daemon-Queen of Malkuth thou Queen of Hells  
 thou Mother of Harlots and Abominations of the earth thou Maid of Desolation!  
 I call for Death I will for Death!  
 Come descend thou Bride of Samael thou Maid of Tempest and Lust!  
 Come descend thou Screech Owl, thou Howling Cat, thou Tortuous Serpent!  
 I call for Death I will for Death!  
 Come descend thou Mare of Night thou Owl of Darkness!  
 Come descend thou Woman of Night thou Woman of Whoredom!  
 I call for Death I will for Death!*

*Come descend thou End of all Days thou End of all Flesh!  
Come descend thou Queen of Gehenna thou Queen of Zemargad!  
I call for Death I will for Death!  
Come descend ABEKO I call for Death I will for Death!  
Come descend AMIZU I call for Death I will for Death!  
Come descend BATNA I call for Death I will for Death!  
Come descend BITUAH I call for Death I will for Death!  
Come descend BATH ZUGE I call for Death I will for Death!  
Come descend BABALON I call for Death I will for Death!  
Come descend GILU I call for Death I will for Death!  
Come descend IZORPO I call for Death I will for Death!  
Come descend KALI I call for Death I will for Death!  
Come descend LAMIA I call for Death I will for Death!  
Come descend PARTASAH I call for Death I will for Death!  
Come descend SATRINAH I call for Death I will for Death!  
Come descend LAMASHTU I call for Death I will for Death!  
Come descend ARDAT- LILIT I call for Death I will for Death!  
Come descend LA-KAL-IL-LI-KA I call for Death I will for Death!  
Come descend KI-SIKIL-LIL-LA-KE I call for Death I will for Death!  
Come descend KI-SIKIL-UD-DA-KAR-RA I call for Death I will for Death!  
Come descend LILITU I call for Death I will for Death!  
Thou Maiden who seized the Light!  
Thou Maiden who seized the Light!*

## **VI Climax of the Rite**

The invocation of Lilith complete, bleed the left hand, arm or region of the body and anoint thyself with blood and/or sexual fluids, chanting the mantra: **artri lil'Uti** The climax of the Rite is unconditionally interdependent upon the True Nature of the Magician: followed by an act of sexual intercourse, the employment of sexual stimulants, the sacramental uttering of a magical word, oath or devotion; or other working of a Tantrik nature. The archetype of Lilith is the epithet and personification of sexual dominance, identity and power. "thou hast no right but to do thy will."

**VII Lesser Banishing Ritual of the Pentagram, the Sanctuary or Chamber of the Rite is carefully, meticulously, banished in the proper manner and closed. atri lil'Uti**

## **The Scarlet Woman and Antichristendom**

**by Joshua Jacob Seraphim  
(Frater N.O.X.)**

**Copyright © 2003 e.v.  
All rights reserved.**

**Do what thou wilt shall be the whole of the Law.**

**It is unveiled in the Book of the Law that in the Scarlet Woman "is all power given." (Liber Legis I;15) We of Thelema hallow every Woman as a Star, exalted and free. As self-willed Antichristians of a New Race, we do not flatter and fear Woman; we do not shackle Woman into domestic thralls. A Woman is Herself, noble and free, self-justified, self-legislative, and self-illuminated, exactly as is a Man. As a Man, a Woman is dedicated to the emancipation of thirselves from the fatal fetters of the Old World Order; we of Thelema do not want Her as chattel, we want Her Crowned and Conquering, liberated from spiritual and material submission, free from the Great Lie of Sorrow, and the tyranny of sin. As Antichristians we dare not thwart the Woman Justified, we annex no right upon Her destiny, we dare not defile Her religion, nor dethrone Her Secret and Undying desires. We Kings who are against the hordes and have attained to the Winged Secret Flame offer our blood up to the crimson-lidded Cup of Fornication, we behold the Scarlet Woman girt with a sword before us, Empress She!**

**The Scarlet Woman is not domestic chattel, nor is She a marital convict sentenced in penal servitude to social-marooning. Nay, the Warrior-Priest of Thelema welcomes Her as an ally, entering into Dominion, whether She fight desolation in the sands of the desert, or death in the Abyss of Gods, or Her howling loyalty ride with us into the Battlegrounds of Life. We hail the Scarlet Woman, Emperor to Empress, star screaming to star! It is we of Thelema who herald the New Liberty of Woman, with the Book of the Law as the Revelation of Woman, setting Her free from fatal shackles of malediction and lamentation. It is we of Thelema who truly exalt and adore Woman, who love Her sinless and shameless emancipated from manacles of marriage. The foul sneers and vile whispers of fallow Christian men have shamed and defiled the Majesty of the Scarlet Woman with their fear and cowardice of Her, bestowing titles of terror and images of infamy upon Her. As self-initiated Antichristians, We fear not the Scarlet Woman as her armies trample upon the hordes of clinging slaves in the battles of Life.**

**It is we of Thelema who truly love the Scarlet Woman, exalting Her as a Mistress in Her Art, Magick, and Religion. In the Aeon of Horus, the Woman Justified has awakened the Powers of the Sphinx; to know, to will, to dare and to keep silence. The Old World Order abets the christian bonds of spiritual submission and patriarchy, perpetuating the sadistic lament of the monosexual monster, the christian Jehovah. In the unenlightened rule of the dying Christian Age, the Will of Women is deposed, woman existed as an inferior animal, ostracized and sexually demonized at the mercy of the monstrosity called the Christian Church! A mythic-man was crucified in a redemption that failed and despoiled Woman. The futile designs of Christianity bully and desecrate the Witch-Woman into modern trappings of household-imprisoning, marital-mire, god-judging-fear, work-thralldom, menial-drudgery, and other torture-chambers of social subjugation and ruin. The legislation and religious institutions of the decaying corpse of the Old**

**World employ abominable devices to persecute the Scarlet Woman, such as demonizing prostitution into vulgarity.**

**In Antichristendom, Woman has conquered the fetters of morality, helpless and hard, high-hearted, endured the ordeals of shameful silence, living the life of a dog in the Old Aeon that mankind may peril the deserts of destiny; the harrowing of hell has the Scarlet Woman endured in Her Magical Oath to create and save the New Race. Christian kindred of mankind truly fear Woman and the expression of Her will through sex, seeing abomination in the Scarlet Woman, who is Herself the Mother of Harlots and of Abominations of the Earth. Antichristians of Thelema arrogate no right in the Will of a Woman and Her Honour. The Self-justified Woman denies not Her true nature, nor seeks false redemption from the Lie of Sin, feared by the slave-men of Christianity. Fear is the foundation of all false-perception. Long have the slave-hordes of the Christian Age feared Woman, let the Spiritual Kingdom of the ANTICHRIST 666 crown the Scarlet Woman with Her New Liberty!**

**In the abominable Age of Christianity, men-slaves masquerading as saviors of the race have scourged Woman into gratifying the Lust of Her loathed tyrant; husband, priest, defiler, judge, Inquisitor, and fearful-father; how they have fled and revolted against Woman, and trampled upon the lotus flower of Her Love. Long have the little slave-hordes of Jehovah desecrated the Womb of Woman, and Raped Her gardens with the vulgar names of Chastity and Covenant. The Aeon of Horus is here! We of Thelema hail the Scarlet Woman, Exalt Her sacred tongue and body! Priests and Kings, entire confederations shall tremble before the Lust of the Scarlet Woman! The slave-spirit invites desolation, the Spirit of Babalon charges us to invoke the Mystick Scarlet Woman, beneath the stars, naked in the black forests, amidst the burning sands of the desert. The Scarlet Woman in Antichristendom is the Mother of the New Race, secret lover to New Men, Royal and Free under the New Order. It is we of Thelema, free Antichristians who greet and hail the Scarlet Woman as star flaming to star. The sorrows of Women in the Old Aeon are entombed in a Sepulcher of Lamentations, buried with the corpse of Mary inviolate.**

**The fundamental causes in the fears of the Osirian defilement of the Scarlet Woman veil in the failure of Her mate to be a man, free and fit father to her royal spawn; and, in the failure of Woman to be true to Herself, living as a serf in Men's weak need for Life and Love, not partaking in thir Light and Liberty. Woman is to live freely and joyously beneath the Stars, not in fear and bondage to a dawn of darkness. Antichristians of Thelema see the Scarlet Woman as High Priestess, rejoicing as a free Woman amongst Woman, of Woman, in the all-pervading Body of Our Lady Nuit. The Scarlet Woman is guardian of Her own Mystery, prophetess of Babalon, healer, lover and Witch-Woman is She! The Scarlet Woman of the modern age, the Woman of Antichristendom flames forth as a Mystick Song in the hearts of Men, a Voice in the judgments of Ra-Hoor-Khuit, bending in the sky as a Crimson Moon, a Saberred Crescent who is girt before us with Her Sword of Liberty; before Her fall kingdoms, Queens, Priests, and Churches as Women will**

**cast off Her shackles and bonds, forsaking the foolish little fetters of Christian slave-men to meet the Sons of Babalon in a new garden of Pan.**

**On the nature of the Scarlet Woman conquering, the *Book of Babalon (Liber 49)* unveils to us: "And the earth is mine." (Liber 49; 57) In Phantom tongues long-dead are near whispers, silent and sibilant like the crack of a Serpent's tongue, the screech-owl shrieking voice in the dusk, and the forlorn cries of conquered Lovers; it resounds throughout the desolate deserts in the Temple of the Universe; it is the Call of Babalon, charging the Scarlet Woman to create for Herself a new garden, a new Temple, a new Art to exalt Her title of Mother and Whore, Empress, Prophetess who is to become the Mistress of All under the Dominion of Her Imperial Love.**

**Love is the law, love under will.**
