FINAL THOUGHTS

INTRODUCTION

Calling upon the higher realm power of angels, through intentional summoning using specific magickal sigils and incantations, is considered to be the most powerful magick of all. But there is a magickal method even greater. When you combine calling upon a mighty angel with adding synergistic sigils and words of power, the amplification of the magickal energy can be astounding and the results that are manifested truly miraculous. This higher technique of magick is the essence of *Celestine Light Magickal Sigils of Heaven and Earth*.

This is the third book of the Magickal Celestine Light series and is an intermediate level reference book for students and practitioners of Celestine Light Magick. It contains a melding of the sigils and names of 99 of the 144 Angels found in *Angels of Miracles and Manifestation*, coupled with synergistic sigils and magickal incantations found within *Words of Power and Transformation*. To fully be able to implement the potent combination of angel magick and words of power magick revealed in this book, the practitioner should have previously read and have available as references the earlier two books in the series.

When magickal incantations and their sigils are evoked in conjunction with the summoning of an angel for a focused purpose, the magickal results are often exceptional. The potent combination of calling upon angels and amplifying your intent with words of power and sigils of spiritual magick creates an awesome, higher magickal energy that can manifest everyday miracles. Employing this potent form of magick can convert challenges into opportunities, powerfully counter all forms of negative magick, entities, phobias, fears and people, greatly enhance good fortune, and help change ordinary lives into the extraordinary.

PART I

HOW TO USE THIS BOOK

1. Looking at the Table of Contents, choose the purpose or goal you wish to achieve and go to that link in the book.

2. In the center of the page is the sigil for the angel whose stewardship encompasses the purpose or goal that you seek. It will be the largest sigil on the page. Surrounding the angel sigil will be the sigils associate with words and incantations of power that are frequently useful to invoke in conjunction with summoning the angel, to increase the rapidity and amplification of the magick.

3. About 90% of the time you will find a synergistic harmony using all of the words of power and their sigils that are shown surrounding the angel sigil to most greatly amplify and achieve your purpose. However, sometimes you may decide that one or more of the words of power sigils are not synergistically appropriate for your specific purpose. If this is the case, and you have a printed copy of *Celestine Light Magickal Sigils of Heaven and Earth*, you should simply take a small piece of paper and cover up the inappropriate word of power sigil. You can do something similar on the screen of your eReader if you have a digital version.

4. There will also be occasions where you will find incantations and their sigils that are listed in *Words of Power and Manifestation* that you feel would be helpful in conjunction with summoning the angel for your particular purpose, but they are not shown on the angel page in *Celestine Light Magickal Sigils of Heaven and Earth*. In these cases, make a copy of the sigil you want to use, either with a scanner, a photocopier, or take a picture of it with your phone, and insert it in the circle of incantation sigils surrounding the angel sigil.

5. Once you have your sigil field set, either with the standard one shown

in *Celestine Light Magickal Sigils of Heaven and Earth*, or in a custom field you have created by adding or deleting sigils from *Words of Power and Manifestation*, you are ready to begin coalescing and activating the magick.

6. Take some time to study each of the sigils carefully. Use your eyes to trace over the lines of the sigils. Every feature of the sigil summons some aspect of Celestine Light magick. The more you imprint the image of the various sigils in your mind, the easier it will be for you to coalesce the magick when you summon the angel or speak the incantations.

7. To successfully call an angel to your aid, you should review the detailed steps on pages 78-79 in *Angels of Miracles and Manifestation*. You should also reread Chapter 10 to fully understand how to interact with these powerful beings once you have summoned them. Some angels have specific incantations or actions that must be taken to successfully summon them. Whether they do or do not have specific incantation requirements, it is very helpful to look up the angel you are calling upon to be very familiar with them and the purpose of their stewardship before you call them. This will greatly aid your ability to establish a harmonic link with them through your heart, mind and psychic energy centers. The stronger your link is to the angel the quicker they will help you and the more amazing the results will be.

8. Assuming your purpose only requires a standard angel summoning, go ahead now and summon the angel. A rudimentary standard summons would be to say the name of the angel three times audibly, followed by this simple incantation:

Name, Name, Name,

Come to me.

As I need,

So let it be.

This should be repeated three times in entirety including repeating the angels name three times. Remember, the ‘need’ that you are summoning the angel for has to fall within their stewardship specialty. For instance, you wouldn’t call upon Gwehwyfar, the Angel of Fertility, to help you develop your ability to astral project.

9. Once you have the angel in your presence and you are certain of that by

your strong feeling of connectedness to the angel, either telepathically or by some other clear means of communication, succinctly explain the reason that you summoned them and specifically what you are asking them to do. As long as the purpose is good and beneficial, you can ask them to help someone else rather than yourself if you choose.

10. Next, begin invoking the words of power associated with the sigils surrounding the angel sigil. There is no correct order or sequence to which you invoke the first, last or in between. Whatever is your preference is the correct order for you at that time. Just like when summoning the angel, you should audibly say the words of power for each sigil three times. The power of your voice should increase each time you speak the incantation. For instance, if you were calling in the magick to *amplify your intuition* you would say:

Barkalon Dee! Barkalon Dee! Barkalon Dee!

Voice power is not simply saying the incantation louder, but saying it with greater passion, conviction and desire, which can also be accompanied by a louder voice if you choose.

11. That's it! You have successfully integrated the might of angels with the power of magickal Celestine Light sigils and incantations to coalesce far more powerful magick to aid you in your quest than either would have manifested alone.

FURTHER ELABORATION UPON POINTS 3 AND 4

As mentioned in points 3 and 4, there will occasionally be times when all of the Words of Power sigils that surround an angel sigil are not appropriate for a particular purpose. Covering them up so they are not viewed may seem simplistic and tedious but it is necessary. And there is no other way that adaptability could be built in to account for the many varied purposes someone may need. The same is true for occasions when a Word of Power incantation and sigil is not shown that in fact would be useful and need to be added to the conglomerate sigil illustration.

Here Are A Few Examples

1. If you were seeking a healing, you would summon the Angel Quanvera. On that page, surrounding Quanvera's sigil you will see the Words of Power sigils for: #13 *Turn Your Weakness Into Your Strength* and #22 *Attract People Into Your Life That Can Help You*, and #44 *Magnify Your Intuition*. These three sigil energies are beneficial in a wide variety of healing including physical, mental and emotional. If you feel one is not applicable in your situation you could cover up the sigil and not speak the incantation.

On the other hand, depending upon what type of healing you are trying to achieve, you may want to add one or more of the sigils and incantations found in sigil #46 - #66 in the *Words of Power and Transformation* book. For instance, if a bad diet was causing you problems you would want to add #46 *to Increase Your Desire to Eat Healthier*. If you were suffering from Depression you would also add #48 *to Diminish Depression*. If you had the Flu you would want to add #58 *to Speed Healing from an Illness*. If you were more seriously afflicted with a disease of any kind, you would add #60 *Accelerate Healing from a Disease*.

The Angel Lazon works specifically with energy healing and is the center of another sigil grouping that can often benefit from the addition of one or more sigils #46-#66 in *Words of Power and Transformation*.

2. **Magickal Defense** is another purpose that is often enhanced by the

addition of more sigils and incantations from *Words of Power and Transformation* as your specific need dictates. There are four sigils that highly enhance the purpose of Magickal Defense, regardless of what particular defense action is required. These four are shown with the angel sigil: #2 *Become More Passionate*, #3 *Become More Self Confident and Empowered*, #11 *Increase Your Ability to Focus on a Task*, and #89 *Coalesce, Concentrate and Amplify Your Auric Power*.

However, there are several others from *Words of Power and Transformation* that can also be very helpful depending upon your specific need. These include: #80 *Gain Whatever You Need to Overcome an Emergency*, #81 *Invoke a Circle of Protection from Psychic Attacks*, #82 *Invoke a Circle of Protection from Physical Violence*, #83 *Make an Antagonist or Adversary Lose Interest in You*, #93 *Discern an Energy Vampire*, #94 *Neutralize Negative Energy*, #95 *Reflect a Psychic Attack Back Upon the Attacker*, #96 *Create a Cloaking Bubble of Disinterest and Invisibility* and #97 *Make an Enemy or Attacker Afraid of You*.

UNUSUAL INCLUSIONS

There are some instances where you might wonder why a particular sigil and its incantation from *Words of Power and Transformation* is included in the array of sigils surrounding an angel sigil for a dedicated purpose. At first glance the connection to the purpose might seem tenuous or not even applicable. Remember, if you truly feel that is the case, you are welcome to cover up the sigil and not use it or its incantation as part of your activation of the magick for your purpose. Some of the more common instances that someone might wonder about are listed below with a short explanation of why they are included in the sigil array.

Nightmares

The sigil of the Angel Gualnthe is surrounded by sigils #20 *Become a Lucid Dreamer*, #62 *Sleep Peacefully and Get a Good Nights Rest*, and #81 *Invoke a Circle of Protection from Psychic Attacks*. Some people may wonder why #81 is included and how it relates to overcoming nightmares. Experience in the realms of magick for many decades has demonstrated that psychic attacks upon one individual by another are frequently the cause of nightmares. The attacks in most cases are not done with intentional magick, but are the unintentional consequence of one person's burning anger toward another. Though both people may be asleep at night, their psychic energy centers are often very active and involved in their night time dream experiences. A psychic energy cord connection is made between the two sleeping individuals that can definitely manifest as nightmares. Though this will not always be the cause of nightmares, it is the cause frequently enough to warrant including the sigil and incantation to ward off psychic attacks.

Optimism

Centered by the sigil of the Angel Vohumanah, the surrounding array of *Words of Power and Transformation* sigils includes #9 *Increase Your Luck*, #47 *Diminish Anxiety, Fear and Worry*, #48 *Diminish Depression*, #51 *Stop Thinking Negative Thoughts*, #52 *Improve Your Mood*, and #53 *Attract More Positive and Supportive Friends Into Your Life*. Some might question the

inclusion of #48 to Diminish Depression. If you desire to utilize the magickal array for Optimism and are certain you are not suffering from even a mild depression, you are welcome to cover up sigil #48 and not say the incantation. But please consider that many people experience mild forms of depression without even realizing or perhaps be willing to admit that depression is afflicting them. However often times, if someone is to the point that they need to invoke the magick to boost their level of optimism, it is not unreasonable that in many cases they also have at least a mild case of depression at that moment in their life. Because of this, #48 is included in the standard magickal array for Optimism.

Passion

Centered around the sigil of the Angel of Passion, Carmetisia, are the *Words of Power and Transformation sigils*, #1 *Become More Loving and Loveable*, #2 *Become More Passionate*, #8 *Become More Spontaneous and Playful*, and #52 *Improve Your Mood*. In addition to these four sigils, which have wide application in conjunction with the energy of passion, there are three other sigils of which one or more may be appropriate. These include: #5 *Become Less Critical*, #26 *Attract a Romantic Relationship*, and #55 *Heal Your Heart from an Emotional Wound*.

Let's Look At Why You Would Or Would Not Want To Include These Three Sigils.

- Becoming less critical is sometimes a necessary step to instilling more passion in your heart and life. If you are continually seeing your cup of life as half empty rather than half full, or if you find yourself thinking and/or saying negative things about family, friends and even people that you do not know, you will find that critical nature is a powerful impediment to being able to feel and exhibit more passion. If this is applicable to you, please include the sigil #5 in your magickal passion array.
- If your desire to have more passion is to enhance your likelihood of attracting a romantic relationship, you would definitely want to include sigil #26 in your magickal passion array. However, if you are seeking a different type of passion that has nothing to do with a romantic relationship, such as having a greater passion for your work,

you would not want to include sigil #26 in the array.

- If you have been hurt in a romantic relationship in the past you may have built energetic walls around your heart that simply make it impossible for you to experience sustained passion. In many cases people with walls around their heart cannot experience passion even a tiny bit. If this is your situation, or the situation of someone you are coalescing magick for, then you absolutely need to include sigil #55 to eliminate the wall so the rest of the magickal energies in the array can have their beneficial effect.

Past Lives

The magical array for Past Lives is anchored by the Angel Ukolesqua and surrounded by *Words of Power* sigils #12 *Increase Your Spirituality and Closeness to the Divine*, #19 *Remember and Interpret Your Dreams*, and #42 *Communicate With Your Higher Self Using Automatic Writing*. Some practitioners of magick may question the inclusion of #12, especially if they are an atheist or agnostic. In contemplating this inclusion it is important to remember that we are working with Celestine Light magick, which inherently has a strong connection to the spiritual and divine. If someone has an aversion to the spiritual or divine they would probably find greater compatibility with a different school of magick.

Celestine Light teaches two forms of past lives – pre-existent in a tangible spiritual form with relationships, education and personal growth, and traditional reincarnation of dying in a physical life and having your essence and soul reborn at a later date into another body.

Pre-existent life is something every person that has ever lived experiences before they are born into their current life. Reincarnation from one physical life into another on the other hand, is more selective and is only necessary for those who, for one reason or another, never had the chance to have a full life of experiences and choices.

Regardless of whether one or both are pertinent to you, the inclusion of sigil #12 is always beneficial if you are seeking a greater connection to the knowledge, experiences and relationships you had before the life you are currently living.

Survival

When someone is in a survival mode due to the circumstances of their life there are many supporting *Words of Power* sigils that are always helpful to include in the magickal summoning array. These include #4 *Become More Balanced*, #6 *Become More Discerning*, #11 *Increase Your Ability to focus on a Task*, #13 *Turn Your Weakness Into Your Strength*, #47 *Diminish Anxiety, Fear & Worry*, #51 *Stop Thinking Negative Thoughts*, and #80 *Gain Whatever You Need to Overcome an Emergency*. Additionally, there are four sigils that while not included in the standard array are often very useful.

Optional inclusions depending upon the circumstances include: #18 *Be Able to Accomplish More in Less Time*, #37 *Reveal a Person's Hidden Agenda*, #50 *Diminish Physical Pain* and #88 *Rapidly Change Your Life's Reality*.

If your emergency depends upon needing to take a decisive action or make a dramatic change in a very short period of time you should add #18 to the magickal array.

If you know or suspect that a particular person has it in for you and is the behind-the-scenes cause of your problems, you should invoke sigil #37 to make their hidden agenda obvious. This alone can sometimes overcome the problem as the last thing a secret adversary wants is to be revealed as an adversary, since they often times masquerade as a friend.

If you are physically suffering from pain of any source you should add sigil #50 to the mix.

Lastly, if your problem or challenge is bigger than just a particular emergency issue and involves the entire direction of your life, you should add #88 to the magickal array to help reorient your life to a more secure, rewarding and fulfilling path.

Wellness

The Angel Sálán has the stewardship of Wellness and she is a valuable angel to have as a friend and helper. If you maintain your body in a state of wellness, you will seldom, if ever, have need to call upon the Angel Quanvera for a healing. Creating and invoking a magickal array combining specific sigils from *Words of Power and Transformation* with Sálán's sigil creates a potent magickal force that can greatly contribute to your long-term state of wellness.

The recommended *Words of Power* sigils to add to the Angel Sálán's

include: *#4 Become More Balanced*, *#13 Turn Your Weakness Into Your Strength*, *#14 Have the Willpower to Resist Temptation and Overcome Bad Habits*, and *#62 Sleep Peacefully and Get a Good Night's Rest*.

If the wellness challenge you are trying to conquer has anything to do with addiction, you should add sigil *#16 Overcome Addiction* to the magickal array.

THE MOST USEFUL MAGICKAL WORDS OF POWER

There are 101 magickal incantations and power phrases in the book *Words of Power and Transformation* with accompanying sigils. Both the sigils and the magickal words are tailored to specific situations or goals such as *Becoming a Lucid Dreamer*, *Attracting a Romantic Relationship*, or *Increasing Your Luck*. But when used in conjunction with summoning an angel, certain words of power and phrases find application with far greater frequency than others.

Many of the sigils and words of power actually have little synergy with calling upon angels. Their purposes are simply too specific. For instance, #28 *Recovering a Lost Love*, or #86 *End a Dispute or Argument*, have very narrow parameters and are generally only useful for their specific purpose.

On the other hand, #11 *Increase Your Ability to Focus on a Task*, or #89 *Coalesce, Concentrate and Amplify Your Auric Power*, as examples, are useful in many different applications to achieve a wide variety of goals.

Following is a numerical list of the 101 incantations found in *Words of Power and Transformation* with the number of times that incantation and sigil are used in conjunction with an angel and their sigil in *Celestine Light Magickal Sigils of Heaven and Earth*. It would serve you well to become very familiar with the incantations and sigils that you see used a great number of times, even to the point of memorization. They have the adaptability to be very useful in many situations of life.

FINAL THOUGHTS

Experienced practitioners of Celestine Light magick know from personal experience that they are working with very powerful, fast acting magick that can affect all aspects of life. It behooves those of us granted this knowledge to ever be cognizant of why and how Celestine Light Magick is so potent. It's foundation is in the light. It issues forth from the divine and pervades all of the universe, ever ready to be called into action by those who understand its secrets. As practitioners we are merely conduits for forces far more powerful than we can imagine; truly limitless when the purpose is selfless and noble.

The sigils and words of power we use are not from mere mortals on Earth. They come from far higher realms and are given to us to use with prudence and wisdom. The incantations we speak when casting a spell or an enchantment use rhyme and concise wording to call in and immensely amplify angelic and divine energies that can overcome all barriers, and vanquish all darkness.

In the course of your practice of Celestine Light magick, be ever mindful of its spiritual foundation in the light and your attunement and harmony with that foundation. You will be called upon to heal the sick, defend the defenseless, and purge negative energies and entities from both people and places. Whatever challenges of the darkness you are called upon to vanquish, always remember that manifestations of darkness, no matter how pervasive or seeming to be in control, will wither and vanish when confronted with the power of the light.

Darkness can only exist when there is little or no light. When the light radiates its brilliance, the darkness retreats and disappears. It has no choice. It has no recourse. No matter how dense, how pervasive, how evil and destructive, when the light fights back, the darkness has no defense; like turning on a light bulb in a darkened room. There is nothing the darkness can do to usurp the light. It is only when the light chooses to not shine, to not defend, to not assert its power, that the darkness can return and dominate.

Remember my brothers and sisters who wield the magick of Celestine Light, you are the light. You are love. You are compassion. You are faith. You are honest and fair, and you are justice. Let your light forever shine!

Namaste,

Embrosewyn

OTHER CAPTIVATING, THOUGHT- PROVOKING BOOKS BY EMBROSEWYN

[ANGELS OF MIRACLES AND MANIFESTATION](#)

144 Names, Sigils and Stewardships To Call the Magickal Angels of Celestine Light

You are not alone. Whatever obstacle or challenge you face, whatever threat or adversary looms before you, whatever ability you seek to gain or mountain of life you want to conquer, divine angelic help is ready to intervene on your behalf. When the unlimited power of magickal angels stand with you, obstacles become opportunities, low times become springboards for better days, relationships blossom, illness becomes wellness, challenges become victories and miracles happen!

In *Angels of Miracles and Manifestation*, best-selling spiritual, magickal and paranormal author Embrosewyn Tazkuvel, reveals the secrets to summoning true magickal angels. And once called, how to use their awesome divine power to transform your compelling needs and desires into manifested reality.

Angel magick is the oldest, most powerful and least understood of all methods of magick. Ancient books of scripture from multiple religions tell of the marvelous power and miracles of angels. But the secrets of the true angel names, who they really are, their hierarchy, their stewardship responsibilities, their sigils, and how to successfully call them and have them work their divine magick for you, was lost to the world as a large part of it descended into the dark ages.

But a covenant was made by the Archangel Maeádael to the Adepts of Magick that as the people of the world evolved to a higher light the knowledge and power of angels would come again to the earth during the time of the Generation of Promise. That time is now. We are the Generation of Promise that has been foretold of for millennium. And all that was lost has

been restored.

It doesn't matter what religion or path of enlightenment and empowerment that you travel: Wicca, Christianity, Pagan, Jewish, Buddhist, Occult, Muslim, Kabbalah, Vedic, something else or none at all. Nor does your preferred system of magick from Enochian, Thelemic, Gardnerian, Hermetic, to Tantric matter. Once you know the true names of the mighty angels, their unique sigils, and the simple but specific way to summon them, they will come and they will help you.

This revealing book of the ancient Celestine Light magick gives you immediate access to the divine powers of 14 Archangels, 136 Stewardship Angels, and hundreds of Specialty Angels that serve beneath them. Whether you are a novice or a magickal Adept you will find that when angels are on your side you manifest results that you never imagined possible except in your dreams.

The angel magick of Celestine Light is simple and direct without a lot of ritual, which makes it easy even for the novice to be able to quickly use it and gain benefit. While there is a place and importance to ritual in other types of magickal conjuring it is not necessary with angels. They are supernatural beings of unlimited power and awareness whose stewardship includes responding quickly to people in need who call upon them. You do not need elaborate rituals to get their attention.

If you are ready to have magick come alive in your life; if you are ready for real-life practical results that bring wisdom, happiness, health, love and abundance; if you are ready to unveil your life's purpose and unleash your own great potential, obtain the treasure that is this book. Call upon the magickal angels and they will come. But be prepared. When you summon angels, the magick happens and it is transformative. Your life will improve in ways big and small. But it will never be the same.

SOUL MATE AURAS

How To Find Your Soul Mate & “Happily Ever After”

The romantic dream of finding your Soul Mate, the person with whom you resonate on every level of your being, is more than a wishful notion. It is a deeply embedded, primal desire that persists on some level despite what may have been years of quiet, inner frustration and included relationships that while fulfilling on some levels, still fell short of the completeness of a Soul Mate.

Once found, your relationship with your Soul Mate can almost seem like a dream at times. It will be all you expected and probably much more. Having never previously had a relationship that resonated in harmony and expansiveness on every level of your being, you will have had nothing to prepare you for its wonder. Having never stood atop a mountain that tall with an expansiveness so exhilarating, once experienced, a committed relationship with your Soul Mate will give you a bliss and fulfillment such as you probably only imagined in fairy tales.

But how to find your Soul Mate? That is the million dollar question. The vast majority of people believe finding your Soul Mate is like a magnetic attraction, it will somehow just happen; in some manner you'll just be inevitably drawn to each other. The harsh reality is, 99% of people realize by their old age that it never happened. Or, if it did occur they didn't recognize their Soul Mate at the time, because they were looking for a different ideal.

Soul Mate Auras: How To Find Your Soul Mate & Happily Ever After gives you the master keys to unlock the passageway to discovering your Soul Mate using the certainty of your auric connections. Every person has a unique aura and auric field generated by their seven energy centers and their vitality. Find the person that you resonate strongly with on all seven energy centers and you'll find your Soul Mate!

Everyone can sense and see auras. In *Soul Mate Auras* full color eye and energy exercises will help you learn how to see and feel auras and how to use that ability to identify where in the great big world your Soul Mate is living. Once you are physically in the presence of your prospective Soul Mate, you will know how to use your aura to energetically confirm that they are the one. The same methods can be used to discover multiple people that are Twin Flames with you; not quite seven auric connection Soul Mates, but still deep

and expansive connections to you on five to six energy centers.

Soul Mate Auras also includes an in-depth procedure to determine if someone is a Twin Flame or Soul Mate, not by using your aura, but by honestly and rationally evaluating your connections on all seven of your energy centers. This is an invaluable tool for anyone contemplating marriage or entering a long-term committed relationship. It also serves as a useful second opinion confirmation for anyone that has used their aura to find their Soul Mate.

To help inspire and motivate you to create your own “happily ever after,” *Soul Mate Auras* is richly accentuated with dozens of full color photos of loving couples along with profound quotes from famous to anonymous people about the wonder of Soul Mates.

SECRET EARTH SERIES

INCEPTION

BOOK 1

Could it be possible that there is a man alive on the Earth today that has been here for two thousand years? How has he lived so long? And why? What secrets does he know? Can his knowledge save the Earth or is it doomed?

Continuing the epic historical saga begun in the *Oracles of Celestine Light*, but written as a novel rather than a chronicle, *Inception* unveils the life and adventures of Lazarus of Bethany and his powerful and mysterious sister Miriam of Magdala.

The first book of the Secret Earth series, *Inception*, reveals the hidden beginnings of the strange, secret life of Lazarus. From his comfortable position as the master of caravans to Egypt he is swept into a web of intrigue involving his enigmatic sister Miriam and a myriad of challenging dangers that never seem to end and spans both space and time.

Some say Miriam is an angel, while others are vehement that she is a witch. Lazarus learns the improbable truth about his sister, and along with twenty-three other courageous men and women, is endowed with the secrets of immortality. But he learns that living the secrets is not as easy as knowing them. And living them comes at a price; one that needs to be paid in unwavering courage, stained with blood, built with toil, and endured with millenniums of sacrifice, defending the Earth from all the horrors that might have been. *Inception* is just the beginning of their odyssey.

DESTINY

BOOK 2

In preparation, before beginning their training as immortal Guardians of the Earth, Lazarus of Bethany and his wife Hannah were asked to go on a short visit to a world in another dimension. “Just to look around a bit and get a feel for the differences,” Lazarus’s mysterious sister, Miriam of Magdala assured them.

She neglected to mention the ravenous monstrous birds, the ferocious fire-breathing dragons, the impossibly perfect people with sinister ulterior motives, and the fact that they would end up being naked almost all the time! And that was just the beginning of the challenges!

LOVE YOURSELF

The Secret Key to Transforming Your Life

Loving yourself is all about energy

As humans we devote a great deal of our energy through our time, thoughts and emotions to love. We read about it, watch movies and shows about it, dream about it, hope for it to bless our lives, feel like something critically important is lacking when it doesn't, and at the very least keep a sharp eye out for it when its missing.

Too often we look to someone else to fulfill our love and crash and burn when relationships end, or fail to live up to our fantasies of what we thought they should be. When we seek love from another person or source greater than the love we give to ourselves, we set ourselves up to an inevitable hard landing when the other person or source ceases to provide the level of fulfillment we desire.

Loving yourself is a precious gift from you to you. It is an incredibly powerful energy that not only enhances your ability to give love more fully to others, it also creates a positive energy of expanding reverberation that brings more love, friendship and appreciation to you from all directions. It is the inner light that illuminates your life empowering you to create the kind of life you desire and dream.

The relationship you have with yourself is the most important one in your life. Happiness will forever be fleeting if you do not have peace, respect and love for yourself. It's not selfish. It's not vain. It is in fact the key to transforming your life. Inward reflection and appreciation will open up clearer channels to the divine. Relationships with everyone will be enhanced as your relationship with yourself expands and is uplifted.

All other relationships are only mirrors of the one you have within. As you love yourself, are kind to yourself, respect yourself, so too will you be able to give those and so many other good qualities to others in equal measure to that which you give to yourself.

This is a short, but very sweet book to help you discover your inner glow of love. Within its covers are two great keys you will find no other place. These two keys will proactively bring you to the serenity of self-love regardless of whether you are currently near or far from that place of peace.

Are you familiar with the infinity symbol? It looks pretty much like the

number 8 turned on its side. As love for yourself should be now and forever, in the last chapter you will find 88 reasons why loving yourself is vitally important to your joy, personal growth and expansion, and the happiness of everyone whose lives you touch. Most people have never considered that there could be a list that long just about loving yourself! But with each short phrase you read your mind begins to understand to a greater depth how important loving yourself is for all aspects of your life and relationships. As your mind understands your life follows.

This book leaves you with a special gift Inside you'll find two short, but very valuable multimedia flash presentations. One is entitled "Forgive Yourself". The other is "Love Yourself" These are not normal flash presentations. They are self-hypnosis, positive affirmations that will rapidly help you achieve greater self-love and more fulfilling love-filled realities in your life. As soft repetitive music plays in the background, images reinforcing the theme will flash by on your screen about three per second, accompanied by short phrases superimposed on a portion of the image. In a quick 7-10 minute session, sitting at home in front of your computer, you will find the flash presentations buoy and motivate you. Repeat them twice a day for several days and you will find they are transformative.

Special Bonus: *Love Yourself* is ALSO AVAILABLE AS AN [AUDIO BOOK](#)! This allows you to listen and read at the same time!
