P. W. ELLIS & CO.

LIMITED

The Jewellery Headquarters of Canada

WE either manufacture in our own factories or buy direct from the manufacturers all goods shown in our catalogues. This ensures the very bottom price to you.

All our goods are marked at

UNIFORMLY LOW PRICES

We can save you money. Every article we sell carries our guarantee. Money will be refunded if goods are not satisfactory.

¶ In ordering, state page, number, and quantity of articles required. *Do not mutilate this book.*

¶ Write your orders on separate sheets from correspondence. This helps us to put your orders through more quickly.

¶ Prices quoted cancel all previous prices and are subject to change without notice.

¶ *SEND US YOUR ORDERS.* We have the stock. We guarantee prompt and careful attention. **IF IT IS GOLD OR SILVER, WE HAVE IT.**

¶ **BUY FROM HEADQUARTERS.**

THE ALL-RED-LINE

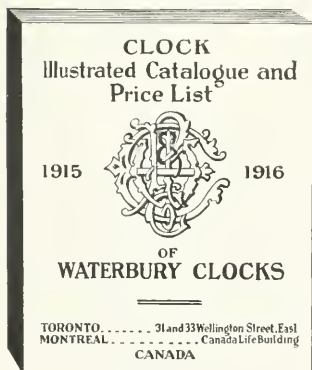

The Catalogues shown below are reference books that ought to be in the possession of every jeweler. They cover very thoroughly with illustrations and prices our complete lines. Prices are all List, so that these books can be shown over your counter with safety.

13 x 11 in.

9 x 12 in.

10½ x 12½ in.

Our new 216-page "Sterling Silver and Sovereign Plate" Catalogue is the finest book of its kind ever published. It illustrates practically every useful article made in Sterling Silver, including Toilet Sets, Tea and Coffee Sets, Hollow-ware, Table Ware, Trophies, etc. If you handle Sterling Silverware and have not received one of these catalogues, kindly advise us and we will forward one immediately.

We also publish a 106-page Catalogue of Silver Plate Hollow-ware and Flat-ware manufactured by the "Canadian Rogers Co., Limited." This book illustrates a very complete line of low-priced Silver Plate, and should be in the hands of every merchant who handles Silver Plate. Be sure and write for a copy.

Our Canadian Edition of the Waterbury Clock Catalogue is very complete. It shows 112 pages of "Waterbury Clocks" of every description—Alarm Clocks, Mantel Clocks, Kitchen Clocks, Wall Clocks, Chime Clocks, Bracket Clocks, etc. We will be very pleased to send copy on application.

Is your ALL-RED-LINE of Catalogues Complete?

If not, kindly advise us and we will see that you are supplied immediately.

ELLIS WATCH CASES

"ELLIS WATCH CASES" are manufactured in the P. W. Ellis Co. factory at Toronto.

"ELLIS WATCH CASES" are made in Solid Gold, Gold Filled and Sterling Silver.

"ELLIS WATCH CASES" are made in all sizes from the small 8 Ligne Bracelet Watch Head to the large Gentleman's 18 size Watch Case.

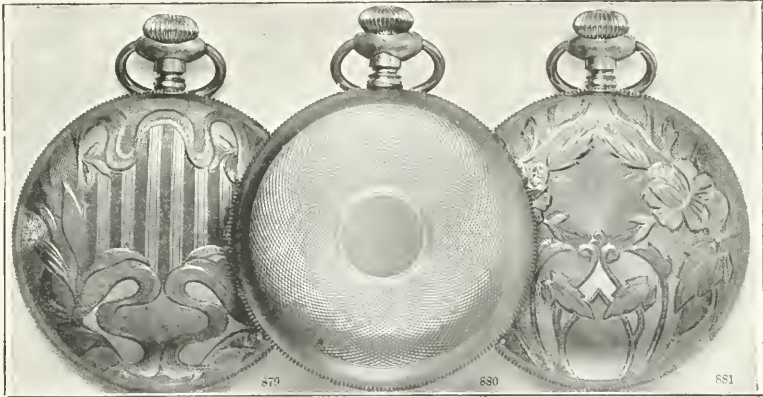

"ELLIS WATCH CASES" are made in attractive designs—new and up-to-date patterns being constantly added to the line.

"ELLIS WATCH CASES" have proved their worth by years of service in thousands of pockets. Every grade and size are of the highest quality and are all stamped with the well known "Ellis" Trade Mark, which ensures "absolute satisfaction."

These Trade Marks in your Watch Cases ensure SATISFACTION.

Mason Style Cases

No. 1216 "Mason"

MASON STYLE CASES. The illustration shows the new "Mason" style case which produces a beautiful 9, 12 and 16 size extra thin model case. The movement is held tightly in a movement ring of solid German silver. This "Mason" style 14k solid gold case meets the demand for a moderately-priced solid 14k gold watch. The case is specially constructed with a solid gold 14k back with single joint and insures perfect protection to the movement, at the same time makes an extremely compact and thin 0, 12 or 16 size watch.

PRICE FOR CASE, WITHOUT MOVEMENT

16 Size, Open Face, 14k gold\$33.00

OMEGA

IN THE TRENCHES

The "Omega" Military Strap Watch is continually proving its superiority under the most trying conditions.

Here's what Mr. Philip Theberge, of the Ellis staff, now in the trenches, says of his "Omega" Strap Watch:

(Extract from Letter)

"By the way, I wish to inform No. 1 Department that I still have the "Omega" Wrist Watch and have had no trouble with it so far, although it has been knocked around some. Almost every other watch in the company has been to the repair shop once or twice. Many of the boys, seeing its good qualities, have tried to buy one like it."

Remember—"OMEGA" is the "big watch" with the British, French, Belgian, Russian and Italian armies. It is the most popular watch in Europe.

With the Artillery in South Africa

The following letter from Lt.-Col. Hurdman, C.F.A., late commanding D "Special Service" Battery, in response to a request for information regarding the use of the OMEGA SAFETY MILITARY WRIST WATCH IN SOUTH AFRICA, illustrates the unique part it played in the late campaign and establishes its reputation as the "Standard" Military Timepiece.

"Replying to your communication of the 24th inst., I may say that the information furnished you by one of my late non-commissioned officers is quite correct. Realizing the importance of having uniform time in a corps on active service, and having heard of the adoption of the Omega Wrist Watch by Continental Armies, I secured a dozen before leaving Canada and presented them to the Sergeants of the Battery on the voyage to Cape Town. The extremely rough usage entailed by so many months' service in a mounted corps was rather a severe test, particularly when the great extremes of heat and cold, the heavy rains and continuous sand-storms to which the troops were subjected are considered. These watches did service on the person of nearly every N. C. O. and man in the Battery, being transferred from one to the other on different duties, and gave general satisfaction. The dampness in some cases had rusted the outer cases through, but the works were not affected. The one I used during the whole campaign is still in perfect condition. I use it constantly for artillery purposes, and consider this watch to be an indispensable part of field equipment."

OMEGA

“The Watch of Matchless Merit”

General View of Omega Watch Factories at Bienne, Switzerland.
Production 900 to 1000 Watches a Day.

We consider the “OMEGA” Series to be the finest line of high grade movements on the American market to-day.

“OMEGA” Movements are made in all sizes from 9 Ligne to 18 Size and fit perfectly all standard makes of American cases.

“OMEGA” Movements are made in all grades from 7 to 23 jewels.

Every “OMEGA” Movement is rigidly tested before leaving the factory and is guaranteed to be a perfect timekeeper.

The “OMEGA” Factory is located at Bienne, Switzerland, in the very heart of the Swiss watchmaking district. The workmen are born and brought up in the watchmaking business and are exceptionally skilled in their trade. No watch factory in the world is more up-to-date in equipment or methods. In fact most of the intricate machinery in the “OMEGA” factory is specially designed and made in the “OMEGA” Machine Shops.

It is this combination of skilled workmen and efficient machinery that makes
“Omega—The Watch of Matchless Merit.”

OMEGA

"The Watch of Matchless Merit"

“CIVIC”

“The Watch with the White Escapement”

The “Civic” Watch Factory

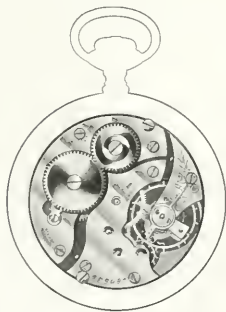

The CIVIC series is a new line of exceptionally reliable Swiss movements.

The CIVIC incorporates every modern feature that makes for good timekeeping.

The CIVIC introduces several new features that raise it high above the level of other watches that sell at the same price.

CIVIC Watches are non-magnetic, for the “WHITE ESCAPEMENT” is made of Ferro Metal—the metal that scientists have discovered to be absolutely non-magnetic.

CIVIC Watches are compensating. Their balance is not made of brass and steel, and cut as usual, but is compensating in itself, being made of white ferro metal. This ferro metal is absolutely unaffected by heat and cold, except in very extreme degrees. Thus in itself the CIVIC is adjusted to temperature.

Exposed winding wheels—polished bevelled teeth.

Movements are made in 7 and 15 jewelled grades—Jewels are carefully selected.

Solid three-quarter plates. The CIVIC is not a pillar movement. Plates are finely damaskeened.

Full headed movement screws.

Three adjustments.

Depressed centre and seconds, enamelled dial. The dial feet are fastened with side screws.

We carry a full line of Civic Factory-made interchangeable material in stock.

RHEUMATISM RINGS.

OSTBY & BARTON FAMOUS EAGLE GOLD FILLED RINGS

The Ostby & Barton Company are the largest ring manufacturers in the world, having built up their business during the last forty years by the quality and uniformity of their product. Every ring is carefully inspected during manufacture and packed in anti-tarnishing paper for shipping, to protect and preserve the high finish. Where rings are priced with Rhinestones, they can also be supplied, when so ordered, with any of the standard colored stones.

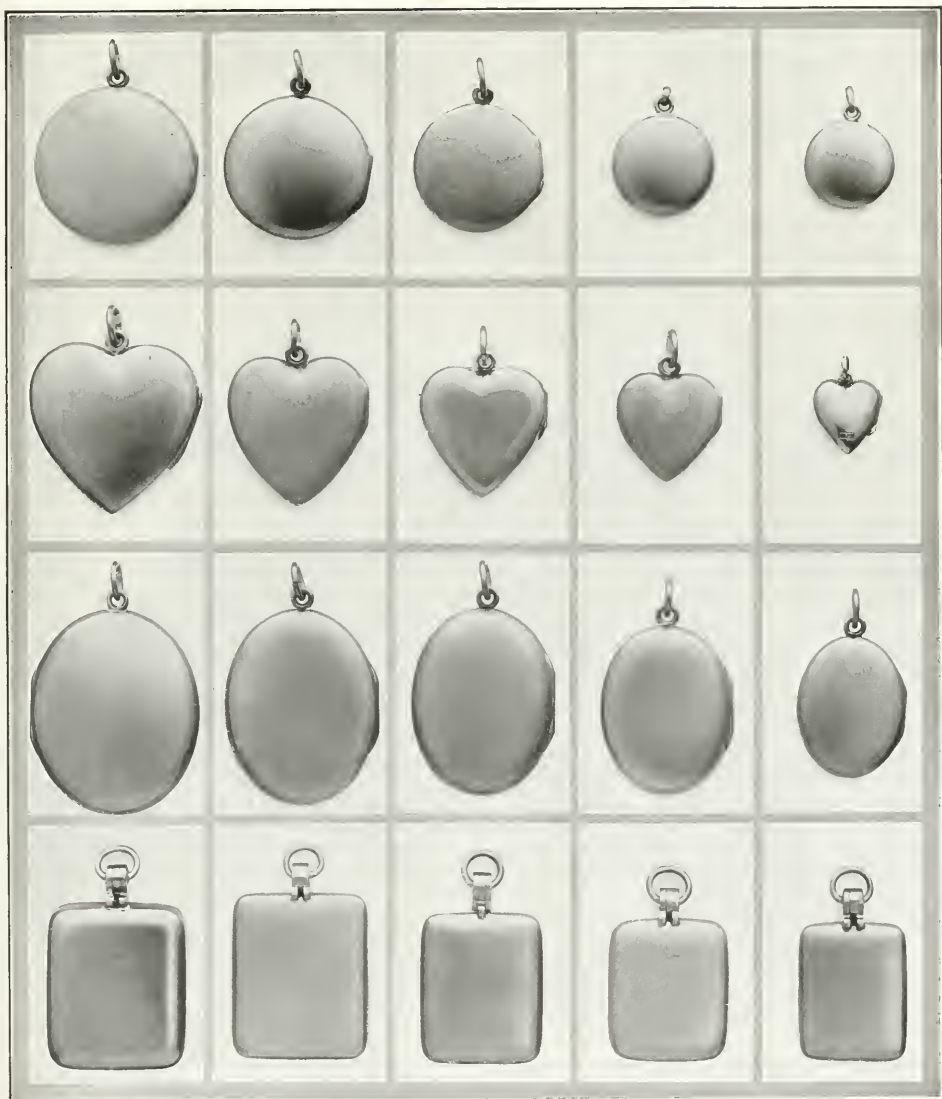

THE WESSELTON JEWEL

A STONE SCIENTIFICALLY CUT TO GIVE THE GREATEST AMOUNT OF BRILLIANCY WITHOUT THE USE OF THE FOILED BACK. CUT FROM THE FINEST PASTE IN WHITE, RUBY, EMERALD, AMETHYST, SAPPHIRE AND TOPAZ.

TIPPED

WINDS

DESIGNS IN "1847 ROGERS BROS."

These designs are the equal of the best sterling silver, in pattern, finish, and general excellence of making—the result of over sixty years' experience, combined with the determination to produce the best at whatever cost. The "silvery" effect so pleasing to the eye and so often lacking is exemplified in these designs in all its beauty.

Back of every Spoon, Fork and Knife that they produce is the makers' guarantee:

Knives—Prices are figured, using solid embossed knives. Can supply hollow-handle, celluloid or plain knives if desired at proportionate prices.

CANADIAN W. A. ROGERS FLATWARE

MADE IN
CANADA.

Wm. A. Rogers, "Horseshoe Quality" Flatware.—For blanks 21st nickel is used, which is the hardest and whitest base for Spoons and Forks. A most careful and rigid inspection of each piece and our accurate weighing process, both before and after plating make it possible to guarantee all goods full standard plate and unexcelled. The steel blanks for knives are forged from first quality crucible steel—all spring tempered.

1881—Rogers A1. Quality Flatware.—This popular line is made of lighter weight blanks than the high-grade Horseshoe Brand, but is guaranteed to be full standard or A1 Extra Plate upon the finest quality of 18th Nickel Silver Base.

W. R. Quality Flatware.—We recommend these goods to dealers looking for a good medium-priced grade of new, desirable and up-to-date patterns.

MAHOGANY SERVING TRAYS

No. 012188.

No. 1618.

Catalogue
illustrating
60 different
designs, sent
on request.

Every tray
is
guaranteed
to be free
from faulty
material
and work-
manship.

Our mahogany trays are made from specially built up stock, selected mahogany faces, warranted not to split or warp.

Our trays are carefully finished in best shellac, hand rubbed to uniform dull finish to match the highest grade of furniture.

The inlay decorations are genuine marqueterie; hand sawed from rare woods and carefully fitted in place.

The glass in all our protected trays is double thick plate, and securely fastened in the frame by a cement that makes it waterproof, so that liquids cannot get under the glass. These glass protected trays are essentially for service and everyday use.

All trays are carefully packed in strong cartons and can safely be shipped by freight.

Outside Colors of Velvet, Purple, Brown, Emerald Green,
Amethyst and Grey.

Links of suitable Color.

Ring Boxes are fitted so ring slugs to front.

Fittings of Scarf Pin, Link, Bracelet and Watch Bracelet are made suitable to carry the goods contained. Necklet cases have loose bottom pads with straps to enable them to be used as easels adjustable pins are supplied so the necklet and pendant can be gracefully arranged. Most of our naming is done from steel embossing dies, using suitable ink to match the goods or as a direct contrast, or, if desired, we stamp them in gold leaf with a hot type die. We cannot use special designed embossing dies for gold leaf work much better and more artistic results are obtained from ink. We do not charge for embossing dies. Stamping of cases, 25¢ per dozen. Our work is of the highest standard. Handy or Universal cases have cupped bottom pad.

Outside Colors of Velvet. Purple, Brown, Emerald Green, Amethyst and Grey.
Linings of suitable Color.

Ring Boxes are fitted so ring slants to front.

Fittings of Scarf Pin, Link, Bracelet and Watch Bracelet are made suitable to carry the goods contained. Necklet cases have loose bottom pads with strut to enable them to be used as easels; adjustable pins are supplied so the necklet and pendant can be gracefully arranged. It is possible that we may be able to procure pearl push buttons, but at this moment there are only two sources of supply, and they are tied up with orders for this year, and are lacking material, labor and machinery to make them at a reasonable price. Most of the oyster pearl shells that reach this continent are being used for garment buttons. Most of our naming is done from steel embossing dies, using suitable ink to match the goods or as a direct contrast; or, if desired, we stamp them in gold leaf with a hot type die. We cannot use special designed embossing dies for gold leaf work; much better and more artistic results are obtained from ink. We do not charge for embossing dies. Stamping of cases, 25c. per dozen. Our work is of the highest standard. Handy or Universal cases have cupped bottom pad.
