Communism

Email from Donna Courtright: John Foster Dulles, former chairman of the Rockefeller foundation and of the executive committee of the Federal Council of Churches (predecessor NCC) praised totalitarianism in 1937 saying:

"...Communism and Fascism (in) changing almost overnight the characteristics of entire peoples. Millions of individuals have been made into different and, on the whole, finer people...personal prides (individualism) ... (is) replaced by ... self-sacrifice and discipline. There is a conscious subordination of self to the end that some great objective maybe furthered." (Religion in Life Vol. 6 No. p.197)

In 1944 John Foster Dulles, became a trustee of the Carnegie Endowment for International Peace and in 1946 he became chairman of the executive committee and also chairman of the board. And at that time John Dulles hired Soviet Spy Alger Hiss.

Kathleen Flanagan: "This is an enlightening page from the Communist Party, USA: <http://www.yclusa.org/yclinfo/faq.html>. *This page is no longer available at this Young Communists site. You might try their Q&A page instead: <http://www.yclusa.org/info/faq.html>*

"Notice that the Communist Party is promoting nearly the same agenda as are those who are currently running for various political offices:

- "free" health care.
- school-to-work
- cooperation of little children - groupthink education
- democracy
- "free" education
- universal health care
- a "humanistic" system
- a "right" to a job
- a "right" to housing.
- the communist catch-all "the common good"
- social security (the communists boast on this page they helped to win social security)

"On the communist "hit" list is sexism, racism, and homophobia, all of which they are kept busy fomenting, I'd add.

"There are several other points of interest on this page, that "maybe" Stalin killed some people, and Cuba is not dictatorship and people do not want to leave that communist paradise. The most accurate statement in this piece is that "yes, all are equal under

communism," but they forgot the rest of the sentence: *all are equally oppressed*.

"My very favorite part of this propaganda piece is "bill-of-rights socialism." I've personally never heard of such a thing, unless one considers the United Nations and its various charters and "rights," which outline the easily revocable "privileges" given by a global government -- not a bill of rights which limits government's powers and are "few and defined." But then the UN just happens to be the wanna-be big-daddy enforcer of worldwide communist doctrine."

C K: "Good job, Kathleen.... Notice they don't mention abortion, but there has to be some correlation of the agenda to desensitize people to the sanctity of life. Spread this to as many people as possible, Ok? And be sure you emphasize that since this is in our face all over the internet, and that by definition a conspiracy is something that is hidden, it is not a conspiracy theory. That was also concocted by them to ridicule their opposition."

From *Toward Soviet America* by **William Foster**, 1932: "Among the elementary measures the American Soviet government will adopt to further the cultural revolution are the following: The schools, colleges, and universities will be coordinated and grouped under the National Department of Education and its state and local branches. The studies will be revolutionized, being cleansed of religious, patriotic, and other features of the bourgeoisie (middle class) ideology. The students will be taught on the basis of Marxian dialectical materialism, internationalism, and the general ethics of the new socialist society."

William Foster was one of the early founders of the ACLU, and head of the Communist Party USA.

*From the website of the [Christian ALERT Network \(TCAN\) Inc.:](#) **Long Term Goals of the Communist Agenda in America***

"In 1958, Cleon Skoussen, former FBI agent, revealed in his book, THE NAKED COMMUNIST, the longterm goals of the communist agenda. This information is recorded not only in the US Congressional Record, but also in the Communist Manifesto itself.

"The 45 Current Communist Goals listed [below](#) were recorded in the Congressional Record on Thursday, January 10, 1963, on Appendix pages A34 & A35. They were taken from THE NAKED COMMUNIST by W. Clean Skousen, who began his extensive study of Communism during his 16 year term of service with the Federal Bureau of Investigation. These goals were compiled from the reports of Congressional hearings together with available books by ex-Communists."

Lynn Stuter: "There is a book out, published in 1995 by Columbia University Teachers College Press, entitled "*Schooling for Good Rebels; Socialism, American Education, and the search for radical curriculum*", by Kenneth Teitelbaum. The forward is by Herbert Kohl. This book is about the communist Sunday schools of the early 1900's in the U.S. If you didn't know better, you would think you were reading a page out of modern education techniques."
